AGREEMENT

This Agreement is entered into between the City of Fort Wayne, Indiana (“City”), the Fort Wayne Fire Department (“Department”), and the Fort Wayne Professional Fire Fighters Union, Local 124 Inc., Professional Fire Fighters Union of Indiana, International Association of Fire Fighters, AFL-CIO, CLC (“Union”).

WITNESSETH

The Members of the Department (“Members”) are engaged in providing an essential public service to the community which affects the health, safety, comfort and general well-being of the citizens of the City; and the parties hereto expressly agree to be bound by the terms of this Agreement in consideration of the premises and mutual covenants herein set forth and in further consideration of the high and proper purposes, aims and intentions of the parties hereto; and in order to achieve such purposes, the parties agree as follows:

ARTICLE 1
UNION AND CITY RELATIONSHIP

Section 1. The Union and the City agree to cooperate fully for harmonious relations, good working conditions, and fair, reasonable and impartial discipline.

ARTICLE 2
UNION RECOGNITION

Section 1. The City hereby recognizes that the Union represents a majority of the Fire Fighters of the City. The City, therefore, recognizes the Union as the sole and exclusive bargaining agent for Members in matters pertaining to rate of pay, wages, hours of employment, working conditions, and other conditions of employment and further agrees to bargain with no other such agent.

ARTICLE 3
JURISDICTION

Section 1. The bargaining unit shall be as follows: All Fire Fighters covered by the Indiana Burns Statute Pension Acts of 1937 and 1977, who are permanent and paid employees of the City wherever assigned to duty, but the following shall not be covered by this Agreement:

- A. Fire Chief
- B. Deputy Chief
- C. Assistant Chiefs

ARTICLE 4
MANAGEMENT RIGHTS

Section 1. The Union recognizes the authority of the City to hire, discipline, transfer, promote, demote, suspend and discharge, assign work and the number of hours to be worked, including overtime work, to increase and decrease the work force, to establish staffing levels per apparatus and vehicles, to establish standards and methods, transfer work or otherwise perform work in the Fire Department as required by the demands to maintain the efficiency of public safety as well as to direct the working force of the Department.

Section 2. The City, in exercising the rights set forth herein, recognizes that certain express conditions of employment are set forth in this Agreement, which limit and restrict these defined employer rights. Therefore, the City agrees that in exercising the rights herein, nothing shall be construed, or applied, in any manner which negates, modifies or supersedes the rights of Members or the Union, where such rights are expressly set forth in this Agreement.

ARTICLE 5
UNION MEMBERSHIP AND SECURITY

Section 1. All Members who are hired and who complete their probationary period subsequent to the effective date of this Agreement shall, as a condition of continued employment, either join the Union and pay monthly dues and initiation fees as required or pay an agency fee as designated by the Union.

Section 2. All Members who are hired subsequent to the effective date of this Agreement shall, as a condition of employment, sign a statement of understanding and a release from liability against the City and the Union if said Member is discharged from employment under the Union Security Article. A sample of the Agreement for Payment of Union Dues for Representation Fees appears in Appendix A of this Agreement.

ARTICLE 6
DUES DEDUCTIONS

Section 1. The City shall accept a signed dues deduction authorization or agency fee deduction authorization by any Member, active or retired, of the bargaining unit covered by this Agreement as equivalent to a continuing voucher by such Member of the bargaining unit in the amount of monthly dues, or initiation fees or assessments, and insurance premiums as applicable, and service charges otherwise due to the Union.

Section 2. Deduction of Union dues shall be made from the payroll of the first pay ending date of the month, following the month in which the authorization was received, and monthly thereafter by the same method. Deductions provided herein shall be deposited to a bank account specified by the Treasurer of the Union the same day the deductions were made and shall include all deductions requested.

The City shall furnish, with the deductions remitted, an alphabetized listing of each Member for whom a deduction is made showing the exact amount of each respective deduction made.

ARTICLE 7
DISCRIMINATION

Section 1. The City will not interfere with, restrain or coerce the Members because of membership in or activity on behalf of the Union. The City will not discriminate in respect to hire, tenure of employment or any term or condition of employment against any Member covered by this Agreement because of membership in, or activity on behalf of, the Union, nor will it discourage or attempt to discourage membership in the Union or attempt to encourage membership in another union.

