§ 35.03 RULES OF PROCEDURE.

(A) *Authority.* The Commission is created by and granted authority and jurisdiction as provided by the City of Fort Wayne Code of Ordinances, as amended, [Chapter 35](#), Fire Department. In considering any matter related to this ordinance, the Commissioners will consider state law, City Code, the collective bargaining agreement between the Union and the city, and orders, policies, notices and guidelines issued from time to time by the Fire Chief and the Fire Administration. ~~Unless otherwise stated herein, any change to the provisions of this chapter requires approval by the Common Council~~ [Amendments to the provisions of this Chapter require approval by the Common Council. However, amendments may be implemented without Council approval when:](#)

- [1. The Administration and the Union are in mutual agreement; and](#)

2. The proposed amendment has been reviewed and approved by the Merit Commission.

An amendment approved by the Merit Commission shall remain in effect for one year from the date of its adoption, unless an amended Chapter 35 is approved by the Common Council prior to that date, in which case the exception shall terminate upon such passage.:-

(B) *Meetings.*

(1) *Annual organizational meeting.* The Commission shall meet annually on the first Tuesday of February at a time and place to be designated by the Commission. At the annual meeting the Commissioners shall select from their number a President, Vice-President, and Secretary.

(2) *Monthly meetings.* The Commission shall meet monthly on the first Tuesday of each month or as needed in order to transact the business of the Commission.

(3) *Special meetings.* Any Commission member may call special meetings of the Commission.

(4) *Executive session.* The Commission may meet in executive session consistent with the provisions of I.C. 5-14-1.5-6.1 as amended.

(5) *Meeting location.* The Commission shall establish a regular meeting location. The location shall be suitable to accommodate the business of the Commission, including appropriate access by the public, and must also accommodate remote electronic participation as permitted by state law.

(6) *Open meetings.* All meetings of the Commission, except executive sessions, shall be open to interested parties and members of the general public desiring to witness the proceeding or be heard by the Commission in accordance with this chapter.

(7) *Quorum.* Three voting Commissioners, including Commissioner participation remotely by electronic means, to the extent allowed by state law, constitute a quorum. A majority vote of all five voting Commissioners (and not simply a majority of the quorum) is necessary to transact the business of the Commission. The President shall have a vote on all matters coming before the Commission. Voting by proxy is not permitted. In any case where a vote of the Commission does not result in official action of the Commission, a subsequent meeting of the Commission shall be rescheduled and the decision reconsidered for action.

(8) *Order of business.* Each meeting of the Commission shall adhere to the following order of business:

- (a) Call to order;
- (b) Roll call of members and staff;

Proposed agenda items shall be submitted to the Secretary of the Commission no later than three days prior to the next scheduled meeting of the Commission. If a proposed agenda item relates to a specific document(s), the relevant portion of the document(s) shall be submitted with the proposal. The proposed agenda shall be distributed no later than three days prior to that meeting to the Fire Chief, the Union, and the media (according to the media distribution list). Documents referenced in the agenda or that will be addressed according to the agenda shall be made available in advance of that meeting on request unless otherwise restricted from distribution by applicable law. In accordance with the Commission's order of business, the Commission shall review and adopt an agenda from the proposed agenda items submitted.

(10) *Voting.* Except as otherwise required by state law, voting by the Commission shall be in the form of either a roll call vote or a voice vote. Generally, a voice vote shall be used in deciding all matters. In any instances in which a voice vote is used, any Commissioner of the Commission may make a motion requesting a roll call vote. Such roll call vote shall be taken if the motion receives a second from another Commissioner.

(11) *Minutes and record of proceedings.* The Secretary or their designee shall maintain minutes of all public Commission meetings. The minutes of each meeting shall be reviewed by the Commission at its subsequent meeting. No minutes shall be considered official until they are approved by a majority vote as provided in division (B)(10) above and

signed by all voting Commissioners present. The minutes shall remain on file with the Fire Department.

(12) *Orderly conduct required.* Every person appearing before the Commission shall abide by the order and direction of the Commission's presiding officer. Discourteous, disorderly, or contemptuous conduct shall be regarded as a breach of the privileges of the Commission and shall be dealt with as the President deems fair and proper.

However, Commissioners may participate remotely by electronic means to the extent allowed by state law.

(14) *Contacting any Commissioner regarding pending matters prohibited.* No person, firm, corporation, public employee, or body politic shall contact any Commissioner, nor shall a Commissioner solicit such contact, orally or in writing, in advance of a public hearing or executive session, on a matter then pending for decision by such Commission, for the purpose of attempting to influence any Commissioner's decision.

(C) *Miscellaneous provisions.*

(1) *Rules of procedure.* The most recent edition of Robert's Rules of Order shall govern the conduct of all meetings except to the extent that it conflicts with Indiana law or this chapter.

(2) *Suspension of rules.* The suspension of any rule of procedure may be ordered at any meeting of the Commission by unanimous vote of those members present.

