

1 **BILL NO. S-24-11-37**

2 ORDINANCE NO. S-176-24

3 **AN ORDINANCE** approving a five-year contract for the
4 Motorola Flex Public Safety software at a total cost of
5 \$2,511,001.79 from and through Motorola Solutions by
6 the City of Fort Wayne, Indiana,

7 **WHEREAS**, public safety software is integral to the
8 operation of police, fire, and 911 services

9 **WHEREAS**, Allen County, and the City of Fort Wayne
10 jointly share in the operation of public safety software:

11 **NOW, THEREFORE, BE IT ORDAINED BY THE COMMON**
12 **COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:**

13 **SECTION 1.** That the five-year contract for Spillman Flex Public
14 Safety software and hardware from Motorola Solutions for a total cost to the City of
15 \$2,511,001.79 is hereby approved in all respects. That said contract will be used
16 to ensure the proper operation of the City's police, fire and 911 systems.

17 **SECTION 2.** That the City is authorized and directed to take all action
18 necessary for the purchase of this system by and through Motorola Solutions.

19 **SECTION 3.** That this Ordinance shall be in full force and effect from
20 and after its passage and all necessary approval by the Mayor.

Re: Flex Software and CommandCentral Upgrade

Dear Ed Steenman and Garry Morr,

Motorola Solutions, Inc. ("Motorola") is pleased to provide the attached Proposal to Allen County Sheriff's Office, Indiana. This Proposal is valid until December 31st, 2024.

Motorola's Proposal is subject to the terms and conditions of the enclosed "Contract Package" consisting of the Master Customer Agreement, Equipment Purchase and Software License Addendum, Software Products Addendum, Subscription Software Addendum, and Flex Maintenance and Support Addendum (collectively, the "Agreement"). You may accept this Proposal by signing the attached Agreement and sending your order to your Motorola Public Safety Solutions Consultant listed below.

Motorola appreciates your consideration of this Proposal and hopes you will find it acceptable. Motorola would be pleased to address any concerns you might have, and we look forward to receiving your response. Feel free to contact your Motorola Public Safety Solutions Consultant with any questions.

Taylor Morris

Customer Contact

INVOICING AND SHIPPING ADDRESSES. Invoices will be sent to the Customer at the following address:

Name: James.Haley@cityoffortwayne.org
Address: 1 E. Main St. Ste.254, Fort Wayne, IN 46802
Phone: 260-449-7407
Email: Ed.Steenman@allencounty.us and James.Haley@cityoffortwayne.org

The address which is the ultimate destination where the Equipment will be delivered to Customer is:

Name: Allen County Sheriff's Office, Indiana
Address: 1 E. Main St. Ste.254, Fort Wayne, IN 46802

The Equipment will be shipped to the Customer at the following address (insert if this information is known):

Name: Ed Steenman and James Haley
Address: 1 E. Main St. Ste.254, Fort Wayne, IN 46802
Phone: 260-449-7407

Payment Terms

Except for a payment that is due on the Effective Date, Customer will make payments to Motorola within thirty (30) days after the date of each invoice. Customer will make payments, when due, in the form of a check, cashier's check, or wire transfer drawn on a U.S. financial institution. If Customer has purchased additional Professional or Subscription services, payment will be in accordance with the applicable addenda. Payment for the System purchase will be in accordance with the following milestones:

System Payment Milestones		Payment
1)	Contract Execution (due upon effective date)	40%
2)	Delivery of System Hardware & Application of Software	35%
3)	Installation of Equipment	10%
4)	System Go-Live	10%
5)	Final Acceptance	5%

Customer affirms that a purchase order or notice to proceed is not required for contract performance or for subsequent years of service, if any, and that sufficient funds have been appropriated in accordance with applicable law. The Customer will pay all invoices as received from Motorola and any changes in scope will be subject to the change order process as described in this Agreement. At the time of execution of this Agreement, the Customer will provide all necessary reference information to include on invoices for payment in accordance with this Agreement.

Motorola shall make partial shipments of equipment and will request payment upon shipment of such equipment. In addition, Motorola shall invoice for installations completed on a site-by-site basis or when

professional services are completed, when applicable. The value of the equipment shipped/services performed will be determined by the value shipped/services performed as a percentage of the total milestone value. Unless otherwise specified, contract discounts are based upon all items proposed and overall system package. Overdue invoices will bear simple interest at the maximum allowable rate by state law.

For Maintenance and Support Plan and Subscription Based Services: Motorola will invoice Customer annually in advance of each year of the plan.

Price Quote

Quote # : 20240213-1

Configuration: Dell Linux Extra Large 3-Node SAN with 2-Node DR

Client: Motorola

Agency: Allen County IN

Project: Flex Server Infrastructure Refresh

Valid Until: May 13, 2024

Date: 2/14/2024

Contact: Katie Muhlenberg

Phone: (210) 201-8013

Email: Katie.Muhlenberg@solutions-ii.com

Notes:

1. Taxes are not included in this price quote and will be invoiced if applicable.
2. Any Shipping/Freight will show as estimated and will be invoiced accordingly.
3. This price quote, supporting configurations, and any associated contracts are confidential to the client specified and Solutions II.
4. Final configuration and prices subject to change based upon the final solutions assurance review and consultation with client.
5. Detailed services descriptions are included on an adjacent spreadsheet tab or in a subsequent section of a quote or proposal.
6. Prices quoted assume standard terms and conditions, net 30.
7. Services included in this quote are subject to terms set forth in the Master Services Agreement Number SPLM11.24.10.

Solution Summary

3 - Dell R660xs Servers

- 2 - Intel® Xeon® Gold 6442Y Processor s per Server
 - » 24 - 2.60 GHz / 4.00 GHz(Turbo) Cores per CPU, 48 Cores total per Server
- 512GB Memory per Server
- 2 - 1GbE Base-T Ports plus 4 - 1/10GbE Base-T Ports Plus 6 - 10/25GbE SFP28 Ports
- 0.9TB Useable Flash Storage
- 5 Years of 24x7x4 hardware support with keep your hard drive add-on
- Using Agency Microsoft EA for Windows Server Licensing
- Using Agency RHEL Subscription

Dell ME5024 Storage Array

- 67.5TB Useable Capacity
- 5 Years of Support

2 - Dell R660xs Servers (DR Site)

- 2 - Intel® Xeon® Gold 6442Y Processor s per Server
 - » 24 - 2.60 GHz / 4.00 GHz(Turbo) Cores per CPU, 48 Cores total per Server
- 512GB Memory per Server
- 2 - 1GbE Base-T Ports plus 4 - 1/10GbE Base-T Ports Plus 6 - 10/25GbE SFP28 Ports
- 0.9TB Useable Flash Storage expandable to 5.3TB Useable for the cluster
- 5 Years of hardware support with keep your hard drive
- Using Agency Microsoft EA for Windows Server Licensing

Dell ME5024 Storage Array

- 67.5TB Useable Capacity
- 5 Years of Support

VMware Software

- Using Agency VMware Licensing

Backup Software and NAS Storage

- Using Agency Veeam Licensing
- 2 - Synology RS2423RP+ NAS devices, each with 7 - 16TB 7200 RPM SATA drives
 - » 80TB of useable storage, expandable to 160TB

Solutions II Professional Services

- Onsite installation and integration of the solution into the Agency's existing environment
- 10 hours of Solutions II Support for assistance with the environment after installation

Professional Services

This quote includes onsite implementation services from Solutions II for all quoted hardware and software. Solutions II will coordinate with Motorola project managers and the Agency to ensure schedules and deadlines are met, to verify hardware delivery, schedule Solutions II engineers to be on site and provide the Agency with all information needed to successfully deploy the solution. Once the solution is deployed, Solutions II provides documentation of the implemented environment and continues to support the new environment for up to a year after installation with a block of support hours so Solutions II engineering resources can continue to assist with any issue not covered by Motorola Flex support.

Solutions II services are contracted through Motorola Solutions Inc., in accordance with and subject to the Agreement Terms set forth in the Master Services Agreement Number SPLM11.24.10. Any obligations are limited to the services described in this quote and any subsequent Project Change Requests.

Description of Services

Services for this engagement will be delivered by a combination of onsite and remote efforts. All travel expenses for one (1), multiple day trip to the Agency's location are inclusive in this project. Remote work performed by Solutions II may require onsite assistance from the Agency and Motorola. It is important that all team members are available as scheduled.

The following services will be performed by Solutions II.

