Pursuant to Executive Order 90-01 (amended 5-8-06); the Owner will retain five percent (5%) of the Contract Price to ensure compliance with the EBE participation requirements. Upon final inspection and acceptance of the Work, and determination by the Fort Wayne Board of Public Works that the Contractor has made a good faith effort to subcontract ten percent (10%) of the Contract Price to emerging business enterprises, the Contractor will be paid in full.

In the event there is a determination that good faith compliance with these EBE participation requirements has not occurred, appropriate reduction in the final payment pursuant to paragraph 10.06.E will be made.

If the Contract Price is in excess of **\$200,000**, the contract will be subject to the standard Board of Public Works escrow agreement. However, payments to the Contractor are not to exceed **95%** of the total Contract Price until the Owner has verified that the Contractor has made good faith efforts to attain the **10%** EBE goal stipulated in here within. 1. Whether the contract can be subdivided as determined by the Engineer and Administrator of Contract Compliance;
 2. Availability of certified EBE businesses to participate as subcontractors;

 - b. The Contractor’s own estimate for the work under the subcontract;
 - c. An average of the valid prices quoted for the subcontract;
 - d. Demonstrated increase in other contract costs as a result of sub-contracting to EBE firm(s).
 4. Documented measures taken by the Contractor to comply with the EBE participation goal;

6. Such other matters as the Board of Public Works deems relevant.

- D. **Consequences of Noncompliance** – In the event the Board of Public Works approves a recommendation that Contractor failed to make good faith efforts at compliance, the Contract Price shall be reduced by the amount calculated as the difference between the EBE participation goal of 10% and the actual participation level met by the Contractor, but in no case shall it be reduced by more than 5%. Said amount shall be added to the City of Fort Wayne EBE Bond Guarantee Fund and Contractor agrees to accept the reduced amount as full payment under the terms of his/her Contract.
- E. **Waiver Approved** – In the event the Board of Public Works determines that a good faith effort to comply with these EBE participation requirements has been made, the Contract Price shall not be reduced, and the balance owing to the Contractor shall be paid in full.

The contractor shall furnish all labor, insurance, equipment, materials and power for the completion of the project: "Covington Dells Septic Elimination "as follows: **Eliminating septic sewer connections to approximately 56 homes from in the Covington Dells subdivision and connecting them to a new low pressure forcemain that will feed into Fort Wayne's sanitary sewer system.**

Covington Dells is located off of Hadley Road south of 14. There are 56 homes in this community that are currently being serviced by aging and failing private septic systems. The homeowners have requested, thru the petitioning process, to be connected to Fort Wayne city sewers and thus eliminating the need for these septic systems. This project increases the quality of our waterways, increases our utility rate base, and increases individual property values. Failure to perform this project would lead to diminishing water quality and likely health department actions that would result in very costly improvements which would be solely borne by individual property owners.