(3) (a) *Conflict of interest.* A Commissioner shall not participate in any way, including in the discussion and the vote, in any matter involving a relative that is pending before the Commission. **RELATIVE** means any of the following:

1. Spouse;
2. Parent or step-parent;
3. Child or step-child;
4. Brother, sister, step-brother or step-sister;
5. Niece or nephew;
6. Aunt or uncle;
7. Daughter-in-law or son-in-law;

8. Cousin; or
9. Sister-in-law or brother-in-law.

(b) An adopted child of an individual is treated as a natural child of the individual. The terms **BROTHER** and **SISTER** include a brother or sister by the half blood. If Commissioners have a conflict of interest under this rule, they shall remove themselves physically from the room in which the matter is being discussed and/or voted upon, and similarly shall go off-line if participating in the meeting telephonically or digitally. Prior to removing themselves from the discussion and/or vote, the Commissioner shall disclose the conflict of interest for the record. In the case of an undisclosed conflict of interest subsequently discovered regarding a matter, any Commissioner or party to the matter can require by request that the matter be heard and/or voted upon again by the Commission in the absence of the Commissioner with the conflict of interest.

(Ord. G-22-22, passed 12-13-22)

§ 35.04 UPPER-LEVEL APPOINTMENTS.

(A) The Commission may appoint and remove members except for a member in an upper-level policymaking position. The Mayor shall appoint and may remove a member in an upper level policymaking position. For the purposes of this division, the term **UPPER-LEVEL POLICYMAKING POSITION** shall mean the Fire Chief and the two ranks below the Fire Chief. To the extent this is in conflict with any other definition contained in this chapter, this definition shall be controlling. However, with respect to the two ranks below the Fire Chief, members holding those two ranks are subject to the rules governing discipline described herein, with the exception of how disciplinary matters related to members holding these two ranks are processed. Allegations of misconduct filed against members holding those two ranks, unless resolved prior to a hearing, will be reviewed in a hearing by the Commissioners. If the matter is resolved prior to a hearing, the result will be distributed in the same manner as written reprimands, suspensions, or other conclusions of investigations (see § [35.10\(C\)](#) below). Any finding by each Commissioner shall result only in a written recommendation by each Commissioner separately to the Mayor. Each Commissioner will send their individual recommendation to the Administrative Secretary to the Commission who will then forward the recommendations to the other Commissioners and to the Commission's attorney. The Administrative Secretary will forward each recommendation along with the record of the proceedings to the Mayor for the Mayor's consideration and determination. Discipline based on those recommendations shall be at the Mayor's sole discretion. The Fire Chief will report the Mayor's determination to the Commission in a regular session. Any allegation of misconduct filed against

members holding those two ranks must be based only on actions or omissions alleged to have occurred after the effective date of this chapter.

(B) The removal of a member from an upper level policymaking position is removal from rank only and not from the Department. When the member is removed, the member shall be appointed by the Commission to the merit rank in the Department that the member held at the time of the member's upper-level appointment. If such a rank is not open, the member is entitled to the pay of that rank and shall be promoted to that rank as soon as an opening is available.

(Ord. G-22-22, passed 12-13-22)

§ 35.05 RULES GOVERNING THE HIRING PROCESS.

(A) To be eligible for appointment to the Fire Department, an applicant must be:

- (1) A legal resident of the United States at the time of application;
- (2) A high school graduate or equivalent at the time of application;

(3) At least 21 years of age on the day that the application process closes, but under 36 years of age on the date of employment, which is the date that a member completes all of the conditions in the conditional offer of employment and is sworn in by the City Clerk. However, the age requirements do not apply to a person who has been previously employed as a member of a qualified fire department or who has prior military experience consistent with state law. A qualified fire department is one which participates in the Indiana State Pension Relief System (Act of 1977); and

(4) Accepted by the Indiana State Pension System (INPRS Act of 1977 for Fire and Police).

(B) No one may appeal any part of the hiring process, unless otherwise described herein.

(C) To be reappointed to the Department, persons must meet all the requirements for appointment. If they meet those requirements, they are automatically placed in the next Academy class.

(D) A person may not be appointed or reappointed if the person has a felony conviction of record.

(E) Applications for appointment or reappointment to the Department must be filed with the appropriate city agency. The applicant must produce satisfactory proof of the date and place of the applicant's birth.

(F) Applicants for appointment to the Department must pass the general aptitude test required under state law. The general aptitude test shall: (1) reflect the essential functions of the job; (2) be conducted according to procedures adopted by the Commission; (3) be administered in a manner that reasonably accommodates the needs of disabled applicants; and (4) the written test will be provided, validated and scored by a testing agency. The results of the general aptitude test shall be filed with the Fire Administration. A minimum score of 70% shall be required to be placed on the eligibility list.

(G) Applicants for appointment or reappointment shall successfully complete within the allotted time of ten minutes and 20 seconds the Candidate Physical Ability Testing ("CPAT"), which assesses a candidate's physical ability to perform the essential job functions of a firefighter consistent with the job description of a member. Applicants who fail to successfully complete the CPAT in under ten minutes and 20 seconds will be ineligible for hire.

(H) Applicants shall then be rated on the selection criteria and testing methods adopted by the Commission, which may include mental alertness, character, habits, and reputation. The Fire Administration shall place the names of applicants with passing scores on an eligibility list by the order of their scores on their general aptitude test and oral interview and shall submit the list to the Commission for approval.

(I) The following parameters shall be used to score and rank applicants:

(1) Diverse panels will be used to interview candidates to determine stress tolerance, ability to reason and solve problems, flexibility, ability to work as an effective team member, strength of interpersonal relations, support of diversity, service orientation, professional integrity, motivation and preparation for a public safety career, continuous learning and achievement striving, and strength of verbal communications.

