RE: Fort Wayne Metals Research Products Corp/Labeca, LLC  
Abatement Application Waiver

Dear City Council:

Taxpayer named above hereby requests a waiver to allow personal property purchased from January 1, 2017 through August 30, 2017 be included as part of the abatement application. Fort Wayne Metals is planning a \$51.1 million expansion of its current facilities. It currently employs nearly 900 individuals and plans to add more than 300 resulting from this expansion. Fort Wayne Metals has been, and continues to be, a stable and growing economic factor in this community with 99% of its customer base located outside Allen County. The Company has had a number of successful projects/investments made possible in part because of the tax phase-in incentives approved by City Council.

Due to a change in Council's policy, all prior phase-ins have come to a close, effective December 31, 2016. Fort Wayne Metals was not notified of the change in policy and discussions about complying with the changes did not occur until August 29, 2017. As a result, the nearly \$3 million of personal property asset additions are not tied to any phase-in. We respectfully request that you allow these assets to be included as part of the abatement application and allow them to be phased in.

We appreciate your consideration to this matter.

Regards,
