**RESIDENTIAL SOLID WASTE AND RECYCLING  
COLLECTION SERVICE AGREEMENT**

THIS RESIDENTIAL SOLID WASTE AND RECYCLING COLLECTION SERVICE AGREEMENT ("Agreement") is entered into by and between the City of Fort Wayne Board of Public Works (the "City"), GFL Environmental USA, Inc. ("Contractor") and GFL Environmental Inc., an Ontario business corporation ("Guarantor"), on this 10<sup>th</sup> day of May, 2022. Capitalized terms used and not defined herein shall have the meanings assigned to them in Appendix A attached hereto.

**BACKGROUND**

A. City desires to retain Contractor's services for the collection and transportation of solid waste and recycling in the geography of Fort Wayne, Indiana, as noted on Exhibit A, attached hereto and made a part hereof (the "Service Territory");

B. Contractor has been determined to be qualified for such work based on Contractor's bid price, prior experience, financial status and available equipment; and

C. Contractor and City have mutually agreed to the negotiated terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the mutual promises herein after contained, the parties do hereby agree as follows:

**1. SERVICES TO BE PROVIDED BY CONTRACTOR**

A. General Scope. Collection shall be alley collection where alleys are available unless the Issuing Office shall mandate curbside pickup because of conditions in the specific alleys. All other collection shall be curbside collections. It will be the resident's responsibility to see that carts and bags are placed in the appropriate curb or alley location as close as practical to vehicle routes by 6:00 a.m. on the designated collection day. Curbside will refer to that portion of the right-of-way adjacent to and within five (5) feet of paved, traveled roadways. If vehicles are parked in front of Trash carts, Bags, etc., the Contractor is expected to walk the items from around the vehicles for collection. Alley-side will refer to as close as possible to the alley but not more than five (5) feet from the alley, and where a fence exists, the alley-side of the fence. In instances where there is inadequate space between the fence and the alley way for the City cart, the resident will be allowed to place their cart at the curb for collection. The City will make this determination. All dwelling units located on private streets must place their Trash and Recycling carts at the end of their private street for collection, provided that, Contractor shall provide Collection Services down the length of all private streets upon which dwelling units currently receive Collection Services, where, for the avoidance of doubt, residents of such dwelling units may continue to place their carts at the curb or end of their respective driveway for collection. The City and Contractor will review any additional private streets added to the Service

Territory during the term of this Agreement to determine in good faith whether Collection Services will be provided at the end of the private street or down the length of the private street. In addition, property owners of dwelling units meeting this criteria must have a signed waiver provided by [the City/Contractor] authorizing Contractor to enter said private drive and releasing Contractor from any damage that may occur to their property while providing Collection Services.

A map of current collection days for Trash and Recycling Collection Services is provided in Exhibit B. This exhibit also denotes alleyways. Any change in the scheduled days of collection will be subject to City approval, which will not be unreasonably withheld. Should the Contractor decide to change the current collection days, a detailed written plan for implementing the change in service days must be submitted to the City sixty (60) days in advance of the effective date of the planned change in service. Contractor will be solely responsible for all costs associated with notifying residents of a change in their collection day. Process of notification must be approved by the City.

- B. Hours of Collection. Trash and Recycle collections shall be made between the hours of 6:00 a.m. – 6:00 p.m. Monday through Friday and 6:00 a.m. to 12:00 noon on Saturday if the need arises. The hours of operation for the Disposal Site, Transfer Station and Material Recovery Facility (“MRF”) will be Monday – Friday 6:00 a.m. to 6:00 p.m. and Saturday 8:00 a.m. – 12:00 noon.

In the event of extreme hot or cold weather, the City may adjust the collection hours at the written request of the Contractor. The City reserves the right to approve of any adjustments prior to those taking effect. Contractor will be solely responsible for all costs related to any necessary communication to residents as a result of such adjustment. In the event of inclement weather, the City will discuss impending weather conditions with Contractor, other area haulers and municipalities to determine whether Trash and/or Recycling collection cancellations are necessary or advisable. The City reserves the right to make the final determination on any cancellations. In the event Collection Services are cancelled for two (2) consecutive days, bidder will not be required to provide Trash and/or Recycling Collection Services for the collection routes scheduled for the days upon which Collection Services were canceled. For example, if collections are canceled on Monday and Tuesday, on Wednesday Contractor would be responsible for providing the Collection Services to the collection routes scheduled for Wednesday only. The collection routes scheduled for Monday and Tuesday, the days Collection Services were canceled, would not be serviced until the next collection week.

- C. Trash and Recycling Carts. The City supplies and maintains all Trash and Recycling carts for residents. The City will provide 96-Gallon Container(s) or 48-Gallon Container(s) to each Single -family Dwelling and Multi-family Dwelling for Trash and Recycling Collection Services. Multi-family Dwellings, 2 – 4 units, will be given two (2) 96-Gallon Containers for trash and up to four (4) 96-Gallon Containers for recycling. All City carts are Toter brand carts. Trash carts will

have a black lid and recycle carts will have a yellow lid. Residents are allowed to rent additional City Trash carts for \$2.00 per cart per month. Residents are not charged for additional recycle carts requested.

The Contractor must empty all carts on their proper collection day using some form of automation. Carts are not to be hand emptied by the Contractor. All carts and containers must be returned to the place where the residents originally set them out for collection. Contractor shall return carts at or near the location the cart was originally placed by the homeowner and shall not leave carts and containers in the middle of driveways, alleyways, etc.

In the event Contractor cannot service a dwelling for reasons such as unacceptable items, contamination, cart placement, etc. the Contractor must place a tag on the cart informing the resident the reason the cart or item was not taken. Contractor shall be responsible for production and printing cost of the tags.

Trash and Recycling carts shall be maintained, repaired and/or replaced by the City as is necessary. Such replacement carts shall be property of the City in the same manner as all of Trash and Recycling carts described herein.

- D. Cart Limits Plus Three (3) Bags Trash Collection Requirements. Residents will only be allowed to set out trash in a City provided Trash cart plus an additional three (3) plastic trash bags or three (3) yard waste bags, or a combination of plastic bags and yard waste bags (collectively, "Bags"). The City will not have a requirement that the lid be closed on the City cart at the time of collection, but will work with the Contractor in the event a resident continually overloads the cart.

Bags must be 33-gallon garbage bags or biodegradable lawn and leaf bags and may not exceed thirty-five (35) pounds in weight per bag. No Hazardous Waste will be accepted for collection. Latex paint that has been dried out and placed in the Trash for collection is acceptable.

The City has a sixty (60) pound limit on the amount of Construction and Demolition Debris that can be set out by residents for collection each week. All Construction and Demolition Debris must be containerized in Bags or in the City cart. Residents will not be allowed to set out cement, concrete, bricks, asphalt, rock, stone, landscape stone, and any other material deemed unacceptable by the City for collection.

Yard waste is accepted with Trash collection. Yard waste can be placed in Bags set out for collection (subject to the 3 Bag limit provided above). Small amounts of leaves may be set out for collection as long as they are mixed in with the regular Trash or yard waste. Due to the state ban on leaves in landfills, the City Street Department collects leaves for residents in the fall from November through December.

- E. Recycling Collection Requirements. The recycling program is an "opt-in" program with recycling collection on a bi-weekly basis. The City designates the different collection weeks by using an "A" and "B" week schedule. Contractor will be required to provide recycling collection according to this bi-weekly schedule. At present, the City estimates that eighty thousand (80,000) recycle carts are in service.

Contractor is also responsible for collection of the Single Stream Recyclable Materials from the public receptacles. Collection of these public receptacles will be one (1) time per week. This may increase to daily collection during festivals and other events designated in advance by the City. The City will negotiate with the Contractor regarding collection days of these receptacles. In the event contamination of Recyclables becomes an issue, the City may remove these containers at any time. Exhibit C provides the locations of existing recycle receptacles. In addition, the Contractor would be responsible for collection of Recyclables from receptacles at any new locations the City chooses to place public receptacles.

Single-Stream Recyclable Materials are defined as: aluminum, aluminum foil and foil pans, steel, empty steel paint cans, tin, and bimetal cans; plastic (#1, #2, #3, #4, #5, #6 and #7); glass containers (amber, clear, blue, and green in color); cardboard, fiberboard, cartons, newspapers, mixed paper, magazines, phone books, and catalogues; but not limited to these items. Every two (2) years, materials may be added or deleted from the recycling program based on the market value of the materials. Any changes to the recycling program must be agreed upon in writing by both parties, which agreement shall not be unreasonably withheld. The Contractor will also provide collection of Single-Stream Recyclables to all City Department Facilities. The City will provide 96-Gallon Container(s) to these facilities. Exhibit D gives the location and frequency of collection for the City Facilities.

- F. Special Assistance Collection. A special assistance list ("Assist List") will be maintained by the City for elderly and handicapped persons requiring assistance for collection of Trash and/or Recyclable Materials. Residents must live alone and have a doctor's note to be on the assistance list. Assist List customers will be allowed to place their Trash and/or Recycling cart on the porch, in front of the garage, or at the side of the house for collection. Assist List customers with alley collection may set carts behind their home or at the side of the home for collection. Contractor will need to return the carts to the place where the carts are set out for collection. Residents will be added to and removed from the Assist List as the need arises. Some assist customers will be allowed to set Trash out in bags for collection due to their inability to maneuver a City cart.

## 2. SUBCONTRACTORS

The Contractor shall not be permitted to subcontract, assign or delegate any of the services to be provided by Contractor under this Agreement without the City's express written consent, which

permission shall not be unreasonably withheld, and provided that at no time during the term of this Agreement shall Contractor subcontract more than ten percent (10%) of the Work (such determination to be made on the basis of the Contract Price for the applicable Contract Year). The City requires that all Subcontractors possess the same qualification, experience, bonding and insurance as the City requires of Contractor. In the event that the City approves of any such subcontracting, assignment of delegation, Contractor shall remain solely responsible for managing, directing and paying the Subcontractors. The City shall have no obligation whatsoever to such persons. Contractor shall take sole responsibility for the quality and quantity of any services rendered by such persons. Any consent given in accordance with this provision shall not be construed to relieve Contractor of any responsibility for performing its obligations under this Agreement.

### **3. HIRING OF EXISTING PERSONNEL**

Contractor shall use its best efforts to hire current employees of Red River Waste Solutions LP ("Red River"), provided they meet Contractor's employment requirements. The City shall coordinate a meeting for any interested current Red River employees where the process by which current Red River employees may apply for positions with Contractor will be detailed. Attendance at said meeting will be required of the Contractor, a representative of the City, and a representative of Red River. Interviews with employees will be held outside of their normal working hours as to not disrupt their current collection duties. All efforts will be made by City and Contractor to avoid any interruption of Collection Services during the period in which collection services transition from Red River to Contractor.

### **4. [INTENTIONALLY OMITTED]**

### **5. GUARANTY**

GFL Environmental Inc. shall execute and deliver to the City a Guaranty, dated as of the date of this Agreement, in form and substance as set forth on Exhibit E, attached hereto.

### **6. TERM**

The initial term of this Agreement shall be for a period of eight (8) years, beginning July 1, 2022 and ending on June 30, 2030 (the "Initial Term"). The City shall retain the option to extend the term of this Agreement for an additional two (2) year period, commencing at the end of the Initial Term. The City shall provide written notice to Contractor of its election to extend the Agreement no later than one hundred eighty (180) days prior to the expiration of the Initial Term. In the event that the solid waste contract procurement laws then in effect in the State of Indiana allow for negotiation of contract terms and extensions, the City reserves the right to negotiate these term limits and services.

### **7. MISSED COLLECTIONS**

The City shall deliver an email to the Contractor each day listing all missed collections reported to the City 311 call center. The presumption shall be that all missed collections reported to the City are accurate and the Contractor shall bear the burden of disproving a missed collection. The Contractor shall, by 5:00 p.m. the following day, collect such missed collection. Missed

collections reported to the Contractor on Friday must be collected by 5:00 p.m. on Saturday. In the event a resident reports a missed collection online by the appropriate means to the City after the City's normal operating hours, the City will forward such emails to the Contractor, and the Contractor shall collect the corresponding missed collection by 5:00 p.m. the following day, provided such emails are delivered to the City at or prior to 11:59 p.m. on Friday. Any misses from the previous week reported to the City 311 call center or by the appropriate online means after 11:59 p.m. on Friday and before 10:00 a.m. on Monday mornings will be reported to the Contractor immediately. Contractor must collect these misses by 5:00 p.m. on Monday. Contractor is further required to provide the City with a daily written report (the "Daily Miss Report") detailing the status of all missed collections reported to Contractor the previous day (or, in the case of the Daily Miss Report to be delivered to the City on Mondays, after 11:59 p.m. on Friday and before 10:00 a.m. on Monday)

The City's reporting requirements contained in this Section 7 may be accomplished by an alternative method of communication in the event the City's 311 call center undergoes technological advances or changes, including, but not limited to, advances that permit direct integration of the City's 311 system with the Contractor's internal routing systems. Contractor's obligation to deliver a Daily Miss Report will not be altered by any changes to the method by which missed collections are reported to Contractor.

## **8. PERFORMANCE REQUIREMENTS**

- A. Fines. It is the intent of the parties to ensure that the Contractor provides high quality Collection Services to the City. To that end, the Contractor shall provide services in accordance with this Agreement and within the time limits set forth in this Agreement. The City and the Contractor agree that Contractor's failure to perform in accordance with this Agreement causes the City to incur damages which will be difficult, if not impossible, to calculate; and for that reason, the City and the Contractor agree that the following amounts are reasonable estimates of such damages and shall constitute liquidated damages, and not penalties. Therefore, if the Contractor fails to perform in accordance with this Agreement except in the case of a Force Majeure event, the City, without waiving other remedies it may have under this Agreement, and without reducing Contractor's obligations to provide quality service, may deduct from any amount otherwise payable to the Contractor the amounts in accordance with the following:
1. Contractor shall be deemed to have failed to provide Collection Services when it fails on any collection day to collect and remove Trash and/or Recycling from any dwelling unit or collection stop on or along Contractor's route for that collection day if the Trash and/or Recycling was correctly and timely placed or presented for collection. Contractor's failure to correct such missed collection of Trash and/or Recycling by 5:00 p.m. the following day as specified in Section 7 above shall constitute a "Miss." The corresponding fine will be \$100 per Miss.
  2. Failure of Contractor to submit a Daily Miss Report. Fines shall be \$50 per day.

