Subject: PowerScale A300 Expansion hardware for digital forensics

Members of City Council:

This ordinance is to authorize the purchase of data storage hardware for the Forensic Lab of the Fort Wayne Police Department. This hardware will attach to existing storage systems in place today. The cost of the additional hardware is \$312,128 from Trace3, LLC.

This existing hardware stores 521 TB of data and is over 80% full. I expect the existing capacity will be completely full by early 2025.

This hardware expansion will add 270 TB of capacity to the environment. I project this capacity will be consumed sometime in 2027.

The expansion covers two storage devices, one located in Fort Wayne and one in Indianapolis. The dual locations are for disaster recovery and backup purposes.

If you have any questions, please call me at 427-1461.
