THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA

RESOLUTION NO. R-22-05-18 R-29-22

A RESOLUTION AUTHORIZING THE ACQUISITION OF REAL AND PERSONAL PROPERTY FROM THE ALLEN COUNTY REGIONAL WATER AND SEWER DISTRICT
PURSUANT TO INDIANA CODE §§ 36-1-11-8 AND 5-22-22-10

WHEREAS, the City of Fort Wayne, Indiana ("**City**"), is an Indiana municipality that, by and through its Board of Public Works, is authorized under Indiana Code § 8-1.5 and 36-9-23 to provide water and sewer service inside and outside of its municipal boundaries;

WHEREAS, the Board of Public Works of the City of Fort Wayne, Indiana ("**Board**"), is responsible for operating, maintaining, and overseeing the daily operation of the City's municipally owned water and sewer utilities;

WHEREAS, the Common Council of the City of Fort Wayne, Indiana ("**Common Council**"), is the municipal legislative body for the City and is responsible for adopting all rates and charges for the services of its utilities and approving the issuance of bonds (the proceeds from which can be used to acquire or construct utility facilities);

WHEREAS, the Allen County Regional Water & Sewer District ("**District**") is a regional water and sewer district governed by Indiana Code § 13-26 that was established for the purpose of providing sanitary sewage service in a service territory delineated in the 1979 Order of the Indiana Stream Pollution Control Board in Cause No. B-422 as amended from time to time ("**Territory**");

WHEREAS, the District owns a sewage collection and distribution system that is used for transporting sewage for treatment from the customers in the Territory, which is composed of certain real and personal property;

WHEREAS, the City may, subject to Indiana Code §§ 36-1-11-8 and 5-22-22-10, acquire real and personal property from the District upon terms and conditions agreed upon by the City and the District as evidenced by the adoption of substantially identical resolutions;

WHEREAS, the City now desires to acquire all of the District's real and personal property that is used for the provision of sewer (and water) service in the Territory;

WHEREAS, the City and the District have proposed to enter into a Utility System Asset Acquisition Agreement ("**Agreement**"), which describes the terms and conditions of the acquisition, upon the adoption of substantially identical resolutions (the Agreement is attached as "Exhibit A"); and

WHEREAS, the Common Council, by adoption of this Resolution, desires to

approve the Agreement.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA, AS FOLLOWS:

1. The Common Council hereby approves the acquisition of all of the District's real and personal property on the terms and conditions set forth in the Agreement.

2. The President of the Common Council is hereby individually authorized to execute any and all documents necessary to effectuate the terms and conditions of the Agreement on behalf of the Common Council.

3. Any and all documents executed or actions taken by the President of the Common Council and in connection with the actions contemplated by this Resolution are hereby approved and ratified.

4. This Resolution shall become effective upon passage and upon compliance with the procedures required by law.

ALL OF WHICH IS DULY RESOLVED THIS _____ DAY OF MAY, 2022.

UTILITY SYSTEM
ASSET ACQUISITION AGREEMENT

THIS UTILITY SYSTEM ASSET ACQUISITION AGREEMENT (the "**Agreement**"), is made and entered into as of this ____ day of May, 2022, by and between the City of Fort Wayne, Indiana, by and through Fort Wayne City Utilities (the "**Utilities**"), and the Allen County Regional Water & Sewer District (the "**District**") (each a "**Party**" and, collectively, the "**Parties**").

RECITALS:

A. The Utilities and District are separate governmental entities and political subdivisions of the State of Indiana located in Allen County, Indiana.

B. As an Indiana municipality, the Utilities are authorized under Ind. Code §§ 36-9-23 to provide sewer service inside and outside of its municipal boundaries.

C. The District is a regional water and sewer district governed by Ind. Code § 13-26 et seq. that was established for the purpose of providing sanitary sewage (and water) service to a service area ("**Service Area**") delineated in the 1979 Order of the Indiana Stream Pollution Control Board in Cause No. B-422, as amended from time to time ("**Formation Order**").

D. The District owns a sewage collection and distribution system (the **"District Sewage System"**) that is used for transporting sewage for treatment from the customers in the Service Area to the Utilities' wastewater facilities, as well as to the facilities owned and operated by Cities of Woodburn and New Haven, Indiana.

E. The District now desires to transfer to the Utilities all its assets and property, as well as other rights for the provision of sewer service in the Service Area (collectively, the "**Purchased Assets**" as defined below) on the terms and subject to the conditions set forth in this Agreement.

F. At Closing, the Utilities will own and merge into its existing system all of the Purchased Assets, and the Utilities will, in turn, manage, operate, maintain, and use the Purchased Assets to be the provider of sanitary sewer service in the Service Area.

G. On the Closing Date, the Parties anticipate the following: (i) the District will use its available funds, after payment of all costs and obligations not being assumed by the Utilities, including by not limited to, the costs associated with the Contemplated Transaction and final payment of any and all obligations and wages due to the District's employees ("**Excluded Liabilities**", to assist in reducing the amount necessary to defease or "pay off" its outstanding indebtedness (**"District Bonds"**); (ii) the Utilities will issue new sewage revenue bonds (**"Utilities Bonds"**) in an amount sufficient that will completely pay off all of the District Bonds (after the offset for the available District funds); and (iii) the Utilities will assume any and all liabilities of the District, including the obligation to serve all customers within the Service Area.

H. After Closing, the bulk of the District's customers will receive an overall reduction in their monthly user fees from approximately $121 per month to $80 per month.

I. The Parties believe that this agreement is in the best interest of the District, the customers within the Service Area, and the Utilities.

NOW, THEREFORE, in consideration of the mutual promises, covenants, representations, and agreements contained herein, the receipt and sufficiency of which are agreed to and acknowledged by the Parties, the Parties agree as follows:

ARTICLE I

DEFINITIONS AND CONSTRUCTION

SECTION 1.1 DEFINITIONS. As used in this Agreement, the terms outlined in this Section shall have the following meanings:

"Acquired Contracts" means those contracts, commitments, agreements, leases, and/or supply or service agreements to which the District is a party as listed on **Appendix I** attached hereto and incorporated herein.

"Agreement" means this Utility System Asset Acquisition Agreement, including any amendments and supplements hereto executed and delivered in accordance with the terms hereof.

"Appendices" means **Appendices A** through **W** attached to and made a part of this Agreement.

"Assumed Liabilities" means all debts, liabilities, obligations, and other financial or service obligations of District to be assumed by the Utilities on the Closing Date either, including, but not limited to, those items set forth on **Appendix N** or otherwise identified in this Agreement as being assumed by the Utilities.

"Board" means the Board of Public Works for the City of Fort Wayne, Indiana.

"Closing" means the closing of the transaction contemplated by this Agreement at which the Purchase Price (as defined herein) is paid by the Utilities and all of the Closing Documents are executed by the Parties.

"Closing Documents" means the documents identified in Section 6.2(B) of this Agreement.

"Closing Date" has the meaning set forth in Section 6.1 of this Agreement.

"Common Council" means the Common Council of the City of Fort Wayne, Indiana.

"Contemplated Transaction" means: the (i) acquisition by the Utilities of all the

District's sanitary sewer assets (i.e. **"Purchased Assets"**, as defined herein); (ii) the assumption of all the District's Assumed Liabilities; and (iii) the provision of service to the Service Area at a lower monthly user rate.

"**District Board**" means Board of Trustees for the Allen County Regional Water and Sewer District.

"Easements" means all rights, privileges, easements, licenses, prescriptive rights, rights-of ways, and rights to use public and private roads, highways, streets, railroads, and other areas owned or used by District in connection with the construction, reconstruction, installation, expansion, maintenance, and operation of the Purchased Assets (as defined below).

"**Environmental Law**" includes all federal, state, and local environmental laws and regulations, including, without limitation: (1) the United States Clean Water Act (also known as the United States Federal Water Pollution Control Act), 33 U.S.C. §§ 1251 et seq.; (2) the United States Toxic Substances Control Act, 15 U.S.C. §§ 2601 et seq.; (3) the United States Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. §§ 9601 et seq. (also known as Superfund); (4) the United States Superfund Amendment and Reauthorization Act of 1986, Public Law 99-499, 100 Stat., 1613; (5) the United States Resource Conservation and Recovery Act, 42 U.S.C. § 6901 et seq.; (6) the United States Safe Drinking Water Act, 42 U.S.C. § 300j-8; (7) Title 13 of the Indiana Code; and (8) regulations related thereto. Any reference to legislative act or regulation shall be deemed to include all amendments thereto and all regulations, orders, decrees, judgments, or notices issued thereunder.

"Excluded Assets" means those assets, properties, and rights, both tangible and intangible, real and personal, of the District described in Section 3.2(C) and **Appendix L** hereto, which such Excluded Assets shall not be sold, conveyed, or transferred to the Utilities pursuant to this Agreement.

"Permitted Exceptions" means those exceptions described in **Appendix M** hereto.

"Real Property" means the real property relating to the Purchased Assets, which is owned by the District and is to be conveyed to the Utilities pursuant to this Agreement.

"Tax" means any income, gross receipts, license, payroll, employment, excise, severance, stamp, occupation, premium, property, environmental, windfall profit, customs, vehicle, airplane, boat, vessel, or other title or registration, capital stock, franchise, employees' income withholding, foreign or domestic withholding, social security, unemployment, disability, real property, personal property, sales, use, transfer, value added, alternative, add-on minimum, and other tax, fee, assessment, levy, tariff, charge, or duty of any kind whatsoever and any interest, penalty, addition, or additional amount thereof imposed, assessed, or collected by or under the authority of any governmental body or payable under any tax-sharing agreement or any other contract.

SECTION 1.2 CONSTRUCTION AND INTERPRETATION.

A. Singular and Plural. Words that indicate a singular number shall include the plural in each case and vice versa, and words that indicate a person shall include legal entities, firms, and

corporations.

B. Meaning of Certain Terms. The terms "herein," "hereunder," "hereby," "hereof," and any similar terms, shall refer to this Agreement; the term "heretofore" shall mean before the date of execution of this Agreement; and the term "hereafter" shall mean on or after the date of execution of this Agreement.

C. Gender. Words that reference only one gender shall include all genders.

D. Construction of Agreement. This Agreement shall be construed as resulting from joint negotiation and authorship. No part of this Agreement shall be construed as the product of any one of the Parties hereto.

SECTION 1.3 INCORPORATION. The Appendices and Exhibits hereto and each of the documents referred to therein are incorporated and made a part hereof in their entirety by reference.

SECTION 1.4 SECTION HEADINGS. Any headings preceding the texts of the Articles, Sections, Appendices, or Exhibits in or to this Agreement shall be incorporated herein and shall be used to interpret the intent of this Agreement.

ARTICLE II

REPRESENTATIONS OF PARTIES

SECTION 2.1 REPRESENTATIONS OF THE UTILITIES. The Utilities make the following representations and warranties to the District:

A. Authorization. The Utilities have full power and authority to execute and deliver this Agreement and to perform its obligations hereunder. The execution, delivery, and performance of this Agreement have been duly authorized by all necessary action on the part of the Utilities and no other proceedings on the part of the Utilities are necessary to authorize this Agreement or the consummation of the Contemplated Transaction. This Agreement has been duly and validly executed and delivered by the Utilities and constitutes a valid and binding obligation of the Utilities, enforceable in accordance with its terms.

B. No Conflict. Neither the execution and delivery of this Agreement by the Utilities, nor the consummation of the Contemplated Transaction by the Utilities will be in violation of, or conflict with, any Utilities ordinance, resolution, or other internal documents.

C. No Brokers or Finders. The Utilities have not employed any broker or finder or incurred any liability for any brokerage or finder's fees or commissions or similar payments in connection with this Agreement or the Contemplated Transaction.

SECTION 2.2 REPRESENTATIONS OF THE DISTRICT. The District makes the following representations and warranties to the Utilities:

A. Organization; Authorization. The District was formed and operates and exists pursuant to the Formation Order; is authorized to do business in such jurisdiction; and has all requisite corporate power and authority to enter into the Contemplated Transaction.

B. No Default; Binding Obligation. Except as disclosed in **Appendix F**, the District, to the best of its knowledge, is not in default under any provisions of the laws of the State of Indiana that are material to the performance of its obligations under this Agreement. The execution, delivery, and performance of this Agreement, and the consummation by the District of the Contemplated Transaction have been duly authorized by all necessary (District Board) action. Assuming the due authorization, execution, and delivery by the Utilities, this Agreement will be valid and enforceable against the District in accordance with its terms, except to the extent that the enforceability thereof may be limited by any applicable bankruptcy, insolvency, reorganization, or other similar laws affecting creditors' rights generally, or by the exercise of judicial discretion of a court of competent jurisdiction in accordance with the general principles of equity.