1. Project Management
 - a. Solutions II will provide a Project Manager to facilitate the project delivery from initiation through completion.
2. Implementation
 - a. Project kickoff and Pre-Implementation Planning
 - I. Facilitate Internal/External Kick Off Meetings
 - II. Identify network (IPs, DNS, connectivity, etc.) and facilities readiness (rack, power, cabling, etc.)
 - III. Validate hardware and software receipt
 - IV. Arrange for remote access
 - b. Production site infrastructure installation and configuration
 - I. Installation and configuration of 3 - Dell R660xs Servers and 1 Dell ME5024 Storage Array
 1. Work with agency team on physical installation of hardware
 2. Cable server ensuring redundancy based on supporting infrastructure
 3. Configure lights out management interfaces
 4. Configure RAID controller
 - III. Veeam Backup
 1. Installation and configuration of NAS backup target
 2. Installation of Veeam backup on designated VM's
 3. Obtain Client backup requirements
 4. Creation of Backup jobs for Spillman Environment per requirements
 5. Creation of Backup schedule
 6. Configuration of Email alerts

- c. DR site infrastructure installation and configuration
 - I. Installation and configuration of 2 - Dell R660xs Servers0 - Dell No Server Found Server
 - 1. Work with agency team on physical installation of server
 - 2. Cable server ensuring redundancy based on supporting infrastructure
 - 3. Configure management interfaces as necessary
 - 4. Configure RAID controller
 - II. VMware vSphere
 - 1. Install ESXi on the host server
 - 2. Configure local storage on the server
 - 3. Configure vSwitches as needed on the ESXi host
 - 4. Create, move or P2V any virtual machines needed to support the Motorola Flex application
 - III. Veeam Backup
 - 1. Installation and configuration of NAS backup target
 - d. Veeam Replication
 - I. Setup Spillman and GIS virtual machines for replication
 - II. Define data sources, replication order and destinations on agencies existing infrastructure
 - III. Configure re-IP rules
 - IV. Define job schedule
 - e. Disaster Recovery Testing
 - I. Simulated failover test
 - 1. Start and test a copy of the Spillman server VM at the DR site to ensure failover functionality without down time
 - OR
 - II. Full DR failover test
 - 1. The Spillman server is shutdown at the primary site and brought up at the DR site
3. As Needed - E911 Network Serial Port Configuration
 - a. Assign an IP address to the Digi PortServer
 - b. Create a custom DB9/DB25 to 8p8c RJ45 connector to connect the E911 ANI/ALI feed to the Digi PortServer
 - c. Verify data coming out of the serial port is seen by the server
 4. Software Patches and Firmware Updates
 - a. All hardware firmware and software installed by Solutions II will be updated to the latest recommended levels during installation.
 - b. If there is more than a year between the installation and the Flex application go-live, all hardware firmware and software installed by Solutions II will be updated a second time to recommended levels.
 - c. All patches and updates after the Flex application go-live are the Agency's responsibility unless the Agency has purchased Solutions II managed services.
 5. Knowledge Transfer
 - a. Solutions II will provide knowledge transfer for the installation, configuration, ongoing management, and administration of implemented environment.
 6. Deliverables
 - a. At the conclusion of this project, Solutions II will provide the following documentation:
 - I. Site Guide
 - II. Rack and Cabling Diagrams
 - III. Operations Guides
 - IV. Configuration Documents
 7. Support Hours
 - a. Provide up to (10) hours of as needed support for the environment installed by Solutions II.
 - I. Hours are available to use for 1 year from the date the environment is installed by Solutions II. Unused hours will be forfeited.
 - II. Hours will be scheduled in advance for a mutually agreed upon date and time. If urgent help is needed and cannot be scheduled in advance, Solutions II will engage on a "best effort" time frame

Agency Responsibilities

Solutions II's performance is dependent upon the Agency fulfilling the responsibilities listed below. Any delay in performance of these responsibilities may result in additional charges and/or delay of the completion of the services. Such additional charges and/or delay will be handled in accordance with the change order procedure.

Motorola will ensure the Agency is aware of and complies with the following responsibilities, at no charge to Solutions II.

1. Facility Readiness - The Agency will provide the power, cooling, rack space, cabling, network infrastructure and access required for Solutions II to deliver the services in scope.
2. If Solutions II is onsite at the Agency, the Agency will provide Solutions II with the equipment, workspace and physical facilities (i.e. data center) and other resources as required.
3. The Agency will provide the following technical and management resources to assist Solutions II as needed services contained in this SOW are being performed.
 - a. An authorized contact who will be responsible for approving business or technical changes (for example, approving access or maintenance activities).
 - b. An authorized contact with physical access to the locations Solutions II will be performing services.
 - c. An authorized contact that can assist with tasks that are outside of the scope of work contained in this SOW (for example, network switch configuration changes, creating DNS entries, creating Active Directory users, Etc.).
4. The Agency will provide maintenance windows as needed by Solutions II to perform services that require or may result in down time.
5. The Agency is required to have current maintenance and license agreements in place with the vendor of any product Solutions II is performing services on or is needed to enable the completion of the services described herein.
6. Password and Passphrase Management: Before project completion the Solutions II engineer will give the End-user all passwords and passphrases that have been configured in the End-user's environment. Once that handoff occurs, the End-user is responsible for managing those passwords and passphrases. Lost passwords and passphrases can cause extended unplanned downtime and permanent data loss. Solutions II recommends the use of a defined process and procedures for managing that critical data. A commercial password manager and/or vault that will allow the End-user to securely share the passwords and passphrases between multiple people and ensures availability of the passwords and passphrases should be considered.
7. Encryption Key Management – Encryption keys are an essential part of system security and are used to encrypt the storage virtual machines run on, backups, and other data at rest. Before project completion the Solutions II engineer will give the End-user a copy of all encryption keys used to encrypt data in the End-user's environment if data at rest encryption is applicable and in scope for this project. Once that handoff occurs, the End-user is responsible for the management of those encryption keys. Proper encryption key management involves ensuring keys are available when needed to unlock data and rotating encryption keys according to the End-user's policies. Solutions II recommends that the End-user develop a written policy to manage encryption keys that is shared among multiple people. The use of a key management software solution to aid in encryption key management is required for some solutions. When a key management software solution is deployed it will be the End-users responsibility to manage and maintain that system according to the best practice recommendations of the key management vendor. Solutions II recommends that the End-user develop and maintain a policy to manage encryption key management software when it is deployed in their environment. Lost encryption keys can cause extended unplanned downtime and permanent data loss.
8. Business continuity planning – The Agency is responsible for any business continuity planning that is not in scope to the services set forth in this description of services. Some of the key tasks that are required for a business continuity plan include but are not limited to the following items.
 - a. Business Impact Analysis to identify potential loss scenarios and perform risk assessments on those scenarios.
 - b. Development of business continuity policies.

- I. Failover Go / No-Go policy
 - II. Damage assessment procedures
 - III. Communication plans
 - IV. Repair plans and procedures
 - V. Risk management plans
- c. Determining appropriate recovery point objective (RPO) and recovery time objective (RTO) times based on business needs.
- I. Solutions II will implement the in-scope backup and recovery products as close to the Agency's specified RPO times as is possible for the product.
- d. Determining work recovery time (WRT) and maximum tolerable downtime (MTD).
- e. Failover plans for other essential servers, interfaces, hardware or software that not in the scope of this SOW.
- f. Disaster mitigation plans.
- g. Other contingency plans.
- h. Regular testing of the backup and recovery solutions implemented by Solutions II after project completion.

Public Safety Software Implementation Statement of Work (SOW)

Between

Motorola Solutions, Inc.

And

Allen County Sheriff's Office, Indiana

Prepared

April 15th, 2024

By

Motorola Solutions, Inc.

This information is the property of Motorola and is provided on a confidential and restricted basis. This information shall not be disclosed outside of Customer organization and shall not be duplicated, used, or disclosed in whole or in part for any reason other than to evaluate this SOW.

Introduction and Purpose

This SOW guides the primary activities and responsibilities for the server migration project. It documents project implementation requirements, identifies each major task within the implementation process, sets expectations for each party, and identifies the criteria by which Motorola and Customer will consider a task complete.

Project Objectives

Ongoing objectives of the Server Migration project:

- Move the Motorola application, data, and interfaces from current server to new

Specific SOW objectives:

- Complete the project plan and schedule
- Obtain hardware Solutions II
- Perform pre-migration audit
- Configure, set up, and install the server
- Configure,
- Migrate Motorola data to new server
- Configure, set up, and install Motorola software and interfaces

Change Management Procedures

In the event it is necessary to change this SOW or, if applicable, a Scope of Work document, the following procedure will be used:

- The party requesting the change will issue a Change Request document (“Change Request”). The Change Request will describe the nature of the change, the reason for the change, and the effect of the change, which may include changes to the work product. The Change Request will also include any changes in pricing.
- Either party may initiate a Change Request for any material changes to this SOW and any applicable Scope of Work. The requesting party will review the proposed change with the other party and the parties will negotiate reasonably and in good faith to agree upon the requested change and any changes to the fees or schedule that may result therefrom. Upon the parties’ agreement, the appropriate authorized representatives of the parties will sign the Change Request, indicating acceptance of the changes by the parties.
- Upon execution of the Change Request, the Motorola and Customer Project Managers will incorporate the change into the SOW or Scope of Work.

Project Assumptions and General Responsibilities

Project Assumptions

- The new Motorola System will be implemented in a (*Linux/Windows*) environment.
- Customer network is available and appropriately configured.
- Hardware is purchased that meets or exceeds Motorola's current hardware recommendations.
- Third party vendors provide required information for interface configuration.
- This engagement will begin on a mutually acceptable date after Motorola is in receipt of a signed contract from Customer that covers the fees and expenses described therein.
- Customer will provide appropriate technical and management resources to participate in the migration as identified in the project tasks and responsibilities.