3. In the event Contractor fails to collect and remove Trash and/or Recycling from a dwelling unit on their scheduled collection day three (3) or more times within any three (3) month period, Contractor shall be subject to a fine by the City in the amount of \$50 per dwelling unit not collected.
4. Failure to maintain vehicles in a reasonably clean and safe working condition. Fines shall be \$25 per vehicle per occurrence.
5. Contractor must at all times maintain a minimum daily completion rate of 97% on a rolling six (6) months average for collections on the scheduled collection date for Trash collections, and a minimum daily completion rate of 97% on a rolling six (6) month average for collections on the scheduled collection date for Recycling collections. If Contractor does not maintain the 97% completion rate for Trash or Recycling collections for any rolling six (6) month period, the Contractor may be fined (i) 5% of the aggregate monthly invoice for both Trash and Recycling for the first violation, and (ii) 10% of monthly invoice for both Trash and Recycling for each additional violation. In the event of a violation under this Section 8(A)(4), Contractor shall have thirty (30) days to reestablish a completion rate of at least 97% on a rolling six (6) month average for each of Trash and Recycling collections. Contractor's failure to reestablish a completion rate for both Trash and Recycling collections of at least 97% on a rolling six (6) month average following this thirty (30) day period shall constitute an additional violation. In any event, Contractor can only be deemed to be in violation of this Section 8(A)(5) once every thirty (30) days.
6. Commingling Trash with Recycling or other inappropriate materials.  
  
\$500 per incident, plus Contractor shall separate the commingled waste as needed.
7. Commingling and delivering to the disposal facility waste materials collected pursuant to this Agreement commingled with waste materials collected by Contractor outside of this Agreement, regardless of whether collected inside or outside Contractor's Service Area.  
  
\$2,500 for each truckload.
8. Willful neglect of and/or damage to City carts.  
  
Carts damages or destroyed by Contractor shall be replaced by Contractor at cost.

To account for initial startup implementation, the City will allow a moratorium of the fines listed in Sections 8(A)(3) and (A)(5) for the six (6) month period from July 1, 2022 to December 31, 2022.

The City and Contractor agree to work together in good faith to provide and share information relevant to both parties to address missed collections in a timely and efficient manner to minimize fines and improve customer service.

- B. Default. The City may declare, at its election, a default in the event of: (i) failure of Contractor to provide the Performance Bond (both the initial Performance Bond and the renewals for each Contract Year) as required by Section 13 below when due, after five (5) days' written notice; (ii) failure of Contractor to provide insurance as required hereunder, when due, after five (5) days' written notice; (iii) any voluntary or involuntary filing by or against Contractor for bankruptcy protection, insolvency or similar proceeding, or if Contractor consents to the appointment of, or taking of possession by, a receiver (or similar official) of Contractor's operating assets or any substantial part of Contractor's property, or if Contractor shall make any general assignment for the benefit of Contractor's creditors; (iv) failure of Contractor to make any payments owing to the City under the Agreement within thirty (30) days after written notice; (v) failure of Contractor to perform any other material covenant, condition or obligation under the Agreement unless Contractor shall materially cure or remedy such failure within thirty (30) days' of receipt of written notice from the City specifying in detail the nature of such default; (vi) Contractor incurring fines under Section 8(A) of this Agreement three (3) times or more in any six (6) month period or five (5) times or more in any twelve (12) month period (each of items (i) through (vi) above, an "Event of Default").
- C. Right to Perform. The City reserves the right to perform or cause to be performed all obligations of Contractor under this Agreement, at Contractor's expense, in the event that Contractor does not perform the Agreement in a satisfactory and timely manner.
- D. Termination. Following an Event of Default, the City may, at its option, elect to terminate this Agreement by delivering to the Contractor a written notice of default detailing the City's intention to terminate this Agreement. Contractor shall then have twenty (20) business days to provide the City with a detailed plan to cure such default to the City's satisfaction. City shall then review the plan and notify Contractor whether or not such plan has been approved. If the Contractor's plan for cure is approved, Contractor shall commence cure efforts. However, in the event the plan for cure is denied in the City's reasonable discretion, Contractor fails to timely deliver a plan for cure, or Contractor fails to timely commence or complete cure efforts following approval of the plan for cure, the City shall be entitled to terminate this Agreement effective immediately upon delivery of notice to such effect to Contractor. Upon termination of this Agreement, the City shall be entitled to reimbursement under the Performance Bond for all damages, costs or expenses incurred by City in securing alternate Collection Services acceptable to City.

Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the City are at any time during the Term of this

Agreement insufficient or not forthcoming through failure of any entity to appropriate funds or otherwise, then City shall have the right to terminate this Agreement without penalty by giving written notice to Contractor documenting the lack of funding, in which instance, unless otherwise agreed to by the parties, this Agreement shall terminate and become null and void on the last day of the fiscal period for which appropriations were received. The City agrees that it will make its best efforts to obtain sufficient funds, including but not limited to, requesting in its budget for each fiscal period during the term of this Agreement sufficient funds to meet its obligations hereunder in full.

- E. Temporary Possession of Contractor's Equipment. Following an Event of Default, which is not cured by Contractor as provided above, the City shall have the right to rent or lease the Equipment from the Contractor for the purpose of collecting, transporting and processing materials which Contractor is obligated to collect, transport and process pursuant to this agreement for a period not-to-exceed six (6) months. If the City exercises its rights under this Section, the City shall pay the Contractor the reasonable rental value of the Equipment and shall maintain the Equipment in good working order consistent with the condition of the Equipment at the time the City took control under this Section 8. The City's right to use the Equipment shall further be as is set forth in the Equipment Use, License and Lease Agreement attached as Exhibit F (the "Equipment Lease Agreement"). Contractor shall cause its Equipment lender and/or lessor to expressly consent to the foregoing as a condition to the City being obligated under this Agreement. Contractor will provide City with a Consent, Non-Disturbance and Attornment Agreement executed by any lienholder on the Equipment.
- F. Force Majeure. In the event of a Force Majeure event, the Contractor shall immediately notify the City in writing of such event and Contractor shall provide a proposed changed route and schedule. Subject to the City's agreement (in its reasonable discretion) that the underlying event qualifies as a Force Majeure event, the City shall reach agreement with the Contractor as to a changed route and schedule. To the extent not made impossible by the Force Majeure event, Contractor shall, at its sole expense, make every effort to inform the public as to the changed schedule and when regular service may be expected to resume. The City shall not be liable to the Contractor, or to any third party, due to a Force Majeure event preventing the Contractor from performing under this Agreement. The Contractor shall not be compensated under this Agreement during any period of time in which a Force Majeure event prevents the Contractor's performance of the services for ten (10) or more working days. During a Force Majeure or major storm event, the Contractor shall receive additional compensation, at a mutually agreeable fee, if the City directs the Contractor to perform increased collection and transportation services which exceed those regularly provided under this Agreement.

## 9. CONTRACT PRICE

The contract price ("Contract Price") shall be for the collection and transportation of residential Trash and Recycling set out by residents for disposal and/or processing to the designated facility by the City as described below. Contract Price includes all overhead, profit, and any Federal, State, and local environmental fees, fuel surcharges, and any other fees.

The City will be invoiced by the total number of occupied dwelling units on a monthly basis. Single-family dwellings are counted as one (1) unit. Multi-family dwellings are counted as two (2) units since they are charged a double rate whether they have two (2), three (3), or four (4) units in them. For billing to mobile home parks, the City takes 90% of total available lots to figure the number of occupied units to bill. The City will provide the Contractor with documentation from its utility billing department by the 10<sup>th</sup> of each month. The Contract Price effective July 1, 2022 shall be as follows:

Trash and Recycling Collection	\$10.75 per unit per month
Additional Trash Cart	\$1.50 per additional cart per month

Contract Pricing shall be adjusted annually as stated in Section 10 below. For the avoidance of doubt, Contractor shall be required to provide Collection Services to all additional dwelling units within the Services Territory as needed throughout the term of this Agreement. The City will continue to notify Contractor of any such additional dwelling units or small businesses requiring service.

## **10. CONTRACT ESCALATION**

The Contract Price will be adjusted annually during the Initial Term of this Agreement and during any extensions thereto, effective on July 1 of each Contract Year, commencing July 1, 2023, using the Consumer Price Index for All Urban Consumers ("CPI-U") expenditure category - Water and sewer and trash collection services, as published by the U.S. Department of Labor, Bureau of Statistics. In the event that the U.S. Department of Labor, Bureau of Statistics, ceases to publish said CPI-U, the parties shall substitute another equally authoritative measure of the changes in the purchasing power of the U.S. dollar to carry out the intention of this Section 10. The per unit rate shall be adjusted by the unadjusted percent change from July 1 of the previous year to July 1 of the current year.

There will be no ceiling on the adjustment. The floor on the adjustment shall be three percent (3%) per year.

For the purposes of this Agreement, diesel fuel prices will be based on the monthly average cost per gallon of diesel fuel reported by the Energy Information Administration Department of Energy Index ([www.eia.doe.gov](http://www.eia.doe.gov)) (hereinafter referred to as the "Index"). In the event diesel fuel prices increase 25% or more over a 12-month period, (July 1 to June 30 of each calendar year), the City will meet and agree to negotiate in good faith with Contractor on a price adjustment.

## **11. ASSIGNMENT**

## **EXHIBIT E**

### **GUARANTY**

This Guaranty is made as of the \_\_\_ day of May, 2022 by GFL Environmental Inc., an Ontario business corporation ("**Guarantor**"), in favor and for the benefit of the City of Fort Wayne Board of Public Works (the "**City**"). GFL Environmental USA, Inc. ("**Contractor**") and the City are parties to a Residential Solid Waste and Recycling Collection Service Agreement, dated as of the date hereof (as amended, restated, modified, or supplemented at any time, the "**Service Agreement**"). Guarantor is the parent of Contractor, and in consideration of the substantial direct and indirect benefits derived from Guarantor from the City's acceptance of the Service Agreement, Guarantor hereby unconditionally guarantees the full and prompt payment when due of the Guaranty Obligations (as defined herein), together with all costs, attorneys' fees and expenses paid or incurred by the City in endeavoring to collect the Guaranty Obligations, including without limitation in the enforcement of this Guaranty.

This Guaranty is an absolute and unconditional guaranty of the payment of the Guaranty Obligations and shall continue and be in full force and effect until all of the Guaranty Obligations shall be fully paid and no further Guaranty Obligations may thereafter arise. Certain other Persons may guarantee payment of all or part of the Guaranty Obligations (such Persons being referred to herein collectively as the "**Other Guarantors**"). Guarantor acknowledges and agrees that Guarantor's liability with respect to the Guaranty Obligations shall not be diminished, discharged, released or otherwise affected in any way in the event any of the Other Guarantors fails to execute a guaranty of all or any part of the Guaranty Obligations, fails to be bound thereby, fails to perform thereunder or in the event that such guaranty shall be invalid or unenforceable in whole or in part for any reason.

Guarantor expressly waives presentment for payment, demand, notice of demand and of dishonor and nonpayment of the Guaranty Obligations, protest and notice of protest, diligence in collecting and in the bringing of suit against any other Person, and the City shall be under no obligation to notify Guarantor of its acceptance of this Guaranty or the failure of Contractor to pay any of the Guaranty Obligations as and when due, or to use diligence in preserving the liability of any Person (including, without limitation, Contractor) on the Guaranty Obligations or in bringing suit to enforce collection of the Guaranty Obligations. To the full extent allowed by applicable law, Guarantor waives all defenses given to sureties or guarantors at law or in equity other than the actual payment of the Guaranty Obligations and waives, to the full extent allowed by applicable law, all defenses based upon questions as to the validity, legality or enforceability of the Guaranty Obligations.

The City, without authorization from or notice to Guarantor and without impairing or affecting the liability of Guarantor hereunder, may from time to time at its reasonable discretion and with or without valuable consideration, (i) alter, compromise, accelerate, extend or change the time or manner for the payment of any or all of the Guaranty Obligations owed to it, (ii) amend, restate, replace, modify, or supplement the Service Agreement, (iii) create additional Guaranty Obligations, (iv) take and surrender security, exchange collateral by way of substitution, or in any way it deems necessary take, accept, withdraw, subordinate, alter, amend, modify or eliminate collateral, (v) add or release or discharge endorsers, guarantors or other

obligors (including, without limitation, Contractor), (vi) make changes of any sort whatever in the terms of payment of the Guaranty Obligations owed to it or of doing business with Contractor, (vii) settle or compromise with Contractor or any other Person or Persons liable on the Guaranty Obligations owed to it (including, without limitation, Contractor), and (viii) direct the order or manner of sale of any security or collateral, all on such terms as it may see fit, and may apply all moneys received from Contractor or others, or from any security or collateral held by it (whether held under a security instrument or not) in such manner upon the Guaranty Obligations owed to it (whether then due or not) as it may determine to be in its best interest, without in any way being required to marshal securities or assets or to apply all or any part of such moneys upon any particular part of the Guaranty Obligations. It is specifically agreed that the City is not required to retain, hold, protect, exercise due care with respect thereto, or perfect security interests in or otherwise assure or safeguard any collateral or security for the Guaranty Obligations. No exercise or non-exercise by the City of any right or remedy of the City shall in any way affect any of Guarantor's obligations hereunder or any security furnished by Guarantor or give Guarantor any recourse against the City. Without limiting the generality of the foregoing, the term "collateral" as used in this Guaranty shall include any Performance Bond(s) required under the Service Agreement.