Section 2. The City and the Union agree that it will not discriminate against any applicant for employment, or any present Member, in the payment of wages, assignment to jobs, seniority, promotion, demotions, training, transfers, layoff, recall, discipline, discharge, pension benefits, working hours, physical facilities, retirement age, insurance coverage, job classification, classified advertising, recruitment, testing, or any other term, condition or privilege of employment, because of race, color, religion, sex, national origin, political affiliation or activities, or occupationally irrelevant physical handicap, or the exercising of any rights under the grievance procedure, and protection from reprisal for lawful disclosure of information.

Section 3. The City further agrees that any violation of Title VII of the 1964 Civil Rights Act as amended, the Equal Pay Act as amended, or Executive Order 11246 as amended, will be deemed a violation of this Agreement and subject to the grievance and arbitration provisions embodied in this Agreement. However, no duty to arbitrate such a claim shall exist if the Member involved files an administrative claim or civil action with respect to the claimed violation.

Section 4. If any provisions herein should be determined to be in a conflict with the federal American with Disabilities Act ("ADA"), the applicable provisions of the ADA shall control. Any dispute as to any provision of the ADA superseding any provision herein shall be subject to the grievance and arbitration provision embodied in this Agreement unless prohibited by the ADA.

ARTICLE 8
UNION LEAVE

Section 1. The President of the Union ("President") has the option of working a 40-hour (full time) schedule or continuing in his/her most recent assignment. The President shall decide prior to vacation draw of the current year whether the President's position will be a full time position or whether the President will continue to serve in his/her most recent assignment with the Department, so he/she is able to conduct Union business for the following year. Failure to declare which option prior to the first day of vacation draw will result in the President continuing to serve in his/her most recent assignment.

Section 2. The President may be a full time (40-hour) position, so he/she can conduct Union business. These matters shall include, but not be limited to, contract interpretation, grievance matters and to further promote harmonious relations between management and the Union. While engaged in such matters, the President shall not suffer any loss of seniority or loss of financial remuneration.

The President shall continue to be compensated as a full-time Fort Wayne firefighter employed by the City.

The President's eligibility for promotional examinations shall not be affected by his/her Presidential duties. The last evaluations used in his/her last promotional exam/process prior to becoming the President or prior to the President's position being established as a full time shall be used for any subsequent promotional exam he/she may take.

The President shall utilize Telestaff to log hours worked, vacation time, personal time and sick time. The President shall work a standard 8-hour shift, 40-hour schedule with daily start and finish times being the same as the Fire Administration's established hours. Days off and other benefits shall be the same as those established for 40-hour employees.

The President shall continue to participate in any legally mandated training including training that would maintain a required certification. The President shall also continue to comply with Department rules, regulations and grooming standards that are not inconsistent with Union activities.

The President shall not be allowed to exchange work time with full time, sworn Members of the division he/she was assigned to prior to becoming President.

Once the President assumes office, he/she will remain at the pay level he/she was entitled to according to rank. However, the President shall be entitled to any annual wage increase received by other Members. He/she shall also continue to be afforded all rights and privileges provided to other Members.

The Union President may also serve the Fire Department and City by working to maintain employee morale, coordinating committees, researching safety measure/protocols, facilitates grant assistance through the IAFF, and provides an opinion on best practice policies and procedures. Additionally the Union President facilitates further understanding among bargaining unit members of rules/policies implemented by the Administration.

Section 3. In the event the President chooses to work the full time (40-hour) position, the Union shall have a time bank of 1800 hours to be used by representatives for Union activities.

Section 4. The President may choose to continue his/her normally assigned duties with the Department. The President shall be granted paid time off as reasonably needed without the loss of pay to attend to the duties of his/her position for up to eight (8) hours per shift if assigned to 24/48 schedule and for up to four (4) hours per day if assigned to a 40-hour position during his/her assigned on-duty schedule without charge of those hours to the time bank.

Section 5. In the event the President chooses to continue to work his/her normally assigned duties, the Union shall have a time bank of 2400 hours to be used by representatives for Union activities.

