Memo

To: Council/Purchasing
From: Larry Campbell, Fleet Manager/Director
Date: May 4, 2011
Re: Chassis for Water Maintenance and Water Pollution Control
Maintenance Departments ITB # 3366

In regards to three tandem chassis, ITB #3366, for the cab/truck chassis's, two are for Water Maintenance & Service, One is for Water Pollution Control Maintenance Departments: Please award to Selking International for a cost of \$113,713.00 each for a total cost of \$341,214.00. These are for 2012 trucks, Work Star model 6x4 chassis.

The purchase was proposed in the Departments CIP budgets and was approved in their 2011 budget. These units are up for replacement as they are out of life cycle resulting in high maintenance cost. Replacement unit(s) will be sold at auction after new units are put into operation.

Selking International was the lowest and most responsive bid that was sent to five different vendors throughout Indiana, four of which were local vendors.

Delivery time for these chassis is 90 days. Your consideration and approval for this purchase request is greatly appreciated.

All bidders were registered as a Buy Indiana Company. International Navistar is manufactured in the USA.

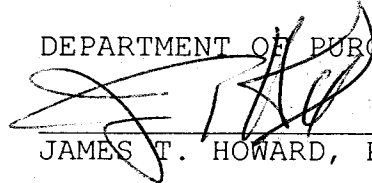

Thank you Larry Campbell