The liability of Guarantor hereunder shall continue notwithstanding the incapacity, death, disability, dissolution or termination of any other Person or Persons (including, without limitation, Contractor). Neither (i) the failure of the City to file or enforce a claim against the estate (either in administration, bankruptcy or other proceeding) of Contractor or of any other Person, nor (ii) the disallowance or avoidance under the Federal Bankruptcy Code (11 U.S.C. § 101 *et seq.*, as amended) (the "**Bankruptcy Code**") of all or any portion of the City's claims for repayment of the Guaranty Obligations or any security for the Guaranty Obligations shall affect the liability of Guarantor hereunder; nor shall Guarantor be released from liability if recovery from Contractor or any other Person becomes barred by any statute of limitations or is otherwise restricted or prevented.

The City shall not be required to pursue any other remedies before invoking the benefits of the guaranty of payment contained herein, and specifically it shall not be required to exhaust its remedies against Contractor or any surety or guarantor other than Guarantor or to proceed against any security now or hereafter existing for the payment of any of the Guaranty Obligations. The City may maintain an action on this Guaranty, whether or not Contractor is joined therein or separate action is brought against Contractor.

Guarantor absolutely and unconditionally covenants and agrees that in the event Contractor defaults in payment of the Guaranty Obligations, or any part thereof, for any reason, when such becomes due, Guarantor on demand and without any notice with respect to any matter or occurrence having been given to Guarantor previous to such demand, shall pay the Guaranty Obligations.

Guarantor further agrees that to the extent Contractor, Guarantor or any other Person makes a payment or transfers an interest in any property to the City or the City enforces any security interest or lien or exercises any rights of set-off, and such payment or transfer or proceeds of such enforcement or set-off, or any portion thereof, are subsequently invalidated, declared to be fraudulent or preferential, or otherwise is avoided, and/or required to be repaid to

Contractor, Contractor's estate, a trustee, receiver or any other Person under the Bankruptcy Code or any other bankruptcy law, state or federal law, common law or equitable cause, then to the extent of such avoidance or repayment, the Guaranty Obligations or part thereof intended to be satisfied shall be revived and this Guaranty shall continue to be effective or shall be reinstated, as the case may be, and continued in full force and effect as if said payment or transfer had not been made or such enforcement or set-off had not occurred.

The payment by Guarantor of any amount pursuant to this Guaranty shall not in any way entitle Guarantor to any right, title or interest (whether by way of subrogation or otherwise) in and to any of the Guaranty Obligations or any proceeds thereof, or any security therefor. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS GUARANTY OR THE SERVICE AGREEMENT, SO LONG AS THE GUARANTY OBLIGATIONS ARE OUTSTANDING, GUARANTOR HEREBY UNCONDITIONALLY AGREES NOT TO ASSERT: (1) ANY CLAIM OR OTHER RIGHT, NOW EXISTING OR HEREAFTER ARISING, AGAINST CONTRACTOR OR ANY OTHER PERSON PRIMARILY OR CONTINGENTLY LIABLE FOR ALL OR ANY PART OF THE GUARANTY OBLIGATIONS, WHICH ARISES FROM OR BY VIRTUE OF THE EXISTENCE OR PERFORMANCE OF THIS GUARANTY, INCLUDING, WITHOUT LIMITATION: (A) ANY RIGHT OF SUBROGATION, REIMBURSEMENT, EXONERATION, CONTRIBUTION, INDEMNIFICATION, OR OTHER RIGHT TO PAYMENT, WHETHER OR NOT SUCH RIGHT IS REDUCED TO JUDGMENT, LIQUIDATED, UNLIQUIDATED, FIXED, CONTINGENT, MATURED, UNMATURED, DISPUTED, UNDISPUTED, LEGAL, EQUITABLE, SECURED OR UNSECURED; OR (B) ANY RIGHT TO AN EQUITABLE REMEDY FOR BREACH OF PERFORMANCE IF SUCH BREACH GIVES RISE TO A RIGHT TO PAYMENT, WHETHER OR NOT SUCH RIGHT TO AN EQUITABLE REMEDY IS REDUCED TO A JUDGMENT, FIXED, CONTINGENT, MATURED, UNMATURED, DISPUTED, UNDISPUTED, SECURED OR UNSECURED; AND (2) ANY RIGHT TO PARTICIPATE OR SHARE IN ANY RIGHT, REMEDY OR CLAIM OF THE CITY AGAINST ANY OF CONTRACTOR'S INCOME OR ASSETS OR WITH RESPECT TO ANY COLLATERAL OR OTHER SECURITY FOR ALL OR ANY PART OF THE GUARANTY OBLIGATIONS OR ANY OTHER RIGHT OR CLAIM OF THE CITY OF RECOURSE TO AND WITH RESPECT TO ANY ASSETS, INCOME OR PROPERTIES OF CONTRACTOR.

Guarantor represents and warrants to the City that (i) Guarantor has a direct or indirect financial interest in Contractor and will benefit directly from the benefits provided under the Service Agreement; (ii) Guarantor is Solvent; (iii) the execution and delivery of this Guaranty by Guarantor was not undertaken by Guarantor with the "intent to hinder, delay, or defraud" (within the meaning of Ind. Code § 32-18-2-14 and §548(a)(1) of the Bankruptcy Code) creditors or any other Persons; (iv) that neither this Guaranty nor the payment or performance by Guarantor of Guarantor's obligations arising under or pursuant to this Guaranty do or are intended to render Guarantor insolvent, undercapitalized or in a condition of financial stringency; (v) this Guaranty is a legal, valid and binding obligation of Guarantor, enforceable in accordance with its terms; and (vi) the execution of this Guaranty by Guarantor and Guarantor's performance of all of its obligations hereunder have been duly authorized by all necessary organizational action. If at any time any portion of the obligations of Guarantor under this Guaranty shall be determined by a court of competent jurisdiction to be invalid, unenforceable or avoidable, the remaining portion of the Guaranty Obligations under this Guaranty shall not in any way be affected, impaired,

prejudiced or disturbed thereby and shall remain valid and enforceable to the full extent permitted by applicable law. Notwithstanding anything in this Guaranty to the contrary, the liability of Guarantor hereunder shall be limited to the maximum amount which would not result in any one of the following conditions:

- a. this Guaranty would constitute a fraudulent transfer within the meaning of § 548(a) of the Bankruptcy Code;
- b. this Guaranty would constitute a fraudulent transfer within the meaning of Ind. Code § 32-18-2-1, et seq.; or
- c. this Guaranty would constitute a fraudulent conveyance or fraudulent transfer within the meaning of any other applicable federal or state bankruptcy, insolvency or other similar law or judicial decision.

The rights of the City are cumulative and shall not be exhausted by its exercise of any of its rights under this Guaranty or otherwise against Guarantor or by any number of successive actions until and unless each and all of the obligations of Guarantor under this Guaranty have been fully performed, satisfied and discharged.

Capitalized terms used herein but not defined shall have the meaning assigned thereto in the Service Agreement. Additionally, when used in this Guaranty:

(a) **"Guaranty"** means this Guaranty, as the same may be amended and/or restated from time to time and at any time.

(c) **"Person"** means an individual, a corporation, a limited or general partnership, a limited liability company, a joint venture, a trust or unincorporated organization, a joint stock company or other similar organization, or any other legal entity, whether acting in an individual, fiduciary or other capacity.

subordinated, contingent or otherwise, as such debts and other liabilities become absolute and matured; (iii) such Person will be able to pay such his/her/its debts and liabilities, subordinated, contingent or otherwise, as such debts and liabilities become absolute and matured; and (iv) such Person will have sufficient capital with which to conduct the businesses in which such Person is engaged as such businesses are now conducted and are proposed to be conducted after the date hereof.

This Guaranty shall be deemed to have been made under and shall be governed by the laws of the State of Indiana in all respects and shall not be waived, altered, modified or amended as to any of its terms or provisions except in writing duly signed by the City and Guarantor. This Guaranty shall bind Guarantor and Guarantor's successors, assigns and legal representatives, and shall inure to the benefit of all transferees, credit participants, assignees, and successors of the City. The failure of any Person to execute or be bound by this Guaranty shall not release or affect the liability of Guarantor, and the liability of Guarantor under this Guaranty is not conditioned or contingent upon or subject in any way to obtaining or retaining the primary or secondary liability of any other Person with respect to all or any part of the Guaranty Obligations (including, without limitation, Contractor and the Other Guarantors).

Equipment for the purposes of performing GFL's obligations under the Service Agreement.

3. Rental Payment. The City shall compensate GFL for the use of the Equipment during the Lease Term as follows:
  - 3.1. Owned Equipment: The City shall pay GFL a rental payment of \$6,000 per month for each unit of Owned Equipment that the City takes possession of, with such amounts prorated to the actual period of time during which the City is in possession of the Owned Equipment.
  - 3.2. Leased Equipment: The City shall pay GFL a rental payment of a monthly amount equal to the monthly amount GFL pays the third party(ies) from which GFL leases the Leased Equipment for each unit of Leased Equipment that the City takes possession of, with such amounts prorated to the actual period of time during which the City is in possession of the Leased Equipment.
  - 3.3. The initial rental payment shall become due and payable as of the first calendar day of the month following the Effective Date, and all subsequent monthly rental payments shall be due and payable on the first calendar day of each month during the Lease Term, with the final monthly rental payment due and payable on the first calendar day of the month following the final day of the Lease Term (whether the Lease Term terminates upon the expiration of the six (6) month period or by delivery of notice by the City pursuant to Section 1.2 hereof).
4. Maintenance. Throughout the Lease Term, the City shall provide for the service, repair and maintenance of the Equipment, at the City's sole expense, so as to keep the Equipment in as good condition, repair, appearance and working order as when delivered to the City hereunder, ordinary wear and tear excepted. The City shall, at the City's sole expense, replace any and all parts and devices which may during the course of the Lease Term become worn out, lost, stolen, destroyed, damaged beyond repair, or rendered unfit for use for any reason whatsoever. All such replacement parts, mechanisms, and devices shall be free and clear of liens, encumbrances, and rights of others and shall become the property of GFL upon the termination of this Agreement and shall be covered by this Agreement to the same extent as the Equipment originally covered by this Agreement.
5. Use of Equipment. The City shall exercise due care in its operation, use and maintenance of the Equipment. The City shall not use, and shall not permit others to use, the Equipment in any manner that would contravene laws, rules, regulations and other governmental directives applicable to the Equipment. The City shall not materially alter or modify the Equipment without the prior written consent of GFL. The City agrees that only qualified agent and employees of the City shall operate the Equipment.
6. Permits. The City shall ensure that all of the City's agents or employees using or operating the Equipment are sufficiently trained and possess any necessary operator's license or permit.

7. Utility Charges. The City shall pay all charges for gas or other utility services to be used on or in connection with the Equipment in the City's possession during the Lease Term.
8. Default; Remedies.
  - 8.1. If the City shall (a) fail to pay any rental payment within 10 business days of the date such rental payment is due and payable, or (b) default in the performance of any other covenant herein and such default shall continue for five business days after written notice to the City by GFL, GFL shall have the right to exercise any one or more of the following remedies:
    - (i) To declare the entire amount of rent hereunder immediately due and payable as to the Equipment then in the City's possession, without notice or demand to the City;
    - (ii) To sue for and recover all rents, and other payments, then accrued or thereafter accruing, with respect to the Equipment;
    - (iii) To take possession of the Equipment without demand, notice, or legal process, wherever they may be located. The City hereby waives any and all damages occasioned by such taking of possession. Any said taking of possession shall not constitute a termination of this Agreement as to any or all items of Equipment unless GFL expressly so notifies the City in writing;
    - (iv) To terminate this Agreement as to any or all items of Equipment; and
    - (v) To pursue any other remedy at law or in equity. All such remedies are cumulative and may be exercised concurrently or separately.
  - 8.2. In the event that GFL interferes with the City's possession, use or operation of the Equipment during the Lease Term, GFL shall be liable to the City in an amount equal to the total costs, expenses and fees of any kind incurred by the City in an effort to perform the collection service obligations of GFL under the Service Agreement by alternative means. Any damages of GFL under this Agreement shall be in addition to and shall in no way limit the damages incurred under the Service Agreement.
9. Return of Equipment. Upon termination of this Agreement, the City, at its sole cost and expense, shall promptly deliver the Equipment to GFL. The City shall be responsible for any damage to the Equipment in delivering the Equipment to GFL.
10. Insurance. The City shall, at its sole expense, obtain and maintain throughout the Lease Term general commercial liability insurance in an amount determined by GFL in its reasonable discretion. The City agrees to furnish proof of all such insurance to GFL upon request.

11. Damage. The City shall be responsible for any material loss of or damage to the Equipment during the Lease Term, excluding any loss or damage that was directly a result of (i) GFL's reckless or willful misconduct or (ii) the state or condition of such Equipment when the City took possession. If the Equipment is lost, stolen or damaged during the Lease Term, the City will promptly notify GFL of such event. In no event shall such loss or damage relieve either party of its obligations under this Agreement. In the event of such material loss or damage, the City, at its option, shall: (i) promptly repair the Equipment to return it to good working order; or (ii) replace the Equipment with like Equipment of the same or later model (upon GFL's written approval), in good condition and working order, free and clear of all liens and encumbrances and grant GFL the right to perfect its security interest in the replacement Equipment and such replacement shall be substituted in this Agreement by appropriate amendment; or (iii) pay GFL the replacement value less any rental payments previously paid.
12. Indemnification. The City shall indemnify, defend and hold GFL and its regents, employees, students, agents and contractors harmless from all losses, liabilities, actions, suits, judgments, obligations, fines, penalties, claims, costs and expenses (including reasonable attorneys' fees and investigative fees) actually incurred by GFL and directly arising out of the City's use and/or possession of the Equipment and all acts and omissions related thereto.
13. Security Interests in the Equipment. In no event shall the City assert any ownership interest in or to the Equipment. The City shall not grant or permit any person or business entity to assert a security or other interest in the Equipment. At all times during the Lease Term, the City shall ensure that the Equipment is identified as being owned by GFL.
14. Disclaimer of Warranties. GFL disclaims and excludes all warranties, express and implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose, concerning the Equipment leased under this Agreement. The Parties acknowledge and agree the Equipment shall be leased and accepted "AS IS" with all defects.
15. General Provisions.

