In order to be considered an Economic Revitalization Area (ERA), the area must be within the corporate limits of the City of Fort Wayne and must have become undesirable for, or impossible of, normal development and occupancy because of a lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired values or prevent a normal development of property or use of property. The property is not currently served by the City of Fort Wayne's sanitary sewer system. In order to develop a new structure on this site the sanitary sewer line must be extended to service it, which costs in excess of \$100,000.