(2) The panel will score the applicants based upon their answers to specific questions.

(3) A minimum score of 70% shall be required for placement on the eligibility list.

(J) The Fire Chief will determine the number of applicants to be given a conditional offer of employment. An average of the general aptitude test score and the oral interview score will be used to rank the applicants. Applicants will be placed on the eligibility list in the order of their ranking. Only those candidates who have passed the general aptitude test, the oral interview, and the CPAT will be placed on the eligibility list. Pursuant to state law, 5% will then be awarded to those applicants who have been honorably discharged from military service and children of professional municipal firefighters or police officers killed in the line of duty.

(1) Those on the eligibility list will be subject to a background investigation prior to proceeding with the required examinations identified in applicable state law.

(2) If an applicant reaches the applicant's thirty-sixth birthday while still on the eligibility list, the applicant's name shall be removed from the eligibility list, unless otherwise eligible under state law.

(3) The eligibility list remains effective for two years from the date of certification unless the Commission terminates or extends the expiration date of the list upon petition by the Fire Chief.

(K) When the Fire Chief deems it appropriate to fill vacancies in the Department, the Commission, upon request of the Fire Chief, shall direct the Fire Administration to administer the physical agility test required under state law to the appropriate number of applicants having the highest score on the eligibility list or to an applicant who completes a lateral transfer process established by the Fire Chief and approved by the Commission. If a selected applicant successfully completes the physical agility test, the applicant shall then be given a conditional offer of employment if:

(1) The applicant passes the required examinations identified in state law; and

(2) The applicant passes the background check.

(L) All appointments are probationary for a period not to exceed one year from the date of swearing in, unless extended by the Commission on petition by the Fire Chief or as otherwise stated herein. The Fire Chief has sole discretion to establish reasonable conditions and requirements for successful completion of the probationary period. Prior to the expiration of the probationary period, the Fire Chief may notify the member and the Union that the Fire Chief is investigating whether the member's performance is satisfactory. Such notice suspends the expiration of the probationary period for that probationary member. If the Fire Chief determines that a probationary member's conduct or capacity is not satisfactory or that a probationary member has not satisfied any of the conditions and requirements of successful completion of the probationary period, the Fire Chief may notify the Commission in writing of that determination, and make a recommendation that the probationary period be extended or that the probationary member be terminated from employment. The Fire Administration shall provide a copy of that notification and recommendation to the probationary member. The probationary member, within ten days of service of such notification, may request a hearing of the matter before the Commission, and that request shall be granted. The probationary period for the probationary member shall be extended until the Commission renders its decision regarding the Fire Chief's recommendation. In all other cases, at the end of the

probationary period, the member is considered regularly employed. In no case shall the probationary period extend beyond two years from the date of swearing in.

(Ord. G-22-22, passed 12-13-22)

§ 35.06 REINSTATEMENT.

A person ordered to be reinstated by a Court of competent jurisdiction must:

- (A) Qualify for acceptance into the state fire pension;
- (B) Not have a felony conviction of record; and
- (C) Meet training requirements, as determined by the Fire Chief.

(Ord. G-22-22, passed 12-13-22)

§ 35.07 RULES GOVERNING PROMOTIONS.

(A) The Fire Chief or Chief of Training shall announce the start of a promotional process through an official notice. The date of that notice is the “notice date” for the rank of Lieutenant, Captain, and/or Battalion Chief in the Operations Division as needed. This notice shall include instructions regarding submissions of applications.

(B) A panel of subject matter experts (the “SME”), comprised of three members (the “SME”), one selected by the Union and two selected by the Fire Administration, each of whom has held at least the rank which is the subject of promotion or is a current Assistant Chief or higher rank and has been certified as a Qualified Captain, as defined in Department policy, will:

(1) Recommend selection of testing materials subject to approval by the Commission. A representative of the Union may observe the SME’s process of selecting the testing materials;

(2) Serve as observers during each part of the process; and

(3) Review all appeals regarding the tests and provide a recommendation to the Commission for the Commission’s review and determination.

(C) Any member who has successfully completed a promotion process has met all of the prerequisites to participate in future promotional processes for that rank.

(D) *Prerequisites.* Promotions to a merit rank must be from the next lower rank.

(1) Lieutenant candidates must have completed seven years of service as a member with a minimum of five years in the Operations Division. A full seven years of service must be completed by the application date.

(2) Captain candidates must have served a minimum of two years at the rank of Lieutenant in the Operations Division of the Department. A full two years of service must be completed by the application date.

(3) Battalion Chief candidates must have served a minimum of one year at the rank of Captain and a combined total of seven years as a Lieutenant and Captain in the Operations Division of the Department by the time of the application date.

(4) To be eligible for promotion, a member must have achieved an overall rating of "satisfactory" or "competent" on each of their last five evaluations.

(5) The member must meet the following minimum training requirements prior to application date:

(a) *Lieutenant*. The member must have successfully completed the following courses certified by the State of Indiana:

1. Instructor I.
2. Fire Officer Strategy and Tactics.
3. Fire Officer I.
4. Incident Safety Officer (any member who holds a safety officer certification meets the requirements for the Incident Safety Officer).
5. Technical Rescue Awareness.

