## SANITARY SEWER CONTRACT

CONTRACT NO. 2013-S-21R

WORK ORDER NO. 75933

THIS SANITARY SEWER CONTRACT ("Contract") is made and entered into this 19 day of February, 2014, by and between New Venture Development Corp. ("Contributor") and the City of Fort Wayne Board of Public Works ("City"), for the following and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, to wit:

The said Contributor and the City for consideration hereinafter named, agree as follows:

1. That the City and the Contributor shall proceed dependent upon procurement of materials and labor and with reference to other similar work of said parties, or as approved by the City, to construct a local sanitary sewer system to serve River Hollow Estates Section I, Lift Station and Offsite as follows:

### DESCRIPTION

#### Lift Station and Sanitary Main A

Beginning by installing a new lift station located 80± feet North and 605± feet West of the Centerline of the Intersection of Flutter Road and River Hollow Run; thence South, within Block A, 10± L.F. of 8" PVC SDR 35 pipe to Str A1x; thence East 307± L.F. to Str A1; thence East, within a proposed platted 25 foot utility and storm drainage easement, 256± L.F. to Str A2; thence North, within a proposed platted 35 foot utility and storm drainage easement, 369± L.F. to Str A3; thence Northwest 163± L.F. to Str A4; thence Northwest 131± L.F. of 8" PVC SDR 21 pipe to Str A5 and terminating Lift Station and Sanitary Main A.

#### Sanitary Main B

Beginning at the aforementioned Manhole Str A4 located 30± feet South and 25± feet West of the Centerline of the Intersection of River Hollow Run and Brandt Crossing; thence Northeast, within a proposed platted 35 foot utility and storm drainage easement, 244± L.F. of 8" PVC SR 35 pipe to Str B1; thence East 400± L.F. to Str B2; thence Easterly 301± L.F. to Str B3 and terminating Sanitary Main B.

#### Sanitary Main C

#### Sanitary Main D

Beginning at the aforementioned Manhole Str A1x located 70± feet North and 605± feet West of the Centerline of the Intersection of Flutter Road and River Hollow Run; thence West, within a proposed 25 foot utility and storm drainage easement, 265± L.F. of 8" PVC SDR 35 pipe to Str D1 and terminating Sanitary Main D.

#### Force Main

Beginning at the aforementioned new lift station located 80± feet North and 605± feet West of the Centerline of the Intersection of Flutter Road and River Hollow Run; thence North, within a proposed 14 foot utility and storm drainage easement, 665± L.F. of 4" HDPE DR 11 force main to and Air Release Valve; thence North 796± L.F. to Str FM1 and terminating Force Main.

Said sewer to include: 1,461± L.F. of 4" HDPE DR 11 force main, 131± L.F. of 8" PVC SDR 21 pipe and 1,477± L.F. of 8" PVC SDR 35 pipe; 13 (Thirteen) Manholes, 1 (One) Wet Well and 1 (One) Air Release Manhole.

2. That said sanitary sewer system shall be constructed in accordance with the standards, plans and specifications as approved by City, which are now on file in the office of Water Resources of the City, and by reference are incorporated herein and made a part thereof.
3. The City shall accept sewage therefrom when complete, in accordance with the rules and regulations of said City, and the laws, ordinances and regulations applicable thereto, now in force, or that may hereafter be adopted; however, it is understood and agreed that the City shall not accept sewage from any part or parts of the sanitary sewer system covered hereunder unless and until the entire sewer system shall have been tested and accepted by said City.
4. It is understood and agreed by and between the parties to this Contract, that the Contributor shall furnish and pay for all materials, contractual labor, equipment, permits and/or licenses for the construction of said sanitary sewer system through **Kurtz Excavating, Inc.** at a cost of **\$372,703.00 (Three hundred seventy two thousand seven hundred three dollars and no cents)**, that said Contributor shall hold the City harmless from any liability for claims connected therewith, and that said Contributor shall pay all expenses in connection with necessary inspection and testing services estimated at a cost of **\$10,442.00 (Ten thousand four hundred forty two dollars and no cents)**. Therefore, the total value of said sanitary sewer system is **\$383,145.00 (Three hundred thirty eight thousand one hundred forty five dollars and no cents)**.
5. It is further understood and agreed by and between the parties to this Contract that said Contributor shall bear the cost of the sanitary sewer mains on the basis of an **8" sewer main at a depth of six feet and the lift station at a depth of 11 feet**, including fees, the total cost of which is **\$218,624.00 (Two hundred eighteen thousand six hundred twenty four dollars and no cents)** and which amount is the Contract Price of this Contract. The cost of material, contractual labor and equipment, as supplied by the Contractor for deepening the **8" sewer main greater than six feet and for deepening the lift station five additional feet** is **\$164,521.00 (One hundred sixty four thousand five hundred twenty one dollars and no cents)**. It is agreed that upon completion and acceptance of said sewer system by said City, the City will pay to said Contributor the oversizing cost of **\$164,521.00 (One hundred sixty four thousand five hundred twenty one dollars and no cents)** for construction and **\$6,044.75 (Six thousand forty four dollars and seventy five cents)** for engineering fees resulting in a payment of **\$170,565.75 (One hundred seventy thousand five hundred sixty five dollars and seventy five cents)** by City to Contributor.
6. Said sanitary sewer system, when accepted by the City will serve the following described real estate herein referred to as follows:

