#### 10.06 Emerging Business Enterprise (EBE) Participation

Pursuant to Executive Order 90-01 (amended 5-8-06); the Owner will retain five percent (5%) of the Contract Price to ensure compliance with the EBE participation requirements. Upon final inspection and acceptance of the Work, and determination by the Fort Wayne Board of Public Works that the Contractor has made a good faith effort to subcontract ten percent (10%) of the Contract Price to emerging business enterprises, the Contractor will be paid in full.

In the event there is a determination that good faith compliance with these EBE participation requirements has not occurred, appropriate reduction in the final payment pursuant to paragraph 10.06.E will be made.

If the Contract Price is in excess of \$200,000, the contract will be subject to the standard Board of Public Works escrow agreement. However, payments to the Contractor are not to exceed 95% of the total Contract Price until the Owner has verified that the Contractor has made good faith efforts to attain the 10% EBE goal stipulated in here within. Payment of the final 5% of the total Contract Price will be dependent upon acceptance of the Work, in accordance with Paragraph 14.07 of the General Conditions, and good faith efforts to comply with these EBE participation requirements; subject to reduction in the event of non-compliance as provided in paragraph 10.06.E.

- A. **Request for Waiver** – If, at the time final payment application is made, Contractor has not attained the ten percent (10%) EBE goal, Contractor shall file with the final payment application a “Request for Waiver.” Said Request for Waiver shall contain a written description of the efforts taken by Contractor to attain the ten percent (10%) EBE goal.
- B. **Determination of Waiver Requests** – The Contract Compliance Department of the City of Fort Wayne shall examine all Requests for Waiver to determine if Contractor’s efforts constitute good faith efforts to attain such goal and shall submit recommendations concerning said requests for Waiver for the final determination of the Board of Public Works of the City of Fort Wayne.
- C. **Good Faith Efforts**. – In determining whether or not the Contractor used “good faith” efforts, the following shall be considered:
  1. Whether the contract can be subdivided as determined by the Engineer and Administrator of Contract Compliance;
  2. Availability of certified EBE businesses to participate as subcontractors;
  3. Non-competitive price quotes received from EBE firms. The Board of Public Works’ determination for granting a reduction or waiver of the goal because of higher quotes from EBE firms will be based on factors that include, but are not limited to the following:
    - a. The Engineer’s estimate for the work under a specific contract;
    - b. The Contractor’s own estimate for the work under the subcontract;
    - c. An average of the valid prices quoted for the subcontract;

6. Such other matters as the Board of Public Works deems relevant.

- D. **Consequences of Noncompliance** – In the event the Board of Public Works approves a recommendation that Contractor failed to make good faith efforts at compliance, the Contract Price shall be reduced by the amount calculated as the difference between the EBE participation goal of 10% and the actual participation level met by the Contractor, but in no case shall it be reduced by more than 5%. Said amount shall be added to the City of Fort Wayne EBE Bond Guarantee Fund and Contractor agrees to accept the reduced amount as full payment under the terms of his/her Contract.
- E. **Waiver Approved** – In the event the Board of Public Works determines that a good faith effort to comply with these EBE participation requirements has been made, the Contract Price shall not be reduced, and the balance owing to the Contractor shall be paid in full.

RE: Morton Street Pump Station Generator  
Res. #75599, W.O. #75599

*M. Kiester*  
1-2-14

## Council District #2

The contractor shall furnish all labor, insurance, equipment, materials and power for the completion of the project: "Morton Street Pump Station Generator" as follows: Provide new service rated transfer switch and generator for existing pump station.

## Implications of not being approved:

The Morton Street Pump station serves the Lakeside neighborhood north of the Maumee River and east of the St Joe River for the City of Fort Wayne. During dry weather, the station pumps sanitary flow into the St Joe Interceptor which carries it to the WPCP. During wet weather events, this station is a key combined sewage pump station, preventing basement backups. This station also serves as one of the City's key flood fighting stations.

The electrical service for this station is currently served from 2 separate utility feeds with an automatic transfer switch. This station does not have a permanent standby emergency generator. Adding a permanent generator and transfer switch to the station will increase the efficiency and reliability of the station and will continue to improve basement back up protection and will provide continued relief to the sewers in the event of a power outage.

## If Prior Approval is being Requested, Justify: N/A

This project was advertised to contractors on November 1, 2013, November 8, 2013 in the Journal Gazette and the News Sentinel and November 6, 2013 in Frost Illustrated, Inc.