(b) *Captain*. The member must currently hold the merited rank of Lieutenant and have successfully completed the State of Indiana Fire Officer II and one of the following four classes certified by the State of Indiana:

1. Hazardous Materials (operations or technician level).
2. Vehicle/Machinery Rescuer (operations or technician level).
3. Rope Rescuer (operations or technician level).
4. Swift Water Rescue (operations or technician level).

(c) *Battalion Chief*. The member must currently hold the merit rank of Captain and have the following certifications:

1. ICS-300 FEMA certification.
2. ICS-400 FEMA certification.

(d) The Fire Administration will make reasonable efforts to provide prerequisite courses.

(6) In order to be eligible for the Assessment Center, a member may request and receive a variance from the Commission by establishing that the member has experience equivalent to the certification otherwise required. This is applicable only to the Indiana state certifications described herein.

(E) *Skills testing.* Once a member has been confirmed to meet the minimum eligibility requirements, the Chief of Training will schedule the candidates for the hands-on skills assessment.

(1) Each member must complete the same six hands-on skills from the Department's Joint Apprenticeship Training Program ("JATP") testing standard.

(2) There will be three mandatory skills selected by the Chief of Training from among the approved testing materials. Members will be informed of mandatory skills at the time of the drawing.

(3) The three random skills will be drawn by the members from the first testing group. The drawing will be supervised by the Chief of Training or their designee.

(4) The Chief of Training shall appoint at least two skill evaluators for the hands-on skills assessment. The same two evaluators shall be used for each testing group. The skill evaluators must be certified journeyman members. A **JOURNEYMAN MEMBER** is a member who has successfully completed all three years of the JATP.

(5) This will be a pass/fail test based on the following conditions:

(a) Members will be given 15 minutes to review the journeyman skill sheets prior to testing.

(b) If a member fails a skill, they will be told they failed and they will proceed to the next station. The member may only receive one failure for the entire skills testing. If the member fails a second skill, they are eliminated from the promotional process.

(F) The remaining components of the promotional process shall have the following percentage weights:

Written test - 25%
Assessment Center - 49%
Oral interview - 6%
Past performance - 16%
Length of service - 4%

(1) *Written test.* The written test will count 25% of the competitive exam.

(a) The written test for each rank of officer will be created, validated and administered by a professional testing agency hired by the Department.

(b) A representative from a professional testing agency will monitor the test.

(c) Members must attain a minimum score of 70% to pass. Members will proceed with the process pending the results of the written test.

(d) The identity of a member taking the written examination shall be withheld from the person or persons grading the examination and all written examinations are confidential. Members are entitled to examine these files upon request at any time.

(e) The member shall have four hours to review the questions scored as incorrect and challenge the answer considered correct by the examiner. A member who is aggrieved with the score received on the written examination may appeal to the Commission for review of the score. The appeal must be filed within ten days after notice of the score. The examination papers shall be retained in a manner consistent with Indiana law.

(f) A member can only appeal an answer scored as incorrect. The Commission's review is limited to a determination of whether another of the answers to the specific question could be considered correct. A successful appeal benefits all members who took that written test. If, after the Commission's determination, the member's score is below the required passing score, the member shall be eliminated from the process. The written test is the only component of the promotional process that may be appealed by a member.

(2) *Assessment Center.* The Assessment Center will count as 49% of the promotional process. All interaction between the Assessment Board and each member during the Assessment Center will be video and audio recorded.

(a) Eligible members appear before an Assessment Center Board. This Board will include a minimum of two assessors per exercise, including the structured-panel interview, with a minimum of six assessors total selected by the testing company. Assessors selected must be at least one merit rank, or equivalent, above the assessing rank and employed by a full-time professional fire department with a staffing level of equal or greater size to that of the City of Fort Wayne. For the Battalion Chief Assessment, the persons on the Assessment Center Board shall have held the merit rank of Battalion Chief, or equivalent, or above. A professional testing company will serve as the facilitator for the Assessment Center process.

(b) *Assessment Center - for all merited ranks.* The process for all merited ranks will consist of two oral tactical exercises and any two of the following:

1. Presentation;
2. Management exercise;
3. Problem analysis;
4. Simulated situation.

(3) The scores for the two oral tactical exercises shall be averaged, and the average must be at least 70% to be a passing score.

(a) *Descriptions of Assessment Center exercises.*

1. *Oral tactical exercise.* This exercise assesses a member's ability to apply their knowledge of firefighting techniques and tactics to a simulated emergency situation. In general, the member will be given visual and descriptive information regarding an emergency situation. The member must demonstrate how they would behave in this situation if they were in charge.

2. *Presentation.* In this exercise, a member is given a topic relevant to a firefighter's work. The member must prepare and deliver a short presentation on the assigned topic. These presentations are delivered to the Assessment Center Board. This exercise is meant to simulate job tasks which require that an officer teach, instruct or lecture subordinates or make presentations to citizen groups, department committees, and other audiences.

3. *Management exercise.* In this exercise, a member is given a series of memos and/or letters. Each memo or letter contains an example of a common situation that is typically faced by individual officers. The member must discuss their response to each memo or letter. The member may also be required to write their response in the form of a memo, letter, or report. The member's responses are scored by the Assessment Center

Board as to how well the member is able to identify and respond to critical issues. The score shall be based in part on grammar and organization.