7. Said sewer when constructed will serve the benefited areas as shown on **Exhibit "A"**. In the event any present or future owners of said described benefited areas shall at any time within 15 years after the date of this Contract desire to use said sewer by direct tap to serve such land, City through its duly constituted authorities, before permitting such use, shall require by contract or assessment, as may be appropriate, that such owner or owners of said excess areas pay to City, a fee for connecting to the local sewer serving said property. Said fee shall be in addition to the cost of standard tap-in and inspection fees, and monthly sewage treatment charges as are customarily charged by City. The properties affected and the full amounts due per tap are shown on attached **Exhibit "A"**. The amounts so collected shall be refunded to Contributor as partial reimbursement for amounts expended to extend local sewers until such time as one of the following events occur; a period of 15 years has passed from the date of this Contract or the Contributor has been reimbursed for the total amount subject to reimbursement, whichever event comes first. Thereafter, no reimbursements will be collected or paid.
8. It is understood and agreed that **River Hollow Estates Section I** is subject to **Area Connection Fees** at the time of connection in accordance with agreements and/or resolutions on file in the Office of the Board of Public Works of said **CITY**. The area connection fees for **21 Lots** shall be paid on or before building sewer connections are made to the City sewer system in accordance with the applicable fees in effect at the time of connection. The area connection fees represent the installation and/or oversizing costs expended by **CITY** for downstream collection system and treatment facilities. **(Current Shed & Rate: Upper Saint Joseph at \$1,308.00 per ERU - Subject to adjustments)**

It is understood and agreed that the **River Hollow Estates Section I Offsite** area that does not result in the decommissioning and elimination of an existing septic system is subject to **Area Connection Fees** at the time of connection in accordance with agreements and/or resolutions on file in the Office of the Board of Public Works of said **CITY**. The area connection fees shall be paid on or before building sewer connections are made to the City sewer system in accordance with the applicable fees in effect at the time of connection. The area connection fees represent the installation and/or oversizing costs expended by **CITY** for downstream collection system and treatment facilities. **(Current Shed & Rate: Upper Saint Joseph at \$1,308.00 per ERU - Subject to adjustments)**

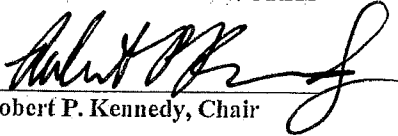

It is understood and agreed that the area connection fees **(Current Shed and Rate: Upper Saint Joseph at \$1,308.00 per ERU)** for **7410 Flutter Road, 7720 Flutter Road and 7818 Flutter Road** will be waived pursuant to the City of Fort Wayne Septic Elimination Policy – Resolution # 96-12-02-09-03.
9. The City may approve the extension of additional sanitary sewer lines from the sanitary sewer system(s) covered in this Contract without incurring financial obligations to the Contributor under this Contract.
10. Said sewer shall be constructed for disposal of sanitary sewage only and neither the parties hereto, their successors or assigns or any future owner of any land serviced by said sewer shall, at any time, discharge or permit to be discharged or to flow into said sanitary sewer any water runoff caused by natural precipitation, or anything other than sanitary sewage in accordance with the Fort Wayne Code of Ordinances.
11. Contributor represents that it is the owner of real estate described in Paragraph (6) herein and for itself, its successors in title and assigns, waives and releases any and all rights which it may now or hereafter have to remonstrate against or otherwise object to, interfere with or oppose any pending or future annexation by City of any territory now or hereafter owned by it as described in Paragraph (6) or hereafter served by said sewer or any extension thereof.
12. In further consideration and to induce City to execute and ratify this Contract, Contributor for itself, its successors and assigns, agrees by this Contract to vest in City the permanent right, at its discretion to annex to the City of Fort Wayne at any future time by duly authorized ordinance said real estate described in Paragraph (6) herein.
13. Contributor further agrees that any deeds, contracts, or other instruments of conveyance made by Contributor, its successors or assigns transferring or conveying any interest in and to any of the real estate described in Paragraph (6) herein, shall contain the waiver and release provisions contained in this Paragraph (13), which provision shall run with the land and the acceptance of delivery of any such instruments from Contributor, its successors and assigns to any grantee, vendor or contract purchaser shall be made subject to the terms of this Contract and shall constitute an acceptance of the foregoing provisions by said grantee, vendor or contract purchaser and their successors in title.