Customer Responsibilities

- Maintain effective communications with the Motorola Project Manager
- Participate in project status meetings
- Respond to issues and concerns as communicated by the Motorola Project Manager
- Provide Motorola with Customer-approved project change requests
- Coordinate required Customer tasks and responsibilities with the Motorola Project Manager
- Manage all third party vendors for which Customer contracts facilitate project activities
- Ensure Customer project team members have the knowledge and expertise to meet required project responsibilities
- Continue to provide onsite and dedicated VPN remote access

Motorola Project Team Responsibilities

- Function as the liaison with Customer's designated project manager
- Provide Customer with a project management plan, including a cut-over plan for Go-live
- Supply administration and configuration documentation, student manuals (training plans), and end user Documentation if needed
- Manage all aspects of the implementation, including project communications
- Participate in the project planning and system setup
- Coordinate and schedule the delivery of all products and services provided by Motorola
- Conduct project status meetings via conference call
- Facilitate the submission and approval of Customer change requests
- Provide responses and recommend resolutions to Customer issues
- Facilitate the server migration

Project Tasks and Responsibilities

This section outlines all project phases, individual tasks, and responsible parties required to meet the goals and objectives of this SOW. Motorola and Customer will perform their respective tasks through a combination of remote collaboration, coordination via telephone, email communications, and other remote means, as appropriate.

Project Planning & Kickoff Meeting	
<p>Task Description</p> <p>Pre-Installation and Project Planning will consist of a series of tasks and activities to help prepare the Customer and the Contractor for the migration process. Tasks include in no particular order:</p> <ul style="list-style-type: none"> • Kickoff meeting with a review of the project <ul style="list-style-type: none"> – Review list of purchased modules, interfaces and services of the project contract as well as the Scope of Work. – Review by the Motorola Solutions Architect of what will be needed from the agency during the migration 	
<p>Deliverables</p> <ul style="list-style-type: none"> • Install document checklist, listing what is needed from the agency in regards to interfaces, hardware, and module setup. 	
<p>Prerequisites</p> <ul style="list-style-type: none"> • Not applicable 	
Motorola	Customer
<p>Responsibilities</p> <ul style="list-style-type: none"> • Conduct Kickoff Meeting 	<p>Responsibilities</p> <ul style="list-style-type: none"> • Attend Kickoff Meeting
<p>Required Staff</p> <ul style="list-style-type: none"> • Project manager • Solution Architect 	<p>Required Staff</p> <ul style="list-style-type: none"> • Project Manager • Customer Project Team

Finalize Project Schedule

Task Description

During this task, the project managers from both Motorola and Customer, as well as Customer personnel who make decisions regarding resource allocations or scheduling, will meet and review the project schedule. These individuals will make any necessary adjustments based on known changes in resource availability. Motorola's project manager will then update the schedule.

The project schedule will be further updated as necessary over the course of the project. All changes to the schedule will be mutually agreed upon and, if required, documented via the mutually agreed upon change order process. Any schedule changes that occur will be a part of the project status reports provided by Motorola's project manager.

As a standard, Migration Projects are scheduled to occur during normal business hours. This ensures we have appropriate resources to assist with the project.

Deliverables

- Final project schedule

Prerequisites

- Not applicable

Motorola	Customer
<p>Responsibilities</p> <ul style="list-style-type: none"> • Lead Customer through a review of the project schedule • Update the project schedule 	<p>Responsibilities</p> <ul style="list-style-type: none"> • Ensure personnel who can make resource allocation and scheduling decisions attend Project Schedule review
<p>Required Staff</p> <ul style="list-style-type: none"> • Project manager 	<p>Required Staff</p> <ul style="list-style-type: none"> • Project manager • System administrator

Pre-Migration Audit

Task Description

The Motorola Solutions Architect will perform an audit of the current Customer system. Information about the current system will be gathered and recorded and checked against migration prerequisites.

Deliverables

- Migration Summary Document

Prerequisites

- VPN access to current server

Motorola	Customer
<p>Responsibilities</p> <ul style="list-style-type: none"> • Verify Motorola version and patch level • Identify third party interfaces • Record network configuration including interfaces and routes • Identify crons being used on system • Identify any System printers • Identify time zone • Locate and record any custom files, scripts, screens, etc. 	<p>Responsibilities</p> <ul style="list-style-type: none"> • Patch to a current supported level for migration process (1411) • Verify third party interfaces provided by Solution Architect • Validate a good backup has been performed • Decide which cron/scheduled tasks are still valid • Update custom cron/scheduled tasks created by Customer • Update and configure System Printers (if applicable; no longer supported by Motorola)
<p>Required Staff</p> <ul style="list-style-type: none"> • Project manager • Solution Architect 	<p>Required Staff</p> <ul style="list-style-type: none"> • System administrator • IT department

Install and Configure Hardware and Operating System

Task Description

The configuration and installation of the new server will be jointly conducted with the Customer's IT staff. Motorola will load the Linux operating system and configure disk layout according to standard practices.

Deliverables

- Server installed and configured

Prerequisites

- Server location, equipment, networking and supply of power provided
- Temporary IP Address for server identified

Motorola	Customer
<p>Responsibilities</p> <ul style="list-style-type: none"> • Conduct initial tests of the equipment and correct any problems or deficiencies • Load planned Motorola version 	<p>Responsibilities</p> <ul style="list-style-type: none"> • Install server and operating system • Configure database storage space allocation • Facilitate physical installation of server (rack, power, network connectivity) • Provide temporary IP address for new server • Configure server network interface(s)
<p>Required Staff</p> <ul style="list-style-type: none"> • Project manager • Solution Architect 	<p>Required Staff</p> <ul style="list-style-type: none"> • System administrator • IT department

Remote Migration

Task Description

Motorola Solutions Architect will perform migration remotely. Communication will be frequent through email and phone. Migration will be scheduled to take place on Tuesday or Wednesday of the scheduled week. Customer will need to plan on 6-8 hours of downtime.

Deliverables

- Migration to new server

Prerequisites

- Hardware installed and connected to network

Motorola	Customer
<p>Responsibilities</p> <ul style="list-style-type: none"> • Perform the migration (detailed steps provided in Attachment A) • Restore interfaces on new server • Troubleshoot any issues 	<p>Responsibilities</p> <ul style="list-style-type: none"> • Communicate to end users about length of downtime • Install updated Motorola client application on PCs if needed • Provide issue assessment and priorities to Solution Architect
<p>Required Staff</p> <ul style="list-style-type: none"> • Solution Architect 	<p>Required Staff</p> <ul style="list-style-type: none"> • System administrator • IT department

Post Migration TS Transition Call

Task Description

Motorola Solutions Project Manager will conduct a wrap up call with Customer & Motorola Technical Services, in verifying the task list of the items for the Server Migration and transition back to Motorola Technical Services for on-going Support.

Verify the completeness of the Migration for the core software and interfaces. Establish transition of communication moving forward through Technical Services for issues related to the software.

Deliverables

- Post Migration Transition Call
- Checklist Completed

Prerequisites

- Migration completed

Motorola	Customer
Responsibilities <ul style="list-style-type: none"> • Conduct post migration transition call. 	Responsibilities <ul style="list-style-type: none"> • Participate in post migration transition call.
Required Staff <ul style="list-style-type: none"> • Solution Architect • Technical Services • Project Manager 	Required Staff <ul style="list-style-type: none"> • System administrator • IT department

Attachment A

Migration Steps

- Verify server is functioning and on the network and can be reached from current live server
- Verify date/time are set
- Verify a good backup was performed
- Copy hosts file data
- Take a copy of cron entries
- Record routing table from live server
- Logout all users
- Run merge tool (4-6 hours)
- Copy merge tool output to new Server
- Run upgrade tool (2-4 hours)
- Assist with changing IP address from existing server to new server
- Assist with configuring network routes as needed
- Copy attachments and images to new server
- Verify Motorola Flex functionality
- Allow a few users to login and test
- Allow all users to login
- Copy custom files and reports from existing server
- Configure interfaces
- Verify and enter cron entries
- Move and verify Motorola Support connection
- Configure c-Tree backup schedule

Notes:

- All users will have passwords reset (window).
- The planned Motorola client will need to be installed on each machine.
- **Network changes are not advised during this process.**
- Please make sure users understand the length of the downtime. It will be from 6-8 hours before the system is in a usable

state. The length of the downtime varies depending on data size, network speed, data errors, etc.

- Agency will need a plan for backups of the new server environment. We will provide the backup schedule for the database, but the agency is responsible for backup of the system.

GIS Server Migration Statement of Work

Overview

In accordance with the terms and conditions of the Agreement, this Statement of Work (SOW) defines the principal activities and responsibilities of all parties for the delivery of the Motorola Solutions, Inc. (Motorola) system as presented in this offer to the Customer.

Deviations and changes to this SOW are subject to mutual agreement between Motorola and the Customer and will be addressed in accordance with the change provisions of the Agreement.

GIS Server Migration

A GIS Server Migration is the process of moving from an existing Windows GIS server to a newly allocated Windows GIS server. The process includes the install of ArcGIS Server, movement of data to the new server, reconfiguration of the models, publishing of all services, and the setup within Flex to pull services from the new GIS server. Motorola requires remote access to both the old and new GIS servers in order to facilitate migration activities. All Motorola work is completed remotely. A web conference is established in order to support Customer efforts outlined in this SOW.

Motorola Responsibilities

- Provide SpillmanSOE.soe, SpillmanToolboxTools.exe, and locator files.
- Publish services that are currently being utilized by the Flex software.
- Update model connection information.
- Setup Flex Administration Manager to look at the new server.
- Provide guidance to Customer on the transfer of Geo Validation, Flex Mapping and Quickest Route files to the new server.

Note - The transfer of data between machines is a Customer initiated activity due to the increased data transfer time incurred as a result of remote connectivity.