4. *Problem analysis.* In this exercise, the member is given a problem to evaluate, either in written format or presented as a video scenario. The member will be required to identify and discuss the issues that the problem raises. This discussion will be presented orally or in writing to the Assessment Center Board.

5. *Simulated situation.* In this exercise, members are asked to role play their response to a situation involving interpersonal challenges. For instance, the member might be asked to meet someone who is role-playing a subordinate in trouble. The member must demonstrate how they would behave in this situation if they were a supervisor.

(b) The SME will be available and may be present during the Assessment Center exercises and the structured panel interviews (see below). If any of the SME, either on their own or in response to a concern raised by a member, believe there is an issue during the testing or the structured panel interview, the matter will be discussed with the testing company to try to resolve it. After the final score has been published, if an SME has an issue with the final score, the SME may present the issue to the Commission for resolution by the Commission in its discretion.

(4) *Oral competitive interviews.*

(a) The Fire Chief shall interview each eligible applicant but no points will be attributed to the Fire Chief's interviews.

(b) A structured panel interview may result in an award of a maximum of 6% of the promotional process.

(c) For the Battalion Chief Assessment, the persons on the Assessment Center Board shall have held the merit rank of Battalion Chief or above.

(5) *Past performance.* Past performance will count as 16% of the promotional process. The past performance score sheet will be based on the following for the 24 months prior to the notice date.

(a) Days late: 6%.

<i>Days Late</i>	<i>Points Awarded</i>
0	6

1	4
2	2
3	0
4 or more	-4

(b) Disciplinary actions - 10% of the promotional process.

1. Vehicle accidents that are determined to be “not at fault” are excluded.

(G) The Commission shall certify that the eligibility list was created in accordance with this chapter. The eligibility list for a position consists of members who have been placed on the list in order of their cumulative score on all rating factors. The eligibility list shall be maintained for two years from the date of certification, after which time the list shall be retired and a new list established. The retired list shall be kept for five years and then destroyed in a manner consistent with state law.

(H) *Ancillary positions.* Ancillary positions are not merited positions and are not subject to the promotional process except as described in this division. Ancillary positions are subject to the probationary and disciplinary procedures and disciplinary procedures described in this chapter unless otherwise stated.

- (c) Notice of any opening and procedures for selection will be posted to the field. The date of posting is the notice date and will include:
 - 1. Deadline for submission;
 - 2. Command staff acting as point of contact;
 - 3. Items to submit (resume, goal statements, certificates, and the like); and
 - 4. Components of process and scale.
- (d) All submissions are gathered and confirmed via email to the member.
- (e) Once posting closes, a past performance score sheet will be completed based on the following factors. Scores relative to days late are based on candidate performance for 24 months prior to the notice date. Scores relative to disciplinary actions are based on candidate performance for five years prior to the notice date:
 - 1. Days late; and
 - 2. Discipline.
- (f) Interviews are arranged individually with members with whom the position will collaborate or to whom the position will report. All interviews shall be audio and video recorded.

1. All candidate submissions (resume, goal statements, and the like) along with a past performance sheet are distributed to each interviewer.

2. Each interviewer will provide a separate score sheet.

(g) All interviewers meet to discuss individual results of the interview and make recommendations to the Fire Chief for a final decision by the Fire Chief.

(h) The member chosen is contacted and offered the position. If accepted, arrangements are made for promotion with the City Clerk and notification is made to the Commission.

(i) A member is probationary in that rank for a period of up to one year. The Fire Chief will make a recommendation during that period to the Commission as to whether the promotion shall stand or be revoked by the Commission. If the member's promotion is revoked by the Commission, the member shall return to their last merited rank.

(4) If it is necessary to eliminate an ancillary position or positions for reasons as determined by the Fire Chief, members holding those positions will be removed in order of reverse seniority. If an ancillary position is restored within 24 months from the date of elimination, members who held those positions shall be restored in order of seniority, provided the member still qualifies for the position or becomes qualified within a reasonable period of time.

(5) If the Fire Chief deems it necessary to reassign a member from their ancillary position temporarily, they will continue to receive pay at the ancillary position pay rate. The member will return to the ancillary position on completion of the temporary assignment, provided they remain qualified for the position or become qualified within a reasonable period of time.

(6) At any Class or offense count in the disciplinary process, the Fire Chief may petition the Commission for demotion of a member holding an ancillary position for violations of rules, regulations, policies, or procedures.

(Ord. G-22-22, passed 12-13-22)

§ 35.08 PROBATIONARY PROMOTION PROCEDURES.

(A) When a vacancy in a merited rank occurs, the Fire Chief shall select from among the two members with the highest scores remaining on the eligibility list for that particular rank. If the Fire Chief selects a member other than the one ranking highest on the remaining eligibility list, the Fire Chief shall provide to the Commission a written statement of the reasons that support the decision. The Commission shall accept the Fire Chief's selection

and promote that member unless the Commission rejects the Fire Chief's selection by a vote of at least four Commissioners. In that event, the member with the higher score shall be promoted and the other member remains on that eligibility list.