During an event of force majeure, the Parties' duty to perform obligations shall be suspended.
- 15.4. Governing Law; Consent to Jurisdiction. The internal laws of the state of Indiana shall govern the validity, construction and enforceability of this Agreement, without giving effect to its conflict of laws principles. All suits, actions, claims and causes of action relating to the construction, validity, performance and enforcement of this Agreement shall be in the courts of Allen County, Indiana.

In the performance of their obligations under this Agreement, the Parties shall be independent contractors, and shall have no other legal relationship, including, without limitation, joint venturers, or employees. Re: Solid Waste Collection Contract

The Solid Waste Department is seeking approval of the Solid Waste and Recycling Collection Contract with GFL Environmental, Inc. The contract price is \$10.75 per dwelling unit for trash and recycling collection. These rates are subject to annual contract escalations. The contract escalation is the same escalation that is used for the Landfill Disposal contract that was approved in December of 2020.

We currently have 83,400 households. The estimated cost of garbage collection 2022-2023 is \$11,100,000. This amount is expected to increase annually given the increasing number of households and the expected contract escalations.

If you have any questions concerning the contract, please call me at 427-2474.

Thank you,

Matt Gratz

**RESIDENTIAL SOLID WASTE AND RECYCLING  
COLLECTION SERVICE AGREEMENT**

THIS RESIDENTIAL SOLID WASTE AND RECYCLING COLLECTION SERVICE AGREEMENT ("Agreement") is entered into by and between the City of Fort Wayne Board of Public Works (the "City"), GFL Environmental USA, Inc. ("Contractor") and GFL Environmental Inc., an Ontario business corporation ("Guarantor"), on this \_\_\_\_\_ day of \_\_\_\_\_, 2022. Capitalized terms used and not defined herein shall have the meanings assigned to them in Appendix A attached hereto.

**BACKGROUND**

A. City desires to retain Contractor's services for the collection and transportation of solid waste and recycling in the geography of Fort Wayne, Indiana, as noted on Exhibit A, attached hereto and made a part hereof (the "Service Territory");

B. Contractor has been determined to be qualified for such work based on Contractor's bid price, prior experience, financial status and available equipment; and

C. Contractor and City have mutually agreed to the negotiated terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the mutual promises herein after contained, the parties do hereby agree as follows:

**1. SERVICES TO BE PROVIDED BY CONTRACTOR**

A. General Scope. Collection shall be alley collection where alleys are available unless the Issuing Office shall mandate curbside pickup because of conditions in the specific alleys. All other collection shall be curbside collections. It will be the resident's responsibility to see that carts and bags are placed in the appropriate curb or alley location as close as practical to vehicle routes by 6:00 a.m. on the designated collection day. Curbside will refer to that portion of the right-of-way adjacent to and within five (5) feet of paved, traveled roadways. If vehicles are parked in front of Trash carts, Bags, etc., the Contractor is expected to walk the items from around the vehicles for collection. Alley-side will refer to as close as possible to the alley but not more than five (5) feet from the alley, and where a fence exists, the alley-side of the fence. In instances where there is inadequate space between the fence and the alley way for the City cart, the resident will be allowed to place their cart at the curb for collection. The City will make this determination. All dwelling units located on private streets must place their Trash and Recycling carts at the end of their private street for collection, provided that, Contractor shall provide Collection Services down the length of all private streets upon which dwelling units currently receive Collection Services, where, for the avoidance of doubt, residents of such dwelling units may continue to place their carts at the curb or end of their respective driveway for collection. The City and Contractor will review any additional private streets added to the Service

Territory during the term of this Agreement to determine in good faith whether Collection Services will be provided at the end of the private street or down the length of the private street. In addition, property owners of dwelling units meeting this criteria must have a signed waiver provided by [the City/Contractor] authorizing Contractor to enter said private drive and releasing Contractor from any damage that may occur to their property while providing Collection Services.

A map of current collection days for Trash and Recycling Collection Services is provided in Exhibit B. This exhibit also denotes alleyways. Any change in the scheduled days of collection will be subject to City approval, which will not be unreasonably withheld. Should the Contractor decide to change the current collection days, a detailed written plan for implementing the change in service days must be submitted to the City sixty (60) days in advance of the effective date of the planned change in service. Contractor will be solely responsible for all costs associated with notifying residents of a change in their collection day. Process of notification must be approved by the City.

- B. Hours of Collection. Trash and Recycle collections shall be made between the hours of 6:00 a.m. – 6:00 p.m. Monday through Friday and 6:00 a.m. to 12:00 noon on Saturday if the need arises. The hours of operation for the Disposal Site, Transfer Station and Material Recovery Facility (“MRF”) will be Monday – Friday 6:00 a.m. to 6:00 p.m. and Saturday 8:00 a.m. – 12:00 noon.

In the event of extreme hot or cold weather, the City may adjust the collection hours at the written request of the Contractor. The City reserves the right to approve of any adjustments prior to those taking effect. Contractor will be solely responsible for all costs related to any necessary communication to residents as a result of such adjustment. In the event of inclement weather, the City will discuss impending weather conditions with Contractor, other area haulers and municipalities to determine whether Trash and/or Recycling collection cancellations are necessary or advisable. The City reserves the right to make the final determination on any cancelations. In the event Collection Services are cancelled for two (2) consecutive days, bidder will not be required to provide Trash and/or Recycling Collection Services for the collection routes scheduled for the days upon which Collection Services were canceled. For example, if collections are canceled on Monday and Tuesday, on Wednesday Contractor would be responsible for providing the Collection Services to the collection routes scheduled for Wednesday only. The collection routes scheduled for Monday and Tuesday, the days Collection Services were canceled, would not be serviced until the next collection week.

- C. Trash and Recycling Carts. The City supplies and maintains all Trash and Recycling carts for residents. The City will provide 96-Gallon Container(s) or 48-Gallon Container(s) to each Single -family Dwelling and Multi-family Dwelling for Trash and Recycling Collection Services. Multi-family Dwellings, 2 – 4 units, will be given two (2) 96-Gallon Containers for trash and up to four (4) 96-Gallon Containers for recycling. All City carts are Toter brand carts. Trash carts will

have a black lid and recycle carts will have a yellow lid. Residents are allowed to rent additional City Trash carts for \$2.00 per cart per month. Residents are not charged for additional recycle carts requested.

The Contractor must empty all carts on their proper collection day using some form of automation. Carts are not to be hand emptied by the Contractor. All carts and containers must be returned to the place where the residents originally set them out for collection. Contractor shall return carts at or near the location the cart was originally placed by the homeowner and shall not leave carts and containers in the middle of driveways, alleyways, etc.

In the event Contractor cannot service a dwelling for reasons such as unacceptable items, contamination, cart placement, etc. the Contractor must place a tag on the cart informing the resident the reason the cart or item was not taken. Contractor shall be responsible for production and printing cost of the tags.

Trash and Recycling carts shall be maintained, repaired and/or replaced by the City as is necessary. Such replacement carts shall be property of the City in the same manner as all of Trash and Recycling carts described herein.

- D. Cart Limits Plus Three (3) Bags Trash Collection Requirements. Residents will only be allowed to set out trash in a City provided Trash cart plus an additional three (3) plastic trash bags or three (3) yard waste bags, or a combination of plastic bags and yard waste bags (collectively, "Bags"). The City will not have a requirement that the lid be closed on the City cart at the time of collection, but will work with the Contractor in the event a resident continually overloads the cart.

Bags must be 33-gallon garbage bags or biodegradable lawn and leaf bags and may not exceed thirty-five (35) pounds in weight per bag. No Hazardous Waste will be accepted for collection. Latex paint that has been dried out and placed in the Trash for collection is acceptable.

The City has a sixty (60) pound limit on the amount of Construction and Demolition Debris that can be set out by residents for collection each week. All Construction and Demolition Debris must be containerized in Bags or in the City cart. Residents will not be allowed to set out cement, concrete, bricks, asphalt, rock, stone, landscape stone, and any other material deemed unacceptable by the City for collection.

Yard waste is accepted with Trash collection. Yard waste can be placed in Bags set out for collection (subject to the 3 Bag limit provided above). Small amounts of leaves may be set out for collection as long as they are mixed in with the regular Trash or yard waste. Due to the state ban on leaves in landfills, the City Street Department collects leaves for residents in the fall from November through December.

- E. Recycling Collection Requirements. The recycling program is an "opt-in" program with recycling collection on a bi-weekly basis. The City designates the different collection weeks by using an "A" and "B" week schedule. Contractor will be required to provide recycling collection according to this bi-weekly schedule. At present, the City estimates that eighty thousand (80,000) recycle carts are in service.

Contractor is also responsible for collection of the Single Stream Recyclable Materials from the public receptacles. Collection of these public receptacles will be one (1) time per week. This may increase to daily collection during festivals and other events designated in advance by the City. The City will negotiate with the Contractor regarding collection days of these receptacles. In the event contamination of Recyclables becomes an issue, the City may remove these containers at any time. Exhibit C provides the locations of existing recycle receptacles. In addition, the Contractor would be responsible for collection of Recyclables from receptacles at any new locations the City chooses to place public receptacles.

Single-Stream Recyclable Materials are defined as: aluminum, aluminum foil and foil pans, steel, empty steel paint cans, tin, and bimetal cans; plastic (#1, #2, #3, #4, #5, #6 and #7); glass containers (amber, clear, blue, and green in color); cardboard, fiberboard, cartons, newspapers, mixed paper, magazines, phone books, and catalogues; but not limited to these items. Every two (2) years, materials may be added or deleted from the recycling program based on the market value of the materials. Any changes to the recycling program must be agreed upon in writing by both parties, which agreement shall not be unreasonably withheld. The Contractor will also provide collection of Single-Stream Recyclables to all City Department Facilities. The City will provide 96-Gallon Container(s) to these facilities. Exhibit D gives the location and frequency of collection for the City Facilities.

- F. Special Assistance Collection. A special assistance list ("Assist List") will be maintained by the City for elderly and handicapped persons requiring assistance for collection of Trash and/or Recyclable Materials. Residents must live alone and have a doctor's note to be on the assistance list. Assist List customers will be allowed to place their Trash and/or Recycling cart on the porch, in front of the garage, or at the side of the house for collection. Assist List customers with alley collection may set carts behind their home or at the side of the home for collection. Contractor will need to return the carts to the place where the carts are set out for collection. Residents will be added to and removed from the Assist List as the need arises. Some assist customers will be allowed to set Trash out in bags for collection due to their inability to maneuver a City cart.

## 2. SUBCONTRACTORS

The Contractor shall not be permitted to subcontract, assign or delegate any of the services to be provided by Contractor under this Agreement without the City's express written consent, which

permission shall not be unreasonably withheld, and provided that at no time during the term of this Agreement shall Contractor subcontract more than ten percent (10%) of the Work (such determination to be made on the basis of the Contract Price for the applicable Contract Year). The City requires that all Subcontractors possess the same qualification, experience, bonding and insurance as the City requires of Contractor. In the event that the City approves of any such subcontracting, assignment of delegation, Contractor shall remain solely responsible for managing, directing and paying the Subcontractors. The City shall have no obligation whatsoever to such persons. Contractor shall take sole responsibility for the quality and quantity of any services rendered by such persons. Any consent given in accordance with this provision shall not be construed to relieve Contractor of any responsibility for performing its obligations under this Agreement.

### **3. HIRING OF EXISTING PERSONNEL**

Contractor shall use its best efforts to hire current employees of Red River Waste Solutions LP ("Red River"), provided they meet Contractor's employment requirements. The City shall coordinate a meeting for any interested current Red River employees where the process by which current Red River employees may apply for positions with Contractor will be detailed. Attendance at said meeting will be required of the Contractor, a representative of the City, and a representative of Red River. Interviews with employees will be held outside of their normal working hours as to not disrupt their current collection duties. All efforts will be made by City and Contractor to avoid any interruption of Collection Services during the period in which collection services transition from Red River to Contractor.

### **4. [INTENTIONALLY OMITTED]**

### **5. GUARANTY**

GFL Environmental Inc. shall execute and deliver to the City a Guaranty, dated as of the date of this Agreement, in form and substance as set forth on Exhibit E, attached hereto.

### **6. TERM**

The initial term of this Agreement shall be for a period of eight (8) years, beginning July 1, 2022 and ending on June 30, 2030 (the "Initial Term"). The City shall retain the option to extend the term of this Agreement for an additional two (2) year period, commencing at the end of the Initial Term. The City shall provide written notice to Contractor of its election to extend the Agreement no later than one hundred eighty (180) days prior to the expiration of the Initial Term. In the event that the solid waste contract procurement laws then in effect in the State of Indiana allow for negotiation of contract terms and extensions, the City reserves the right to negotiate these term limits and services.

### **7. MISSED COLLECTIONS**

The City shall deliver an email to the Contractor each day listing all missed collections reported to the City 311 call center. The presumption shall be that all missed collections reported to the City are accurate and the Contractor shall bear the burden of disproving a missed collection. The Contractor shall, by 5:00 p.m. the following day, collect such missed collection. Missed

collections reported to the Contractor on Friday must be collected by 5:00 p.m. on Saturday. In the event a resident reports a missed collection online by the appropriate means to the City after the City's normal operating hours, the City will forward such emails to the Contractor, and the Contractor shall collect the corresponding missed collection by 5:00 p.m. the following day, provided such emails are delivered to the City at or prior to 11:59 p.m. on Friday. Any misses from the previous week reported to the City 311 call center or by the appropriate online means after 11:59 p.m. on Friday and before 10:00 a.m. on Monday mornings will be reported to the Contractor immediately. Contractor must collect these misses by 5:00 p.m. on Monday. Contractor is further required to provide the City with a daily written report (the "Daily Miss Report") detailing the status of all missed collections reported to Contractor the previous day (or, in the case of the Daily Miss Report to be delivered to the City on Mondays, after 11:59 p.m. on Friday and before 10:00 a.m. on Monday)

The City's reporting requirements contained in this Section 7 may be accomplished by an alternative method of communication in the event the City's 311 call center undergoes technological advances or changes, including, but not limited to, advances that permit direct integration of the City's 311 system with the Contractor's internal routing systems. Contractor's obligation to deliver a Daily Miss Report will not be altered by any changes to the method by which missed collections are reported to Contractor.

