EXHIBIT "A"
to
City of Fort Wayne Vacation Petition

More particularly described as follows:

Canterbury School, the petitioner herein, respectfully proposes to vacate the public right-of-way street known as Anneta Avenue. The majority of Anneta Avenue was platted with Glendale Acres Suburban Addition, and just the north part that was part of the vacated Langford Lane was platted with Rousseau's Country Club Addition and it was then called Charlotte Avenue. A site drawing and survey (inclusive of legal description) are attached hereto.

EXHIBIT "B"
to
City of Fort Wayne Vacation Petition

The reasons for the proposed vacation are as follows:

- A. Canterbury School plans to construct on its high school campus a new fine arts building. During discussions at a new projects meeting with the city it became apparent that the building will be located on platted lots 20 and 21 of Glendale Acres Suburban Addition and within approximately 30 feet of Anneta Avenue and, as such, the city is requiring Anneta Avenue to be vacated.
- B. As of the present time, Anneta Avenue is a dead end street only serving Canterbury School.
- C. Canterbury School owns all land adjoining Anneta Avenue. There are no third party land owners that adjoin Anneta Avenue.
- D. Other than some cold patching on Anneta Avenue between the school's maintenance building and Glendale Drive done by the city in the distant past, Canterbury School has solely maintained Anneta Avenue at its sole cost and expense.
- E. The granting of this petition would not hinder the growth or orderly development of the city or the neighborhood in which Anneta Avenue is located or to which it is contiguous.
- F. The granting of this petition would not make access to the lands of any person or entity by means of public way difficult or inconvenient.
- G. The granting of this petition would not hinder the public's access to a church, school, or other public building or place.
- H. The granting of this petition would not hinder the use of a public way by the neighborhood in which it is located or to which it is contiguous.