(B) The probationary period begins on the date the Merit Commission approves a member's promotion. All promotions are probationary for a period not to exceed one year unless extended or the promotion is revoked. The Commission, upon request of the Fire Chief, may extend the probationary period, revoke the promotion, or affirm the promotion. At any time during the probationary period, the promotion may be revoked by the Commission upon request of the Fire Chief. The probationary period shall be completed in the division in which the member is being promoted. At the end of the probationary period, the Fire Chief shall review the member's performance and recommend to the Commission that the promotion be affirmed or revoked. Following a hearing, the Commission may uphold, deny, or modify the Fire Chief's recommendation.

(C) Actions regarding promotions by the Commission may be appealed within 30 days to the Circuit or Superior Court of Allen County, with the city being named as the sole defendant, as provided by I.C. 36-8-3.5-16(d).

(Ord. G-22-22, passed 12-13-22)

§ 35.09 PERFORMANCE RATING PROCEDURES.

(A) The Commission shall approve rules for determining a performance rating. The rules must require that a performance rating for each member, including probationary members, be made at least once every 12 months provided that the Fire Chief and the two ranks below the Fire Chief shall not receive a rating or be involved in the performance rating process other than as stated below. The rating shall be made by one or more of the member's supervisors, as defined in these rules. The ratings shall be submitted to the Commission and kept on file in the Fire Chief's office under the Fire Chief's supervision. The supervisor shall submit the performance rating into the electronic system and to the member, at which time the appeal period starts. The Commission shall notify each member in writing of the rating that the member received. Appropriate city technology and resources shall provide reasonable support for the rating system adopted by the Commission.

(B) A member who is aggrieved with the performance rating given to the member by the member's supervisor may appeal to the Commission for a hearing to challenge the rating. The appeal must be filed within ten days after notice of the rating has been sent to the member. The Commission shall affirm, deny, or otherwise modify the rating.

(C) Probationary members shall be rated in accordance with the Joint Apprenticeship Training Program policy.

(Ord. G-22-22, passed 12-13-22)

§ 35.10 RULES GOVERNING DISCIPLINE.

(A) The Fire Chief may initiate a disciplinary action if the Fire Chief believes that a member has violated any rule as enumerated herein, by providing written notice of the allegation of misconduct, including notice by email, to the member. Likewise, any Commissioner may initiate an investigation, in the same manner as required herein of the Fire Chief, if they believe that a member has violated a rule, by providing written notice of the allegation of misconduct to the Fire Chief, who shall then follow the procedural steps set forth herein. If the Fire Chief determines, following an investigation, that the act alleged to be a violation was a Class D, E or F violation committed more than five years prior to the date that the Fire Chief (or the Commissioner, if initiated by the Commission) had notice of the alleged misconduct, the matter is concluded and shall be reported to the Commission, although the Commission does not have authority to act further regarding the notice. There is no time limitation for an alleged Class A, B, or C violation.

(1) Within 20 days after the Fire Chief receives a written statement, in any form, from anyone who asserts alleged misconduct by a member, the Fire Administration shall notify the member in writing, with a copy to the Union, as to whether an investigation of the allegation will be initiated or not. Likewise, if the Fire Chief receives from any source, including an anonymous source, objective evidence such as a video or audio recording, a photo or similar graphic depiction, or a document from a public agency (such as the police, a prosecuting attorney's office, or the Bureau of Motor Vehicles), information upon which the Fire Chief reasonably might base an allegation of misconduct, the Fire Chief shall so notify the member, with a copy to the Union, within 20 calendar days as to whether an investigation will be initiated or not. However, when the Fire Chief receives notice from a representative of an officially-recognized criminal justice organization of alleged misconduct that could form the basis for a criminal charge against the member, the Fire Chief may defer the internal investigation, in the interest of preserving the integrity of a possible criminal investigation, until such time as is objectively reasonable, thus delaying the obligation to provide notice to the member under this provision.

(2) The notice shall include a brief statement of the allegations, the identity of the person(s) who submitted the allegations, and a copy of the written statement from that person and the date(s) of the alleged violation(s). In the case of objective evidence described above, a copy of the objective evidence will be included with this notice. In the

case of an allegation of sick time abuse (Rule 2-4.09), the Commission shall provide this notice.

(3) When the Fire Administration notifies members that they will be subjected to an interview under Garrity, the notice will be copied to the Union.

(4) In all disciplinary actions except those involving late for duty and sick time abuse, the Fire Chief shall cause a Garrity interview of the members subject to the disciplinary action to be conducted.

(5) An interviewer conducting a Garrity interview may not compel members or their union representative to disclose any conversation that occurred between the member and the Union representative, provided that the Union representative was acting in a representative capacity at the time of the conversation. In that case, a refusal to answer a question that would require disclosure of such a conversation will not be deemed disobedience of an order. If asked and a member declines to answer, the line of inquiry regarding such communications must stop. If the member wishes to disclose the substance of such communications, the interviewer may ask relevant follow-up questions. However, the member or the Union representative shall answer such a question in any of the following circumstances: when necessary to prevent crimes likely to result in a clear, imminent risk of serious injury or death; when the conversation involves criminal actions against the member or Union representative; or when there is a court order requiring disclosure. A question posed to a member must otherwise specifically, directly, and narrowly be related to the allegations of the pending disciplinary matter. Nothing in this section relieves a Union representative of the duty to report an infraction that they witnessed, and to testify during the investigation and/or at the hearing regarding the conduct that they witnessed. A member subject to disciplinary action shall have access to all Garrity transcripts created during the investigation.