## **8. PERFORMANCE REQUIREMENTS**

- A. **Fines.** It is the intent of the parties to ensure that the Contractor provides high quality Collection Services to the City. To that end, the Contractor shall provide services in accordance with this Agreement and within the time limits set forth in this Agreement. The City and the Contractor agree that Contractor's failure to perform in accordance with this Agreement causes the City to incur damages which will be difficult, if not impossible, to calculate; and for that reason, the City and the Contractor agree that the following amounts are reasonable estimates of such damages and shall constitute liquidated damages, and not penalties. Therefore, if the Contractor fails to perform in accordance with this Agreement except in the case of a Force Majeure event, the City, without waiving other remedies it may have under this Agreement, and without reducing Contractor's obligations to provide quality service, may deduct from any amount otherwise payable to the Contractor the amounts in accordance with the following:
1. Contractor shall be deemed to have failed to provide Collection Services when it fails on any collection day to collect and remove Trash and/or Recycling from any dwelling unit or collection stop on or along Contractor's route for that collection day if the Trash and/or Recycling was correctly and timely placed or presented for collection. Contractor's failure to correct such missed collection of Trash and/or Recycling by 5:00 p.m. the following day as specified in Section 7 above shall constitute a "Miss." The corresponding fine will be \$100 per Miss.
  2. Failure of Contractor to submit a Daily Miss Report. Fines shall be \$50 per day.

3. In the event Contractor fails to collect and remove Trash and/or Recycling from a dwelling unit on their scheduled collection day three (3) or more times within any three (3) month period, Contractor shall be subject to a fine by the City in the amount of \$50 per dwelling unit not collected.
4. Failure to maintain vehicles in a reasonably clean and safe working condition. Fines shall be \$25 per vehicle per occurrence.
5. Contractor must at all times maintain a minimum daily completion rate of 97% on a rolling six (6) months average for collections on the scheduled collection date for Trash collections, and a minimum daily completion rate of 97% on a rolling six (6) month average for collections on the scheduled collection date for Recycling collections. If Contractor does not maintain the 97% completion rate for Trash or Recycling collections for any rolling six (6) month period, the Contractor may be fined (i) 5% of the aggregate monthly invoice for both Trash and Recycling for the first violation, and (ii) 10% of monthly invoice for both Trash and Recycling for each additional violation. In the event of a violation under this Section 8(A)(4), Contractor shall have thirty (30) days to reestablish a completion rate of at least 97% on a rolling six (6) month average for each of Trash and Recycling collections. Contractor's failure to reestablish a completion rate for both Trash and Recycling collections of at least 97% on a rolling six (6) month average following this thirty (30) day period shall constitute an additional violation. In any event, Contractor can only be deemed to be in violation of this Section 8(A)(5) once every thirty (30) days.
6. Commingling Trash with Recycling or other inappropriate materials.  
  
\$500 per incident, plus Contractor shall separate the commingled waste as needed.
7. Commingling and delivering to the disposal facility waste materials collected pursuant to this Agreement commingled with waste materials collected by Contractor outside of this Agreement, regardless of whether collected inside or outside Contractor's Service Area.  
  
\$2,500 for each truckload.
8. Willful neglect of and/or damage to City carts.  
  
Carts damages or destroyed by Contractor shall be replaced by Contractor at cost.

To account for initial startup implementation, the City will allow a moratorium of the fines listed in Sections 8(A)(3) and (A)(5) for the six (6) month period from July 1, 2022 to December 31, 2022.

The City and Contractor agree to work together in good faith to provide and share information relevant to both parties to address missed collections in a timely and efficient manner to minimize fines and improve customer service.

- B. Default. The City may declare, at its election, a default in the event of: (i) failure of Contractor to provide the Performance Bond (both the initial Performance Bond and the renewals for each Contract Year) as required by Section 13 below when due, after five (5) days' written notice; (ii) failure of Contractor to provide insurance as required hereunder, when due, after five (5) days' written notice; (iii) any voluntary or involuntary filing by or against Contractor for bankruptcy protection, insolvency or similar proceeding, or if Contractor consents to the appointment of, or taking of possession by, a receiver (or similar official) of Contractor's operating assets or any substantial part of Contractor's property, or if Contractor shall make any general assignment for the benefit of Contractor's creditors; (iv) failure of Contractor to make any payments owing to the City under the Agreement within thirty (30) days after written notice; (v) failure of Contractor to perform any other material covenant, condition or obligation under the Agreement unless Contractor shall materially cure or remedy such failure within thirty (30) days' of receipt of written notice from the City specifying in detail the nature of such default; (vi) Contractor incurring fines under Section 8(A) of this Agreement three (3) times or more in any six (6) month period or five (5) times or more in any twelve (12) month period (each of items (i) through (vi) above, an "Event of Default").
- C. Right to Perform. The City reserves the right to perform or cause to be performed all obligations of Contractor under this Agreement, at Contractor's expense, in the event that Contractor does not perform the Agreement in a satisfactory and timely manner.
- D. Termination. Following an Event of Default, the City may, at its option, elect to terminate this Agreement by delivering to the Contractor a written notice of default detailing the City's intention to terminate this Agreement. Contractor shall then have twenty (20) business days to provide the City with a detailed plan to cure such default to the City's satisfaction. City shall then review the plan and notify Contractor whether or not such plan has been approved. If the Contractor's plan for cure is approved, Contractor shall commence cure efforts. However, in the event the plan for cure is denied in the City's reasonable discretion, Contractor fails to timely deliver a plan for cure, or Contractor fails to timely commence or complete cure efforts following approval of the plan for cure, the City shall be entitled to terminate this Agreement effective immediately upon delivery of notice to such effect to Contractor. Upon termination of this Agreement, the City shall be entitled to reimbursement under the Performance Bond for all damages, costs or expenses incurred by City in securing alternate Collection Services acceptable to City.

Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the City are at any time during the Term of this

Agreement insufficient or not forthcoming through failure of any entity to appropriate funds or otherwise, then City shall have the right to terminate this Agreement without penalty by giving written notice to Contractor documenting the lack of funding, in which instance, unless otherwise agreed to by the parties, this Agreement shall terminate and become null and void on the last day of the fiscal period for which appropriations were received. The City agrees that it will make its best efforts to obtain sufficient funds, including but not limited to, requesting in its budget for each fiscal period during the term of this Agreement sufficient funds to meet its obligations hereunder in full.

- E. Temporary Possession of Contractor's Equipment. Following an Event of Default, which is not cured by Contractor as provided above, the City shall have the right to rent or lease the Equipment from the Contractor for the purpose of collecting, transporting and processing materials which Contractor is obligated to collect, transport and process pursuant to this agreement for a period not-to-exceed six (6) months. If the City exercises its rights under this Section, the City shall pay the Contractor the reasonable rental value of the Equipment and shall maintain the Equipment in good working order consistent with the condition of the Equipment at the time the City took control under this Section 8. The City's right to use the Equipment shall further be as is set forth in the Equipment Use, License and Lease Agreement attached as Exhibit F (the "Equipment Lease Agreement"). Contractor shall cause its Equipment lender and/or lessor to expressly consent to the foregoing as a condition to the City being obligated under this Agreement. Contractor will provide City with a Consent, Non-Disturbance and Attornment Agreement executed by any lienholder on the Equipment.
- F. Force Majeure. In the event of a Force Majeure event, the Contractor shall immediately notify the City in writing of such event and Contractor shall provide a proposed changed route and schedule. Subject to the City's agreement (in its reasonable discretion) that the underlying event qualifies as a Force Majeure event, the City shall reach agreement with the Contractor as to a changed route and schedule. To the extent not made impossible by the Force Majeure event, Contractor shall, at its sole expense, make every effort to inform the public as to the changed schedule and when regular service may be expected to resume. The City shall not be liable to the Contractor, or to any third party, due to a Force Majeure event preventing the Contractor from performing under this Agreement. The Contractor shall not be compensated under this Agreement during any period of time in which a Force Majeure event prevents the Contractor's performance of the services for ten (10) or more working days. During a Force Majeure or major storm event, the Contractor shall receive additional compensation, at a mutually agreeable fee, if the City directs the Contractor to perform increased collection and transportation services which exceed those regularly provided under this Agreement.

## 9. CONTRACT PRICE

The contract price (“Contract Price”) shall be for the collection and transportation of residential Trash and Recycling set out by residents for disposal and/or processing to the designated facility by the City as described below. Contract Price includes all overhead, profit, and any Federal, State, and local environmental fees, fuel surcharges, and any other fees.

The City will be invoiced by the total number of occupied dwelling units on a monthly basis. Single-family dwellings are counted as one (1) unit. Multi-family dwellings are counted as two (2) units since they are charged a double rate whether they have two (2), three (3), or four (4) units in them. For billing to mobile home parks, the City takes 90% of total available lots to figure the number of occupied units to bill. The City will provide the Contractor with documentation from its utility billing department by the 10<sup>th</sup> of each month. The Contract Price effective July 1, 2022 shall be as follows:

Trash and Recycling Collection	\$10.75 per unit per month
Additional Trash Cart	\$1.50 per additional cart per month

Contract Pricing shall be adjusted annually as stated in Section 10 below. For the avoidance of doubt, Contractor shall be required to provide Collection Services to all additional dwelling units within the Services Territory as needed throughout the term of this Agreement. The City will continue to notify Contractor of any such additional dwelling units or small businesses requiring service.

## **10. CONTRACT ESCALATION**

The Contract Price will be adjusted annually during the Initial Term of this Agreement and during any extensions thereto, effective on July 1 of each Contract Year, commencing July 1, 2023, using the Consumer Price Index for All Urban Consumers (“CPI-U”) expenditure category - Water and sewer and trash collection services, as published by the U.S. Department of Labor, Bureau of Statistics. In the event that the U.S. Department of Labor, Bureau of Statistics, ceases to publish said CPI-U, the parties shall substitute another equally authoritative measure of the changes in the purchasing power of the U.S. dollar to carry out the intention of this Section 10. The per unit rate shall be adjusted by the unadjusted percent change from July 1 of the previous year to July 1 of the current year.

There will be no ceiling on the adjustment. The floor on the adjustment shall be three percent (3%) per year.

For the purposes of this Agreement, diesel fuel prices will be based on the monthly average cost per gallon of diesel fuel reported by the Energy Information Administration Department of Energy Index ([www.eia.doe.gov](http://www.eia.doe.gov)) (hereinafter referred to as the “Index”). In the event diesel fuel prices increase 25% or more over a 12-month period, (July 1 to June 30 of each calendar year), the City will meet and agree to negotiate in good faith with Contractor on a price adjustment.

## **11. ASSIGNMENT**

Contractor shall not delegate or assign any of its obligations, rights or interests hereunder, or any part thereof, whether by sale, merger, acquisition or otherwise, of the Contractor's assets or equity without the express written consent of the City, which shall not be unreasonably withheld.

## **12. COMPLIANCE WITH LAWS-PERMITS**

Contractor shall procure, at its own expense, and keep current, all permits, licenses, and bonds necessary for the conduct and completion of its obligations hereunder and/or as required by municipal, state and federal/regulations and laws. The Contractor shall give all notices, pay all fees, and comply with all federal, state and municipal laws, ordinances, rules and regulations bearing on the conduct and completion of its obligations hereunder.

## **13. PERFORMANCE BOND**

Contractor shall execute and deliver a Performance Bond to the City in an amount equal to one hundred percent (100%) of the annual Contract Price as security for the faithful performance and payment of all Contractor's obligations under this Agreement. The Performance Bond amount for each succeeding Contract Year shall be the proposed amount for such Contract Year and shall be renewed by the Contractor and maintained throughout the entire Initial Term of the Agreement and any extensions thereto.

All Performance Bonds shall be in the forms prescribed by the Bidding Documents, and which shall be executed by such Surety(ies) as are acceptable in the sole discretion of the City, which:

- A. are licensed to conduct business in the State of Indiana, and
- B. are named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on the Audit Staff Bureau of Accounts, U.S. Treasury Department."

All Performance Bonds signed by an agent must be accompanied by a certified copy of the authority to act. The Performance Bond shall provide that a modification, omission, or addition to the terms and conditions of the Agreement or specifications; a defect in the Contract; or a defect in the proceedings preliminary to the letting and awarding of the Agreement does not discharge the Surety. If the Surety on any Performance Bond furnished by Contractor is declared bankrupt, or becomes insolvent, or its right to do business is terminated in Indiana, Contractor shall within ten (10) days thereafter substitute another Performance Bond and Surety, both of which must be acceptable to the City.

The Performance Bond shall be provided initially by May 27, 2022, and renewed annually. Commencing December 31, 2022, and on or prior to December 31 of each year thereafter, the Performance Bond for the following Contract Year shall be delivered to the City. The Performance Bond shall be sent to the following address:

City of Fort Wayne Public Works Department  
Attn: Director of Public Works  
Citizens Square  
200 E. Berry Street, Suite 210

Fort Wayne, IN 46802

with a copy to:

City of Fort Wayne  
Attn: City Attorney  
Citizens Square  
200 E. Berry Street, Suite 430  
Fort Wayne, IN 46802

#### **14. OWNERSHIP OF TRASH AND RECYCLING**

Contractor shall maintain ownership of all Trash once it has been deposited into Contractor's vehicle and until the Trash is taken to the disposal facility designated by the City. Ownership of the Trash shall then transfer to that designated disposal facility.

The City shall maintain ownership of all Recycling from the time it has been deposited into the Contractor's vehicle and until the Recycling is taken to a MRF designated by the City. Ownership of the Recycling shall then transfer to the designated MRF.