Section 6. State and Local Officers (President, Vice President, Secretary, Treasurer and Trustees) of the Union shall be granted time off without loss of pay as needed to attend to Union activities, provided prior written request is received by the Fire Chief or his/her designee. In emergency circumstances, when prior

written notice cannot be given, the Union will give prior oral notice followed by written notice as soon as possible.

A minimum of two non-officer members of the Union shall be granted time off as needed to attend Union activities at the request of the President provided the request is made seventy-two (72) hours prior to the date and time the time off is to be used and further provided that the request does not interfere with any prescheduled Department events such as scheduled training, or with manpower needs associated with a declared emergency. Any denial of requested time off subject to the Chief's discretion may be based on the ability of available personnel to provide required services but may not be based on any contractual obligation to pay overtime under Article 19 Section 5.

The Chief shall have the discretion to allow more than two non-officer members of the Union time off to attend Union activities or to deny any time off if less than seventy-two (72) hours of notice is provided. However, such discretionary approval shall not be arbitrarily withheld.

Section 7. A minimum of one Member per day, as designated by the President, shall be granted time off as reasonably needed without loss of pay to represent the Union and the Department at any Line of Duty Death funeral in contiguous states to which the Union desires to send representatives.

A minimum of two Members per day of the Honor/Color Guard shall be granted time off as reasonably needed without loss of pay to perform at funeral showings or services or other activities as requested by the Fire Chief or the President.

Section 8. No deduction in wages shall be made against Union representatives in connection with legitimate collective bargaining business or grievance handling, including impasse procedures or for investigating potential grievances or problems which could prevent disruptions of harmonious relationships desired by both the City and the Union. The Union is entitled to a negotiating team of not more than four Members. Every effort shall be made to mutually agree to schedule meetings when the smallest number of Members of the negotiating team shall be on duty.

Section 9. The City shall recognize grievance representatives as designated by the Union in writing. Union representatives shall be afforded such reasonable time as needed to carry out their grievance responsibilities. Any grievance representative who finds it necessary to leave his/her workstation to transact legitimate grievance business may do so after notifying his/her supervisor who will release him/her in a reasonable amount of time. The representative will notify the supervisor of the legitimate grievance business. The Union agrees to make reasonable effort in the conduct of grievance matters to minimize interference with production and the orderly operation of the City, and further agrees that alternates will process grievances only in the absence of the representative. No deduction in wages shall be made against Union representatives for time spent in meetings with Management.

ARTICLE 9

GRIEVANCE AND ARBITRATION PROCEDURE

Section 1. Grievance Defined: Should any dispute or difference ("grievance") arise between the City or its representative and the Union as to the meaning and application of any provision of this Agreement, such grievance shall be settled in accordance with the Grievance Procedure. Suspensions, dismissals, and reductions in grade cannot be grieved or arbitrated. Any matters governed by statutory provisions shall not be considered grievances and subject to the grievance procedure herein.

Section 2. First Step: The complaint of the Member shall be presented to the Fire Chief or his/her designee in writing within thirty calendar days following knowledge of the action giving rise to the grievance. If the grievance relates to the announcement or proposal of a change or modification claimed to be in conflict with the application of any provision of this Agreement, the date of the "action giving rise to the grievance" shall be the first date of the implementation of the change or modification, and not the date of the announcement or proposal of the change or modification.

The grievance shall be detailed on an approved grievance form provided by the Union and shall be signed by the aggrieved employee and a Member of the Union Executive Board or its designee. The Fire Chief or

designee shall thereupon arrange a meeting with the aggrieved Member and/or any Union representative to help present his/her case. Said meeting shall be held not later than ten calendar days after the Fire Chief or designee has received the written grievance. The Fire Chief or designee shall give a written answer within ten calendar days after this meeting. Reasonable effort shall be made by management to conduct all grievance meetings on a scheduled workday of the grieved employee between the hours of 8:00 a.m. and 5:00 p.m.

Section 3. Second Step: If the grievant is not satisfied with the result of Step 1, the grievance shall be advanced to Step 2 within ten days of the written answer, by the Union Representative, who will discuss the grievance with the Director of Human Resources, or his/her representative. Within ten days, the Director of Human Resources or his/her representative shall give a written answer to the Union. If the position of Director of Human Resources is not filled by the City, the second step process will be to advance the grievance to the Chief of Police.