(B) The Fire Chief, the Union and the member can resolve a disciplinary action at any time by agreement, which agreement must be reported to the Commission. If a member accepts a suspension without pay, the member waives their right to appeal and the Commission shall take no further action. If the member objects to the suspension, the Fire Chief may proceed with the disciplinary process based on the class and occurrence of the alleged violation(s). If the member appeals the suspension, the suspension does not take effect until the Commission determines to uphold the suspension.

(C) The Fire Chief will notify the Commission, with a copy to the Union, of all written reprimands (issued on the designated Departmental form), suspensions, and other conclusions of investigations of alleged infractions to the Commission within 48 hours of

conclusion. A failure to comply with this provision which does not prejudice a member subject to the disciplinary action may be corrected without affecting the disciplinary action.

(D) Prior to the conclusion of an investigation of an alleged disciplinary violation or in the absence of such investigation, the Fire Chief may relieve a member from duty with pay (for non-punitive administrative reasons) or suspend a member with pay pending investigation of an alleged disciplinary violation, which action shall not be appealable unless otherwise provided herein.

(E) The Fire Chief may issue a written reprimand to a member based on an allegation of misconduct and an investigation. Except as provided in section 2-4.09, a member may not appeal a written reprimand based on a Class F violation (unless the violation was a Class E violation or above that was decreased to Class F by the Fire Chief). A member may initiate an appeal to the Commission regarding any disciplinary action that would result in a suspension without pay, demotion or termination (an "appealable disciplinary action"). Any prior infraction that was a factor in progressive discipline may be addressed at the hearing on appeal.

(F) To appeal an appealable disciplinary action, members or their Union representative or attorney must file with the Administrative Secretary to the Commission within ten days of receipt of notice of the appealable disciplinary action a written notice of their intent to appeal the appealable disciplinary action. Notice transmitted by email satisfies the written notice requirement. The notice shall include a statement of the basis for the appeal.

(G) Upon receiving notice of appeal from a member, the Fire Chief shall cause notice of the appeal to be transmitted to the Commission's Secretary and/or attorney.

(H) The Commission shall consult with the Fire Chief and the member or their representative to determine the date(s) on which the hearing of the appeal will be held. The Commission shall use its best efforts to reasonably accommodate the schedules of both parties and their representatives. Unless the parties otherwise agree, the hearing will be held no sooner than 21 days from the date of the notice of appeal.

(I) Both parties are entitled to be represented by counsel or, in the case of the member, a Union representative. Both parties are entitled to produce evidence at the hearing. Both parties are entitled to require the Commission to cause subpoenas to be issued, served, and executed pursuant to I.C. 36-8-3.5-17(e).

(J) Unless otherwise agreed, the parties shall exchange exhibits and a list of witnesses at least five days prior to the hearing. The exhibits and list of witnesses shall be made available to the Commissioners at that time. In the absence of an agreement by the parties,

the Commissioners may determine an appropriate sanction for failure to timely disclose exhibits and witnesses.

(K) If a witness fails to comply with a subpoena issued pursuant to these rules, the Commission shall continue the hearing upon the request of the party that requested the subpoena. The Commission also may file an affidavit in the Circuit Court of Allen County stating the facts of the failure as provided in I.C. 36-8-3.5-17(f). Expenses related to the filing of an affidavit and the issuance and service of a summons shall be charged to the witness against whom the subpoena has been issued, unless the Circuit Court finds that the action of the witness was taken in good faith and with reasonable cause. In that case, the expenses shall be charged to the Commission.

(L) A decision to discipline a member may be made only if the preponderance of the evidence presented at the hearing supports the decision.

(M) The hearing pursuant to this section shall be conducted in executive session. The Commission shall order separation of witnesses other than the Fire Chief, the member, and their representatives, upon request of either party.

(N) The Commission shall record the hearing (either by its Secretary or a third-party qualified to record such hearings). The Commission shall provide a copy of the recording and a copy of the transcript of the record (if created) upon request to the member or their representative at no cost to the member.

(O) The Commission may affirm, modify, or dismiss the disciplinary action. The Commission's authority to charge a member with a disciplinary violation or to modify a disciplinary action shall be unlimited.

(P) *Judicial review process.* A member may appeal a decision of the Commission to suspend the member for a period greater than 96 hours or more for a 24 hour member or 64 hours or more for a 40 hour member or to dismiss the member as provided in I.C. 36-8-3.5-18 (or any successor statute), subject to the time limitations and procedural requirements set forth in said statute.

(Q) Written reprimands for the same offense shall cease to have effect in progressive discipline two years from the date of issue but shall be kept as part of a member's permanent record.

(R) Suspensions for the same offense shall have effect in progressive discipline four years from the date of issue but shall be kept as part of a member's permanent record. However, if appealed, when determining the level of discipline and penalty, the

Commission may consider a member's complete personnel record when addressing disciplinary matters.

(S) Suspensions shall be at the member's current rate of pay. Use of overtime, vacation, or holiday time in lieu of suspension shall not be allowed.