C. No Litigation or Administrative Proceedings. Except as disclosed in **Appendix F**, there are no current actions, suits, or proceedings at law or in equity pending or, to the District's knowledge, threatened against the District before any federal, state, municipal, or other court, administrative or governmental agency or instrumentality, domestic or foreign, which would affect the Purchased Assets or the District's right and ability to make and perform this Agreement; nor is the District aware of any facts which to its knowledge are likely to result in any such action, suit, or proceeding. The District is not materially in default with respect to any permit, order, or decree of any court or of any administrative or governmental agency or instrumentality affecting any of the Purchased Assets. The District agrees and covenants that it shall have a continuing duty to disclose to the Utilities up to and including the Closing the existence and nature of all pending or threatened judicial or administrative suits, actions, proceedings, and orders which in any way materially relate to the construction, operation, or maintenance of the District Sewage System or the Purchased Assets.

D. No Brokers or Finders. The District has not dealt with any broker, salesman, or finder in connection with the transactions contemplated by this Agreement, and no sales commissions or finder's fees are due or payable as a result hereof.

E. Ownership of Purchased Assets. The District is currently the sole owner of the District Sewage System and the Purchased Assets.

F. Appendices. The District has delivered to the Utilities the following Appendices, subject to any qualifications stated in the Appendices:

1. **Appendix A** is a schedule providing recording references to the recorded documents evidencing the District's ownership interest in each parcel of Real Property to be conveyed to the Utilities.

2. **Appendix B** is the form of the Assignment and Assumption of Easements which is intended to assign all the District's easements to the Utilities as of the Closing.

3. **Appendix C** contains a list of the material assets of the District comprising the District's utility facilities to be conveyed to the Utilities.

4. **Appendix D** is a schedule of material construction work in progress with respect to the Purchased Assets.

5. **Appendix E** is a schedule of all current or active federal permits or applications from or filed with the Indiana Department of Nature Resources ("IDNR"), the Indiana Department of Environmental Management ("IDEM"), or any other local, state, or federal agency, together with effective dates and any expiration dates, which authorize the operation of the Purchased Assets by all such applicable governmental authorities and which schedule designates which, if any, of these permits are not transferable.

6. **Appendix F** is a schedule of litigation and material regulatory non- compliance issues affecting the Purchased Assets, which issues are known to the District and which may include notices of violation, inspection, or enforcement actions and specifically identifying the non-compliance issues identified by the regulatory authority.

7. **Appendix G** is an inventory of the material, equipment, tools, parts, laboratory equipment, computer equipment, and other personal property, other than the Excluded Assets, used by the District in connection with the operation of the District Sewage System to be conveyed to the Utilities.

8. **Appendix H** is a schedule of all operating and vendor contracts affecting the District Sewage System and which are to be assumed by the Utilities.

9. **Appendix I** is a schedule of all Acquired or Assumed Contracts that will be transferred to the Utilities under the terms of this Agreement.

10. **Appendix J** is the current District Ordinance setting forth the existing schedule of rates, fees, and charges that the District is authorized to impose.

11. **Appendix K** is a schedule of notices received by the District regarding environmental or operational non-compliance with respect to the District Sewage System in the last five (5) years.

12. **Appendix L** is a schedule of Excluded Assets.

13. **Appendix M** is the list of Permitted Exceptions.

14. **Appendix N** is a list of those debts, liabilities, obligations, and other financial or service obligations of District to be assumed by the Utilities on the Closing Date but not otherwise listed in this Agreement as being assumed by the Utilities.

15. **Appendix O** is a schedule of the current sanitary sewer boundaries.

16. **Appendix P** is a Limited Special Warranty Deed for the conveyance of all Real Property set forth in **Appendix A**.

17. **Appendix Q** is a form of Petition to Indiana Department of Environmental Management.

18. **Appendix R** is not being used.

19. **Appendix S** is a schedule of District Individual Septic Systems

20. **Appendix T** is the form of Interlocal Agreement.

21. **Appendix U** is the Utilities' Policy for Grinder Pump Stations which will be in effect after Closing.

22. **Appendix V** is a Schedule of Class II Customers and their Expected Refunds.

23. **Appendix W** is a schedule of known material issues with the District Sewage System.

G. Compliance with Law. To its knowledge, the District is not in violation of any governmental law, rule, regulation, permitting condition, or other governmental requirement of any type or nature which violation would have a materially adverse effect on the District Sewage System or the Purchased Assets.

H. Environmental Matters. To the knowledge of District: (1) there are no hazardous substances (as that term is defined in the Environmental Laws) located upon or beneath the Real Property to be conveyed to the Utilities at concentrations that could reasonably be expected to result in the owner or operator of such Real Property being required to remediate such hazardous substances under Environmental Laws; and (2) except as set forth in **Appendix K**, the District is in material compliance with all applicable Environmental Laws relating to the District Sewage System. Except as set forth in **Appendix K**, the District has not received any written notice from any governmental authority finding material non-compliance with applicable Environmental Laws relating to the District Sewage System.

I. Condition of Assets. The management, officers, and directors of the District have no knowledge of material facts or issues, other than normal wear and tear normally occurring in like systems, adversely affecting the physical condition of the District Sewage System or the Purchased Assets which are not readily observable or which have not been disclosed in **Appendix V**. The Utilities agrees, however, that it will take ownership of and title to all Purchased Assets in "as is" condition at Closing.

J. Necessary Easements and Land Rights. The District hereby represents and

warrants that it currently has, to the best of its knowledge, and the Utilities will have, all easements, rights of way, and land rights necessary for the operation, maintenance, and replacement of the Purchased Assets. The District further represents and warrants that all of its current facilities are, to the best of its knowledge, located within the Easements or upon property that the District owns and will be transferring to the Utilities as part of this transaction.

ARTICLE III

PURCHASE AND SALE OF ASSETS

SECTION 3.1 PURCHASE AND SALE COVENANT. At the Closing, the Utilities shall purchase, and the District shall sell and convey to the Utilities, the Purchased Assets upon the terms and subject to the conditions set forth in this Agreement. At the Closing, the Utilities shall assume responsibility for the performance and satisfaction of the District's obligations with respect to the Purchased Assets which constitute Assumed Liabilities in accordance with this Agreement. Notwithstanding anything contained in this Agreement to the contrary, in no event shall the Utilities assume responsibility for the Excluded Liabilities.

SECTION 3.2 PURCHASED ASSETS.

A. District Assets Needed or Necessary for Service. The assets of the District to be purchased by the Utilities hereunder (the "**Purchased Assets**") shall consist of any and all assets, business properties, and rights (both tangible and intangible) of the District and that the District owns, possesses, and are necessary to own, operate, replace, expand, and/or maintain the District Sewage System, including, but not limited to, the following:

1. All fee simple Real Property with respect to the District Sewage System as described in **Appendix A** hereof;

2. All Easements and land rights that the District owns or holds;

3. All collection and transmission system piping, pumping, and effluent and disposal facilities of every kind and description whatsoever including, without limitation, all trade fixtures, leasehold improvements, lift stations, pumps, generators, controls, tanks, distribution, collection, or transmission pipes or facilities, valves, service connections, and all other physical facilities, appurtenances, and property installations used in the operation of the District Sewage System including, but not limited to, those items described in **Appendix C**, together with an assignment of all existing and assignable third-party warranties and ownership documents that relate to completed or in progress construction as more particularly described in **Appendix D**;

4. All as-built surveys and water plans, plats, engineering, and other drawings, designs, blueprints, plans and specifications, maintenance and operating manuals, engineering reports, calculations, computer studies, non-corporate accounting, and non-corporate business records and all other information relating to the District Sewage System in the District's possession;

5. To the extent that they may be lawfully transferred, all necessary regulatory approvals subject to all conditions, limitations, or restrictions contained therein; all existing permits and other governmental authorizations and approvals of any kind necessary to construct, operate, expand, and maintain the Purchased Assets according to all governmental requirements, as more specifically described in **Appendix E** to this Agreement;

6. The following records in paper and electronic form, as available: (i) all information required by applicable law to be maintained related to the Purchased Assets; (ii) all information provided to the Utilities through the due diligence process; (iii) engineering project files; (iv) electronic map files; (v) plans for engineering projects; (vi) environmental files; (vii) developer files; (viii) daily operations logs; (ix) operations files; (x) any consents or administrative orders; (xi) service and warranty records; (xii) equipment logs and operating guides and manuals; (xiii) database of customer accounts and customer records; (xiv) updated fixed asset list; and (xv) copies of the general ledger;

7. All claims of the District against third parties, whether choate or inchoate, known or unknown, contingent or non-contingent, relating to: (a) the Purchased Assets; and (b) a tacking of time periods for any prescriptive easement or adverse possession claim;

8. All of the Assumed Contracts relating to the Purchased Assets listed in **Appendix I**.

9. After payment of all Excluded Liabilities, all deposits, cash on hand and in accounts, certificates of deposit, debt service reserve accounts for the District Bonds, any funds set aside to make principal and interest payments on such bonds, and any other cash equivalents; and

10. All accounts receivable, tap and inspection fees, connection charges, and any other fees which are due and payable to the District.

B. No Encumbrances on Purchased Assets. The Purchased Assets shall be conveyed by the District to the Utilities free and clear of all liens or encumbrances, subject to payoff of the District Bonds and the Permitted Exceptions listed in **Appendix M**.

C. Exclusion of Certain Assets. The Purchased Assets do not and shall not include the Excluded Assets, if any, as set forth in **Appendix L** to this Agreement.

D. Exclusion of Certain Liabilities. The Utilities assume any and all debts, liabilities, obligations, or other financial or service obligations of the District except for the Excluded Liabilities or except as may be otherwise provided hereunder or as may be otherwise provided in writing.

SECTION 3.3 PURCHASE PRICE. As initially noted in Recital G, the Contemplated Transaction is generally designed so that the Utilities will use the remainder of the District's available funds (and/or proceeds from the disposal of any Purchased Assets) on hand and the proceeds from the Utilities Bonds to defease or pay off all of the District Bonds. For purposes of this Agreement, the purchase price ("**Purchase Price**") for the Purchased Assets shall be the principal amount of, and any accrued interest on, the District Bonds after application of the available District funds. Based on a report from the District's financial advisor, the estimated outstanding principal balance on the District Bonds as of closing is $12,396,000.00; the estimated accrued interest through Closing is $118,339.00; and the amount of available District funds to apply against such outstanding balance will be approximately $2,371,000.00. Accordingly, the Purchase Price will be approximately $10,144,339. These amounts will later be "trued-up" as of the Closing Date and agreed upon by the Parties.

SECTION 3.4 UTILITIES' BONDS AND USE OF DISTRICT FUNDS. The Utilities shall use the available District funds and issue revenue bonds (i.e. the Utilities Bonds) in an amount sufficient to defease the District Bonds so that the District can, in turn, transfer the Purchased Assets free and clear of all liens and encumbrances and without any other debt. In an effort to achieve the lowest possible rate for the District's customers, the Utilities will pursue a low interest loan (i.e. the Utilities Bonds) and a grant from the Indiana Finance Authority ("**IFA**").

ARTICLE IV

CONDITIONS PRECEDENT TO CLOSING ON THE PURCHASED ASSETS

SECTION 4.1 PROVISION OF INFORMATION BY DISTRICT.

A. Information in Appendices. The District shall have gathered, and delivered to the Utilities, the information described and to be encompassed by **Appendices A** through **W** hereof, which are more particularly described in Section 2.2 hereof.

B. Plans and Specifications. The District shall have made any plans or specifications for the Purchased Assets and other information related to the operation of the Purchased Assets that is available to the District available to the Utilities, or its representatives, for inspection during normal business hours and upon reasonable advance notice from the Utilities.

A. Approval by Any Regulatory Agencies. To the extent required, approval of this Agreement and the transfer of permits, licenses, or other approvals to the Utilities so that the District is permitted to proceed with the Contemplated Transaction.

C. Interlocal Agreement. Mutual execution by the District and the Utilities of the Interlocal Agreement, as hereinafter defined.

D. Termination of Certain Agreements. All service agreements between the Parties will effectively be terminated at closing without any further action of the Parties.