Section 4. Third Step: If the grievant is not satisfied with the result of Step 2, the grievance shall be presented to the Deputy Mayor of the City by a representative of the Union Executive Board within ten days after the written answer. The Deputy Mayor will assign a Hearing Officer. A meeting between the Hearing Officer and Members of the Union Grievance Committee shall be scheduled after delivery of the grievance. If the grievance is not settled at this meeting, the Hearing Officer shall give his/her written answer at the next scheduled meeting. Nothing in Step 3 shall prohibit the Fire Chief, or his/her designated representative, from meeting with the Union representative and settling the grievance during this time period.

Section 5. Arbitration Procedure: If the above procedure has been followed and the parties are still unable to settle the grievance, the Union shall, within twenty-five days following receipt of the City's third step answer, notify the City of the Union's intent to arbitrate the dispute. Upon receipt of such notification, the City and the Union shall submit a request for a list of seven arbitrators from the Federal Mediation and Conciliation Service. After receipt of the panel of arbitrators, the parties shall draw lots to determine who shall strike the first name from the list, and then continue striking names on an alternate basis. The last remaining name shall be deemed the arbitrator by mutual consent of the parties.

The arbitrator shall not have the authority to alter, amend or change the terms or provisions of this Agreement. The answer of the arbitrator shall be in writing unless otherwise agreed on by both parties. The arbitrator's decision shall be final and binding on the parties, and in the event either party shall fail or refuse to abide by the decision of the arbitrator, the offended party can bring an action in the appropriate court. The court in its discretion will award the prevailing party reasonable attorney fees in addition to any other relief adjudged. The Union and the City shall equally share the fees of the arbitrator, including any mutually agreed upon services relating to the arbitration proceedings.

Section 6. Time Limitations: All time limits prescribed in Article 9 may be extended by mutual agreement of the parties. Failure of the party charged to respond within the time limits shall constitute a basis for escalating the grievance to the next step. Failure of the aggrieved party to process the grievance to the next step within the time limits shall constitute a basis for the party charged to deny the grievance.

ARTICLE 10
PREVAILING RIGHTS

Section 1. All rights, privileges and working conditions permissible by law enjoyed by Members at the present time which are not included in this Agreement shall remain in full force, unchanged and unaffected in any manner, during the term of this Agreement unless changed by direct order of the Fire Chief. However, prior to such changes being made, the Fire Chief shall give fourteen calendar days written notice of such change to the Union, setting forth the circumstances which necessitate the change. Upon receipt of such notice, the Union shall have the right to meet with the Fire Chief to discuss any objection to the change. Where reasonable objections are made by the Union, the Fire Chief shall make a reasonable effort to satisfy such objections.

ARTICLE 11
WAGE AND MONETARY FRINGE NEGOTIATIONS

Section 1. The City and Union agree to commence negotiations for wages and monetary fringe benefits no later than the first week in March of the final year of the Agreement. Notification shall be in writing.

Section 2. The City shall allow the Union use of the City email system to circulate correspondence related to Union business to the membership.

Section 3. The Union shall be provided a site on the Department's network to post Union documents or forms of interest to the Members. Such documents may include, but not be limited to: the Collective Bargaining Agreement, the Union's Constitution & By-Laws, grievance forms, payroll deduction forms, etcetera.

Section 4. Notices or material posted on bulletin boards and the Department's network shall be subject to review by the Fire Chief or his/her designee and bear the legible designation of the person responsible for placing such notice or material. Notices or material shall not contain anything reflecting adversely on the City or any of its officers. Notices posted must be dated and bear the signature of the President or his/her authorized representative such as other Union Executive Officer, Station House Steward or Station House Captain.

ARTICLE 13
OUT OF DEPARTMENT TRANSFERS

Section 1. No Member shall be transferred out of the Department, unless mutually agreed upon by the City and the Union, to any department not directly related to Fire Fighting, Fire Apparatus Repair, Fire Communication, Fire Alarm System Repair, Fire Training, and Fire Prevention, or any other service which is not recognized under Indiana state statute as a responsibility of a Fire Department or the Fire Chief. Any Member who is transferred within the guidelines established and answering all requirements for the job transferred to, and who within six months, is determined not to have the ability to perform such job shall be advised of the specific reasons resulting in the disqualification. The disqualified Member shall have the right to return to his/her previous job and pay without prejudice. Members transferring to non-combat positions within the Fire Department may be required to agree to remain in the division transferred to for no more than two years before requesting a transfer back into the combat division.

