

AN ORDINANCE approving the Purchase and Installation of Yearly Maintenance for Computer Aided Police Dispatch Mobile software at a total cost of \$121,806 from and through Spillman Technologies, Inc. by the City of Fort Wayne, Indiana,

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That the purchase of Yearly Maintenance for Computer Aided Police Dispatch Mobile software from Spillman Technologies, Inc for a total of cost to the City of \$121,806 is hereby approved in all respects. That said Yearly Maintenance will be used to ensure the proper operation of the City's 911 dispatching system.

SECTION 2. That the City is authorized and directed to take all action necessary for the purchase of this system by and through Spillman Technologies, Inc.

SECTION 3. That this Ordinance shall be in full force and effect from and after its passage and any and all necessary approval by the Mayor.

Council Member

Subject: Yearly Maintenance for Spillman Mobile software

Members of City Council:

This ordinance is to authorize the purchase of yearly maintenance for Computer Aided Police Dispatch Mobile software from Spillman Technologies, Inc for the operation of the City's 911 dispatching system. This year's cost of maintenance for mobile software is \$121,806.

This payment is part of a group of four payments by the City and County to Spillman Technologies, Inc each year. Allen County and the City of Fort Wayne each paid \$88,484 for the maintenance of the main Spillman system. Allen County also pays approximately \$50,000 the maintenance of their mobile software. Fort Wayne pays more for mobile maintenance because we have more squad cars and fire trucks on the Spillman system.

In exchange for maintenance fees, the software vendors provide support for problems with the software and periodically provide new versions of the software.

Our decision to pay maintenance rests on four tests:

- Do we have a continuing internal commitment to use this software?
- Is the software vendor continuing to improve the product?
- Is the vendor useful in solving problems with the software?
- If the software fails, what's the worst case scenario?

The City and County both have substantial investments in the use of Spillman software. Spillman provides regular updates to the software and supports our day to day operation of the software.

And most important, this software is critical to daily work of police, fire, and medical first responders. Based on these factors, I strongly recommend continued funding of Spillman maintenance.

If you have any questions, please call me at 427-1461.

James Haley

COUNCIL DIGEST SHEET

Enclosed with this introduction form is a tab sheet and related material from the vendor(s) who submitted bid(s). Purchasing Department is providing this information to Council as an overview of this award.