E. Representations, Warranties, and Agreements. (i) The representations and warranties of the Utilities set forth in this Agreement shall have been true and correct when made

and shall be true and correct in all material respects as of the Closing Date as though made at such time; and (ii) the Utilities shall have performed and complied in all material respects with the obligations contained in this Agreement at or prior to the Closing;

SECTION 4.2 CONDITIONS PRECEDENT OF THE UTILITIES. The obligation of the Utilities to consummate the Contemplated Transaction is subject to satisfaction of the following conditions, unless waived by the Utilities in writing:

B. Inspection. The completion of any inspections, reviews, audits, testing, and any other financial, legal, regulatory, and similar due diligence, in the Utilities' sole discretion, on or before June 1, 2022;

C. Condition of Purchased Assets. The Purchased Assets shall be in a condition satisfactory to the Utilities, in its sole discretion, after the completion of any appropriate inspections, reviews, and audits;

D. Financing. The Utilities shall have obtained financing from the IFA that is acceptable to the Utilities, in its sole discretion, to enable it to pay the Purchase Price and assist it in performing its other obligations under this Agreement;

E. Approval by any Regulatory Agencies. To the extent required, approval of this Agreement and the transfer of permits, licenses, or other approvals to the Utilities so that it can operate the Purchased Assets;

F. Assignment of Existing Service Agreements. The Utilities shall obtain assignments of the District's agreements with the City of Woodburn, Indiana ("**Woodburn**"), City of New Haven, Indiana ("**New Haven**"), and Aqua Indiana, Inc. ("**Aqua**") (and all other agreements listed on Exhibit I). The District shall use commercially reasonable efforts to obtain the foregoing assignments; provided, however, the failure to secure any such assignments shall not be a breach of this Agreement by the District;

G. Termination of Certain Agreements. All current service agreements between the Parties will effectively be terminated at closing without any further action of the Parties;

H. No Loss or Destruction. The Purchased Assets shall not either individually or in the aggregate have suffered any material loss, damage, destruction, casualty, or condemnation;

I. Representations, Warranties, and Agreements. (i) The representations and warranties of the District set forth in this Agreement shall have been true and correct when made and shall be true and correct in all material respects as of the Closing Date as though made at such time; and (ii) the District shall have performed and complied in all material respects with the obligations contained in this Agreement at or prior to the Closing;

J. Litigation. No actions or proceedings have been instituted or threatened in writing by any person, entity, or governmental body, seeking to restrain or prohibit or to recover damages relating to or arising out of the Contemplated Transaction;

K. Title Insurance. A title insurance policy insuring the title to the Real Property shall be obtained at the District's expense and shall: (i) not contain any exceptions to coverage except for the Permitted Exceptions; and (ii) insure that the Utilities is acquiring good and marketable title to the Real Property;

L. Schedules. The Utilities shall have, in writing, and, in its sole discretion, approved and be agreeable to the form and content of each and every schedule attached hereto or referred to herein, such approval being subject to the Utilities' satisfaction and acceptance of matters arising out of and related to such schedules after review, including but not limited to, decrees, orders, and pending litigation affecting the Purchased Assets, and the ability to legally assume the Acquired Contracts; and

M. Obligations Satisfied at Closing. The District shall have satisfied all financial and other obligations owed to its professionals, service providers, developers, and any other third party that are Excluded Liabilities as of the date of Closing.

SECTION 4.3 CONSENTS AND APPROVALS. The Parties shall have received evidence, in form and substance reasonably satisfactory to the respective counsel for the Parties, that all material consents, waivers, releases, authorizations, approvals, licenses, certificates, permits, and franchises, as may be necessary to lawfully consummate the Contemplated Transaction, and for the Utilities to continue the operations of the Purchased Assets as they are now conducted, have been obtained, including, but not limited to, the following consents and approvals:

A. The District Board shall have authorized the execution, delivery, and performance by the District of this Agreement and the consummation of the Contemplated Transaction;

B. The Board shall have authorized the execution, delivery, and performance by the Utilities of this Agreement and the consummation of the Contemplated Transaction;

C. The Mayor of the City shall have authorized the execution, delivery, and performance by the Utilities of this Agreement and the consummation of the Contemplated Transaction; and

D. The Common Council shall have authorized the execution, delivery, and performance by the Utilities of this Agreement and the consummation of the Contemplated Transaction.

SECTION 4.4 NO PROCEEDINGS. Neither the Utilities nor the District shall be subject to any threatened or pending litigation, injunction, preliminary restraining order, or other similar decree of a court of competent jurisdiction prohibiting the consummation of this Agreement and the Contemplated Transaction.

SECTION 4.5 DISTRICT EMPLOYEES. All District employees will be encouraged to apply for open jobs with the Utilities, other City departments, and Allen County, Indiana ("**County**"). Any District employees hired by the Utilities (or City) will be subject to the

same collective bargaining, budgeting, and disciplinary procedures as other Utilities or City employees. The Utilities shall be responsible for payment of all wages, salaries, and benefits under the Utilities' benefit plans, relating to all District employees hired by the Utilities consistent with the Utilities' policies, procedures, and guidelines or the applicable collective bargaining agreements.

SECTION 4.6 DEADLINE TO CLOSE AND DISBURSE. Notwithstanding any other provision in this Agreement, if the Closing does not occur on or before June 30, 2022, then the District or the Utilities shall have the option of: (1) waiving this deadline or (2) terminating this Agreement (regardless whether the other Party waived this deadline), thereupon the Utilities and the District shall have no liability and no further obligations to each other under this Agreement.

ARTICLE V

CERTAIN AGREEMENTS

SECTION 5.1 USER RATES FOR DISTRICT CUSTOMERS. Monthly rates for all District customers would change at Closing to no more than the sum of:

1. Utilities Rates. The Utilities flat sewer rate which will be the inside City rate or outside Utilities rate as appropriate based on the customer's location; and

2. Capital Surcharges. Any existing capital surcharges applicable to the customer based on the customer's location until the existing capital surcharge terminates on its own schedule. The Parties understand that approximately 395 District customers in eight neighborhoods are assessed a monthly capital surcharge that covers the other broader costs of extending service to such customers specific to those neighborhoods (e.g. the Carrol Hand Area is $20.00 and the Flutter Wheelock Area is $22.50). These capital surcharges will continue after the acquisition and will be in addition to the rates listed in this paragraph until their termination on separate terms.

SECTION 5.2 IDEM PETITION. Upon execution of this Agreement, the District will petition IDEM to amend its formation order as follows:

A. Modification of Automatic Adjustment of the District's Boundary. Section 3.A.(1) shall be modified as to eliminate the automatic adjustment of the District's boundaries to exclude any territory served by the Utilities in accordance with the terms of that Section.

B. Petition. A copy of the agreed-upon form of the Petition to be filed with IDEM is attached as **Appendix Q**. The Parties agree to file the Petition as soon as reasonably practical after the District executes this Agreement on April 27, 2022 (and the Common Council initially approves and introduces the Resolution approving this Agreement on or about May 10, 2022), with the intent of receiving IDEM approval of the same before Closing.

C. Role of District Board. After Closing, the District Board will remain intact and be responsible for the following:

1. Conducting education and outreach efforts;
2. Collecting requests and petitions of those interested in service;
3. Forwarding such completed information to the Utilities for further action; and
4. Reviewing and providing feedback on prospective rate adjustments by the Utilities.

SECTION 5.3 DISTRICT SEPTIC SYSTEMS. For those District customers that were provided replacement septic systems (approximately 23 residential homes) and are listed in **Appendix S**, the Utilities shall continue to own and operate such septic systems until the planned completion of payments (10 years from their respective start) as listed for each customer/premise/account in **Appendix S**. After all payments are made by the Utilities and all other obligations are satisfied, the ownership of and responsibility for such septic systems will be turned over to the customers as originally planned by the District.

SECTION 5.4 ADDITIONAL CONTRACT. The current Operations and Maintenance Interlocal Agreement between Utilities and the District under which Utilities performs certain services on behalf of the District will become void upon Closing and the Utilities will assume all responsibility and costs for operating the District's assets.

SECTION 5.5 INTERLOCAL AGREEMENT. The District and the Utilities will enter into a separate Interlocal Agreement ("**Interlocal Agreement**") authorizing the Utilities to be the service provider in the Service Area on behalf of the District, with the exception of any other territories established by state, county, or local agencies such as the Leo-Cedarville Regional Sewer District, the Maysville Regional Water and Sewer District, the City of New Haven, Indiana, the City of Woodburn, Indiana, the Town of Huntertown, Indiana, and the Town of Grabill, Indiana. The agreed-upon form of the Interlocal Agreement that will be executed by the Parties at or before closing is attached as **Appendix T**.

SECTION 5.6 GRINDER PUMP STATIONS. The Parties understand that grinder pump stations ("**GPS**") have, to date, allowed entities such as the District and Utilities to provide sewer service to many customers that may not have otherwise been feasibly served; however, GPS are generally more costly to operate and maintain in comparison to other sewer service methods. The District shall transfer title to all GPS at Closing. The District understands that the Utilities intends that the GPS will be owned, operated, and selectively transferred in accordance with **Appendix U**.

SECTION 5.7 DISTRICT CUSTOMERS WITH PREPAID DEBT SERVICE. The Parties understand that certain District customers initially made an up-front, lump sum payment for each customer's proportionate share of the cost associated with extending service to each customer. These District customers are commonly referred to and listed as "Class II" customers in the District's rate ordinances and other documents. **Appendix V** includes a list of the District's Class II customers subject to this section (as well as the calculated refund for each customer, see below). After Closing, the Utilities shall refund the remaining portion of the up-front capital payments to the applicable customers, and all customers shall be subject to the Utilities' standard rates and charges.

SECTION 5.8 RIGHTS OF FIRST REFUSAL. The Utilities recognize that: (i) the District has agreements with New Haven and Aqua; and (ii) the agreements provide New Haven and Aqua with a right of first refusal to purchase the assets currently interconnected to each system. The Utilities assume all obligations of the District under these agreements, including the obligation to provide each party with notice that each may exercise its right of first refusal.

ARTICLE VI

CLOSING PROCEDURES

SECTION 6.1 DATES AND PLACE FOR CLOSING. The Closing of this Agreement and the Contemplated Transaction (the "**Closing**") shall take place at the office of Utilities, 200 East Berry Street, Suite 270, Fort Wayne, Indiana 46802, at 10:00 a.m. on June 22, 2022 ("**Closing Date**"), or such other place as the Parties mutually agree, provided satisfaction or waiver of the conditions set forth in this Agreement.

SECTION 6.2 CLOSING.

A. Documents for Closing. At least two (2) days prior to the Closing, the District shall furnish the documents listed in this Section 6.2, all in substantially the forms to be mutually agreed upon by the Parties. At the Closing, District shall also furnish any necessary assignments, estoppel letters, releases, satisfactions, terminations, and any corrective instruments reasonably requested by the Utilities.

B. Closing Documents. At the Closing, the Utilities shall pay all recording fees necessary for transfer, filing, or recording the following documents affecting the transfer of the Purchased Assets to the Utilities; these documents shall be in final form, together with any exhibits or appendices thereto, and the District shall deliver said documents to the Utilities in the forms to be mutually agreed upon by the Parties (collectively, the **"Closing Documents"**):

1. A Warranty Deed in the form attached hereto as **Appendix P** for the conveyance of all Real Property set forth in **Appendix A**;

2. An Assignment and Assumption of Easements in the form attached hereto as **Appendix B;**

3. Transfer, Assignment, and Assumption Agreement covering all contracts, agreements, permits, and approvals and other interests in the Purchased Assets as set forth in **Appendices C, D, E, G, H,** and **I**;

4. A Bill of Sale and other documents of assignment and transfer, with full warranties of title, to all Purchased Assets other than the Real Property set forth in **Appendix A**;

5. Non-foreign affidavit, no-lien affidavit, "gap" affidavit, waiver, and release of lien, or such other forms as are customarily required for issuance of the title insurance policy referenced herein;

6. Any affidavits, certificates, estoppel certificates, corrective instruments, releases, satisfactions, or terminations reasonably necessary to consummate the transactions contemplated by this Agreement, including, but not limited to, those instruments identified by the title insurer insuring the Real Property set forth in **Appendix A**.

7. The executed Interlocal Agreement, the form of which is attached as **Appendix S**.

C. Consent From and Approval by the IFA. The District acknowledges that the Utilities will issue the Utilities Bonds (to the IFA) in an amount sufficient to generate the proceeds necessary to pay the Purchase Price, as well as the soft costs associated therewith. Therefore, all Closing procedures shall be subject to the requirements of the IFA.

D. Execution of Additional Documents to Effect Contemplated Transaction. From time to time prior to and after the Closing, each Party hereto shall, upon request of the other, execute, acknowledge, and deliver, or shall cause to be executed, acknowledged, and delivered, all such further acts, limited special warranty deeds, assignments, transfers or other documentation for (1) confirming deeds or correcting title in the name of the Utilities or perfecting possession by the Utilities of any or all of the Purchased Assets in existence or use at the time of the Closing, including the establishment of Easements of record, without resort to litigation, expenditure of monies or other extraordinary means. For clarity, it is the intent of the District to sell, transfer, and convey any and all assets of the District (i.e. the Purchased Assets) to the Utilities. The Parties agree to execute any documents reasonably necessary to effectuate that purpose both before and after Closing.

SECTION 6.3 ACCOUNTS RECEIVABLE; CUSTOMER DEPOSITS. The District hereby agrees to cooperate with the Utilities to ensure an orderly transition of all of its customers with respect to accounts receivable, customer deposits, billing, and customer service activities, including, but not limited to, working with the Utilities on a compatible format for transfer of customer data. After the Closing Date, any payments received with respect to utility services provided utilizing the Purchased Assets shall belong to the Utilities.

SECTION 6.4 PROFESSIONAL FEES; COSTS. Each Party shall be responsible for the payment of the fees of its own attorneys, bankers, engineers, accountants, and other professional advisors or consultants in connection with negotiation and preparation of this Agreement and all matters arising therefrom.