#### **15. INDEMNIFICATION**

The Contractor shall indemnify, hold harmless and defend the City and its officials, departments, divisions, representatives, agents, boards, commissions and employees (each a "Releasee" and together "Releasees") from and against any and all actions or causes of action, claims, demands, liabilities, loss, damage or expense of whatsoever kind and nature, which the City may suffer or incur by reason of (i) bodily injury, including death, to any person or persons, (ii) damage to or destruction of any real or personal property, including the loss of use resulting therefrom, (iii) environmental liability, or (iv) liability associated with the violation of any federal, state or local laws, rules or regulations, arising out of the Contractor's negligence or willful misconduct in the performance of the Work, or which the City may sustain or incur in connection with any litigation, investigation, or other expenditures incident thereto, including any suit instituted by the City to enforce the Contractor's obligations under this Section 15, whether due in whole or in part to any act, omission, or negligence of the City or any of the City's representatives, agents or employees and whether it is alleged that the City, the City's representatives, agents or employees in any way contributed to the alleged act, omission or negligence and whether it is alleged that the City is liable to any person or entity by reason of a non-delegable duty. Such indemnity shall include attorney's fees and all costs and other expenses arising therefrom or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein. Contractor acknowledges that the City shall not provide such indemnification to Contractor.

Contractor shall not be obligated to indemnify the City for claims arising solely from the gross negligence of the City. In the event of a claim by the City for indemnification hereunder, the City shall give Contractor prompt notice of the same. Upon acceptance of responsibility for indemnification hereunder, Contractor shall be entitled to manage and direct its defense of the claim, provided Contractor acknowledges and agrees that the City shall have no liability for costs

of any defense or the ultimate settlement. Any final settlement proposed shall be subject to the consent of the City, which consent shall not be unreasonably withheld, conditioned or delayed. The City shall at all times be kept fully apprised of all matters and information relating to the resolution of the claim and shall be entitled to retention of its own legal counsel.

It is the intent of the parties hereto that the Contractor shall indemnify the City under this indemnification clause to the fullest extent permitted by law, including indemnity for the sole negligence of the City. If, however, the indemnity herein for injury or damage caused by the sole negligence of the City is found to be contrary to law, it is the intent of the Contractor and the City that this agreement of indemnity shall in all other respects be and remain effective and binding on the parties hereto. Contractor agrees to be held alone responsible for all injuries to persons and for all damages to the property of the City or others, caused by or resulting from the negligence of Contractor, its employees, agents or Subcontractors during the progress of, or connected with the performance of the Work, whether within the limits or scope of the Work or otherwise. This indemnification shall survive the expiration or termination of this Agreement. By entering into this Agreement, the parties do not waive any immunity provided by law.

#### **16. NONLIABILITY**

The City shall not be liable for any damage or injuries to the property of Contractor, including but not limited to the Equipment, or any loss or damage sustained by Contractor caused by or resulting from any activity and/or incidents that are in any way connected with the performance of the Work or any other matter related to this Agreement by Contractor or any activity and/or incidence that is incidental thereto.

#### **17. DAMAGES**

Following an Event of Default which is not cured by Contractor as provided in this Agreement, upon the occurrence of a default, the Contractor shall be liable to the City for any damages the City sustains by virtue of the Contractor's breach, and any reasonable costs the City incurs enforcing or attempting to enforce this Agreement, including reasonable attorneys' fees. The City may cause to be withheld any payment(s) to the Contractor for the purpose of set-off until such time as the exact amount of reasonable damages due to the City from the Contractor is determined by law or equity, provided the City promptly pursues said determination. It is expressly understood that the Contractor will remain liable for the above damages and costs the City sustains in excess of any setoffs.

#### **18. ATTORNEYS' FEES**

Contractor shall be liable to the City for attorneys' fees and court costs incurred by City in connection with the collection or attempt to collect any damages arising from the negligent or wrongful act or omission of Contractor, or from Contractor's failure to fulfill any provisions or obligations provided in this Agreement.

#### **19. INSURANCE**

Contractor shall purchase and maintain such liability and other insurance as is appropriate for the Work being performed and furnished and shall provide as set forth below which may arise out of

or result from Contractor's performance and furnishing of the Work and Contractor's other obligations under this Agreement, whether it is to be performed or furnished by the Contractor, any Subcontractor, or by anyone directly or indirectly employed by any of them to perform or furnish any of the Work, or by anyone for whose acts any of them may be liable.

The Contractor shall at all times during the Agreement maintain in full force and effect Employer's Liability, Worker's Compensation, Public Liability and Property Damage insurance, including contractual liability coverage for the provisions of Section 15 above. The Contractor shall not commence Work under the Agreement until it has obtained all insurance required and such insurance has been approved by the City; nor shall the Contractor allow any Subcontractor, if any, to commence Work on its Subcontract until all similar insurance required of the Subcontractor has been obtained and approved. All insurance shall be by insurers and for policy limits acceptable to the City, in its sole discretion, and before commencement of Work hereunder, the Contractor agrees to furnish the City certificates of insurance or other evidence satisfactory to the City to the effect that such insurance has been procured and is in force. The certificates shall contain the following express obligation:

This is to certify that the policies of insurance described herein have been issued to the insured to which this certificate is executed and are in force at this time. In the event of cancellation or material change in a policy affecting the certificate holder, thirty (30) days' prior written notice will be given the certificate holder.

For the purpose of this Agreement, the Contractor shall carry the following types of insurance and such insurance shall be maintained during the life of the Agreement in at least the limits specified below:

If coverage is underwritten on a claims-made basis, the retroactive date shall be coincident with or prior to the date of the Agreement and the certificate of insurance shall state that the coverage is claims-made and the retroactive date.

For purpose of this Agreement, the Contractor shall cause the City to become a named insured on any and all such policies of insurance referred to herein, as the City's interest may appear. The Contractor shall furnish to the City, prior to thirty (30) days of the beginning of the Agreement, certificates of insurance evidencing all the foregoing insurance requirements, as applicable. Failure to do so is cause for termination of the Agreement.

The parties shall make a good faith effort to complete the agreed-upon tasks within fifteen (15) days of the initial dispute resolution meeting or specify an alternative schedule and deadline for resolving the issue. Negotiation of a dispute shall not be grounds for the Contractor to abandon the performance of the terms of this Agreement.

During the existence of a dispute, and so long as the City is working in good faith to resolve the dispute in a timely manner, Contractor shall carry on all Work required under this Agreement and maintain its collection schedule. No Work shall be delayed or postponed pending resolution of any disputes except as Contractor and City may otherwise expressly agree in writing. Should Contractor fail to continue to perform its responsibilities during the existence of a dispute, any additional costs incurred by City or Contractor as a result of such failure shall be borne by Contractor, and Contractor shall make no claim against the City for such costs. This equipment maintenance program should increase the productivity of the maintenance work force, ensure a high standard of maintenance performance, maximize fiscal goals with regard to equipment maintenance and contribute to uninterrupted operation of equipment.

Contractor shall compile a Maintenance and Procedures Manual (the "Manual") that incorporates all manufacturer's maintenance requirements and schedules for every collection vehicle used to perform the duties required by this Agreement. The Manual shall include sections that identify the procedures that Contractor will use to implement the manufacturer's required maintenance schedules on a daily, monthly, weekly, quarterly, semi-annual and annual basis. ### GUARANTY

This Guaranty is made as of the \_\_\_ day of May, 2022 by GFL Environmental Inc., an Ontario business corporation (“**Guarantor**”), in favor and for the benefit of the City of Fort Wayne Board of Public Works (the “**City**”). GFL Environmental USA, Inc. (“**Contractor**”) and the City are parties to a Residential Solid Waste and Recycling Collection Service Agreement, dated as of the date hereof (as amended, restated, modified, or supplemented at any time, the “**Service Agreement**”). Guarantor is the parent of Contractor, and in consideration of the substantial direct and indirect benefits derived from Guarantor from the City’s acceptance of the Service Agreement, Guarantor hereby unconditionally guarantees the full and prompt payment when due of the Guaranty Obligations (as defined herein), together with all costs, attorneys’ fees and expenses paid or incurred by the City in endeavoring to collect the Guaranty Obligations, including without limitation in the enforcement of this Guaranty.

This Guaranty is an absolute and unconditional guaranty of the payment of the Guaranty Obligations and shall continue and be in full force and effect until all of the Guaranty Obligations shall be fully paid and no further Guaranty Obligations may thereafter arise. Certain other Persons may guarantee payment of all or part of the Guaranty Obligations (such Persons being referred to herein collectively as the “**Other Guarantors**”). Guarantor acknowledges and agrees that Guarantor’s liability with respect to the Guaranty Obligations shall not be diminished, discharged, released or otherwise affected in any way in the event any of the Other Guarantors fails to execute a guaranty of all or any part of the Guaranty Obligations, fails to be bound thereby, fails to perform thereunder or in the event that such guaranty shall be invalid or unenforceable in whole or in part for any reason.

Guarantor expressly waives presentment for payment, demand, notice of demand and of dishonor and nonpayment of the Guaranty Obligations, protest and notice of protest, diligence in collecting and in the bringing of suit against any other Person, and the City shall be under no obligation to notify Guarantor of its acceptance of this Guaranty or the failure of Contractor to pay any of the Guaranty Obligations as and when due, or to use diligence in preserving the liability of any Person (including, without limitation, Contractor) on the Guaranty Obligations or in bringing suit to enforce collection of the Guaranty Obligations. To the full extent allowed by applicable law, Guarantor waives all defenses given to sureties or guarantors at law or in equity other than the actual payment of the Guaranty Obligations and waives, to the full extent allowed by applicable law, all defenses based upon questions as to the validity, legality or enforceability of the Guaranty Obligations.

The City, without authorization from or notice to Guarantor and without impairing or affecting the liability of Guarantor hereunder, may from time to time at its reasonable discretion and with or without valuable consideration, (i) alter, compromise, accelerate, extend or change the time or manner for the payment of any or all of the Guaranty Obligations owed to it, (ii) amend, restate, replace, modify, or supplement the Service Agreement, (iii) create additional Guaranty Obligations, (iv) take and surrender security, exchange collateral by way of substitution, or in any way it deems necessary take, accept, withdraw, subordinate, alter, amend, modify or eliminate collateral, (v) add or release or discharge endorsers, guarantors or other obligors (including,

without limitation, Contractor), (vi) make changes of any sort whatever in the terms of payment of the Guaranty Obligations owed to it or of doing business with Contractor, (vii) settle or compromise with Contractor or any other Person or Persons liable on the Guaranty Obligations owed to it (including, without limitation, Contractor), and (viii) direct the order or manner of sale of any security or collateral, all on such terms at it may see fit, and may apply all moneys received from Contractor or others, or from any security or collateral held by it (whether held under a security instrument or not) in such manner upon the Guaranty Obligations owed to it (whether then due or not) as it may determine to be in its best interest, without in any way being required to marshal securities or assets or to apply all or any part of such moneys upon any particular part of the Guaranty Obligations. It is specifically agreed that the City is not required to retain, hold, protect, exercise due care with respect thereto, or perfect security interests in or otherwise assure or safeguard any collateral or security for the Guaranty Obligations. No exercise or non-exercise by the City of any right or remedy of the City shall in any way affect any of Guarantor's obligations hereunder or any security furnished by Guarantor or give Guarantor any recourse against the City. Without limiting the generality of the foregoing, the term "collateral" as used in this Guaranty shall include any Performance Bond(s) required under the Service Agreement.

The liability of Guarantor hereunder shall continue notwithstanding the incapacity, death, disability, dissolution or termination of any other Person or Persons (including, without limitation, Contractor). Neither (i) the failure of the City to file or enforce a claim against the estate (either in administration, bankruptcy or other proceeding) of Contractor or of any other Person, nor (ii) the disallowance or avoidance under the Federal Bankruptcy Code (11 U.S.C. § 101 *et seq.*, as amended) (the "**Bankruptcy Code**") of all or any portion of the City's claims for repayment of the Guaranty Obligations or any security for the Guaranty Obligations shall affect the liability of Guarantor hereunder; nor shall Guarantor be released from liability if recovery from Contractor or any other Person becomes barred by any statute of limitations or is otherwise restricted or prevented.

The City shall not be required to pursue any other remedies before invoking the benefits of the guaranty of payment contained herein, and specifically it shall not be required to exhaust its remedies against Contractor or any surety or guarantor other than Guarantor or to proceed against any security now or hereafter existing for the payment of any of the Guaranty Obligations. The City may maintain an action on this Guaranty, whether or not Contractor is joined therein or separate action is brought against Contractor.

Guarantor absolutely and unconditionally covenants and agrees that in the event Contractor defaults in payment of the Guaranty Obligations, or any part thereof, for any reason, when such becomes due, Guarantor on demand and without any notice with respect to any matter or occurrence having been given to Guarantor previous to such demand, shall pay the Guaranty Obligations.

Guarantor further agrees that to the extent Contractor, Guarantor or any other Person makes a payment or transfers an interest in any property to the City or the City enforces any security interest or lien or exercises any rights of set-off, and such payment or transfer or proceeds of such enforcement or set-off, or any portion thereof, are subsequently invalidated, declared to be fraudulent or preferential, or otherwise is avoided, and/or required to be repaid to Contractor, Contractor's estate, a trustee, receiver or any other Person under the Bankruptcy Code or any other

bankruptcy law, state or federal law, common law or equitable cause, then to the extent of such avoidance or repayment, the Guaranty Obligations or part thereof intended to be satisfied shall be revived and this Guaranty shall continue to be effective or shall be reinstated, as the case may be, and continued in full force and effect as if said payment or transfer had not been made or such enforcement or set-off had not occurred.

