Subject: Mobile Device Software Implementation

Members of City Council:

This ordinance is to authorize the purchase of software implementation services at a total cost of \$141,200 from Resultant. Civil City will pay 75% of the cost and City Utilities will pay 25%. This ratio is commensurate with our use of mobile devices.

Civil City, City Utilities, and in 2024 Allen County will be using Jamf Mobile Device Management software to manage our iPad, iPhone, Android, and Microsoft mobile devices. This software allows us to install software, lock out lost devices, find lost devices, and limit the use of specific features of the devices.

We previously had Meraki mobile device management software. This project will assist with moving around 700 devices to the Jamf software.

If you have any questions, please call me at 427-1461.