SECTION 6.5 RISK OF LOSS. At all times prior to and through the Closing Date, the District shall maintain adequate fire and extended insurance coverage for the cost of any repairs to the Purchased Assets that may be required by casualty damage. The risk of loss during the said period of time shall fall upon the District. The risk of loss shall pass to the Utilities on the Closing Date.

ARTICLE VII

COVENANTS

SECTION 7.1 RIGHT TO ENTER; COOPERATION. After the date of execution of this Agreement and until the Closing, the District shall cooperate with the due diligence procedures of the Utilities and shall provide the Utilities and its representatives with access to the District's books and records for the Purchased Assets, including all relevant records of inventories, capital expenditures, maintenance, and monthly billings in the format currently maintained, and reasonable access to the Purchased Assets, all upon twenty four (24) hours' prior written notice to the District and during normal business hours.

SECTION 7.2 CONDUCT BETWEEN EXECUTION AND CLOSING. After the date of execution of this Agreement and until the Closing, the District: (i) shall conduct the operations of the District Sewage System only in the ordinary course of business in accordance with past practices and procedures, and use commercially reasonable efforts to maintain the Purchased Assets; and (ii) shall not, other than in the ordinary course of business, sell, transfer, assign, lease, or otherwise dispose of any of the Purchased Assets without the prior written notice and consent of the Utilities:

A. No New Liabilities. Dispose of or incur liabilities with respect to, pledge, mortgage, grant a security interest in, or encumber any Purchased Assets;

B. Limited Salary Adjustments. Increase the base compensation of any District employee other than routine annual raises and merit increases;

C. No Modification of Agreements. Enter into, amend, or modify any employment or severance agreement or increase, terminate, amend, or otherwise modify in any material respect any plan or arrangement for the benefit of the District's employees; or

D. No Increased Liabilities. Increase any liabilities or obligations of the District other than in the ordinary course of business consistent with past practices and the expense projections provided to the Utilities, including, without limitation, any capital expenditure programs.

Notwithstanding the foregoing, the District shall have the right until the Closing, to settle any or all disputes provided such settlement does not modify the District's rates, fees, charges, or revenue or materially modify the Purchased Assets.

SECTION 7.3 UTILITIES' LIABILITIES. The Utilities shall not be obligated to pay any liability arising out of or in any connection whatsoever with this Agreement from any funds except from the net revenues realized by the Utilities after the Closing on the Utilities Bonds and the Closing from its ownership and operation of the Purchased Assets; provided, however, this limitation shall not create any obligation or liability for the District. It is further agreed that any obligations of the Utilities arising out of or in any manner in connection with this Agreement shall not constitute a lien on the Utilities' water or sewage systems or any other property owned or operated by the Utilities.

ARTICLE VIII

GENERAL PROVISIONS

SECTION 8.1 APPLICABLE LAW; JURISDICTION AND VENUE.

A. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Indiana.

B. Jurisdiction for Disputes. The Parties to this Agreement expressly consent to the jurisdiction of, and agree that exclusive venue and jurisdiction for any litigation arising under this Agreement shall be in, any state court located in any county that is directly contiguous with Allen County, Indiana, and in the United States District Court for the Northern District of Indiana.

SECTION 8.2 NOTICE.

A. Notice to Parties. All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when hand delivered or mailed by registered or certified mail, postage prepaid, or by courier service, charges prepaid, to the Parties at the following addresses:

If to the Utilities, to: Fort Wayne City Utilities
200 East Berry Street, Suite 270
Fort Wayne, Indiana 46802
Attention: Kumar Menon, Director

With a copy to: Bose McKinney & Evans LLP
111 Monument Circle, Suite 2700
Indianapolis, Indiana 46204
Attention: J. Christopher Janak, Esq.

If to the District, to: Allen County Regional Water & Sewer District
200 East Berry Street, Suite B-015
Fort Wayne, Indiana 46802
Attention: Ric Zehr, President

With a copy to: Carson LLP
301 West Jefferson Boulevard, Suite 200
Fort Wayne, Indiana 46802
Attn: Andrew Boxberger, Esq.

B. Notice Requirements. Any written notice given to one person in subsection (A) of this Section 8.2 shall also be copied and provided to all other persons identified in subsection (A) of this Section 8.2.

C. Changes of Address for Notice Purposes. The Parties may, by notice in writing given to the other, designate any future or different addresses to which the subsequent notices, certificates, or other communications shall be sent. Any notice shall be deemed given on the date

such notice is delivered by hand, by electronic correspondence, or five (5) days after the date mailed.

SECTION 8.3 ASSIGNMENT AND JOINDER. Neither the District nor the Utilities shall have the power or authority to assign this Agreement or any of its respective rights, duties, or obligations hereunder to a third party, without the prior written consent of the other Party. This Agreement shall be construed as solely for the benefit of the Utilities, the District, and their successors by law, and no claim or cause of action shall accrue to or for the benefit of any other third party by reason hereof.

SECTION 8.4 AMENDMENTS AND WAIVERS. No amendment, supplement, modification, or waiver of this Agreement shall be binding upon either Party hereto unless executed in writing by such Party. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provision of this Agreement, whether or not similar, unless otherwise expressly provided.

SECTION 8.5 ENTIRE AGREEMENT. This Agreement is the entire agreement between the Parties and supersedes all prior and contemporaneous agreements, understandings, negotiations, and discussions of the Parties, whether oral or written, pertaining to the subject matter hereof, and there are no warranties, representations, or other agreements between the Parties in connection with the subject matter hereof, except as specifically set forth herein.

SECTION 8.6 EFFECT OF TERMINATION. In the event of the termination of this Agreement in accordance with its terms, this Agreement shall then become void and have no effect, with no liability on the part of any of the Parties to this Agreement or their affiliates, except that nothing shall relieve a Party from liability for any breach of this Agreement.

SECTION 8.7 PUBLICITY; ANNOUNCEMENTS. The Parties recognize that the Contemplated Transaction has already been addressed in a public forum. However, the Parties agree to issue an initial press release announcing the Parties' intent to consummate the Contemplated Transaction promptly following the date of execution of this Agreement and in a form which is prepared by the Utilities and reasonably satisfactory to the District. To the extent practicable and as permitted by law, the Utilities will coordinate with the District regarding the timing and content of any Utilities notices or public statements regarding the Contemplated Transaction until the expiration of fifteen (15) days after the Closing Date.

SECTION 8.8 COUNTERPARTS. This Agreement may be executed by the Parties on any number of separate counterparts, and all such counterparts so executed constitute one agreement binding on all of the Parties notwithstanding that all the Parties are not signatories to the same counterpart. For purposes of this Agreement, a document (or signature page thereto) signed and transmitted by portable document file ("**PDF**") is to be treated as an original document. The signature of any Party thereon shall be considered as an original signature, and the document transmitted is to be considered to have the same binding effect as an original signature on an original document. At the request of any Party, any PDF document is to be re- executed in original form by the Parties who executed the PDF document. No Party may raise the use of a PDF or the fact that any signature was transmitted by PDF as a defense to the enforcement of this Agreement or any other document executed in compliance with this Section 8.8.

[remainder of page left intentionally blank; signature page follows]

IN WITNESS WHEREOF, the Utilities, the District, and the County have caused this Agreement to be duly executed and entered into on the date first above written.

APPENDIX B

ASSIGNMENT AND ASSUMPTION OF EASEMENTS

This Assignment and Assumption of Easements ("Assignment") is entered into this 15th day of December, 2021 by and between the Allen County Regional Water and Sewer District ("Assignor"), and the City of Fort Wayne, Indiana, by and through its Board of Public Works ("Assignee"). Assignor and Assignee are sometimes collectively referred to herein as the "Parties" and individually as a "Party".

RECITALS:

WHEREAS, Assignor and Assignee entered into a Utility System Asset Acquisition Agreement on or about August 25, 2021 (the "Contract"); and

WHEREAS, in accordance with the terms of the Contract, Assignee is acquiring all of the assets of Assignor with the closing of the transaction scheduled to occur on or before December 15, 2021; and

WHEREAS, the District owns property rights in several properties in and around Allen County, Indiana, by way of easement agreements granted by third-party property owners (the "Easements"); and

WHEREAS, to effectuate the intent of the Contract, Assignor desires to assign its interests in all of the Easements to Assignee, and Assignee desires to assume the rights and responsibilities set forth in each of the Easements as set forth herein.

ASSIGNMENT:

NOW, THEREFORE, for and in consideration of the mutual undertakings set forth herein, the Parties hereto agree as follows:

1. Incorporation of Recitals. The Parties acknowledge and agree that the Recitals to this Assignment are true and correct, are material to this Assignment, and are fully incorporated by reference herein.

2. Assignment of Easements. Assignor hereby assigns, transfers, sets over, and conveys to Assignee all of its right, title, and interest in and to the Easements. Assignee hereby assumes all of Assignor's rights and obligations under the Easements and agrees to indemnify and hold Assignor harmless therefrom.

3. Warranties by Assignor. Assignor represents and warrants that, to the best of its knowledge, the Easements are in full force and effect and are assignable. Assignor believes in good faith that it has the full right and authority to assign the Easements, and that the contractual rights transferred herein are free and clear of lien, encumbrance (excluding priority interests associated with interests in the servient estates), or adverse claim.

4. Easements are not Specifically Listed. It is the intent of this Assignment that Assignor is assigning all property rights and obligations contained in each and every easement agreement in which Assignor is a named party, whether as grantee or grantor.

5. Survival of Provisions. The covenants and obligations contained in this Assignment shall survive the consummation of the closing of the transactions contemplated by the Agreement and this Assignment shall bind and inure to the benefit of the parties hereto and their respective successors and assigns.

6. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of Indiana.

7. Conflict. In the event of any conflict or inconsistency between the terms hereof and the terms of the Agreement, the terms of the Agreement shall govern and control.

8. Interlocal Agreement. If it is later determined that this Assignment and Assumption of Easements is invalid or unenforceable for any reason, then the Parties agree that the Assignee may use and exercise any and all rights granted to Assignor under the original easements, provided such exercise of the Assignor's rights is consistent with the Interlocal Agreement executed between the Parties and dated as of December 15, 2021.

9. Counterparts. This Assignment may be executed in one or more counterparts, each of which shall be considered an original and together which shall constitute a single agreement binding all the Parties as if all had signed a single document. For purposes of executing this Assignment, a document signed and transmitted by electronic means (such as in PDF format via e-mail or via facsimile machine) is to be treated as an original document. The signature of any party thereon, for purposes hereof, is to be considered as an original signature, and the document transmitted is to be considered to have the same binding effect as an original signature on an original document.

10. Recordation. Assignee may, at its expense, record this document at any point in the future.

IN WITNESS WHEREOF, the Parties have executed this Assignment to be effective as of the date first written above.

APPENDIX D

Schedule of Work in Progress

All sludge has been removed from the three treatment cells that are being decommissioned. There is still some residual soil testing to be done on site to ensure that none of the liner in Cell #3 needs to be removed due to staining from sludge. Once all testing is complete and the results approved by IDEM, the ponds can be appropriately regraded to drain to the Houk Ditch. Plan is to knock out the western cell walls of all three lagoons and use the dirt to re-grade to the ditch. Wildflowers and natural grasses will be planted on the final product and this portion of the old treatment facility will revert to its natural vegetative state.

VIA CERTIFIED MAIL 7017 0190 0000 9498 7127

Mr. Ric Zehr, President
Allen County Regional Water & Sewer District
200 E. Berry Street, Suite B-015
Fort Wayne, Indiana 46240

Dear Mr. Zehr:

Re: 327 IAC 3 Construction
Permit Application
Hoagland Regionalization and Marion Center-Monroeville Sanitary Sewer Improvements
Contract A – Lift Stations and Flow Equalization
Contract B – Grinder Pumps and Force Main
SRF Project Permit Approval No. L-0540
Hoagland, Indiana
Fort Wayne, Indiana
Allen County

The application, plans and specifications, and supporting documents for the above-referenced project have been reviewed and processed in accordance with rules adopted under 327 IAC 3. Enclosed is the Construction Permit (Approval No. L-0540), which applies to the construction of the above-referenced proposed sanitary sewer system to be located near the Town of Hoagland and the City of Fort Wayne. Contract A construction will occur at the existing wastewater treatment plant located along Flatrock Road near the intersection with Minnich Road. Contract A lift station construction will also occur along the west side of Marion Center Road approximately 0.5 miles north of the overpass with I-469. Contract B force main construction will occur along Flat Rock Road, Brunson Road, Wayne Trace, Monroeville Road, Marion Center Road, Thompson Road and Adams Center Road.

Please review the enclosed permit carefully and become familiar with its terms and conditions. In addition, it is imperative that the applicant, consulting architect/engineer (A/E), inspector, and contractor are aware of these terms, conditions, and reporting and testing requirements.

