PROJECT REPORT OF THE FORT WAYNE ECONOMIC DEVELOPMENT  
COMMISSION CONCERNING THE PROPOSED FINANCING OF  
ECONOMIC DEVELOPMENT FACILITIES BY HOUSE INVESTMENTS,  
LLP

The Fort Wayne Economic Development Commission proposes to recommend to the Common Council of the City of Fort Wayne, Indiana that it provide funds for financing all or a portion of the construction and equipping of certain improvements, including but not limited to, the construction of a multi-use complex consisting of a total of approximately 208 affordable housing units together with all necessary on- and off-site infrastructure, appurtenances, related improvements and equipment, and costs of issuance, including capitalized interest and funding a debt service reserve (collectively, "Project") by House Investments, LLP ("Company"). The Project is located in or physically connected to the Posterity Heights Urban Renewal Area and the Tillman-Anthony Economic Development Area. The Project is located southeast of the intersection of South Anthony Boulevard and McKinnie Avenue in Fort Wayne, Indiana. The total cost for the construction and equipping of the Project is presently estimated to be in an amount not to exceed \$4,000,000, and incidental costs of issuance of the economic development revenue bonds.

No public facilities to be paid for by the government will be made necessary on account of the proposed facilities.

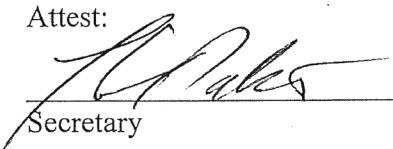

It is tentatively found that the construction and equipping of the Project will not have an adverse competitive effect on any similar facilities already constructed or operating in or near the City because there are no such facilities.

It is estimated that upon completion of the facilities and start of operations, the new operation will create approximately four (4) full-time jobs with an estimated annual payroll in excess of \$200,000.

Adopted this 21st day of July, 2022.

**DEPARTMENT REQUESTING RESOLUTION.** Redevelopment Commission.

**SYNOPSIS OF RESOLUTION.** Earlier this month, the Redevelopment Commission approved an Economic Development Agreement (EDA) for Phase 1 of the Village Premier project. The EDA outlined public incentives for the Phase 1 portion of the project, which includes a READI request of \$5 Million to be used towards the construction of 208 units of affordable housing and 9 units of for sale single-family housing. The Redevelopment Commission also approved a pledge of tax increment from the Tillman- Anthony and Posterity Heights TIF districts towards bond payment in an amount sufficient to generate an estimated principal amount not to exceed \$3.3 Million to the developer, House Investments to construct Phase 1 of the Village Premier project. Subsequently, on July 21, the Economic Development Commission approved a similar inducement resolution in support of the issuance of the economic development revenue bonds.

If approved, this resolution would provide formal authorization from the Common Council to begin the process of issuing the economic development revenue bond as described herein. Final action on the bond issuance, including approval of a Trust Indenture, Financing Agreement, and other documents are anticipated to come before the Common Council for approval in October.

**EFFECT OF PASSAGE.** Approval would initiate the process of issuing an economic development revenue bond with a maximum principal amount not to exceed \$3.3 Million, using TIF revenue from Posterity Heights and the Tillman-Anthony TIF districts as the sole source of repayment to induce the construction of Phase 1 of the Village Premier project.

**EFFECT OF NON-PASSAGE.** Non-passage would delay the commencement of construction activity for Village Premier Phase 1, including 208 units of affordable housing, until an alternative source of local funding could be identified.

**MONEY INVOLVED (DIRECT COSTS, EXPENDITURES, SAVINGS).** Council would be approving the issuance of bonds in a principal amount not to exceed \$3.3 Million to be repaid exclusively through the pledge of TIF funds by the Redevelopment Commission.