Customer Responsibilities

- Ensure availability of an IT resource to assist with permissions for the new ArcGIS server.
- Complete the following prior to the initiation of the web conference:
 - Verify that Geo Validation is currently being used.
 - Installation of the latest version of ArcGIS Server on the new server hardware.
 - Install and authorize ArcDesktop Basic on the GIS Server that coordinates with the version present on the ArcGIS Server.
- Transfer Geo Validation, Flex Mapping, and Quickest Route files from old server to new.
- Confirm operational use of ArcGIS services on the new server.

Section 2

Contractual Documentation

Motorola Solutions has provided our contractual documentation on the following pages.

Master Customer Agreement

This Master Customer Agreement (the “**MCA**”) is entered into between Motorola Solutions, Inc., with offices at 500 W. Monroe Street, Suite 4400, Chicago, IL 60661 (“**Motorola**”) and the entity set forth in the signature block below (“**Customer**”). Motorola and Customer will each be referred to herein as a “**Party**” and collectively as the “**Parties**”. This Agreement (as defined below) is effective as of the date of the last signature (the “**Effective Date**”).

1. Agreement.

1.1. Scope; Agreement Documents. This MCA governs Customer’s purchase of Products (as defined below) and Services (as defined below) from Motorola. Additional terms and conditions applicable to specific Products and Services are set forth in one or more addenda attached to this MCA (each an “**Addendum**”, and collectively the “**Addenda**”). In addition, the Parties may agree upon solution descriptions, equipment lists, statements of work, schedules, technical specifications, and other ordering documents setting forth the Products and Services to be purchased by Customer and provided by Motorola and additional rights and obligations of the Parties (the “**Ordering Documents**”). To the extent required by applicable procurement law, a proposal submitted by Motorola in response to a competitive procurement process will be included within the meaning of the term Ordering Documents. This MCA, the Addenda, and any Ordering Documents collectively form the Parties’ “**Agreement**”.

1.2. Order of Precedence. Each Addendum will control with respect to conflicting terms in the MCA, but only as applicable to the Products and Services described in such Addendum. Each Ordering Document will control with respect to conflicting terms in the MCA or any Addenda, but only as applicable to the Products and Services described on such Ordering Document.

2. Products and Services.

2.1. Products. Motorola will (a) sell hardware provided by Motorola (“**Equipment**”), (b) license software which is either preinstalled on Equipment or installed on Customer-Provided Equipment (as defined below) and licensed to Customer by Motorola for a perpetual or other defined license term (“**Licensed Software**”), and (c) license cloud-based software as a service products and other software which is either preinstalled on Equipment or installed on Customer-Provided Equipment, but licensed to Customer by Motorola on a subscription basis (“**Subscription Software**”) to Customer, to the extent each is set forth in an Ordering Document, for Customer’s own use in accordance with this Agreement. The Equipment, Licensed Software, and Subscription Software shall collectively be referred to herein as “**Products**”, or individually as a “**Product**”. At any time during the Term (as defined below), Motorola may substitute any Products at no cost to Customer, if the substitute is substantially similar to the Products set forth in the applicable Ordering Documents.

2.2. Services.

2.2.1. Motorola will provide services related to purchased Products (“**Services**”), to the extent set forth in an Ordering Document.

2.2.2. Integration Services; Maintenance and Support Services. If specified in an Ordering Document, Motorola will provide, for the term of such Ordering Document, (a) design, deployment, and integration Services in order to design, install, set up, configure, and/or integrate the applicable Products at the applicable locations (“**Sites**”), agreed upon by the Parties (“**Integration Services**”), or (b) break/fix maintenance, technical support, or other Services (such as software integration Services) (“**Maintenance and Support Services**”), each as further described in the applicable statement of work. Maintenance and Support Services and Integration Services will each be considered “**Services**”, as defined above.

2.2.3. Service Ordering Documents. The Fees for Services will be set forth in an Ordering Document and any applicable project schedules. A Customer point of contact will be set forth in the applicable statement of work for the Services. For purposes of clarity, each statement of work will be incorporated into, and form an integral part of, the Agreement.

2.2.4. Service Completion. Unless otherwise specified in the applicable Ordering Document, Services described in an Ordering Document will be deemed complete upon Motorola's performance of all Services listed in such Ordering Document ("**Service Completion Date**"); provided, however, that Maintenance and Support Services may be offered on an ongoing basis during a given Ordering Document term, in which case such Maintenance and Support Services will conclude upon the expiration or termination of such Ordering Document.

2.3. Non-Preclusion. If, in connection with the Products and Services provided under this Agreement, Motorola makes recommendations, including a recommendation to purchase other products or services, nothing in this Agreement precludes Motorola from participating in a future competitive bidding process or otherwise offering or selling the recommended products or other services to Customer. Customer represents that this paragraph does not violate its procurement standards or other laws, regulations, or policies.

2.4. Customer Obligations. Customer will ensure that information Customer provides to Motorola in connection with receipt of Products and Services are accurate and complete in all material respects. Customer will make timely decisions and obtain any required management approvals that are reasonably necessary for Motorola to provide the Products and Services and perform its other duties under this Agreement. Unless the applicable Ordering Document states otherwise, Motorola may rely upon and is not required to evaluate, confirm, reject, modify, or provide advice concerning any assumptions or Customer information, decisions, or approvals described in this Section. If any assumptions in the Ordering Documents or information provided by Customer prove to be incorrect, or if Customer fails to perform any of its obligations under this Agreement, Motorola's ability to perform its obligations may be impacted and changes to the Agreement, including the scope, Fees, and performance schedule may be required.

2.5. Documentation. Products and Services may be delivered with documentation for the Equipment, software Products, or data that specifies technical and performance features, capabilities, users, or operation, including training manuals, and other deliverables, such as reports, specifications, designs, plans, drawings, analytics, or other information (collectively, "**Documentation**"). Documentation is and will be owned by Motorola, unless otherwise expressly agreed in an Addendum or Ordering Document that certain Documentation will be owned by Customer. Motorola hereby grants Customer a limited, royalty-free, worldwide, non-exclusive license to use the Documentation solely for its internal business purposes in connection with the Products and Services.

2.6. Motorola Tools and Equipment. As part of delivering the Products and Services, Motorola may provide certain tools, equipment, models, and other materials of its own. Such tools and equipment will remain the sole property of Motorola unless they are to be purchased by Customer as Products and are explicitly listed on an Ordering Document. The tools and equipment may be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction. Customer will safeguard all tools and equipment while in Customer's custody or control, and be liable for any loss or damage. Upon the expiration or earlier termination of this Agreement, Customer, at its expense, will return to Motorola all tools and equipment in its possession or control.

2.7. Authorized Users. Customer will ensure its employees and Authorized Users comply with the terms of this Agreement and will be liable for all acts and omissions of its employees and Authorized Users. Customer is responsible for the secure management of Authorized Users' names, passwords and login credentials for access to Products and Services. "**Authorized Users**" are Customer's employees, full-time contractors engaged for the purpose of supporting the Products and Services that are not competitors of Motorola, and the entities (if any) specified in an Ordering Document or otherwise approved by Motorola in writing (email from an authorized Motorola signatory accepted), which may include affiliates or other Customer agencies.

2.8. Export Control. Customer, its employees, and any other Authorized Users will not access or use the Products and Services in any jurisdiction in which the provision of such Products and Services is prohibited under applicable laws or regulations (a "**Prohibited Jurisdiction**"), and Customer will not provide access to the Products and Services to any government, entity, or individual located in a Prohibited Jurisdiction. Customer represents and warrants that (a) it and its Authorized Users are not named on any U.S. government list of persons prohibited from receiving U.S. exports, or transacting with any U.S. person; (b) it and its Authorized Users are not a national of, or a company registered in, any Prohibited Jurisdiction; (c) Customer will not permit its Authorized Users to access or use the Products or Services in violation of any U.S. or other applicable export embargoes, prohibitions or restrictions; and (d) Customer and its Authorized Users will comply with all applicable laws regarding the transmission of technical data exported from the U.S. and the country in which Customer, its employees, and the Authorized Users are located.

2.9. Change Orders. Unless a different change control process is agreed upon in writing by the Parties, a Party may request changes to an Addendum or an Ordering Document by submitting a change order to the other Party (each, a "**Change Order**"). If a requested change in a Change Order causes an increase or decrease in the Products or Services, the Parties by means of the Change Order will make appropriate adjustments to the Fees, project schedule, or other matters. Change Orders are effective and binding on the Parties only upon execution of the Change Order by an authorized representative of both Parties.

3. Term and Termination.

3.1. Term. The term of this MCA ("**Term**") will commence on the Effective Date and continue until six (6) months after the later of (a) the termination, expiration, or discontinuance of services under the last Ordering Document in effect, or (b) the expiration of all applicable warranty periods, unless the MCA is earlier terminated as set forth herein. The applicable Addendum or Ordering Document will set forth the term for the Products and Services governed thereby.

3.2. Termination. Either Party may terminate the Agreement or the applicable Addendum or Ordering Document if the other Party breaches a material obligation under the Agreement and does not cure such breach within thirty (30) days after receipt of notice of the breach or fails to produce a cure plan within such period of time. Each Addendum and Ordering Document may be separately terminable as set forth therein.

3.3. Suspension of Services. Motorola may terminate or suspend any Products or Services under an Ordering Document if Motorola determines: (a) the related Product license has expired or has terminated for any reason; (b) the applicable Product is being used on a hardware platform, operating system, or version not approved by Motorola; (c) Customer fails to make any payments when due; or (d) Customer fails to comply with any of its other obligations or otherwise delays Motorola's ability to perform.