The payment by Guarantor of any amount pursuant to this Guaranty shall not in any way entitle Guarantor to any right, title or interest (whether by way of subrogation or otherwise) in and to any of the Guaranty Obligations or any proceeds thereof, or any security therefor. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS GUARANTY OR THE SERVICE AGREEMENT, SO LONG AS THE GUARANTY OBLIGATIONS ARE OUTSTANDING, GUARANTOR HEREBY UNCONDITIONALLY AGREES NOT TO ASSERT: (1) ANY CLAIM OR OTHER RIGHT, NOW EXISTING OR HEREAFTER ARISING, AGAINST CONTRACTOR OR ANY OTHER PERSON PRIMARILY OR CONTINGENTLY LIABLE FOR ALL OR ANY PART OF THE GUARANTY OBLIGATIONS, WHICH ARISES FROM OR BY VIRTUE OF THE EXISTENCE OR PERFORMANCE OF THIS GUARANTY, INCLUDING, WITHOUT LIMITATION: (A) ANY RIGHT OF SUBROGATION, REIMBURSEMENT, EXONERATION, CONTRIBUTION, INDEMNIFICATION, OR OTHER RIGHT TO PAYMENT, WHETHER OR NOT SUCH RIGHT IS REDUCED TO JUDGMENT, LIQUIDATED, UNLIQUIDATED, FIXED, CONTINGENT, MATURED, UNMATURED, DISPUTED, UNDISPUTED, LEGAL, EQUITABLE, SECURED OR UNSECURED; OR (B) ANY RIGHT TO AN EQUITABLE REMEDY FOR BREACH OF PERFORMANCE IF SUCH BREACH GIVES RISE TO A RIGHT TO PAYMENT, WHETHER OR NOT SUCH RIGHT TO AN EQUITABLE REMEDY IS REDUCED TO A JUDGMENT, FIXED, CONTINGENT, MATURED, UNMATURED, DISPUTED, UNDISPUTED, SECURED OR UNSECURED; AND (2) ANY RIGHT TO PARTICIPATE OR SHARE IN ANY RIGHT, REMEDY OR CLAIM OF THE CITY AGAINST ANY OF CONTRACTOR'S INCOME OR ASSETS OR WITH RESPECT TO ANY COLLATERAL OR OTHER SECURITY FOR ALL OR ANY PART OF THE GUARANTY OBLIGATIONS OR ANY OTHER RIGHT OR CLAIM OF THE CITY OF RECOURSE TO AND WITH RESPECT TO ANY ASSETS, INCOME OR PROPERTIES OF CONTRACTOR.

Guarantor represents and warrants to the City that (i) Guarantor has a direct or indirect financial interest in Contractor and will benefit directly from the benefits provided under the Service Agreement; (ii) Guarantor is Solvent; (iii) the execution and delivery of this Guaranty by Guarantor was not undertaken by Guarantor with the "intent to hinder, delay, or defraud" (within the meaning of Ind. Code § 32-18-2-14 and §548(a)(1) of the Bankruptcy Code) creditors or any other Persons; (iv) that neither this Guaranty nor the payment or performance by Guarantor of Guarantor's obligations arising under or pursuant to this Guaranty do or are intended to render Guarantor insolvent, undercapitalized or in a condition of financial stringency; (v) this Guaranty is a legal, valid and binding obligation of Guarantor, enforceable in accordance with its terms; and (vi) the execution of this Guaranty by Guarantor and Guarantor's performance of all of its obligations hereunder have been duly authorized by all necessary organizational action. If at any time any portion of the obligations of Guarantor under this Guaranty shall be determined by a court of competent jurisdiction to be invalid, unenforceable or avoidable, the remaining portion of the Guaranty Obligations under this Guaranty shall not in any way be affected, impaired, prejudiced or disturbed thereby and shall remain valid and enforceable to the full extent permitted by

applicable law. Notwithstanding anything in this Guaranty to the contrary, the liability of Guarantor hereunder shall be limited to the maximum amount which would not result in any one of the following conditions:

- a. this Guaranty would constitute a fraudulent transfer within the meaning of § 548(a) of the Bankruptcy Code;
- b. this Guaranty would constitute a fraudulent transfer within the meaning of Ind. Code § 32-18-2-1, et seq.; or
- c. this Guaranty would constitute a fraudulent conveyance or fraudulent transfer within the meaning of any other applicable federal or state bankruptcy, insolvency or other similar law or judicial decision.

The rights of the City are cumulative and shall not be exhausted by its exercise of any of its rights under this Guaranty or otherwise against Guarantor or by any number of successive actions until and unless each and all of the obligations of Guarantor under this Guaranty have been fully performed, satisfied and discharged.

Capitalized terms used herein but not defined shall have the meaning assigned thereto in the Service Agreement. Additionally, when used in this Guaranty:

(iii) such Person will be able to pay such his/her/its debts and liabilities, subordinated, contingent or otherwise, as such debts and liabilities become absolute and matured; and (iv) such Person will have sufficient capital with which to conduct the businesses in which such Person is engaged as such businesses are now conducted and are proposed to be conducted after the date hereof.

This Guaranty shall be deemed to have been made under and shall be governed by the laws of the State of Indiana in all respects and shall not be waived, altered, modified or amended as to any of its terms or provisions except in writing duly signed by the City and Guarantor. This Guaranty shall bind Guarantor and Guarantor's successors, assigns and legal representatives, and shall inure to the benefit of all transferees, credit participants, assignees, and successors of the City. The failure of any Person to execute or be bound by this Guaranty shall not release or affect the liability of Guarantor, and the liability of Guarantor under this Guaranty is not conditioned or contingent upon or subject in any way to obtaining or retaining the primary or secondary liability of any other Person with respect to all or any part of the Guaranty Obligations (including, without limitation, Contractor and the Other Guarantors).

WHEREAS, the City desires to lease the Equipment from GFL and GFL agrees to lease the Equipment to the City pursuant to the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants contained in this Agreement, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Term.

1.1. The term of this Agreement shall commence upon the Effective Date (as defined below) and continue for a period of six (6) months (such period, the “Lease Term”). The Lease Term may be terminated prior to the end of the six (6) month period by the delivery of written notice from the City to GFL stating the date upon which the Lease Term is to be terminated. GFL shall not be entitled to terminate this Agreement except as detailed in Section 9 hereof.

1.2. The “Effective Date” shall mean the date upon which the City notifies GFL that the City elects to exercise its right to temporary possession of the Equipment following an event of default (and GFL’s failure to timely cure such event of default) under the Service Agreement, pursuant to Section 8(E) thereof.

2. Delivery and Access to the Equipment. On the Effective Date, GFL agrees to deliver possession to the Equipment to the City and the City and its employees and agents may enter upon GFL’s property to dispossess GFL therefrom without liability for trespass, and during the Lease Term, GFL grants the City and its employees and agents the exclusive

right to use, operate, manage, control, maintain, repair, restore and otherwise handle the Equipment for the purposes of performing GFL's obligations under the Service Agreement.

3. Rental Payment. The City shall compensate GFL for the use of the Equipment during the Lease Term as follows:
  - 3.1. Owned Equipment: The City shall pay GFL a rental payment of \$6,000 per month for each unit of Owned Equipment that the City takes possession of, with such amounts prorated to the actual period of time during which the City is in possession of the Owned Equipment.
  - 3.2. Leased Equipment: The City shall pay GFL a rental payment of a monthly amount equal to the monthly amount GFL pays the third party(ies) from which GFL leases the Leased Equipment for each unit of Leased Equipment that the City takes possession of, with such amounts prorated to the actual period of time during which the City is in possession of the Leased Equipment.
  - 3.3. The initial rental payment shall become due and payable as of the first calendar day of the month following the Effective Date, and all subsequent monthly rental payments shall be due and payable on the first calendar day of each month during the Lease Term, with the final monthly rental payment due and payable on the first calendar day of the month following the final day of the Lease Term (whether the Lease Term terminates upon the expiration of the six (6) month period or by delivery of notice by the City pursuant to Section 1.2 hereof).
4. Maintenance. Throughout the Lease Term, the City shall provide for the service, repair and maintenance of the Equipment, at the City's sole expense, so as to keep the Equipment in as good condition, repair, appearance and working order as when delivered to the City hereunder, ordinary wear and tear excepted. The City shall, at the City's sole expense, replace any and all parts and devices which may during the course of the Lease Term become worn out, lost, stolen, destroyed, damaged beyond repair, or rendered unfit for use for any reason whatsoever. All such replacement parts, mechanisms, and devices shall be free and clear of liens, encumbrances, and rights of others and shall become the property of GFL upon the termination of this Agreement and shall be covered by this Agreement to the same extent as the Equipment originally covered by this Agreement.
5. Use of Equipment. The City shall exercise due care in its operation, use and maintenance of the Equipment. The City shall not use, and shall not permit others to use, the Equipment in any manner that would contravene laws, rules, regulations and other governmental directives applicable to the Equipment. The City shall not materially alter or modify the Equipment without the prior written consent of GFL. The City agrees that only qualified agent and employees of the City shall operate the Equipment.
6. Permits. The City shall ensure that all of the City's agents or employees using or operating the Equipment are sufficiently trained and possess any necessary operator's license or permit.

7. Utility Charges. The City shall pay all charges for gas or other utility services to be used on or in connection with the Equipment in the City's possession during the Lease Term.
8. Default; Remedies.
  - 8.1. If the City shall (a) fail to pay any rental payment within 10 business days of the date such rental payment is due and payable, or (b) default in the performance of any other covenant herein and such default shall continue for five business days after written notice to the City by GFL, GFL shall have the right to exercise any one or more of the following remedies:
    - (i) To declare the entire amount of rent hereunder immediately due and payable as to the Equipment then in the City's possession, without notice or demand to the City;
    - (ii) To sue for and recover all rents, and other payments, then accrued or thereafter accruing, with respect to the Equipment;
    - (iii) To take possession of the Equipment without demand, notice, or legal process, wherever they may be located. The City hereby waives any and all damages occasioned by such taking of possession. Any said taking of possession shall not constitute a termination of this Agreement as to any or all items of Equipment unless GFL expressly so notifies the City in writing;
    - (iv) To terminate this Agreement as to any or all items of Equipment; and
    - (v) To pursue any other remedy at law or in equity. All such remedies are cumulative and may be exercised concurrently or separately.
  - 8.2. In the event that GFL interferes with the City's possession, use or operation of the Equipment during the Lease Term, GFL shall be liable to the City in an amount equal to the total costs, expenses and fees of any kind incurred by the City in an effort to perform the collection service obligations of GFL under the Service Agreement by alternative means. Any damages of GFL under this Agreement shall be in addition to and shall in no way limit the damages incurred under the Service Agreement.
9. Return of Equipment. Upon termination of this Agreement, the City, at its sole cost and expense, shall promptly deliver the Equipment to GFL. The City shall be responsible for any damage to the Equipment in delivering the Equipment to GFL.
10. Insurance. The City shall, at its sole expense, obtain and maintain throughout the Lease Term general commercial liability insurance in an amount determined by GFL in its reasonable discretion. The City agrees to furnish proof of all such insurance to GFL upon request.
11. Damage. The City shall be responsible for any material loss of or damage to the Equipment during the Lease Term, excluding any loss or damage that was directly a result of (i) GFL's

reckless or willful misconduct or (ii) the state or condition of such Equipment when the City took possession. If the Equipment is lost, stolen or damaged during the Lease Term, the City will promptly notify GFL of such event. In no event shall such loss or damage relieve either party of its obligations under this Agreement. In the event of such material loss or damage, the City, at its option, shall: (i) promptly repair the Equipment to return it to good working order; or (ii) replace the Equipment with like Equipment of the same or later model (upon GFL's written approval), in good condition and working order, free and clear of all liens and encumbrances and grant GFL the right to perfect its security interest in the replacement Equipment and such replacement shall be substituted in this Agreement by appropriate amendment; or (iii) pay GFL the replacement value less any rental payments previously paid.

12. Indemnification. The City shall indemnify, defend and hold GFL and its regents, employees, students, agents and contractors harmless from all losses, liabilities, actions, suits, judgments, obligations, fines, penalties, claims, costs and expenses (including reasonable attorneys' fees and investigative fees) actually incurred by GFL and directly arising out of the City's use and/or possession of the Equipment and all acts and omissions related thereto.
13. Security Interests in the Equipment. In no event shall the City assert any ownership interest in or to the Equipment. The City shall not grant or permit any person or business entity to assert a security or other interest in the Equipment. At all times during the Lease Term, the City shall ensure that the Equipment is identified as being owned by GFL.
14. Disclaimer of Warranties. GFL disclaims and excludes all warranties, express and implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose, concerning the Equipment leased under this Agreement. The Parties acknowledge and agree the Equipment shall be leased and accepted "AS IS" with all defects.
15. General Provisions.
  - 15.1. Entire Agreement; Amendment. This Agreement (including all attached or referenced exhibits, addenda and schedules) is intended by the Parties as the final and binding expression of their agreement and as the complete and exclusive statement of its terms. This Agreement cancels, supersedes and revokes all prior negotiations, representations and agreements between the Parties, whether written or oral, relating to the subject matter of this Agreement. This Agreement may be amended only in writing duly executed by all Parties.
  - 15.2. Assignment. This Agreement may not be assigned by a Party without the prior written consent of the other Party. Any assignment attempted to be made in violation of this Agreement shall be void.

- 15.4. Governing Law; Consent to Jurisdiction. The internal laws of the state of Indiana shall govern the validity, construction and enforceability of this Agreement, without giving effect to its conflict of laws principles. All suits, actions, claims and causes of action relating to the construction, validity, performance and enforcement of this Agreement shall be in the courts of Allen County, Indiana.

## GUARANTY

This Guaranty is made as of the \_\_\_ day of May, 2022 by GFL Environmental Inc., an Ontario business corporation (“**Guarantor**”), in favor and for the benefit of the City of Fort Wayne Board of Public Works (the “**City**”). GFL Environmental USA, Inc. (“**Contractor**”) and the City are parties to a Residential Solid Waste and Recycling Collection Service Agreement, dated as of the date hereof (as amended, restated, modified, or supplemented at any time, the “**Service Agreement**”). Guarantor is the parent of Contractor, and in consideration of the substantial direct and indirect benefits derived from Guarantor from the City’s acceptance of the Service Agreement, Guarantor hereby unconditionally guarantees the full and prompt payment when due of the Guaranty Obligations (as defined herein), together with all costs, attorneys’ fees and expenses paid or incurred by the City in endeavoring to collect the Guaranty Obligations, including without limitation in the enforcement of this Guaranty.