(T) Members may be charged with any or all disciplinary rule violation(s) that may apply to a single specific action or inaction but may be penalized for only one of the applicable rule violations. However, members who commit multiple violations based on two or more separate actions or inactions within a single, continuous incident may be penalized once (including where more than one type of rule violation may apply to a specific action or inaction, as stated above) for each separate action or inaction, resulting in a separate, single penalty for each action or inaction. Multiple instances of the same behavior during a single, continuous incident will not be the basis for escalation on the penalty schedule.

(U) The Fire Chief may increase or decrease the discipline given to a member (by one infraction occurrence on the penalty schedule or by one class of infraction), depending on the circumstances of the alleged offense. The circumstances that led to the increase or the decrease in discipline shall be stated in writing and conveyed to the member. Alternatively, the Fire Chief may petition the Commission to determine an appropriate penalty following a hearing.

(V) Members are entitled to a copy of any of their files held by the city subject to exceptions under applicable law, which will be provided within a reasonable time upon request. A denial of such request shall be grieved pursuant to the terms of the collective bargaining agreement.

(W) If a member is suspended, the member is entitled to the allowances for benefits as defined in the Collective Bargaining Agreement (with the exception of vacation accrual and pension payments made by the city on behalf of the member) to which the member was entitled before the suspension. To determine vacation suspension, the following calculation will be used: divide the number of suspended hours/days by 365, then multiply that number by the number of earned days for which the member is eligible. For example, $20 \text{ days} / 365 = .054 \times 13 \text{ earned days} = 0.702 \text{ days}$. Earned days less than .50 will be rounded down to the nearest whole day while earned days equal to or greater than .50 will be rounded up to the nearest whole day.

(X) In order to provide a similar financial impact for suspended time off between eight hour and 24 hour personnel, the following disciplinary step conversion table will be used:

STEP	24-HOUR	40-HOUR
.5	12	8
1	24	16
1.5	36	24
2	48	36
2.5	60	40

(2) At any Class or offense count in the disciplinary process the Fire Chief may petition the Commission for demotion of a member for violations of rules, regulations, policies or procedures.

(3) Any violation committed by members related to the performance of their duties that results in bodily injury to a person other than the member shall be treated as a Class C offense, subject to the Fire Chief's authority to increase or decrease the discipline. Any such violation that results in serious injury or death to a person other than the member shall be treated as a Class A offense, subject to the Fire Chief's authority to decrease the discipline.

(3) *Section 3 - Neglect or disobedience of orders.*

(a) *2-3.01 Obedience of orders, Class E.* Members shall obey orders, directions, and instructions of their superior officers. When members are acting under the orders of one supervisory officer and are then given an order by another supervisory officer, they shall immediately report the first order to the second supervisory officer and then abide by the decision of the second supervisory officer. A member who violates this rule while under Garrity commits a Class B violation.

(b) *2-3.02 Emergency duty, Class D.* Members shall be available for emergency duty, as defined by applicable state law or city ordinance, on notice by the Fire Chief or their duly authorized representative. Failure to respond to emergency duty shall be considered disobedience of orders.

1. Members shall not possess or use any controlled substances, except as legally prescribed for the member by a health care provider. The charging of a member under this rule shall be undertaken only after the completion of an appropriate test as identified in the Department's drug testing policy.

2. Members, one time during their career, prior to taking a drug test, may self-report an issue with illegal drugs (that is, that they will likely fail the test) and then enter into a drug-cessation/recovery program at the city's expense. Members who invoke this option shall be on unpaid suspension for 240 hours for a 24 hour member and 172 hours for a 40 hour member and agrees to release to the Fire Administration their records related to the member's treatment and status in the drug-cessation/recovery program.

- e. Five occurrences of sick time off within a 12 month rolling period.

2. A “pattern” is defined as three or more call-ins under the circumstances stated above in a 12 month rolling period. An “occurrence” is defined as one sick call-in, whether for one or multiple consecutive assigned shift days. An “occurrence” does not include injuries or illnesses sustained on duty or in the performance of a sworn duty.

3. Battalion Chiefs, Captains, and Lieutenants shall monitor use of sick time and report abuse in writing through the disciplinary process. (h) *2-07.08 Administrative felony, Class B.* A member found, after an internal investigation, to have engaged in an act that is a felony and is not convicted of the felony shall be administratively charged.

5. Candidates for promotion who receive information from a member or other source not legitimately available otherwise that would give them an unfair competitive advantage but who do not use such information in any way, whether to their advantage or not, shall not be subject to disciplinary action under this provision, provided that, prior to the element of the process for which the information might be used, the candidate discloses in writing to the Fire Administration the identity of the member or members who furnished the information and a description of the information furnished. In addition to not being subjected to disciplinary action, candidates shall not be eliminated from the promotional process unless for some other reason.

The last member appointed shall be put on leave first, with other members also put on leave in reverse hiring order, until the desired level is achieved.

(B) If the Department is increased in number again, the members who have been granted leaves of absence under this section shall be reinstated before an applicant on the eligibility list is appointed to the Department. The reinstatements begin with the last member granted a leave.

(C) A member on leave of absence shall keep the Fire Administration advised of the member's current address. A member shall be informed of the member's reinstatement by written notice. Within ten calendar days after a member receives notice of reinstatement, the member must advise the Fire Administration Commission that the member accepts reinstatement and will be able to commence employment on the date specified in the notice. Leaves of absence granted for reasons other than as provided in the pension statute will be without pay, any other benefits, pension contributions, or accrual of seniority.