It should be noted that any person affected or aggrieved by the agency's decision in authorizing the construction of the above-referenced facility may, within fifteen (15) days from date of mailing, appeal by filing a request with the Office of Environmental Adjudication for an adjudicatory hearing in accordance with IC 4-21.5-3-7 and IC 13-15-6. The procedure for appeal is outlined in more detail in Part III of the attached construction permit.

The approval applies to the technical and operational acceptability of the submitted plans and does not imply that the entire project is eligible for SRF financing or that funds are available.

Plans and specifications were prepared by Commonwealth Engineers, Inc., certified by Mr. Jeremy D. Hardy, P.E., and submitted for review on April 11, 2018, with additional information submitted on June 5, July 16, and August 6, 2018.

Any technical/engineering questions concerning this permit may be addressed to Mr. Mike Miles, P.E. of our staff, at 317/232-6548.

Sincerely,

Dale T. Schnaith, Chief
Facility Construction and
Engineering Support Section
Office of Water Quality

INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
AUTHORIZATION FOR CONSTRUCTION OF SANITARY SEWER SYSTEM UNDER 327 IAC 3

DECISION OF APPROVAL

Allen County Regional Water & Sewer District, in accordance with the provisions of IC 13-15 and 327 IAC 3 is hereby issued a permit to construct the sanitary sewer system to be located near the Town of Hoagland and the City of Fort Wayne. Contract A construction will occur at the existing wastewater treatment plant located along Flatrock Road near the intersection with Minnich Road. Contract A lift station construction will also occur along the west side of Marion Center Road approximately 0.5 miles north of the overpass with I-469. Contract B construction will occur along Flat Rock Road, Brunson Road, Wayne Trace, Monroeville Road, Marion Center Road, Thompson Road and Adams Center Road.

The permittee is required to comply with requirements set forth in Parts I, II and III hereof. The permit is effective pursuant to IC 4-21.5-3-4(d). If a petition for review and a petition for stay of effectiveness are filed pursuant to IC 13-15-6, an Environmental Law Judge may be appointed for an adjudicatory hearing. The force and effect of any contested permit provision may be stayed at that time.

NOTICE OF EXPIRATION DATE

Authorization to initiate construction of this sanitary sewer system shall expire at midnight September 1, 2019. In order to receive authorization to initiate construction beyond this date, the permittee shall submit such information and forms as required by the Indiana Department of Environmental Management. It is requested that this information be submitted sixty (60) days prior to the expiration date to initiate construction. This permit shall be valid for a period of five (5) years from the date below for full construction completion.

Signed this 14th day of August, 2018, for the Indiana Department of Environmental Management.

Dale T. Schnaith, Chief
Facility Construction and
Engineering Support Section
Office of Water Quality

Mr. Ric Zehr, Board President
Allen County Regional Sewer District
PO Box 11888
Fort Wayne, IN 46861

Dear Mr. Zehr:

Re: Case Close-Out
Commissioner, Indiana Department of Environmental Management
v.
Allen County Regional Sewer District
NPDES Permit No. IN0048119
Case No. 2018-25763-W
Fort Wayne, Allen County

This letter is to advise you that Allen County Regional Sewer District has complied with the terms of the Agreed Order adopted in the above referenced case number. Therefore, the issues addressed by the Order are considered resolved and the action is hereby closed.

The closure of this action does not relieve you of your obligation to maintain compliance with all applicable rules and regulations. Future noncompliance may result in the initiation of a new enforcement action.

Sincerely,

Samantha K. Groce, Chief
Water Enforcement Section
Office of Water Quality

ORDINANCE NO. 2021_03_-_24___ SEWAGE RATE ORDINANCE

AN ORDINANCE AMENDING AND RESTATING SEWER RATE ORDINANCE 2020-07-22A ("PREVIOUS ORDINANCE") BY THE ALLEN COUNTY REGIONAL WATER AND SEWER DISTRICT FROM THE OWNERS OF PROPERTY SERVED BY THE SEWAGE WORKS OF SAID DISTRICT, AND OTHER MATTERS CONNECTED THEREWITH.

WHEREAS, the District owns and operates a sewage works system for the purpose of collecting and disposing of the sewage of the District in a sanitary manner; and,

WHEREAS, the District is working with the Commissioners, who are providing a contribution of $5,000,000, to reduce the District's debt enabling the District to lower its Rates;

WHEREAS, the District is also in the process of restructuring its remaining debt with the SRF to further facilitate its ability to lower its Rates; and

WHEREAS, the Rates, effective in accordance with the attached Appendix C-2, reflect lower Rates as a result of the District's efforts, Commissioner's Contribution and Debt Restructuring.

ALLEN COUNTY REGIONAL WATER AND SEWER DISTRICT:

Section 1. Unless the context specifically indicates otherwise, the meaning of terms used in this Ordinance shall be as follows:

(a) "Administrative Operations Manager" shall mean that person who performs a variety of duties related to the administration of the District as determined by the Board from time to time.

(b) "Ammonia" (or NH3-N) shall mean the same as Ammonia Nitrogen measured as Nitrogen.

(c) "Board" shall mean the Board of Trustees of the Allen County Regional Water and Sewer District, or any duly authorized officials acting in its behalf.

(d) "BOD" (or Biochemical Oxygen Demand) shall have the same meaning as defined in the Use Ordinance.

(e) "COD" (or Chemical Oxygen Demand) shall have the same meaning as in the Use Ordinance.

(f) "Commissioners" shall mean the Allen County, Indiana Board of Commissioners.

(g) "Commissioners Contribution" shall the Five Million Dollar ($5,000,000) contribution provided by the Commissioners to the District pursuant to the terms of that certain Memorandum of Contribution dated March 24, 2021 facilitating

the lowering of the District's Rates pursuant to this Ordinance.

(h) "Debt Restructuring" shall mean the restructuring and refunding of all, or substantially all, of the District's debt with the SRF facilitating the lowering of the District's Rates pursuant to this Ordinance

(i) "District" shall mean the Allen County Regional Water and Sewer District acting by and through the Board of Trustees.

(j) "Debt Service Costs" shall mean the average annual principal and interest payments on all proposed revenue bonds or other long-term capital debt.

(k) "Excessive Strength Surcharge" shall mean an additional charge which is billed to users for treating sewage wastes with an average strength in excess of normal domestic sewage.

(l) "Field Operations Manager" shall mean that person who performs a variety of duties related to the field operations of the District as determined by the Board from time to time.

(m) "Industrial Wastes" shall mean the wastewater discharges from industrial, trade, or business processes as distinct from employee wastes or wastes from sanitary conveniences.

(n) "NPDES (National Pollutant Discharge Elimination System) Permit" shall have the same meaning as defined in the Sewer Use Ordinance.

(o) "Normal Domestic Sewage" (for purposes of determining surcharges) shall mean wastewater or sewage having an average daily concentration as follows:

<u>All Service Areas Excluding Georgian Park and Platter Parkway:</u>
BOD not more than 300 mg/l
S.S. not more than 300 mg/l
COD not more than 600 mg/l
Phosphorus not more than 10 mg/l Ammonia not more than 25 mg/l

<u>Georgian Park:</u>
BOD not more than 220 mg/l
S.S. not more than 250 mg/l
Phosphorus not more than 10 mg/l

<u>Platter Parkway;</u>
BOD not more than 200 mg/l S.S. not more than 200 mg/l

As defined by origin, wastewaters from segregated domestic and/or sanitary conveniences as distinct from industrial processes.

(p) "Operation and Maintenance Costs" include all costs, direct and indirect, necessary

to provide adequate wastewater collection, transport, and treatment on a continuing basis, and produce discharges to receiving waters that conform with all related federal, state, and local requirements. (These costs include replacement.)

(q) "Other Service Charges" shall mean tap charges, connection charges, area charges, capital contributions, and other identifiable charges other than excessive strength surcharges.

(r) "Person" shall mean any and all persons, natural or artificial, including any individual, firm, company, municipal or private corporation, association, society, institution, enterprise, governmental agency, or other entity.

(s) "Phosphorus" shall have the same meaning as defined in the Use Ordinance.

(t) "Rate or Rates" shall mean a charge levied on users of the wastewater treatment works for the cost of operation and maintenance of such works. The schedule of Rates is set forth on Appendix C-1 and C-2.

(u) "Replacement Cost" shall mean the expenditures for obtaining and installing equipment, accessories, or appurtenances which are necessary during the useful life of the treatment works to maintain the capacity and performance for which such works were designed and constructed.

(v) "S.S." (or Suspended Solids) shall have the same meaning as defined in the Sewer Use Ordinance.

(w) "Shall" is mandatory; "May" is permissive.

(x) "Sewage" shall have the same meaning as defined in the Sewer Use Ordinance.

(y) "Sewer Use Ordinance" shall mean a separate and companion enactment to this Ordinance, which regulates the connection to and use of public and private sewers.

(z) "SRF" shall mean the Indiana Finance Authority State Revolving Fund

(aa) "User Class" shall mean the division of wastewater treatment customers by source, function, waste characteristics, and process or discharge similarities (i.e., residential, commercial, industrial, institutional, and governmental). The User Class is set forth on Appendix A.

Residential User - shall mean a user of the treatment works whose premises or building is used primarily as a residence for one or more persons, including all dwelling units, etc.

Commercial User - shall mean any establishment involved in a commercial enterprise, business, or service which, based on a determination by the District discharges primarily segregated domestic wastes or wastes from sanitary conveniences.

Institutional User - shall mean any establishment involved in a social, charitable, religious, and/or educational function which, based on a determination by the District discharges primarily segregated domestic wastes or wastes from sanitary conveniences.

Governmental User - shall mean any federal, state, or local governmental user of the wastewater treatment works.

Industrial User - shall mean any manufacturing or processing facility that discharges industrial waste to a wastewater treatment works.

(bb) "Lateral" shall mean the connection between the public sewer and the customer's building that is owned and maintained by the customer and installed to serve only the customer.

(cc) "Extension" shall mean the connection between the public sewer and the customer's building and shall have sufficient size or capacity to sustain additional connections (allowing for District growth) and is owned by the District (i.e. donated) or other public works.

Section 2. Every person whose premises are served by said sewage works or has available for service or has had available for service and connection to said sewage works shall be charged for the services provided. These charges are established for each user class, as defined, in order that the sewage works shall recover, from each user and user class, revenue which is proportional to its use of the treatment works in terms of volume and load. User charges are levied to defray the cost of operation and maintenance (including replacement) of the treatment works. User charges shall be uniform in magnitude within a user class.

Section 3. For the use or the availability for use of the sewage works services, these rates charges shall be collected from the owners of each and every lot, parcel of real estate, or building that is connected, or has available for connection, or has been requested by the District to connect to the District's sanitary system or otherwise discharges sanitary sewage, industrial wastes, water, other liquids, either directly or indirectly, into the sanitary sewage system of the District. A building, structure or other improvement shall be deemed to be connected to the sewage works at the earlier of issuance of a temporary or permanent certificate of occupancy or actual occupancy or use of the building, structure, or other improvement. If any lot, parcel of real estate, car building connects to the sewage works the portion of the rate imbedded in the rate associated with Debt Service Cost shall continue to be due notwithstanding the removal of any building or improvement, or the of the lot or parcel of real estate from the sewage works unless temporarily or permanently waived the District as provided hereinafter. In the event all the plumbing fixtures are removed from any building or structure, or the building or structure is removed, and the sewer connection is capped off, the portion of the rate associated with operation and maintenance cost will thereafter longer be due. Notwithstanding the foregoing, for properties in the Riverhaven sewer service that are acquired by the Allen County Community Development Corp. ("ACCDC") in which the dwelling structure is completely removed, the rate shall terminate and shall no longer be due and payable unless and until the property is reconnected to the District's sewer system. In the case of

complete removal of any building or structure, the District may permit the customer to avoid the monthly rate by repaying the customer's pro rata share of the District's outstanding indebtedness on which the Debt Service cost portion of the rate is based, but any new building or connection thereafter shall not be relieved of any rates, connection charges, and tap-in fees then in effect. Upon the of any Customer or the District on its own motion, the District may for good cause shown reasonable discretion to temporarily or permanently exempt a parcel of real estate from payment of Debt Service cost portion of the rate if all plumbing fixtures have been removed from any building structure or the building or structure has been razed, and the sewer connection has been permanently capped off. Good cause may include, by way of illustration and not limitation, a public purpose interest in returning the property back to being assessed for real estate tax purposes for property acquired by governmental entities acquired through tax sale or otherwise, the interest of an adjacent nearby owner in causing a parcel of real estate to be put to productive use or benefit, or the of economic waste to the District or the public occurring as a result of the inability to dispose of or make use of a parcel of real estate primarily due to the Debt Service cost portion of the rate. Except otherwise provided in Section 3(d) of this Ordinance, if the District has caused to be constructed installed a new collection system and has amended its rate ordinance to establish a rate for such collection system, the full rates and charges hereafter established shall become effective and due the owner of each and every lot, parcel of real estate, or building that has such sewer available to for connection commencing with the first day of the first month after such new collection system becomes available for connection by any such lot, parcel of real estate, or building. Such rates charges include user charges, excessive strength surcharges, and other service charges, which rates charges shall be payable as hereinafter provided and shall be in an amount determinable as follows:

(a) Each lateral connection shall pay a sewage service bill which shall consist of the sewer rate per month set forth on Appendix C-1 and C-2. The connection's monthly sewage service bill is determined by multiplying the appropriate Equivalent Single Family Dwelling Unit ("ESFDU") factor as shown on Appendix A of this Ordinance to the sewer rate on Appendix C. Sewage service bills shall be rendered once each month (or for a period equaling a month).