Section 2. No Member shall be required to perform the duties of a position under the jurisdiction of any other union.

Section 3. No Member shall be required to perform any duties related to annual fire hydrant maintenance.

ARTICLE 14
EDUCATIONAL ASSISTANCE

Section 1. The City will make educational assistance/tuition reimbursement for attending classes available to a Member related to the duties of his/her position. A Member shall be reimbursed the cost of the class upon providing the Fire Chief or his/her designate proof of successful completion of the class and receipt of payment. Successful completion shall be evidenced by a grade of "C" or above in graded classes, "Pass" in Pass/Fail classes, or the certificate or license granted as appropriate. Members must obtain prior written approval for the class from the Fire Chief to be eligible for reimbursement. The Department will allow a Member necessary time off without loss of pay to attend approved classes if minimum manning levels are not compromised.

Section 2. An annual educational bonus of \$450.00 shall be paid to any Member who has attained a degree from an accredited institution. To obtain a bonus initially, a Member must submit a copy of his/her diploma to the Fire Administrative Office by November 1st. Bonuses for that year as well as subsequent years will be paid on or before November 30th.

Section 3. The City agrees to provide on-duty in-service training, at no cost to Members to allow them to maintain their emergency medical service or other duty-related technical field certifications as required by the Department for as long as the Department continues to respond to medical emergencies in the community. In the event the City discontinues EMS service/responses, EMT certifications would no longer be a requirement. Off-duty mandatory training outside of regularly scheduled work hours required by the Fire Department will be compensated at the overtime rate. Off duty training must be approved by the Fire Chief.

ARTICLE 15 **INSURANCE**

Section 1. Life insurance for actively employed Members shall be provided in the amount equal to a 1st Class Firefighter's annual salary double indemnity. As of September 8, 2011 life insurance for dues-paying retired Members shall be provided in the amount of \$17,500.

Section 2. The City shall offer health and dental insurance coverage for active Members and their dependents to the extent not in conflict with City ordinance regarding spousal coordination of benefits. A representative of the Union, as designated by the President, shall be included in the process of the examination of factors affecting future increases in the rates that Members will be assessed.

Section 3. The surviving spouse and dependent children of Members who die while actively employed shall be provided health insurance at no cost to them. The policy granted shall be the same as that carried by active employees. This coverage shall remain in effect until the spouse is eligible for Medicare or in the case of children until the age of twenty-six (26).

Section 4. Members retiring prior to 1-1-2005 shall be entitled to health insurance retirement benefits as detailed in the Agreement in effect upon the date of their retirement.

Section 5. Members who retire with twenty years of service or more after 1-1-2005 shall be provided health and dental insurance coverage. The policy granted with no premium cost to the retiree shall be the lowest deductible plan. The Member may elect to participate in another plan available to active Members and pay the premium rates equal to active Member rates. For Members hired after 1-1-2014, retiree health insurance premiums are fully funded by the probationary firefighter pay scale and secure insurance at no cost upon retirement. Retired member's spouses shall be covered under the policy regardless of the spouse having qualifying insurance from another employer.

Section 6. Members who terminate service due to a job-related disability pension shall be provided health and dental insurance coverage. The policy granted with no premium cost to the Member shall be the deductible plan that the Member has elected three out the last five years prior to service termination due to job-related disability pension.

Section 7. The insurance plans offered to retired Members shall be the same as those offered to active Members, and shall continue to be offered to the retiree until the retiree becomes eligible for Medicare. In the event the City discontinues the specific plan in which the retiree is enrolled, the retiree shall be permitted to enroll in an available plan which most closely resembles, in benefit options, the plan in which the retiree was previously enrolled.

Coverage will be provided for the retiree's eligible family members as of the time of retirement. While family members will be removed from the plan due to age (dependents on their 26th birthdays) or divorce, new members (new spouse or stepchildren) in the family cannot be added.