3.4. Effect of Termination or Expiration. Upon termination for any reason or expiration of this Agreement, an Addendum, or an Ordering Document, Customer and the Authorized Users will return or destroy (at Motorola's option) all Motorola Materials and Motorola's Confidential Information in their possession or control and, as applicable, provide proof of such destruction, except that Equipment purchased by Customer should not be returned. If Customer has any outstanding payment obligations under this Agreement, Motorola may accelerate and declare all such obligations of Customer immediately due and payable by Customer. Notwithstanding the reason for termination or expiration, Customer must pay Motorola for Products and Services already delivered. Customer has a duty to mitigate any damages under this Agreement, including in the event of default by Motorola and Customer's termination of this Agreement.

4. Payment and Invoicing.

4.1. Fees. Fees and charges applicable to the Products and Services (the "**Fees**") will be as set forth in the applicable Addendum or Ordering Document, and such Fees may be changed by Motorola at any time, except that Motorola will not change the Fees for Products and Services purchased by Customer during the term of an active Ordering Document or during a Subscription Term (as defined and further described in the applicable Addendum). Changes in the scope of Services described in an Ordering Document may require an adjustment to the Fees due under such Ordering Document. If a specific invoicing or payment schedule is set forth in the applicable Addendum or Ordering Document, such schedule will apply solely with respect to such Addendum or Ordering Document. Unless otherwise specified in the applicable Ordering Document, the Fees for any Services exclude expenses associated with unusual and costly Site access requirements (e.g., if Site access requires a helicopter or other equipment), and Customer will reimburse Motorola for these or other expenses incurred by Motorola in connection with the Services.

4.2. Taxes. The Fees do not include any excise, sales, lease, use, property, or other taxes, assessments, duties, or regulatory charges or contribution requirements (collectively, "**Taxes**"), all of which will be paid by Customer, except as exempt by law, unless otherwise specified in an Ordering Document. If Motorola is required to pay any Taxes, Customer will reimburse Motorola for such Taxes (including any interest and penalties) within thirty (30) days after Customer's receipt of an invoice therefore. Customer will be solely responsible for reporting the Products for personal property tax purposes, and Motorola will be solely responsible for reporting taxes on its income and net worth.

4.3. Invoicing. Motorola will invoice Customer at the frequency set forth in the applicable Addendum or Ordering Document, and Customer will pay all invoices within thirty (30) days of the invoice date or as otherwise specified in the applicable Addendum or Ordering Document. Late payments will be subject to interest charges at the maximum rate permitted by law, commencing upon the due date. Motorola may invoice electronically via email, and Customer agrees to receive invoices via email at the email address set forth in an Ordering Document. Customer acknowledges and agrees that a purchase order or other notice to proceed is not required for payment for Products or Services.

5. Sites; Customer-Provided Equipment; Non-Motorola Content.

5.1. Access to Sites. Customer will be responsible for providing all necessary permits, licenses, and other approvals necessary for the installation and use of the Products and the performance of the Services at each applicable Site, including for Motorola to perform its obligations hereunder, and for facilitating Motorola's access to the Sites. No waivers of liability will be imposed on Motorola or its subcontractors by Customer or others at Customer facilities or other Sites, but if and to the extent any such waivers are imposed, the Parties agree such waivers are void.

5.2. Site Conditions. Customer will ensure that (a) all Sites are safe and secure, (b) Site conditions meet all applicable industry and legal standards (including standards promulgated by OSHA or other governmental or regulatory bodies), (c) to the extent applicable, Sites have adequate physical space, air conditioning, and other environmental conditions, electrical power outlets, distribution, equipment, connections, and telephone or other communication lines (including modem access and interfacing networking capabilities), and (d) Sites are suitable for the installation, use, and maintenance of the Products and Services. This Agreement is predicated upon normal soil conditions as defined by the version of E.I.A. standard RS-222 in effect on the Effective Date.

5.3. Site Issues. Motorola will have the right at any time to inspect the Sites and advise Customer of any deficiencies or non-conformities with the requirements of this **Section 5 – Sites; Customer-Provided Equipment; Non-Motorola Content**. If Motorola or Customer identifies any deficiencies or non-conformities, Customer will promptly remediate such issues or the Parties will select a replacement Site. If a Party determines that a Site identified in an Ordering Document is not acceptable or desired, the Parties will cooperate to investigate the conditions and select a replacement Site or otherwise adjust the installation plans and specifications as necessary. A change in Site or adjustment to the installation plans and specifications may cause a change in the Fees or performance schedule under the applicable Ordering Document.

5.4. Customer-Provided Equipment. Certain components, including equipment and software, not provided by Motorola may be required for use of the Products and Services ("**Customer-Provided Equipment**"). Customer will be responsible, at its sole cost and expense, for providing and maintaining the Customer-Provided Equipment in good working order. Customer represents and warrants that it has all rights in Customer-Provided Equipment to permit Motorola to access and use the applicable Customer-Provided Equipment to provide the Products and Services under this Agreement, and such access and use will not violate any laws or infringe any third-party rights (including intellectual property rights). Customer (and not Motorola) will be fully liable for Customer-Provided Equipment, and Customer will immediately notify Motorola of any Customer-Provided Equipment damage, loss, change, or theft that may impact Motorola's ability to provide the Products and Services under this Agreement, and Customer acknowledges that any such events may cause a change in the Fees or performance schedule under the applicable Ordering Document.

5.5. Non-Motorola Content. In certain instances, Customer may be permitted to access, use, or integrate Customer or third-party software, services, hardware, content, and data that is not provided by Motorola (collectively, "**Non-Motorola Content**") with or through the Products and Services. If Customer accesses, uses, or integrates any Non-Motorola Content with the Products or Services, Customer will first obtain all necessary rights and licenses to permit Customer's and its Authorized Users' use of the Non-Motorola Content in connection with the Products and Services. Customer will also obtain the necessary rights for Motorola to use such Non-Motorola Content in connection with providing the Products and Services, including the right for Motorola to access, store, and process such Non-Motorola Content (e.g., in connection with Subscription Software), and to otherwise enable interoperation with the Products and Services. Customer represents and warrants that it will obtain the foregoing rights and licenses prior to accessing, using, or integrating the applicable Non-Motorola Content with the Products and Services, and that Customer and its Authorized Users will comply with any terms and conditions applicable to such Non-Motorola Content. If any Non-Motorola Content require access to Customer Data (as defined below), Customer hereby authorizes Motorola to allow the provider of such Non-Motorola Content to access Customer Data, in connection with the interoperation of such Non-Motorola Content with the Products and Services. Customer acknowledges and agrees that Motorola is not responsible for, and makes no representations or warranties with respect to, the Non-Motorola Content (including any disclosure, modification, or deletion of Customer Data resulting from use of Non-Motorola Content or failure to properly interoperate with the Products and Services). If Customer receives notice that any Non-

Motorola Content must be removed, modified, or disabled within the Products or Services, Customer will promptly do so. Motorola will have the right to disable or remove Non-Motorola Content if Motorola believes a violation of law, third-party rights, or Motorola's policies is likely to occur, or if such Non-Motorola Content poses or may pose a security or other risk or adverse impact to the Products or Services, Motorola, Motorola's systems, or any third party (including other Motorola customers). Motorola may provide certain Non-Motorola Content as an authorized sales representative of a third party as set out in an Ordering Document. As an authorized sales representative, the third party's terms and conditions, as set forth in the Ordering Document, will apply to any such sales. Any orders for such Non-Motorola Content will be filled by the third party. Nothing in this Section will limit the exclusions set forth in **Section 7.2 – Intellectual Property Infringement**.

5.6. End User Licenses. Notwithstanding any provision to the contrary in the Agreement, certain Non-Motorola Content software are governed by a separate license, EULA, or other agreement, including terms governing third-party equipment or software, such as open source software, included in the Products and Services. Customer will comply, and ensure its Authorized Users comply, with any such additional terms applicable to third-party equipment or software. If provided for in the separate third party license, Customer may have a right to receive source code for such software; a copy of such source code may be obtained free of charge by contacting Motorola.

6. Representations and Warranties.

6.1. Mutual Representations and Warranties. Each Party represents and warrants to the other Party that (a) it has the right to enter into the Agreement and perform its obligations hereunder, and (b) the Agreement will be binding on such Party.

6.2. Motorola Warranties. Subject to the disclaimers and exclusions below, Motorola represents and warrants that (a) Services will be provided in a good and workmanlike manner and will conform in all material respects to the descriptions in the applicable Ordering Document; and (b) for a period of ninety (90) days commencing upon the Service Completion Date for one-time Services, the Services will be free of material defects in materials and workmanship. Other than as set forth in subsection (a) above, recurring Services are not warranted but rather will be subject to the requirements of the applicable Addendum or Ordering Document. Motorola provides other express warranties for Motorola-manufactured Equipment, Motorola-owned software Products, and certain Services. Such express warranties are included in the applicable Addendum or Ordering Document. Such representations and warranties will apply only to the applicable Product or Service that is the subject of such Addendum or Ordering Document.