This Guaranty is an absolute and unconditional guaranty of the payment of the Guaranty Obligations and shall continue and be in full force and effect until all of the Guaranty Obligations shall be fully paid and no further Guaranty Obligations may thereafter arise. Certain other Persons may guarantee payment of all or part of the Guaranty Obligations (such Persons being referred to herein collectively as the “**Other Guarantors**”). Guarantor acknowledges and agrees that Guarantor’s liability with respect to the Guaranty Obligations shall not be diminished, discharged, released or otherwise affected in any way in the event any of the Other Guarantors fails to execute a guaranty of all or any part of the Guaranty Obligations, fails to be bound thereby, fails to perform thereunder or in the event that such guaranty shall be invalid or unenforceable in whole or in part for any reason.

Guarantor expressly waives presentment for payment, demand, notice of demand and of dishonor and nonpayment of the Guaranty Obligations, protest and notice of protest, diligence in collecting and in the bringing of suit against any other Person, and the City shall be under no obligation to notify Guarantor of its acceptance of this Guaranty or the failure of Contractor to pay any of the Guaranty Obligations as and when due, or to use diligence in preserving the liability of any Person (including, without limitation, Contractor) on the Guaranty Obligations or in bringing suit to enforce collection of the Guaranty Obligations. To the full extent allowed by applicable law, Guarantor waives all defenses given to sureties or guarantors at law or in equity other than the actual payment of the Guaranty Obligations and waives, to the full extent allowed by applicable law, all defenses based upon questions as to the validity, legality or enforceability of the Guaranty Obligations.

The City, without authorization from or notice to Guarantor and without impairing or affecting the liability of Guarantor hereunder, may from time to time at its reasonable discretion and with or without valuable consideration, (i) alter, compromise, accelerate, extend or change the time or manner for the payment of any or all of the Guaranty Obligations owed to it, (ii) amend, restate, replace, modify, or supplement the Service Agreement, (iii) create additional Guaranty Obligations, (iv) take and surrender security, exchange collateral by way of substitution, or in any way it deems necessary take, accept, withdraw, subordinate, alter, amend, modify or eliminate collateral, (v) add or release or discharge endorsers, guarantors or other obligors (including, without limitation, Contractor), (vi) make changes of any sort whatever in the terms of payment of the Guaranty Obligations owed to it or of doing business with Contractor, (vii) settle or

compromise with Contractor or any other Person or Persons liable on the Guaranty Obligations owed to it (including, without limitation, Contractor), and (viii) direct the order or manner of sale of any security or collateral, all on such terms as it may see fit, and may apply all moneys received from Contractor or others, or from any security or collateral held by it (whether held under a security instrument or not) in such manner upon the Guaranty Obligations owed to it (whether then due or not) as it may determine to be in its best interest, without in any way being required to marshal securities or assets or to apply all or any part of such moneys upon any particular part of the Guaranty Obligations. It is specifically agreed that the City is not required to retain, hold, protect, exercise due care with respect thereto, or perfect security interests in or otherwise assure or safeguard any collateral or security for the Guaranty Obligations. No exercise or non-exercise by the City of any right or remedy of the City shall in any way affect any of Guarantor's obligations hereunder or any security furnished by Guarantor or give Guarantor any recourse against the City. Without limiting the generality of the foregoing, the term "collateral" as used in this Guaranty shall include any Performance Bond(s) required under the Service Agreement.

The liability of Guarantor hereunder shall continue notwithstanding the incapacity, death, disability, dissolution or termination of any other Person or Persons (including, without limitation, Contractor). Neither (i) the failure of the City to file or enforce a claim against the estate (either in administration, bankruptcy or other proceeding) of Contractor or of any other Person, nor (ii) the disallowance or avoidance under the Federal Bankruptcy Code (11 U.S.C. § 101 *et seq.*, as amended) (the "**Bankruptcy Code**") of all or any portion of the City's claims for repayment of the Guaranty Obligations or any security for the Guaranty Obligations shall affect the liability of Guarantor hereunder; nor shall Guarantor be released from liability if recovery from Contractor or any other Person becomes barred by any statute of limitations or is otherwise restricted or prevented.

The City shall not be required to pursue any other remedies before invoking the benefits of the guaranty of payment contained herein, and specifically it shall not be required to exhaust its remedies against Contractor or any surety or guarantor other than Guarantor or to proceed against any security now or hereafter existing for the payment of any of the Guaranty Obligations. The City may maintain an action on this Guaranty, whether or not Contractor is joined therein or separate action is brought against Contractor.

Guarantor absolutely and unconditionally covenants and agrees that in the event Contractor defaults in payment of the Guaranty Obligations, or any part thereof, for any reason, when such becomes due, Guarantor on demand and without any notice with respect to any matter or occurrence having been given to Guarantor previous to such demand, shall pay the Guaranty Obligations.

Guarantor further agrees that to the extent Contractor, Guarantor or any other Person makes a payment or transfers an interest in any property to the City or the City enforces any security interest or lien or exercises any rights of set-off, and such payment or transfer or proceeds of such enforcement or set-off, or any portion thereof, are subsequently invalidated, declared to be fraudulent or preferential, or otherwise is avoided, and/or required to be repaid to Contractor, Contractor's estate, a trustee, receiver or any other Person under the Bankruptcy Code or any other bankruptcy law, state or federal law, common law or equitable cause, then to the extent of such avoidance or repayment, the Guaranty Obligations or part thereof intended to be satisfied shall be

revived and this Guaranty shall continue to be effective or shall be reinstated, as the case may be, and continued in full force and effect as if said payment or transfer had not been made or such enforcement or set-off had not occurred.

The payment by Guarantor of any amount pursuant to this Guaranty shall not in any way entitle Guarantor to any right, title or interest (whether by way of subrogation or otherwise) in and to any of the Guaranty Obligations or any proceeds thereof, or any security therefor. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS GUARANTY OR THE SERVICE AGREEMENT, SO LONG AS THE GUARANTY OBLIGATIONS ARE OUTSTANDING, GUARANTOR HEREBY UNCONDITIONALLY AGREES NOT TO ASSERT: (1) ANY CLAIM OR OTHER RIGHT, NOW EXISTING OR HEREAFTER ARISING, AGAINST CONTRACTOR OR ANY OTHER PERSON PRIMARILY OR CONTINGENTLY LIABLE FOR ALL OR ANY PART OF THE GUARANTY OBLIGATIONS, WHICH ARISES FROM OR BY VIRTUE OF THE EXISTENCE OR PERFORMANCE OF THIS GUARANTY, INCLUDING, WITHOUT LIMITATION: (A) ANY RIGHT OF SUBROGATION, REIMBURSEMENT, EXONERATION, CONTRIBUTION, INDEMNIFICATION, OR OTHER RIGHT TO PAYMENT, WHETHER OR NOT SUCH RIGHT IS REDUCED TO JUDGMENT, LIQUIDATED, UNLIQUIDATED, FIXED, CONTINGENT, MATURED, UNMATURED, DISPUTED, UNDISPUTED, LEGAL, EQUITABLE, SECURED OR UNSECURED; OR (B) ANY RIGHT TO AN EQUITABLE REMEDY FOR BREACH OF PERFORMANCE IF SUCH BREACH GIVES RISE TO A RIGHT TO PAYMENT, WHETHER OR NOT SUCH RIGHT TO AN EQUITABLE REMEDY IS REDUCED TO A JUDGMENT, FIXED, CONTINGENT, MATURED, UNMATURED, DISPUTED, UNDISPUTED, SECURED OR UNSECURED; AND (2) ANY RIGHT TO PARTICIPATE OR SHARE IN ANY RIGHT, REMEDY OR CLAIM OF THE CITY AGAINST ANY OF CONTRACTOR'S INCOME OR ASSETS OR WITH RESPECT TO ANY COLLATERAL OR OTHER SECURITY FOR ALL OR ANY PART OF THE GUARANTY OBLIGATIONS OR ANY OTHER RIGHT OR CLAIM OF THE CITY OF RECOURSE TO AND WITH RESPECT TO ANY ASSETS, INCOME OR PROPERTIES OF CONTRACTOR.

Guarantor represents and warrants to the City that (i) Guarantor has a direct or indirect financial interest in Contractor and will benefit directly from the benefits provided under the Service Agreement; (ii) Guarantor is Solvent; (iii) the execution and delivery of this Guaranty by Guarantor was not undertaken by Guarantor with the "intent to hinder, delay, or defraud" (within the meaning of Ind. Code § 32-18-2-14 and §548(a)(1) of the Bankruptcy Code) creditors or any other Persons; (iv) that neither this Guaranty nor the payment or performance by Guarantor of Guarantor's obligations arising under or pursuant to this Guaranty do or are intended to render Guarantor insolvent, undercapitalized or in a condition of financial stringency; (v) this Guaranty is a legal, valid and binding obligation of Guarantor, enforceable in accordance with its terms; and (vi) the execution of this Guaranty by Guarantor and Guarantor's performance of all of its obligations hereunder have been duly authorized by all necessary organizational action. If at any time any portion of the obligations of Guarantor under this Guaranty shall be determined by a court of competent jurisdiction to be invalid, unenforceable or avoidable, the remaining portion of the Guaranty Obligations under this Guaranty shall not in any way be affected, impaired, prejudiced or disturbed thereby and shall remain valid and enforceable to the full extent permitted by applicable law. Notwithstanding anything in this Guaranty to the contrary, the liability of

Guarantor hereunder shall be limited to the maximum amount which would not result in any one of the following conditions:

- a. this Guaranty would constitute a fraudulent transfer within the meaning of § 548(a) of the Bankruptcy Code;
- b. this Guaranty would constitute a fraudulent transfer within the meaning of Ind. Code § 32-18-2-1, et seq.; or
- c. this Guaranty would constitute a fraudulent conveyance or fraudulent transfer within the meaning of any other applicable federal or state bankruptcy, insolvency or other similar law or judicial decision.

The rights of the City are cumulative and shall not be exhausted by its exercise of any of its rights under this Guaranty or otherwise against Guarantor or by any number of successive actions until and unless each and all of the obligations of Guarantor under this Guaranty have been fully performed, satisfied and discharged.

Capitalized terms used herein but not defined shall have the meaning assigned thereto in the Service Agreement. Additionally, when used in this Guaranty:

contingent or otherwise, as such debts and liabilities become absolute and matured; and (iv) such Person will have sufficient capital with which to conduct the businesses in which such Person is engaged as such businesses are now conducted and are proposed to be conducted after the date hereof.

This Guaranty shall bind Guarantor and Guarantor's successors, assigns and legal representatives, and shall inure to the benefit of all transferees, credit participants, assignees, and successors of the City. The failure of any Person to execute or be bound by this Guaranty shall not release or affect the liability of Guarantor, and the liability of Guarantor under this Guaranty is not conditioned or contingent upon or subject in any way to obtaining or retaining the primary or secondary liability of any other Person with respect to all or any part of the Guaranty Obligations (including, without limitation, Contractor and the Other Guarantors).

If the Equipment is lost, stolen or damaged during the Lease Term, the City will promptly notify GFL of such event. In no event shall such loss or damage

relieve either party of its obligations under this Agreement. In the event of such material loss or damage, the City, at its option, shall: (i) promptly repair the Equipment to return it to good working order; or (ii) replace the Equipment with like Equipment of the same or later model (upon GFL's written approval), in good condition and working order, free and clear of all liens and encumbrances and grant GFL the right to perfect its security interest in the replacement Equipment and such replacement shall be substituted in this Agreement by appropriate amendment; or (iii) pay GFL the replacement value less any rental payments previously paid.

12. Indemnification. The City shall indemnify, defend and hold GFL and its regents, employees, students, agents and contractors harmless from all losses, liabilities, actions, suits, judgments, obligations, fines, penalties, claims, costs and expenses (including reasonable attorneys' fees and investigative fees) actually incurred by GFL and directly arising out of the City's use and/or possession of the Equipment and all acts and omissions related thereto.
13. Security Interests in the Equipment. In no event shall the City assert any ownership interest in or to the Equipment. The City shall not grant or permit any person or business entity to assert a security or other interest in the Equipment. At all times during the Lease Term, the City shall ensure that the Equipment is identified as being owned by GFL.
14. Disclaimer of Warranties. GFL disclaims and excludes all warranties, express and implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose, concerning the Equipment leased under this Agreement. The Parties acknowledge and agree the Equipment shall be leased and accepted "AS IS" with all defects.
15. General Provisions.
  - 15.1. Entire Agreement; Amendment. This Agreement (including all attached or referenced exhibits, addenda and schedules) is intended by the Parties as the final and binding expression of their agreement and as the complete and exclusive statement of its terms. This Agreement cancels, supersedes and revokes all prior negotiations, representations and agreements between the Parties, whether written or oral, relating to the subject matter of this Agreement. This Agreement may be amended only in writing duly executed by all Parties.
  - 15.2. Assignment. This Agreement may not be assigned by a Party without the prior written consent of the other Party. Any assignment attempted to be made in violation of this Agreement shall be void.
  - 15.3. Force Majeure. No Party to this Agreement shall be responsible for any delays or failure to perform any obligation under this Agreement due to acts of God, strikes or other disturbances, including, without limitation, war, insurrection, embargoes, governmental restrictions, acts of governments or governmental authorities, and any other cause beyond the control of such party. During an event of force majeure, the Parties' duty to perform obligations shall be suspended.

- 15.4. Governing Law; Consent to Jurisdiction. The internal laws of the state of Indiana shall govern the validity, construction and enforceability of this Agreement, without giving effect to its conflict of laws principles. All suits, actions, claims and causes of action relating to the construction, validity, performance and enforcement of this Agreement shall be in the courts of Allen County, Indiana.
- 15.5. Independent Contractor. In the performance of their obligations under this Agreement, the Parties shall be independent contractors, and shall have no other legal relationship, including, without limitation, joint venturers, or employees. Neither Party shall have the right or power to bind the other Party and any attempt to enter into an agreement in violation of this section shall be void.
- 15.6. Notices. All notices, requests and other communication that a Party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requests, to the other Party at its address set forth below or to such other address as such Party may designate by notice given pursuant to this section.

- 15.8. Non-Waiver of Defaults.