(b) For customers that previously prepaid their Debt Service Charge, a monthly credit shall be applied as set forth on Appendix **B.**

Fort Wayne Metered Water Customers of District — For any customer of the District that is on or after February 1, 2016, billed by the City Utilities of the City of Fort Wayne as agent for the District and has metered potable water approved in accordance with this Rate ordinance and applicable City Utilities ordinances and polices, the District may, in lieu of the rates of the District set forth in this Rate Ordinance, charge the customer an amount equal to the then applicable rate set forth in this Ordinance, reduced by the then applicable City Utilities flat sewer rate applicable to the District for that customer, and increased by the then applicable City Utilities metered sewer rate for that customer as if the customer was a direct City Utilities sewer customer and not a District customer based upon the customer's metered water consumption.

(c) For the services rendered to the Allen County Regional Sewer District, said District shall be subject to the same rates and charges hereinabove provided, or to rates and charges established in harmony therewith.

(d) The monthly rates and charges provided herein shall be applied throughout the year based upon the maximum sewage service required in any month in any calendar

For example, the rates based upon students or employment shall be applied the year based upon the maximum students or employment of the user for such maximum students or employment month, and such maximum usage shall be throughout the year. Where any rate is determined by the number of employees, students, or members, the number of such employees, students, and members be determined based upon at least one annual determination of the number as determined by the District during the calendar year. For a circumstance where a new customer connects to the system, the initial determination shall be made by the District at the time of connection. The District may, in its discretion, make more than one annual determination of the number of students, employees or members if the District has any cause or reason to believe that there has been a substantial or change in the number of such employees, students or members and adjust the ESFDU count and rate accordingly at such time. Such determination so made shall in effect until the next annual determination is made by the District except as otherwise provided hereinafter. If a customer fails to provide the District timely information or accurate information in response to the District's survey, then the District may make its own determination as to the number of employees, students, members. In the event during any year of an increase or decrease of more than twenty percent (20%) in the number of employees, students, or members, the District may its discretion elect to make a new determination of the numbers and the rate thereof any time after such material change.

(e) Properties that consist of both single-family connections with commercial activities shall be billed on the cumulative number of ESFDUs. For example, homes with kennels shall be billed as two ESFDUs (1 ESFDU for the home and 1 ESFDU for the kennel).

(f) For photocopies of the District's books and records, any user or member of the public shall pay a charge of $0.25 per page.

Section 4. In order that the rates and charges may be justly and equitably adjusted to the service rendered to users, the District shall base its charges not only on the volume, but also on strength and character of the stronger-than-normal domestic sewage and shall require the user to determine the strength and content of all sewage and wastes discharged, either directly or indirectly into the sewage system, in such manner and by such method as the District may deem practicable in light of the conditions and attending circumstances of the case, in order to determine the proper charge. The user shall furnish a sampling point, as defined in the Sewer Use Ordinance, available to the District at all times.

(a) Additional charges for testing stronger-than-normal domestic waste shall be made on the following basis:

(1) <u>Rate Surcharge Based Upon Suspended Solids</u>
There shall be an additional charge of 15.21 cents per pound of suspended solids for suspended solids received in excess of 300 milligrams per liter of fluid.

(2) <u>Rate Surcharge Based Upon BOD</u>

There shall be an additional charge of 1_1.64 cents per pound of biochemical oxygen demand for BOD received in excess of 300 milligrams per liter of fluid.

(3) Rate Surcharge Based Upon Phosphorus
There shall be an additional charge of 132.71 cents per pound of phosphorus in excess of 10 milligrams per liter of fluid.

(4) Rate Surcharge Based Upon Ammonia
There shall be an additional charge of 25.59 cents per pound of ammonia received in excess of 25 milligrams per liter of fluid.

(b) The determination of Suspended Solids, five-day Biochemical Oxygen demand, COD, and Phosphorus contained in the waste shall be in accordance with the current addition of "Standard Methods for the Examination of Water, Sewage, and Industrial Wastes", as written by the American Public Health Association, the American Water Works Association, and the Water Pollution Control Federation.

Section 5. Such rates and charges shall be prepared, billed, and collected by the District in the manner provided by law and ordinance.

(a) The rates and charges for all users shall be prepared and billed monthly, or alternatively, the District may provide the customers with a coupon book.

(b) The rates and charges may be billed to the owners of record of the properties served, unless otherwise required by law.

(c) As is provided by statute, all rates and charges not paid when due are hereby declared to be delinquent and a penalty of ten percent (10%) of the amount of the rates and charges shall thereupon attach thereto, for any rate or charge not paid on or before the due date. The monthly rates and charges are due on the first day of each month. In the event any payment is made by check which is dishonored, the owner shall also pay to the District all bank fees charged the District for the dishonored check and a penalty of $25.00.

Section 6. The owner of any lot, parcel of real estate, or building connecting to the sewage works shall, prior to being permitted to make a connection, pay an inspection fee in the amount of Eighty Dollars ($80.00) for each connection.

Section 7. The owner of any lot, parcel of real estate, or building connecting to the sewage works shall, prior to being permitted to make a connection pay a connection charge equal to the following:

(a) The cost of connecting to the public sewer, including but not limited to, excavation, backfill, and pavement replacement plus

(b) Subject to Section 12, the sum of Two Thousand Dollars ($2,000.00) (the District's "Connection Charge") per Equivalent Single-Family Dwelling Unit as established

in Section 3 and Appendix A. The District may in its discretion waive the Connection Charge in order to secure new customers or to provide relief to purchasers of foreclosed properties that have not been previously connected to the District's sewer system.

Section 8. The District has previously permitted in certain instances new customers to prepay a portion of the customer's future sewer bills. For any customer that previously timely prepaid the then applicable future sewer bill for such service area, such customer shall receive a monthly prepayment credit to their bill as set forth in Appendix B for the prescribed period the credit is applicable. Once the prescribed period for the credit expires, these customers will no longer receive the bill credit. The monthly credit is calculated based on the future value of the customer's prepared sewer bill calculated using the Net Interest Cost for the debt issued by the District to fund the construction of the new service area. If debt is not issued, the District shall select an appropriate period and an appropriate Net Interest Cost to calculate the credit. Effective February 1, 2016, the District will no longer allow prepayment of the Debt Service Cost associated with new customers.

Section 9. Further, as to any Service Area in which the sewage treatment is provided by the City of Fort Wayne to the District, the District shall require, prior to permitting the connection, that the owner of the lot, parcel of real estate, or building waive all rights of remonstrance against annexation by the City of Fort Wayne pursuant to the remonstrance waiver form then in use by the District. The owner of any lot, parcel of real estate, or building connecting to the sewage works of the District in which the sewage treatment is provided to the District by the City Utilities of the City of Fort Wayne shall prior to being permitted to make a connection pay the then applicable City of Fort Wayne Area Connection Charge unless such Fort Wayne Area Connection Charge has been previously paid by the District or the customer for the applicable lot or parcel of real estate. The Area Connection Fee is established each year for each service area by the Board of Public Works of the City of Fort Wayne. The Area Connection Fee of the City of Fort Wayne as amended from time to time is incorporated herein by reference and enacted as a rate pursuant to this Sewer Rate Ordinance.

Section 10. The owner of any lot, parcel of real estate, or building connecting to the sewage works of the District in which the sewage treatment is provided to the District by the City of New Haven shall prior to being permitted to make a connection pay the then applicable City of New Haven Area Connection Charge and tap-in fee unless such New Haven Charges have been previously paid by the District or the customer for the applicable lot or parcel of real estate. The Area Connection Charges and tap-in fee of the City of New Haven as amended from time to time are incorporated herein by reference and enacted as a rate pursuant to this Sewer Rate Ordinance.

Section 11. The owner of any lot, parcel of real estate, or building connecting to the sewage works of the District in which the sewage treatment is provided to the District by the City of Woodburn shall prior to being permitted to make a connection pay the then applicable City of Woodburn Area Connection Charge, tap-in fee and Havenwood Area Connection Charges unless such Woodburn or Havenwood Charges have been previously paid by the District or the customer for the applicable lot or parcel of real estate. The Area Connection Charge, tap-in fee and Havenwood Area Connection Charges of the City of Woodburn as amended from time to time are incorporated herein by reference and enacted as a rate pursuant to this Sewer Rate Ordinance.

Section 12. If the District has caused to be constructed and installed a new collection and has amended its rate ordinance to establish a rate for such new collection system, any lot

that connects to such new system within ninety (90) days (or such longer time as may be requested the District in writing) after such sewer becomes available shall not be required to pay the connection charge as established in Section 7(b) of this Ordinance.

Section 13. In order that the rates and charges for sewage services may remain fair and equitable and be in proportion to the cost of providing services to the various users or user classes, the District may cause a study to be made within a reasonable period of time following the first two years of operation, following the date on which the ordinance first goes into effect. Such study shall include, but not be limited to, an analysis of the costs associated with the treatment of excessive strength effluents from industrial users, volume and delivery flow rate characteristics attributed to the various users or user classes, the financial position of the sewage works and the adequacy of its revenue to provide reasonable funds for the operation and maintenance, replacements, and debt service requirements, and capital improvements to the waste treatment system.

The District shall on a regular basis cause a study to be made for the purpose of reviewing (a) the sufficiency of the revenues to properly operate the wastewater treatment facility and all appurtenances attached thereto; and (b) maintaining proportionality among the user classes of the rates and charges for sewage services. Such studies shall be conducted by officers or employees of the District, or by a firm of certified public accountants, or a firm of consulting engineers, which firms shall have experience in such studies, or by such combination of officers, employees, certified public accountants, or engineers as the District shall determine to be best under the circumstances.

Section 14. The District shall make and enforce such by-laws and regulations as may be deemed necessary for the safe, economical, and efficient management of the District's sewage system, pumping stations, and sewage treatment works, for the construction and use of house sewers and connections to the sewage treatment works, for the construction and use of house sewers and connection to the sewerage system, and for the regulation, collection, rebating, and refunding of such rates and charges. No free service shall be provided to any user of the wastewater treatment facility.

The District is hereby authorized to prohibit dumping of wastes into the District's sewage system which, in its discretion, are deemed harmful to the operation and stormwater of the sewage treatment works of the District, or to require methods affecting pretreatment of said wastes to comply with the pretreatment standards included in the National Pollutant Discharge Elimination System (NPDES) Permit issued to the sewage works.

Section 15. The invalidity of any section, clause, sentence, or provision of this Ordinance shall not affect the validity of any other part of this Ordinance which can be given effect without such invalid part or parts.

Section 16. The Board is hereby further authorized to enter into special rate contracts with users of the sewage works where clearly definable cost to the sewage works can be determined, and such special rates shall be based on such costs.

Section 17. A user shall have the right to appeal a decision of either the Field Operations Manager or the Administrative Operations Manager, respectively, to the Board of Directors, and a decision of the Board of Directors may be appealed to the circuit court of the county under the appeal procedures provided for in the Indiana Administrative Adjudication Act.

Section 18. This Ordinance is effective upon passage. The rates and charges as reflected on Appendix C-1 shall remain effective through June 30, 2021 and the rates and charges as reflected on Appendix C-2 shall be effective on July 1, 2021 and thereafter. Provided however, if the Commissioner's Contribution is not made to the District and the Debt Restructuring with the SRF does not occur on or before June 30, 2021, Appendix C-2 shall become null and void and Appendix C-1 shall then remain in full force and effect in accordance with the rates described therein and for the time periods described thereon.

Section 19. A user, owner or Person who is required to connect to the sewage works of the District in accordance with IND. CODE §13-26 *et seq.* and who fails to connect to the District's sewage works after being duly notified in accordance with IND. CODE §13-26-5-2, being no less than ninety (90) days, may be subject to the following penalties in accordance with IND. CODE §13-26-5-3(9):

(a) Beginning on the 1st day of the first month following the date for connection, $5.00 per day;

(b) Beginning on the 1st day of the second month following the date for connection, $10.00 per day;

(c) Beginning on the 1st day of the third month following the date for connection, $15.00 per day;

(d) Beginning on the 1st day of the fourth month following the date for connection, $20.00 per day;

(e) Beginning on the 1st day of the fifth month following the date for connection, $25.00 per day;

(f) Beginning on the 1st day of the sixth month following the date for connection, $30.00 per day;

(g) Beginning on the 1st day of the seventh month following the date for connection, $35.00 per day;

(h) Beginning on the 1st day of the eighth month following the date for connection, $40.00 per day;

(i) Beginning on the 1st day of the ninth month following the date for connection, $45.00 per day;

(j) Beginning on the 1st day of the tenth month following the date for connection, $50.00 per day;

(k) Beginning on the 1st day of the eleventh month following the date for connection, $55.00 per day;

(l) Beginning on the 1st day of the twelfth month following the date for connection, $60.00 per day;

(m) Beginning on the 1st day of the thirteenth month following the date for connection, $65.00 per day;

(n) Beginning on the 1st day of the fourteenth month following the date for connection, $70.00 per day;

(o) Beginning on the 1st day of the fifteenth month following the date for connection, $75.00 per day;

(p) Beginning on the 1st day of the sixteenth month following the date for connection, $80.00 per day;

(q) Beginning on the 1st day of the seventeenth month following the date for connection, $85.00 per day;

(r) Beginning on the 1st day of the eighteenth month following the date for connection, $90.00 per day;

(s) Beginning on the 1st day of the nineteenth month following the date for connection, $95.00 per day;

(t) Beginning on the 1st day of the twentieth month following the date for connection, and each and every day thereafter $100.00 per day.