6.3. Warranty Claims; Remedies. To assert a warranty claim, Customer must notify Motorola in writing of the claim prior to the expiration of any warranty period set forth in this MCA or the applicable Addendum or Ordering Document. Unless a different remedy is otherwise expressly set forth for a particular warranty under an Addendum, upon receipt of such claim, Motorola will investigate the claim and use commercially reasonable efforts to repair or replace any confirmed materially non-conforming Product or re-perform any non-conforming Service, at its option. Such remedies are Customer's sole and exclusive remedies for Motorola's breach of a warranty. Motorola's warranties are extended by Motorola to Customer only, and are not assignable or transferrable.

6.4. Pass-Through Warranties. Notwithstanding any provision of this Agreement to the contrary, Motorola will have no liability for third-party software or hardware provided by Motorola; provided, however, that to the extent offered by third-party providers of software or hardware and to the extent permitted by law, Motorola will pass through express warranties provided by such third parties.

6.5. WARRANTY DISCLAIMER. EXCEPT FOR THE EXPRESS AND PASS THROUGH WARRANTIES IN THIS AGREEMENT, PRODUCTS AND SERVICES PURCHASED HEREUNDER ARE PROVIDED "AS IS" AND WITH ALL FAULTS. WARRANTIES SET FORTH IN THE AGREEMENT ARE THE COMPLETE WARRANTIES FOR THE PRODUCTS AND SERVICES AND MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND QUALITY. MOTOROLA DOES NOT REPRESENT OR WARRANT THAT USE OF THE PRODUCTS AND SERVICES WILL BE UNINTERRUPTED, ERROR-FREE, OR FREE OF SECURITY VULNERABILITIES, OR THAT THEY WILL MEET CUSTOMER'S PARTICULAR REQUIREMENTS.

7. Indemnification.

7.1. General Indemnity. Motorola will defend, indemnify, and hold Customer harmless from and against any and all damages, losses, liabilities, and expenses (including reasonable fees and expenses of attorneys) arising from any actual third-party claim, demand, action, or proceeding ("**Claim**") for personal injury, death, or direct damage to tangible property to the extent caused by Motorola's negligence, gross negligence or willful misconduct while performing its duties under an Ordering Document or an Addendum, except to the extent the claim arises from Customer's negligence or willful misconduct. Motorola's duties under this **Section 7.1 – General Indemnity** are conditioned upon: (a) Customer promptly notifying Motorola in writing of the Claim; (b) Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and (c) Customer cooperating with Motorola and, if requested by Motorola, providing reasonable assistance in the defense of the Claim.

7.2. Intellectual Property Infringement. Motorola will defend Customer against any third-party claim alleging that a Motorola-developed or manufactured Product or Service (the "**Infringing Product**") directly infringes a United States patent or copyright ("**Infringement Claim**"), and Motorola will pay all damages finally awarded against Customer by a court of competent jurisdiction for an Infringement Claim, or agreed to in writing by Motorola in settlement of an Infringement Claim. Motorola's duties under this **Section 7.2 – Intellectual Property Infringement** are conditioned upon: (a) Customer promptly notifying Motorola in writing of the Infringement Claim; (b) Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and (c) Customer cooperating with Motorola and, if requested by Motorola, providing reasonable assistance in the defense of the Infringement Claim.

7.2.1. If an Infringement Claim occurs, or in Motorola's opinion is likely to occur, Motorola may at its option and expense: (a) procure for Customer the right to continue using the Infringing Product; (b) replace or modify the Infringing Product so that it becomes non-infringing; or (c) grant Customer (i) a pro-rated refund of any amounts pre-paid for the Infringing Product (if the Infringing Product is a software Product, i.e., Licensed Software or Subscription Software) or (ii) a credit for the Infringing Product, less a reasonable charge for depreciation (if the Infringing Product is Equipment, including Equipment with embedded software).

7.2.2. In addition to the other damages disclaimed under this Agreement, Motorola will have no duty to defend or indemnify Customer for any Infringement Claim that arises from or is based upon: (a) Customer Data, Customer-Provided Equipment, Non-Motorola Content, or third-party equipment, hardware, software, data, or other third-party materials; (b) the combination of the Product or Service with any products or materials not provided by Motorola; (c) a Product or Service designed, modified, or manufactured in accordance with Customer's designs, specifications, guidelines or instructions; (d) a modification of the Product or Service by a party other than Motorola; (e) use of the Product or Service in a manner for which the Product or Service was not designed or that is inconsistent with the terms of this Agreement; or (f) the failure by Customer to use or install an update to the Product or Service that is intended to correct the claimed infringement. In no event will Motorola's liability resulting from an Infringement Claim extend in any way to any payments due on a royalty basis, other than a reasonable

royalty based upon revenue derived by Motorola from Customer from sales or license of the Infringing Product.

7.2.3. This **Section 7.2 – Intellectual Property Infringement** provides Customer's sole and exclusive remedies and Motorola's entire liability in the event of an Infringement Claim. For clarity, the rights and remedies provided in this Section are subject to, and limited by, the restrictions set forth in **Section 8 – Limitation of Liability** below.

7.3. **Customer Indemnity.** Customer will defend, indemnify, and hold Motorola and its subcontractors, subsidiaries and other affiliates harmless from and against any and all damages, losses, liabilities, and expenses (including reasonable fees and expenses of attorneys) arising from any actual or threatened third-party claim, demand, action, or proceeding arising from or related to (a) Customer-Provided Equipment, Customer Data, or Non-Motorola Content, including any claim, demand, action, or proceeding alleging that any such equipment, data, or materials (or the integration or use thereof with the Products and Services) infringes or misappropriates a third-party intellectual property or other right, violates applicable law, or breaches the Agreement; (b) Customer-Provided Equipment's failure to meet the minimum requirements set forth in the applicable Documentation or match the applicable specifications provided to Motorola by Customer in connection with the Products or Services; (c) Customer's (or its service providers, agents, employees, or Authorized User's) negligence or willful misconduct; and (d) Customer's or its Authorized User's breach of this Agreement. This indemnity will not apply to the extent any such claim is caused by Motorola's use of Customer-Provided Equipment, Customer Data, or Non-Motorola Content in violation of the Agreement. Motorola will give Customer prompt, written notice of any claim subject to the foregoing indemnity. Motorola will, at its own expense, cooperate with Customer in its defense or settlement of the claim.

8. **Limitation of Liability.**

8.1. **DISCLAIMER OF CONSEQUENTIAL DAMAGES.** EXCEPT FOR PERSONAL INJURY OR DEATH, MOTOROLA, ITS AFFILIATES, AND ITS AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SUBCONTRACTORS, AGENTS, SUCCESSORS, AND ASSIGNS (COLLECTIVELY, THE "**MOTOROLA PARTIES**") WILL NOT BE LIABLE IN CONNECTION WITH THIS AGREEMENT (WHETHER UNDER MOTOROLA'S INDEMNITY OBLIGATIONS, A CAUSE OF ACTION FOR BREACH OF CONTRACT, UNDER TORT THEORY, OR OTHERWISE) FOR ANY INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES OR DAMAGES FOR LOST PROFITS OR REVENUES, EVEN IF MOTOROLA HAS BEEN ADVISED BY CUSTOMER OR ANY THIRD PARTY OF THE POSSIBILITY OF SUCH DAMAGES OR LOSSES AND WHETHER OR NOT SUCH DAMAGES OR LOSSES ARE FORESEEABLE.

8.2. **DIRECT DAMAGES.** EXCEPT FOR PERSONAL INJURY OR DEATH, THE TOTAL AGGREGATE LIABILITY OF THE MOTOROLA PARTIES, WHETHER BASED ON A CLAIM IN CONTRACT OR IN TORT, LAW OR EQUITY, RELATING TO OR ARISING OUT OF THE AGREEMENT WILL NOT EXCEED THE FEES SET FORTH IN THE ORDERING DOCUMENT UNDER WHICH THE CLAIM AROSE. NOTWITHSTANDING THE FOREGOING, FOR ANY SUBSCRIPTION SOFTWARE OR FOR ANY RECURRING SERVICES, THE MOTOROLA PARTIES' TOTAL LIABILITY FOR ALL CLAIMS RELATED TO SUCH PRODUCT OR RECURRING SERVICES IN THE AGGREGATE WILL NOT EXCEED THE TOTAL FEES PAID FOR SUCH SUBSCRIPTION SOFTWARE OR RECURRING SERVICE, AS APPLICABLE, DURING THE CONSECUTIVE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT FROM WHICH THE FIRST CLAIM AROSE.

8.3. **ADDITIONAL EXCLUSIONS.** NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, MOTOROLA WILL HAVE NO LIABILITY FOR DAMAGES ARISING OUT OF (A) CUSTOMER DATA, INCLUDING ITS TRANSMISSION TO MOTOROLA, OR ANY OTHER DATA

AVAILABLE THROUGH THE PRODUCTS OR SERVICES; (B) CUSTOMER-PROVIDED EQUIPMENT, NON-MOTOROLA CONTENT, THE SITES, OR THIRD-PARTY EQUIPMENT, HARDWARE, SOFTWARE, DATA, OR OTHER THIRD-PARTY MATERIALS, OR THE COMBINATION OF PRODUCTS AND SERVICES WITH ANY OF THE FOREGOING; (C) LOSS OF DATA OR HACKING, RANSOMWARE, OR OTHER THIRD-PARTY ATTACKS OR DEMANDS; (D) MODIFICATION OF PRODUCTS OR SERVICES BY ANY PERSON OTHER THAN MOTOROLA; (E) RECOMMENDATIONS PROVIDED IN CONNECTION WITH OR BY THE PRODUCTS AND SERVICES; (F) DATA RECOVERY SERVICES OR DATABASE MODIFICATIONS; OR (G) CUSTOMER'S OR ANY AUTHORIZED USER'S BREACH OF THIS AGREEMENT OR MISUSE OF THE PRODUCTS AND SERVICES.