14. Any owner or owners of land which now or hereafter is located outside the corporate limits of City who connect into the sewer constructed hereunder shall be deemed to thereby waive his, her, their, or its rights to remonstrate against or otherwise object to, interfere with or oppose any pending or future annexation by City of such land or of the territory which it is located or of the area served by said sewer (I.C. 36-9-22-2, as Added by Acts 1981, P.L. 309, 395).
15. It is further understood and agreed that, upon completion of the sanitary sewer system, the Contributor or its contractor shall file a Completion Affidavit, a Maintenance Bond and Certified Record Drawings with the Board of Public Works of said City, and shall take such action as is necessary to transfer all rights, titles and interest in said system to the City. The Maintenance Bond shall run for a minimum period of one (1) year from date of acceptance of the said system by the City and shall be in the minimum amount of **\$93,175.75 (Ninety three thousand one hundred seventy five dollars and seventy five cents)**.
16. Upon receipt of the Completion Affidavit, Maintenance Bond and Certified Record Drawings, and being provided with proof of dedicated easements or recorded easements, the City will make final inspection of the project. Upon finding the project to be acceptable and in full compliance with the Standards and Specifications of the Water Resources Department and the Board of Public Works, the City through its Board of Public Works shall issue a Letter of Acceptance of the project to **Kurtz Excavating, Inc.** and to the Contributor. Upon issuance of the Letter of Acceptance, and in accordance with the terms of said letter, the sanitary sewer installed under this Contract shall form and be a part of said City sewerage system, and all rights, title and interest whatsoever in said sanitary sewer system shall pass to and remain in the City of Fort Wayne, Indiana.
17. It is further understood and agreed that if the work described above is not initiated within twelve (12) months after the date of this Contract, said Contract shall be null and void.
18. E-Verify Affidavit. Pursuant to Indiana Code 22-5-1.7, Contributor agrees and shall enroll in and verify the work eligibility status of all newly hired employees of the Contributor through the E-Verify program. E-Verify means the electronic verification of work authorization program of the Illegal Immigration Reform and Immigration Responsibility Act of 1996 (P.L. 104-208), Division C, Title IV, s.403(a), as amended, operated by the United States Department of Homeland Security or a successor work authorization program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work authorization status of newly hired employees under the Immigration Reform and Control Act of 1986 (P.L. 99-603). Contributor is not required to verify the work eligibility status of all newly hired employees of Contributor through the E-verify program if the E-Verify program no longer exists.

The undersigned, on behalf of the Contributor, being first duly sworn, deposes and states that the Contributor does not knowingly employ an unauthorized alien.

IN WITNESS WHEREOF, the parties have subscribed to the instrument the day and year first above written.

**RE: River Hollow Estates (Flutter Road) Regional Sanitary Sewer System  
Contract # 2013 - S - 21R**

On February 14, 2014, the Board of Public Works entered into an agreement with New Venture Development Corp for the construction of a regional sanitary sewer lift station and gravity sewer system as part of the River Hollow Estates Residential Subdivision being constructed by New Venture Development Corp (North Eastern Group). This development and regional sanitary sewer system will be located along Flutter Road, between St. Joe Road and Wheelock Road and will be designed and constructed to collect and convey sanitary sewage from the proposed residential development and from future development as well as failed/failing septic system relief in this northeastern area. This installation coincides with the construction of the residential subdivision and takes advantage of the economies of completing the overlapping work at the same time. The Board's participation in this project calls for the reimbursement of up to \$170,600 for the design and construction costs for these improvements; funds for project will come from Sewer Utility.

The Board of Works and City Utilities seeks the Council's concurrence with the Board's action so that we may proceed with this significant system improvement and economic development opportunity.

## **DIGEST SHEET**

Department: City Utilities, Utility Administration & Development Services

Resolution Number: Board of Works Contract 2013-S-21R

Title of Ordinance: Contract for the Construction and Transfer of Sanitary Sewer Facilities 2013 – S – 21R, River Hollow Estates (Flutter Road) Lift Station and Offsite Sewer System.

Awarded To: New Venture Development Corp

Amount of Contract: (Not To Exceed) \$170,600

Number of Bidders: In compliance with State purchasing requirements, the developer obtained competitive bids from three qualified contractors; Non Collusion Affidavits accompanied each of the bid submittals.

Description of Project (Be Specific):

This Agreement calls for the construction of a regional lift station and construction of 1,887 lineal feet of 8-inch gravity sanitary sewer at a deeper elevation than needed for the development (the contract also includes the “local” sewer system to be constructed within the residential subdivision). This construction will be completed as part of and at the same of the River Hollow Estates residential subdivision. Through this Agreement, the developer of the residential subdivision is contributing costs in the amount equal to what would be necessary for the onsite lift station and will pay the entire cost of the force main to serve the residential subdivision. City Utilities cost is based on the difference between that “base system” for the residential subdivision and the actual cost of the regional lift station and deepening of a portion of the gravity sanitary sewer that will be extended and used by other real estate in the future.

What Are The Implications If Not Approved:

- The current opportunity to efficiently install the regional sanitary sewer piping in a cost effective manner would be missed. This Agreement also includes a “no-cost” use of real estate for the construction of the regional lift station that would be missed.

If Prior Approval Is Being Requested, Justify:

Not Applicable.

Additional Comments: This system will provide sewer service opportunity to properties with failed/failing septic systems and provide for future growth on surrounding real estate. The funding source for this project is Sanitary Sewer Utility funds.
