SECTION 2. That this Ordinance shall be in full force and effect from and after its passage and any and all necessary approval by the Mayor.

Council Member

APPROVED AS TO FORM AND LEGALITY

Carol Helton, City Attorney

CITY OF FORT WAYNE

THOMAS C. HENRY, MAYOR

Police Department • Garry A. Hamilton, Police Chief

January 26, 2015

To All City Council Members:

The Fort Wayne Police Department continues to use aircards in our vehicles to wirelessly connect our mobile data computers to the department's information database and computer-aided dispatch center. Each car has a unique aircard and there is a monthly subscription fee per card. In 2015 we will be increasing our number of aircards to include the 61st recruit class once they are off of supervised FTO status in November 2015.

The aircard service is a significant improvement over the previous modem-based/hot-spot technology. The aircard service provides increased reliability and faster transaction speeds, thereby allowing us to increase the amount of information we can push out to the squad cars. Many of the speed and connectivity issues that were problematic with hot-spot technology have been eliminated.

Officers utilize their mobile car-mounted computers to receive dispatch information, to perform various database inquiries, and to prepare reports that can be electronically routed to the central information repository and to other support agencies. By performing these tasks from their squad car, the officers can minimize their out-of-service time and be available for increased pro-active patrol and follow-up.

Sincerely,

Russell P. York