If the Member's spouse has not yet reached the eligibility age for Medicare at the time the Member becomes eligible, the spouse's coverage will continue to be offered by the City until the spouse becomes eligible for

Medicare. In the event the Member dies while eligible for this benefit, the surviving spouse shall be allowed to continue to participate in this benefit until he/she becomes eligible for Medicare.

Section 8. Should either the state or federal government pass legislation mandating all employers to participate in a national or statewide health care plan, the City's contributions for the Members' health care that were negotiated into this Agreement prior to the passage of such state or federal law shall continue to be a part of the Agreement. The City's contributions shall first be applied to the premium cost of the state or federal plan. Any remaining amount shall be used to purchase supplemental coverage for those items covered under the current health care plan that may not be equally covered under any state or federal mandated plan.

ARTICLE 16
PHYSICAL EXAMINATION

Section 1. The City shall continue its practice of providing an annual physical to each Member at no cost to the Member. No changes in the components of the physical shall be made without 30 days prior notice to the Union. The physical will be scheduled for on duty time. Section 3. Additional diagnostic tests that are required by the City Physician and are needed to determine a Member's fitness for duty will be paid by the Department. Treatment for a non-duty related diagnosis shall be paid by the Member or his/her health plan.

Section 4. The City will use its best efforts to continue to pursue implementation and maintain the Wellness-Fitness standards established by the International Association of Fire Chiefs and the International Association of Fire Fighters.

Section 5. Retired or disabled members may elect to participate in an annual physical examination at the City's negotiated rate pursuant to their City provided insurance plan.

ARTICLE 17
STATION BID

Section 1. "Station bid" as defined in this Article shall mean that non-ranking Members in the Combat Division shall have the right to bid for the station that they would most like to serve. Department seniority shall prevail in bidding for job openings within the Combat Division.

Section 2. The Fire Chief or his/her designated representative shall record all bids and observe the engine houses as they fill to ensure shift equality. Once the bids have been completed, those jobs shall be held until a job opening occurs.

Section 3. The City recognizes the following positions available in the Combat Division for the bid and bump system:

3 bid spots per apparatus
2 assigned positions per apparatus (1 officer, 1 paramedic/advanced-emt)
Minimum of 4 people per day per apparatus, extra personnel will be shipped out to cover vacancies per ship out policy. Assigned positions take priority over bid positions.

- E. Members with bid rights may elect to bid Temporary Duty (TDY) status on a given shift thus surrendering their current bid assignments. These Members are subject to all rules outlined in this Section.
- F. A vacant position may be filled temporarily by the Fire Chief using any Member on that shift who is not holding a permanent bid position. The position will continue to be listed in bid postings as available and may be bid upon during the posted bid periods.
- G. Members must bid for jobs on forms approved by the Department, in person, by signature, and will receive a receipt to show that he/she has placed a bid. The Member will retain the original and the person issuing the receipt will forward the copy to the Fire Chief or his/her designee. A Member may remove his/her name from the bid by submitting a desire to do so via email to the Fire Chief or his/her designee while the bid is still open.
- H. A temporary job opening is defined as one resulting from sickness, injury or other leave of absence that will have a duration of not more than one year. These temporary job openings may be filled at the Fire Chief's discretion by non-bid personnel.

- M. Nothing in this Agreement shall prevent the City from creating new job classifications or extending or decreasing existing job classifications provided each new job classification is posted for bid in accordance with the bidding procedures described herein.

ARTICLE 18
BUMP SYSTEM

Section 1. In the event it becomes necessary to close an engine house, put a manned piece of apparatus out of service, or a Member is removed from or voluntarily resigns his/her position rank, those Members affected shall be afforded the right to exercise their seniority and bump into existing jobs providing they meet the job specifications. Those Members displaced by being bumped shall then exercise their seniority rights for jobs in like manner. Failure to exercise these rights within fourteen calendar days after notification will result in losing of the right to bump. This bump system pertains only to those positions identified in Article 17, Section 3.

Section 2. Once the decision has been made to displace a Member, the station affected will be notified. Members at the station will be given 72 hours to make a decision to stay in their bid positions or accept the bump.