In addition, the District shall have the authority to apply to a Court of competent jurisdiction in which the property is located for an order to force connection, with the cost of the action, including the aforesaid penalty, delinquent rates and charges, and attorney fees of the District all to be assessed by the Court against the user and/or owner in the action. This Ordinance provision is in addition to all other available remedies at law and in equity.

This Ordinance shall amend and replace, in its entirety, Ordinance # 2020-07-22A and be in full force and effect from and after its passage.

3. That the territory included in the district will consist of all of Allen County, Indiana, except the following described areas:

A. Territories currently being serviced by the following:

(1) The city sewer utility of the City of Fort Wayne. Provided, however, that it is understood and intended that the boundary of the Allen County Regional Sewer District will, in the future, automatically be changed to exclude, as to any area within the district which is at that time not actually served by the district or any area not under contract for construction of sewers or for any area for which the sale of bonds have not been authorized by the proper body of the district for the construction of sewers, (a) any area annexed to the City of Fort Wayne, or (b) any area subsequently serviced by the City Sewer Utility of the City of Fort Wayne; and, provided, further, it is understood and intended that the boundary of the Allen County Regional Sewer District may be changed upon the petition and agreement of the City of Fort Wayne, Indiana, and/or City Sewer Utility of the City of Fort Wayne, Indiana, to exclude areas that are then served by the district, upon the execution of an agreement agreeing to assume any and all charges, liabilities, or indebtedness created by virtue of contracts or bonds for that construction or financing of sewers serving that area.

(2) The New Haven municipal sewage works provided, however, that it is understood and intended that the boundary of the Allen County Regional Sewer District will, in the future, automatically be changed to exclude, as to any area within the district which is at the time not actually served by the district or any area not under contract for construction of sewers or for any area for which the sale of bonds have not been authorized by the proper body of the district for the construction of sewers, (a) any area finally annexed to the City of New Haven, or (b) any area subsequently serviced by the New Haven municipal sewage works; and, provided, further, it is understood and intended that the boundary of the Allen County Regional Sewer District may be changed upon the petition and the agreement of the City of New Haven, Indiana, and/or the New Haven municipal sewage works, to exclude areas that are then served by the district, upon the execution of an agreement agreeing to assume any and all charges, liabilities, or indebtedness created by virtue of contracts or bonds for the construction or financing of sewers serving that area.

(3) Sewage utility of the City of Woodburn.

(4) Sewage utility of the Town of Grabill, provided, however, that it is understood and intended that the boundary of the Allen County Regional Sewer District will, in the future, automatically be changed to exclude, as to any area within the district which is at that time not actually served by the district or any area not under contract for construction of sewers or for any area for which the sale of bonds have not been authorized by the proper body of the district for the construction of sewers, (a) any area finally annexed to the Town of Grabill, or (b) any area subsequently served by the sewage utility of the Town of Grabill; and provided, further, that it is understood and intended that the boundary of the Allen County Regional Sewer District may be changed upon the petition and agreement of the Town of Grabill, Indiana, and/or the sewage utility of the Town of Grabill, to exclude areas that are then served by the district, upon the execution of an agreement agreeing to assume any and all charges, liabilities, or indebtedness created by virtue of contracts or bonds for the construction or financing of sewers serving that area.

(5) The sewage utility of the Town of Huntertown.

(6) Sewage utility of the Town of Monroeville.

B. The territories previously approved by the Indiana Stream Pollution Control Board as planning areas or boundaries for:

(1) Leo-Cedarville Regional Sewer District.

(2) Maysville Regional Sewer District.

(3) Riverhaven Regional Sewer District.

C. Those areas reserved pursuant to a Certificate of Territorial Authority issued by the Indiana Public Service Commission for Diversified Utilities, Inc.; Sewage Utilities of Indiana, Inc.; Clearwater Utilities, Inc.; and Maplewood Park Utilities, Inc.

D. Provided, however, that it is understood and intended that the boundary of the Allen County Regional Sewer District will, in the future, automatically be changed to exclude, as to any area within the district which is at that time not actually served by the district or any area not under contract for construction of sewers or for any area for which the sale of bonds has not been authorized by the proper body of the district or the construction of sewers, upon the petition of the owner of any real estate within the district, which petition includes an agreement by any sewage treatment facility which has been excluded from the Allen County Regional Sewer District accepting the sewage generated, or to be generated, from such area.

Areas in purple are those that are directly serviced by the District as of the date of the Agreement. The District collects the waste from customers in these areas and sends the waste to the City for treatment.

STATE OF INDIANA	)	**INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**
	)	
COUNTY OF MARION	)	
IN THE MATTER OF THE PETITION OF THE BOARD OF TRUSTEES OF THE ALLEN COUNTY REGIONAL WATER AND SEWER DISTRICT, ALLEN COUNTY, INDIANA, TO MODIFY ITS PLAN	)	**CAUSE NO. _____**

PETITION OF THE ALLEN COUNTY REGIONAL WATER AND SEWER DISTRICT TO MODIFY ITS PLAN

Comes now the Allen County Regional Water and Sewer District ("District"), by its Board of Trustees ("Board"), and files its Petition to Modify its Plan ("Petition") to facilitate a restatement of its purpose. In support of its Petition, the District offers the following:

1. On July 5, 1979, the Stream Pollution Control Board of the State of Indiana (currently the Indiana Department of Environmental Management ("IDEM")) entered a final order ("Final Order") creating the District and delineating the District's territory ("District's Territory").

2. On February 17, 1993, IDEM issued an Order Granting Modification of Allen County Regional Sewer District. The February 17, 1993 Order: (i) changed the name of the District from the "Allen County Regional Sewer District" to the "Allen County Regional Water and Sewer District"; and (ii) expanded the purpose of the District to include the control and regulation of water systems within the District.

3. On May 4, 2022, the District executed a Utility System Asset Acquisition Agreement ("Acquisition Agreement") with the City of Fort Wayne, Indiana ("City"). The

Acquisition Agreement, a copy of which is attached as Exhibit A, provides, among other things, that the City will own, operate, and assume all responsibility for the District's assets and providing service to all current customers of the District in and around the District. The vast majority of the District's customers will, in turn, experience a decrease in their monthly user bill for 2022 from $121.75 to $80.12 per month.

4. In the Acquisition Agreement (i.e. Exhibit A), the District and City specifically recognize that in order to maintain rates and charges at the lowest possible level for the customers in and around the District's service territory, the City should be granted, through an Interlocal Agreement, the right to exercise the District's rights within the District's Territory and serve subject to applicable law on this issue.

5. Accordingly, the Board respectfully requests that IDEM issue an Order: (i) confirming that the District has the power and authority to regulate, control, and provide sewer and water service inside and outside of the District's Territory; and (ii) the District's Territory will no longer be automatically changed to exclude those areas sought to prospectively be served by the City or any other entity. (See, e.g., Exhibit A, Acquisition Agreement, Section 5.2(A), p. 13). With respect to its service territory, the Board requests that the District's Territory continue to consist of all of Allen County, Indiana, except for these areas lawfully being serviced by other utilities at the time of the filing of this Petition.

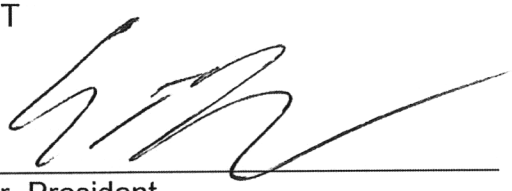
6. The District requests that IDEM issue an order granting the relief requested herein and recognize that such order will only be in full force and effect at and upon the closing contemplated in the Acquisition Agreement. If closing of the contemplated transaction does not occur on or before June 22, 2022, this Petition and

any accompanying order shall become null and void unless the City agrees to an extension.

WHEREFORE, the District respectfully requests that the Indiana Department of Environmental Management perform all necessary procedures to approve this Petition to: (i) continue to authorize the District to regulate, control, and provide sewer and water service inside and outside of its territory as authorized in Indiana Code § 13-26-1-1(1)-(2); (ii) the District's boundaries will include all of Allen County, Indiana, except for those areas lawfully being serviced by other utilities at the time of the filing of this Petition; and (iii) the District's boundaries will no longer be automatically changed to exclude those areas to be served by another entity, including the City, after the date of this Petition.

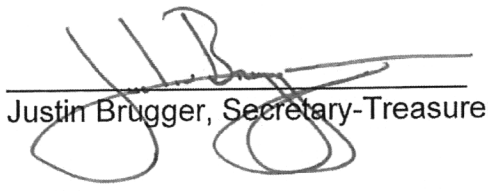
Respectfully submitted,

BOARD OF TRUSTEES OF THE ALLEN COUNTY REGIONAL WATER AND SEWER DISTRICT



Rick Zehr, President

ATTEST:



Justin Brugger, Secretary-Treasurer

APPENDIX T

Form Interlocal Agreement

INTERLOCAL AGREEMENT

This Interlocal Agreement ("Agreement") is entered into this 22nd day of June, 2022, by and between the City of Fort Wayne, Indiana ("**City**"), and the Allen County Regional Water and Sewer District ("**District**") (collectively, the "**Parties**"), and shall be effective as of the Effective Date set forth below.

RECITALS

A. The City and District are governmental entities and political subdivisions within Allen County, State of Indiana.

B. As an Indiana municipality, the City's municipal water and sewer utilities ("**Utilities**") are authorized under Ind. Code §§ 36-9-23-1 and § 8-1.5-1-1, et seq. (the "**Utilities' Authority**") to provide sewer and water service inside and outside of its municipal boundaries.

C. The District is an Indiana regional water and sewer district governed by Ind. Code § 13-26-1-1, et seq., which authorizes the District to, among other things, provide sewer and water service to its customers (the "**District's Authority**").

D. Simultaneously herewith, the Parties have closed on the transaction contemplated by a Utilities System Asset Acquisition Agreement dated May 24, 2022 ("**Acquisition Agreement**") whereby the City has purchased all the District's assets and the Utilities will assume all ongoing District obligations after closing ("**Closing**") on the contemplated transaction.

E. After Closing, the District's customers will become customers of the Utilities and receive the Utilities' lower monthly "Outside City" sewer user rates.

F. Simultaneously herewith, the Indiana State Revolving Fund Loan Program ("**SRF Program**") has provided the Utilities a low interest loan ("**Bonds**") and/or grant to facilitate the transaction and allow the Utilities to reduce user rates for the District's customers.

G. The District now desires to enter into this Agreement and authorize the Utilities to exercise any and all powers necessary, and to assume all responsibility for, providing sewer and water service to customers in and around the District's service area as described in Section 1.2 below ("**Service Area**") consistent with the terms and conditions set forth herein.

H. After executing this Agreement, the Utilities will be responsible for all aspects of providing sewer and water service to current and future customers in the Service Area, including all billing, collection, customer service, repairs, maintenance, and other responsibilities currently carried out by the District.

NOW, THEREFORE, in consideration of the mutual covenants set forth below, and other good and valuable consideration, the receipt and sufficiency of which are hereby mutually acknowledged, the Parties agree as follows:

ARTICLE I
PURPOSE OF AGREEMENT

Section 1.1 Purpose. The purpose of this Agreement is to authorize and grant to the Utilities all authority necessary to extend, operate, and maintain sewer and water facilities within the Service Area. By executing this Agreement, the Parties agree to take all reasonable actions to ensure that the Utilities are the exclusive water and sewer service provider in the Service Area.

Section 1.2 Service Area. For purposes of this Agreement, the Service Area shall include those areas to which: (i) the Utilities is authorized to provide sewer service under Ind. Code § 36-9-23-36 or water service under Ind. Code § 8-1.5-2-3; and (ii) the District is authorized to serve under any current or future orders/directives from the Indiana Department of Environmental Management ("**IDEM**").

