DIGEST SHEET

TITLE OF RESOLUTION. A Resolution of the Common Council of the City of Fort Wayne, Indiana, regarding the appropriation of available local income tax revenues and ARPA revenues and the pledging of those local income tax revenues and ARPA revenues to pay for the construction of a homeless resource center to be undertaken by the City of Fort Wayne Redevelopment Commission.

DEPARTMENT REQUESTING RESOLUTION. Redevelopment Commission.

SYNOPSIS OF RESOLUTION. This resolution approves funding in the amount of \$2,750,000 for the Fort Wayne Redevelopment Commission to acquire, develop, and construct a Homeless Resource Center at 333 East Washington Boulevard. The project will be supported by \$2,100,000 in unallocated local income tax revenues and \$650,000 in ARPA interest funds, which will be pledged to the Commission to complete the facility. This resolution also authorizes the Commission to enter necessary contracts to complete the acquisition and construction of the Homeless Resource Center project.

EFFECT OF PASSAGE. Passage of the resolution will give the Redevelopment Commission the ability to acquire, develop, and construct a new Homeless Resource Center at 333 East Washington Boulevard. Establishing this facility will provide substantial community benefits in that: (i) it will centralize essential services for individuals experiencing homelessness in a safe, purpose-built location, (ii) redevelopment of the site will support ongoing revitalization efforts in and around the Civic Center and downtown areas, (iii) the project will strengthen partnerships between the City and local nonprofit service providers, improving coordination and access to care, and (iv) investment in the facility will help protect and enhance the City's broader economic development efforts by ensuring vulnerable residents have stable, supportive resources within the urban core.

EFFECT OF NON-PASSAGE. Non-passage of the resolution would prevent the Redevelopment Commission from moving forward with the acquisition, development, and construction of the Homeless Resource Center. Without this action, the opportunity to establish a centralized, purpose-built facility for individuals experiencing homelessness would be lost, limiting the community's ability to coordinate services effectively. The site would remain underutilized, slowing revitalization efforts in the surrounding area and reducing the impact of ongoing public investments. Moreover, the lack of a dedicated facility would continue to strain existing service providers and hinder efforts to address homelessness in a comprehensive, strategic manner.

MONEY INVOLVED (DIRECT COSTS, EXPENDITURES, SAVINGS). \$2,750,000.

From: Kelly Lundberg, Deputy Director, 427-2158
Subject: Approving funding for the acquisition and renovation of the Homeless Resource Center
Date: May 20, 2026

The Fort Wayne Redevelopment Commission hereby requests Common Council approval for the appropriation and pledge of \$2,750,000 in support of the Fort Wayne Redevelopment Commission's construction of a new Homeless Resource Center at 333 East Washington Boulevard. The project will be partially funded through \$2,100,000 in unallocated local income tax (LIT) revenues and \$650,000 in interest revenue earned on funds allocated to the City through the American Rescue Plan Act of 2021 (ARPA), which will allow the Commission to acquire the property and complete development of the facility.

The Homeless Resource Center will provide a centralized, purpose-built location for essential services, improving coordination among nonprofit providers and enhancing access to resources for individuals experiencing homelessness. The project supports ongoing revitalization efforts near the Civic Center area, strengthens the City's investments in the surrounding district, and helps ensure that vulnerable residents have stable, supportive services within the urban core.

Approval of the resolution will authorize the Commission to enter the necessary contracts to proceed with acquisition and construction.