8.4. Voluntary Remedies. Motorola is not obligated to remedy, repair, replace, or refund the purchase price for the disclaimed issues in **Section 8.3 – Additional Exclusions** above, but if Motorola agrees to provide Services to help resolve such issues, Customer will reimburse Motorola for its reasonable time and expenses, including by paying Motorola any Fees set forth in an Ordering Document for such Services, if applicable.

8.5. Statute of Limitations. Customer may not bring any claims against a Motorola Party in connection with this Agreement or the Products and Services more than one (1) year after the date of accrual of the cause of action.

9. Confidentiality.

9.1. Confidential Information. “**Confidential Information**” means any and all non-public information provided by one Party (“**Discloser**”) to the other (“**Recipient**”) that is disclosed under this Agreement in oral, written, graphic, machine recognizable, or sample form, being clearly designated, labeled or marked as confidential or its equivalent or that a reasonable businessperson would consider non-public and confidential by its nature. With respect to Motorola, Confidential Information will also include Products and Services, and Documentation, as well as any other information relating to the Products and Services. The nature and existence of this Agreement are considered Confidential Information of the Parties. In order to be considered Confidential Information, information that is disclosed orally must be identified as confidential at the time of disclosure and confirmed by Discloser by submitting a written document to Recipient within thirty (30) days after such disclosure. The written document must contain a summary of the Confidential Information disclosed with enough specificity for identification purpose and must be labeled or marked as confidential or its equivalent.

9.2. Obligations of Confidentiality. During the Term and for a period of three (3) years from the expiration or termination of this Agreement, Recipient will (a) not disclose Confidential Information to any third party, except as expressly permitted in this **Section 9 - Confidentiality**; (b) restrict disclosure of Confidential Information to only those employees (including, employees of any wholly owned subsidiary, a parent company, any other wholly owned subsidiaries of the same parent company), agents or consultants who must access the Confidential Information for the purpose of, and who are bound by confidentiality terms substantially similar to those in, this Agreement; (c) not copy, reproduce, reverse engineer, de-compile or disassemble any Confidential Information; (d) use the same degree of care as for its own information of like importance, but at least use reasonable care, in safeguarding against disclosure of Confidential Information; (e) promptly notify Discloser upon discovery of any unauthorized use or disclosure of the Confidential Information and take reasonable steps to regain possession of the Confidential Information and prevent further unauthorized actions or other breach of this Agreement; and (f) only use the Confidential Information as needed to fulfill its obligations and secure its rights under this Agreement.

9.3. Exceptions. Recipient is not obligated to maintain as confidential any information that Recipient can demonstrate by documentation (a) is publicly available at the time of disclosure or becomes available

to the public without breach of this Agreement; (b) is lawfully obtained from a third party without a duty of confidentiality to Discloser; (c) is otherwise lawfully known to Recipient prior to such disclosure without a duty of confidentiality to Discloser; or (d) is independently developed by Recipient without the use of, or reference to, any of Discloser's Confidential Information or any breach of this Agreement. Additionally, Recipient may disclose Confidential Information to the extent required by law, including a judicial or legislative order or proceeding.

9.4. Ownership of Confidential Information. All Confidential Information is and will remain the property of Discloser and will not be copied or reproduced without the express written permission of Discloser (including as permitted herein). Within ten (10) days of receipt of Discloser's written request, Recipient will return or destroy all Confidential Information to Discloser along with all copies and portions thereof, or certify in writing that all such Confidential Information has been destroyed. However, Recipient may retain (a) one (1) archival copy of the Confidential Information for use only in case of a dispute concerning this Agreement and (b) Confidential Information that has been automatically stored in accordance with Recipient's standard backup or recordkeeping procedures, provided, however that Recipient will remain subject to the obligations of this Agreement with respect to any Confidential Information retained subject to clauses (a) or (b). No license, express or implied, in the Confidential Information is granted to the Recipient other than to use the Confidential Information in the manner and to the extent authorized by this Agreement. Discloser represents and warrants that it is authorized to disclose any Confidential Information it discloses pursuant to this Agreement.

10. Proprietary Rights; Data; Feedback.

10.1. Data Definitions. The following terms will have the stated meanings: "**Customer Contact Data**" means data Motorola collects from Customer, its Authorized Users, and their end users for business contact purposes, including marketing, advertising, licensing and sales purposes; "**Service Use Data**" means data generated by Customer's use of the Products and Services or by Motorola's support of the Products and Services, including personal information, product performance and error information, activity logs and date and time of use; "**Customer Data**" means data, information, and content, including images, text, videos, documents, audio, telemetry, location and structured data base records, provided by, through, or on behalf of Customer, its Authorized Users, and their end users through the use of the Products and Services. Customer Data does not include Customer Contact Data, Service Use Data, or information from publicly available sources or other Third-Party Data or Motorola Data; "**Third-Party Data**" means information obtained by Motorola from publicly available sources or its third party content providers and made available to Customer through the Products or Services; "**Motorola Data**" means data owned or licensed by Motorola; "**Feedback**" means comments or information, in oral or written form, given to Motorola by Customer or Authorized Users, including their end users, in connection with or relating to the Products or Services; and "**Process**" or "**Processing**" means any operation or set of operations which is performed on personal information or on sets of personal information, whether or not by automated means, such as collection, recording, copying, analyzing, caching, organization, structuring, storage, adaptation, or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.

10.2. Motorola Materials. Customer acknowledges that Motorola may use or provide Customer with access to software, tools, data, and other materials, including designs, utilities, models, methodologies, systems, and specifications, which Motorola has developed or licensed from third parties (including any corrections, bug fixes, enhancements, updates, modifications, adaptations, translations, de-compilations, disassemblies, or derivative works of the foregoing, whether made by Motorola or another party) (collectively, "**Motorola Materials**"). The Products and Services, Motorola Data, Third-Party Data, and Documentation, are considered Motorola Materials. Except when Motorola has expressly transferred title

or other interest to Customer by way of an Addendum or Ordering Document, the Motorola Materials are the property of Motorola or its licensors, and Motorola or its licensors retain all right, title and interest in and to the Motorola Materials (including, all rights in patents, copyrights, trademarks, trade names, trade secrets, know-how, other intellectual property and proprietary rights, and all associated goodwill and moral rights). For clarity, this Agreement does not grant to Customer any shared development rights in or to any Motorola Materials or other intellectual property, and Customer agrees to execute any documents and take any other actions reasonably requested by Motorola to effectuate the foregoing. Motorola and its licensors reserve all rights not expressly granted to Customer, and no rights, other than those expressly granted herein, are granted to Customer by implication, estoppel or otherwise. Customer will not modify, disassemble, reverse engineer, derive source code or create derivative works from, merge with other software, distribute, sublicense, sell, or export the Products and Services or other Motorola Materials, or permit any third party to do so.

10.3. Ownership of Customer Data. Customer retains all right, title and interest, including intellectual property rights, if any, in and to Customer Data. Motorola acquires no rights to Customer Data except those rights granted under this Agreement including the right to Process and use the Customer Data as set forth in **Section 10.4 – Processing Customer Data** below and in other applicable Addenda. The Parties agree that with regard to the Processing of personal information which may be part of Customer Data, Customer is the controller and Motorola is the processor, and may engage sub-processors pursuant to **Section 10.4.3 – Sub-processors**.

10.4. Processing Customer Data.

10.4.1. Motorola Use of Customer Data. To the extent permitted by law, Customer grants Motorola and its subcontractors a right to use Customer Data and a royalty-free, worldwide, non-exclusive license to use Customer Data (including to process, host, cache, store, reproduce, copy, modify, combine, analyze, create derivative works from such Customer Data and to communicate, transmit, and distribute such Customer Data to third parties engaged by Motorola) to (a) perform Services and provide Products under the Agreement, (b) analyze the Customer Data to operate, maintain, manage, and improve Motorola Products and Services, and (c) create new products and services. Customer agrees that this Agreement, along with the Documentation, are Customer's complete and final documented instructions to Motorola for the processing of Customer Data. Any additional or alternate instructions must be agreed to according to the Change Order process. Customer represents and warrants to Motorola that Customer's instructions, including appointment of Motorola as a processor or sub-processor, have been authorized by the relevant controller.

10.4.2. Collection, Creation, Use of Customer Data. Customer further represents and warrants that the Customer Data, Customer's collection, creation, and use of the Customer Data (including in connection with Motorola's Products and Services), and Motorola's use of such Customer Data in accordance with the Agreement, will comply with all laws and will not violate any applicable privacy notices or infringe any third-party rights (including intellectual property and privacy rights). It is Customer's responsibility to obtain all required consents, provide all necessary notices, and meet any other applicable legal requirements with respect to collection and use (including Motorola's use) of the Customer Data as described in the Agreement.

10.4.3. Sub-processors. Customer agrees that Motorola may engage sub-processors who in turn may engage additional sub-processors to Process personal data in accordance with this Agreement. When engaging sub-processors, Motorola will enter into agreements with the sub-processors to bind them to data processing obligations to the extent required by law.