Section 1.3 Powers. In carrying out the purpose of this Agreement, the Utilities may exercise the Utilities' Authority and any power provided to either Party under state or federal law, including, without limitation, the ability to provide both sewer and water service inside and outside the District and all powers related thereto. If, however, the Utilities specifically exercise any of the District's Authority, they must do so in accordance with Ind. Code § 13-26-1-1, et seq. Such powers include, but are not necessarily limited to, the power to contract, acquire (either voluntarily or involuntarily) the land rights necessary to facilitate service to the Service Area, use the rights

of way and easements owned and controlled by the District, borrow money (i.e. issue bonds or bond anticipation notes), and hire any and all professionals deemed necessary by the Utilities.

Section 1.4 Regionalization of Service. The Parties desire for the Utilities to provide a systematic, regionalized solution for sewer and water service in the Service Area. In executing this Agreement, the Parties hope to facilitate a means by which regionalized water and sewer service can be provided by the Utilities both inside and outside the District.

ARTICLE II
TERM AND DURATION

Section 2.1 Effective Date. This Agreement shall be in full force and effect upon: (i) adoption by the Parties of an ordinance and/or resolution approving the Agreement; (ii) execution of the Agreement by both the City and District; (iii) Closing (as defined in the Acquisition Agreement); and (iv) recording of the Agreement as set forth herein.

Section 2.2 Term. Except as otherwise set forth herein, this Agreement shall continue in full force and effect until the Bonds for the Utilities are paid off (and not refunded with a longer maturity) or fifty (50) years from the date of execution of the Agreement, whichever is longer. The Parties may, however, extend the Agreement by mutual agreement.

Section 2.3 Authority to Serve the Service Area. If this Agreement is terminated or expires, the Utilities shall retain the right to provide sewer and water service in and around the Service Area.

ARTICLE III
ADMINISTRATION OF AGREEMENT

Section 3.1 Board of Works and City Council. The City's sewer and water utilities are managed by the Board of Public Works ("**BPW**") and City Council ("**Council**"). As to all matters relating to sewer or water service in the Service Area, the BPW shall be responsible for administering this Agreement, day-to-day management of the sewer and water facilities, and ensuring that sewer and water service is provided in an economically and technically feasible manner in the Service Area. The BPW shall specifically be responsible for planning, designing, operating, maintaining, and overseeing construction of any new facilities that are necessary to provide sewer or water service to the Service Area. The BPW is also responsible for making recommendations to the Council regarding the Utilities' rates and charges for service and any

issuance of debt. The Council is responsible for approving any adjustments to the rates and charges for service in the District and for any issuance of debt. In meeting their obligations under this Agreement, the BPW and Council shall have all rights, responsibilities, and powers specifically authorized to them, as well as any powers outlined in Indiana Code §13-26-1-1 *et seq.* By executing this Agreement, the District recognizes and assigns all rights, powers, and duties to the BPW and Council for the provision of sewer and water service to the Service Area.

Section 3.2 Reduced Sewer User Rates for District Customers and Low Interest Loans and Grants. After Closing, the Parties contemplate that the monthly user rate for most of the current customers within the Service Area will be reduced in 2022 from approximately $121 to $80 per month. This reduction to the sewer user rates is made possible by the economies of scale created by merging the District's current sewer customers into the Utilities and by the savings from financing (i.e. the Bonds and grants) through the SRF Program. The Parties anticipate the payment of the principal and interest on the Bonds will be made from revenues generated by ratepayers in the Service Area.

Section 3.3 Right to Serve. Consistent with Section 1.3 above and to ensure that the Utilities have sufficient revenues to meet its financial obligations to provide service in the most economically feasible manner, the Parties desire that the Utilities be the provider within the Service Area and the Utilities are hereby authorized to use any and all powers of the District to achieve this stated desire subject to applicable law on this issue.

Section 3.4 Schedule, Agenda, and Minutes for Meetings of the BPW and Council. The BPW and Council shall follow Indiana law with respect to holding public meetings, establishing agendas for such meetings, and maintaining minutes of the same.

ARTICLE IV
BUDGET AND FINANCE MATTERS

Section 4.1 Budget for Sewer and Water Service in the Service Area. The BPW and Council shall be responsible for periodically reviewing the rates and charges for sewer and/or water service. Such review shall include an analysis of the costs of providing sewer and water service, as well as all wages, benefits and taxes, supplies, contingencies, professional fees, and all other costs of operating, maintaining, and acquiring equipment and facilities for the provision of sewer and/or water service to the Service Area. Future adjustments to the rates and charges applicable to customers in the Service Area will be presented to the District Board for review and to provide feedback to the BPW and Council. The BPW and Council will, however, retain the

ultimate authority to approve, modify, or reject any future adjustments to the rates and charges for sewer and/or service.

Section 4.2 Delegation of Fiscal Authority. The BPW will be responsible for administering the terms of this Agreement, including the collection of revenues and the payment of expenses related to sewer or water service in the Service Area.

Section 4.3 Transition Period. Immediately prior to and after execution of this Agreement, the Parties agree to cooperate to ensure that service is adequately provided during the transition to the Utilities becoming the direct provider of services to the Service Area. The Utilities recognize, however, that the District may no longer have employees to assist in said transition.

ARTICLE V

OPERATION AND MAINTENANCE

Section 5.1 Operation of Sewer and Water Facilities. The Utilities shall have the District's authority and responsibility to operate the sewer and water facilities for the provision of sewer and water service to the public in compliance with all legal requirements and applicable agreements within the Service Area. The operation of the sewer and water systems (and provision of service) shall include, but not be limited to, the following:

(a) Providing or obtaining: (i) all personnel and associated wages, salaries, and benefits; (ii) all materials, including, but not limited to, fuel and vehicle expense, and other consumables; (iii) all necessary inventory to operate and properly maintain the sewer and water systems at the level required by this agreement and applicable laws, rules, and regulations; (iv) all necessary utilities; and (v) any other services or materials necessary to operate and maintain the sewer and water systems in accordance with all permits, all applicable legal requirements and any contractual obligations associated with the sewer and water systems and/or good business practices.

(b) Providing all personnel, materials, and services necessary to support the operation and maintenance of the sewer and water systems in the manner required by this Agreement including, but not limited to, the following functions: day-to-day management, administration, billing and collections, purchasing, reporting, janitorial, security, and upkeep of the building, grounds, and facilities of the sewer and water systems.

(c) Providing all personnel, materials, and services necessary to adequately maintain the sewer and water systems, including, but not limited to, structures, pump stations, equipment, mechanical, electrical, instrumentation, communication, and computer systems to assure efficiency, long-term reliability, and conservation of capital investment.

(d) Providing timely recording and reporting of the sewer and water systems' operating parameters, maintenance plans, and activities, as is otherwise necessary for management of the sewer and water systems.

(e) Preparing, in a timely manner, any oral or written report(s) required pursuant to all permits and legal requirements and submitting them to the appropriate governmental authorities.

(f) Monitoring and inspecting the sewer and water systems to determine needed capital improvements.

(g) Providing all personnel, materials, and services necessary to ensure compliance with the Agreement.

(h) Hiring of professional services, including, but not limited to, engineers, accountants, and attorneys to perform work that the Utilities deem necessary for the provision of service to the Service Area.

(i) Any and all other powers granted to the Utilities under Indiana law to provide sewer and water service within the Service Area.

Section 5.2 District Liability. Upon Closing, the Utilities shall be responsible for all aspects of providing service to the District's customers (in the Service Area) and any liabilities arising therefrom.

Section 5.3 District Costs. The Utilities recognize that after the Closing the District will have no source of revenue, but the District will have nominal costs associated with remaining in existence. These costs include but are not limited to Ind. Code § 13-26-4-7, legal expenses, audits, and other administrative costs. In addition, the Utilities may request the District to take action from time to time related financing, grants, or other action. The Utilities agree to be

responsible for all costs associated with the foregoing, provided the Utilities pre-approve such costs.

ARTICLE VI
MISCELLANEOUS PROVISIONS

Section 6.1 Application of Indiana Law. This Agreement and the respective rights of the Parties shall be subject to Indiana law.

Section 6.2 Severability Provision. If any provision of this Agreement shall be held to be invalid or unenforceable by any court of competent jurisdiction, such provisions shall be severed from the remainder of this Agreement and the validity and enforceability of the remaining provisions of this Agreement shall not be affected thereby.

Section 6.3 Effective Date. This Agreement shall be approved upon the adoption by the BPW, Council, and the District of an appropriate ordinance or resolution approving this Agreement, as well as the approval and execution of this Agreement by each entity. After approval and execution, this Agreement shall be recorded with the Allen County Recorder on or before July 12, 2022, and the Effective Date of this Agreement shall be the date of recordation. Within sixty (60) days of the Effective Date, this Agreement shall be recorded with the Indiana State Board of Accounts for audit purposes as required by I.C. § 36-1-7-6.

Section 6.4 Modification in Writing. The Parties hereto may, from time to time, alter, change, or amend the terms and conditions of this Agreement by an amendment in writing making specific reference to the document as an amendment to this Agreement, approved and executed by each of the Parties hereto in the same manner as this Agreement. Subject to any further steps required by law, any amendment or modification of this Agreement shall take effect immediately upon the approval of the last unit to approve such amendment or modification, or at such other time as is specifically designated in the amendment or modification.

Section 6.5 Execution and Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be an original and all of which shall constitute one and the same instrument.

Section 6.6 Entire Agreement. This Agreement and the Acquisition Agreement set forth the entire Agreement between the Parties hereto, and fully supersedes any prior agreements or understandings between the Parties pertaining to the subject matter hereof.

Section 6.7 **Authority of Parties**. Each party and signatory hereto has the authority to enter into this Agreement and at all times has full authority to perform this Agreement. No further approval or consent by any other person or authority is required.

Section 6.8 **Captions**. The captions to this Agreement are substantive in nature and shall be considered in the interpretation of this Agreement.

Section 6.9 **Notices**. All notices, consents, and other communications (collectively, "Notices") shall be given to the Utilities and District in writing to the addresses set forth below:

Utilities:	Fort Wayne City Utilities 200 E. Berry Street Fort Wayne, IN 46802 Attn: Kumar Menon, Director of City Utilities
With Copy To:	Bose McKinney & Evans LLP 111 Monument Circle, Ste. 2700 Indianapolis, IN 46204 Attn: J. Christopher Janak
District:	Allen County Regional District 200 E. Berry St. Fort Wayne, IN 46802
With Copy To:	Carson LLP 301 W. Jefferson Blvd., Suite 200 Fort Wayne, IN 46802 Attn: Andrew Boxberger

Either party may change its address for Notices by given written notice to the other party in accordance with this provision.

Section 6.10 **Incorporation of Recitals**. The Recitals are hereby incorporated into this Agreement.

APPENDIX T

Procedure for Transition of Grinder Pump Stations

GPS provide service to individual customers ("IGPS") or are established to provide service to several/multiple customers ("MGPS"). There are currently approximately one thousand two hundred (1,200) homes in the Territory served by IGPS and there are approximately two hundred and fifty (250) additional MGPS that serve approximately five hundred (550) homes within the Territory.

I. Initial Responsibility for GPS. At Closing, City Utilities will assume the ownership and responsibility of the operations and maintenance of all IGPS and MGPS and continue to provide the same level of service, repairs, and customer and technical support as provided by the District. City Utilities will have staff qualified, trained, and prepared to provide the service to IGPS and MGPS at or before Closing.

II. Long-Term Responsibility for GPS. At or within 90 days following Closing, City Utilities will provide to all customers served by IGPS the information, operating manuals, troubleshooting guidelines, and other assistance regarding the best practices for operating and maintaining their GPS. In addition, City Utilities will retain the services of no less than two third-party firms that are pre-qualified in providing service to IGPS with standard costs for on-demand service calls, equipment repair, and replacements.

III. Notification to Customers of Responsibility for IGPS. No sooner than 90 days following Closing, City Utilities will commence with notification to the IGPS homeowners of the transition of ownership and responsibility of the operations and maintenance and associated costs of all IGPS to the respective homeowners with the following allocations:

a. The continued access to service calls, repairs, and replacements from City Utilities staff and/or pre-qualified City Utilities service providers if the homeowner elects to use these services.

b. City Utilities will provide one float/sensor replacement, one pump replacement, and one GPS discharge line check-valve replacement (1 of each) at no direct cost to the homeowner if the work is done by City Utilities or one of City Utilities' prequalified service providers

c. The ability to purchase new grinder pumps in the future (after first replacement has been provided) from City Utilities and finance the cost of the grinder replacement through City Utilities.

IV. Upgrade or Conversion of GPS. At or before Closing, City Utilities will initiate and commence a long-term effort to consider the conversion of all MGPS into IGPS and upgrade any remaining MGPS to traditional City Utilities-maintained sewage lift stations ("Lift Stations"). Any resulting IGPS will then be addressed by City Utilities as described in Section 5.6(c) above. Any resulting Lift Stations will remain the direct responsibility of City Utilities.

V. Conversion Efforts. City Utilities will continue this effort until all customers served by GPS have their own IGPS or are served by Lift Stations and there is no such cost of GPS within the revenue requirement of or cost to City Utilities and its overall group of customers.
