**POLICY**

**Per the policy of the City of Fort Wayne, the following guidelines apply to this project:**

- 1. The period of deduction for personal property is seven years.

Under Fort Wayne Common Council's tax abatement policies and procedures, Excellon Technologies, Inc. is eligible for a seven year deduction on personal property improvements. Attached is a spreadsheet that shows how the application scored under the review system as well as a calculation of estimated property tax savings.

**COMMENTS**

In working with Excellon Technologies, Inc. to fill out their designation application, the company informed division staff that equipment had been purchased and installed for which they wanted to have designated for property tax phase-in. Fort Wayne common Council's property tax phase-in policies and procedures requires an economic revitalization are designation application be filed with the division and approved by council PRIOR to the installation of equipment. To allow an economic revitalization area designation application to be processed after installation of equipment, a waiver of non-compliance needs to be requested. Indiana Code 6-1.1-12.1-11.3 permits adoption of a resolution to waive non-compliance due to failure to file the Statement of Benefits (SB-1) in the appropriate timeframe. The confirming resolution for this project contains language to waive non-compliance that will allow for the final approval of an economic revitalization area designation on this property for tax phase-in.
