Exclusive venue for any claim arising out of or relating to a Sale Document shall be in Spokane County, Washington. THE PARTIES HEREBY UNCONDITIONALLY WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM ARISING IN ANY WAY IN CONNECTION WITH THIS AGREEMENT.

11. Assignment

Customer may not assign or transfer its interests, rights or obligations under any Sale Document by written agreement, merger, consolidation, operation of law or otherwise without the prior written consent of an authorized executive officer of Itron. Any attempt to assign this Agreement by Customer shall be null and void. For purposes of this Agreement, the acquisition of an equity interest in Customer of greater than 25 percent by any third party shall be considered an assignment.

Notwithstanding the foregoing, Itron shall have no obligation to deliver Equipment to the extent that Customer is unable to pay as a result of a force majeure event.

Memo

Date: December 4, 2013
To: Common Council Members
From: John Clark, City Utilities, Deputy Director of Operations
Re: **Purchase Agreement for water meter radios and radio reading equipment**

Council Districts ALL

City Utilities is requesting approval of the purchase of Itron water meter radios and radio reading equipment for 2014. The Utility has been using Itron radios since 2003 when they began the conversion of manual meter read to automated meter reading.

Implication of not being approved:

- The remaining 5,000 meters in the northern part of the city which was formerly served by Aqua Indiana will continue to be manually read by temporary walking meter readers.
- Meters that need to be replaced will not have radios and will have to be read manually.

If Prior Approval is being Requested, Justify: n/a

The purchase agreement is a sole source because the water meter radios require proprietary reading equipment and software. In 2003 the Utility began the two year conversion of its water meters to automated meter reading (AMR). Itron was selected as the AMR vendor through a RFQ and pilot project in 2002. The meter radios are proprietary and the City has installed approximately 73,500 Itron radios (There are approximately 79,000 metered accounts).

City Utilities recommends, and the Board of Public Works has approved, the purchase of Itron radios and radio reading equipment for \$510,762.00. The purchase will include 6,000 radios of which approximately 5,000 will be installed in the northern part of the City that was formally serviced by Aqua Indiana. The 5,000 northern meters currently do not have radio reads and must be read by two temporary meter readers who walk from house to house each month.