10.5. Data Retention and Deletion. Except as expressly provided otherwise under the Agreement, Motorola will delete all Customer Data following termination or expiration of this MCA or the applicable

Addendum or Ordering Document, with such deletion to occur no later than ninety (90) days following the applicable date of termination or expiration, unless otherwise required to comply with applicable law. Any requests for the exportation or download of Customer Data must be made by Customer to Motorola in writing before expiration or termination, subject to **Section 13.9 – Notices**. Motorola will have no obligation to retain such Customer Data beyond expiration or termination unless the Customer has purchased extended storage from Motorola through a mutually executed Ordering Document.

10.6. Service Use Data. Customer understands and agrees that Motorola may collect and use Service Use Data for its own purposes, including the uses described below. Motorola may use Service Use Data to (a) operate, maintain, manage, and improve existing and create new products and services, (b) test products and services, (c) to aggregate Service Use Data and combine it with that of other users, and (d) to use anonymized or aggregated data for marketing, research or other business purposes. Service Use Data may be disclosed to third parties. It is Customer's responsibility to notify Authorized Users of Motorola's collection and use of Service Use Data and to obtain any required consents, provide all necessary notices, and meet any other applicable legal requirements with respect to such collection and use, and Customer represents and warrants to Motorola that it has complied and will continue to comply with this Section.

10.7. Third-Party Data and Motorola Data. Motorola Data and Third-Party Data may be available to Customer through the Products and Services. Customer and its Authorized Users may use Motorola Data and Third-Party Data as permitted by Motorola and the applicable Third-Party Data provider, as described in the applicable Addendum. Unless expressly permitted in the applicable Addendum, Customer will not, and will ensure its Authorized Users will not: (a) use the Motorola Data or Third-Party Data for any purpose other than Customer's internal business purposes; (b) disclose the data to third parties; (c) "white label" such data or otherwise misrepresent its source or ownership, or resell, distribute, sublicense, or commercially exploit the data in any manner; (d) use such data in violation of applicable laws; (e) remove, obscure, alter, or falsify any marks or proprietary rights notices indicating the source, origin, or ownership of the data; or (f) modify such data or combine it with Customer Data or other data or use the data to build databases. Additional restrictions may be set forth in the applicable Addendum. Any rights granted to Customer or Authorized Users with respect to Motorola Data or Third-Party Data will immediately terminate upon termination or expiration of the applicable Addendum, Ordering Document, or this MCA. Further, Motorola or the applicable Third-Party Data provider may suspend, change, or terminate Customer's or any Authorized User's access to Motorola Data or Third-Party Data if Motorola or such Third-Party Data provider believes Customer's or the Authorized User's use of the data violates the Agreement, applicable law or Motorola's agreement with the applicable Third-Party Data provider. Upon termination of Customer's rights to use any Motorola Data or Third-Party Data, Customer and all Authorized Users will immediately discontinue use of such data, delete all copies of such data, and certify such deletion to Motorola. Notwithstanding any provision of the Agreement to the contrary, Motorola will have no liability for Third-Party Data or Motorola Data available through the Products and Services. Motorola and its Third-Party Data providers reserve all rights in and to Motorola Data and Third-Party Data not expressly granted in an Addendum or Ordering Document.

10.8. Feedback. Any Feedback provided by Customer is entirely voluntary, and will not create any confidentiality obligation for Motorola, even if designated as confidential by Customer. Motorola may use, reproduce, license, and otherwise distribute and exploit the Feedback without any obligation or payment to Customer or Authorized Users and Customer represents and warrants that it has obtained all necessary rights and consents to grant Motorola the foregoing rights.

10.9. Improvements; Products and Services. The Parties agree that, notwithstanding any provision of this MCA or the Agreement to the contrary, all fixes, modifications and improvements to the Services or Products conceived of or made by or on behalf of Motorola that are based either in whole or in part on

the Feedback, Customer Data, or Service Use Data (or otherwise) are the exclusive property of Motorola and all right, title and interest in and to such fixes, modifications or improvements will vest solely in Motorola. Customer agrees to execute any written documents necessary to assign any intellectual property or other rights it may have in such fixes, modifications or improvements to Motorola.

11. Force Majeure; Delays Caused by Customer.

11.1. Force Majeure. Except for Customer's payment obligations hereunder, neither Party will be responsible for nonperformance or delayed performance due to events outside of its reasonable control. If performance will be significantly delayed, the affected Party will provide notice to the other Party, and the Parties will agree (in writing) upon a reasonable extension to any applicable performance schedule.

11.2. Delays Caused by Customer. Motorola's performance of the Products and Services will be excused for delays caused by Customer or its Authorized Users or subcontractors, or by failure of any assumptions set forth in this Agreement (including in any Addendum or Ordering Document). In the event of a delay under this **Section 11.2 – Delays Caused by Customer**, (a) Customer will continue to pay the Fees as required hereunder, (b) the Parties will agree (in writing) upon a reasonable extension to any applicable performance schedule, and (c) Customer will compensate Motorola for its out-of-pocket costs incurred due to the delay (including those incurred by Motorola's affiliates, vendors, and subcontractors).

12. Disputes. The Parties will use the following procedure to resolve any disputes relating to or arising out of this Agreement (each, a "**Dispute**"):

12.1. Governing Law. All matters relating to or arising out of the Agreement are governed by the laws of the State of Illinois, unless Customer is the United States Government (or an agency thereof), in which case all matters relating to or arising out of the Agreement will be governed by the laws of the State in which the Products and Services are provided. The terms of the U.N. Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act will not apply.

12.2. Negotiation; Mediation. Either Party may initiate dispute resolution procedures by sending a notice of Dispute ("**Notice of Dispute**") to the other Party. The Parties will attempt to resolve the Dispute promptly through good faith negotiations, including timely escalation of the Dispute to executives who have authority to settle the Dispute (and who are at a higher level of management than the persons with direct responsibility for the matter). If a Dispute is not resolved through negotiation, either Party may initiate mediation by sending a notice of mediation ("**Notice of Mediation**") to the other Party. The Parties will choose an independent mediator within thirty (30) days of such Notice of Mediation. Neither Party may unreasonably withhold consent to the selection of a mediator, but if the Parties are unable to agree upon a mediator, either Party may request that the American Arbitration Association nominate a mediator. Each Party will bear its own costs of mediation, but the Parties will share the cost of the mediator equally. Each Party will participate in the mediation in good faith and will be represented at the mediation by a business executive with authority to settle the Dispute. All in person meetings under this **Section 12.2 – Negotiation; Mediation** will take place in Chicago, Illinois, and all communication relating to the Dispute resolution will be maintained in strict confidence by the Parties. Notwithstanding the foregoing, any Dispute arising from or relating to Motorola's intellectual property rights will not be subject to negotiation or mediation in accordance with this Section, but instead will be decided by a court of competent jurisdiction, in accordance with **Section 12.3 – Litigation, Venue, Jurisdiction** below.

12.3. Litigation, Venue, Jurisdiction. If the Dispute has not been resolved by mediation within sixty (60) days from the Notice of Mediation, either Party may submit the Dispute exclusively to a court in Cook County, Illinois. Each Party expressly consents to the exclusive jurisdiction of such courts for resolution of any Dispute and to enforce the outcome of any mediation.

13. General.

13.1. Compliance with Laws. Each Party will comply with applicable laws in connection with the performance of its obligations under this Agreement, including that Customer will ensure its and its Authorized Users' use of the Products and Services complies with law (including privacy laws), and Customer will obtain any FCC and other licenses or authorizations (including licenses or authorizations required by foreign regulatory bodies) required for its and its Authorized Users' use of the Products and Services. Motorola may, at its discretion, cease providing or otherwise modify Products and Services (or any terms related thereto in an Addendum or Ordering Document), in order to comply with any changes in applicable law.

13.2. Audit; Monitoring. Motorola will have the right to monitor and audit use of the Products, which may also include access by Motorola to Customer Data and Service Use Data. Customer will provide notice of such monitoring to its Authorized Users and obtain any required consents, including individual end users, and will cooperate with Motorola in any monitoring or audit. Customer will maintain during the Term, and for two (2) years thereafter, accurate records relating to any software licenses granted under this Agreement to verify compliance with this Agreement. Motorola or a third party ("**Auditor**") may inspect Customer's and, as applicable, Authorized Users' premises, books, and records. Motorola will pay expenses and costs of the Auditor, unless Customer is found to be in violation of the terms of the Agreement, in which case Customer will be responsible for such expenses and costs.

13.3. Assignment and Subcontracting. Neither Party may assign or otherwise transfer this Agreement without the prior written approval of the other Party. Motorola may assign or otherwise transfer this Agreement or any of its rights or obligations under this Agreement without consent (a) for financing purposes, (b) in connection with a merger, acquisition or sale of all or substantially all of its assets, (c) as part of a corporate reorganization, or (d) to a subsidiary corporation. Subject to the foregoing, this Agreement will be binding upon the Parties and their respective successors and assigns.

13.4. Waiver. A delay or omission by either Party to exercise any right under this Agreement will not be construed to be a waiver of such right. A waiver by either Party of any of the obligations to be performed by the other, or any breach thereof, will not be construed to be a waiver of any succeeding breach or of any other obligation. All waivers must be in writing and signed by the Party waiving its rights.

13.5. Severability. If any provision of the Agreement is found by a court of competent jurisdiction to be invalid, illegal, or otherwise unenforceable, such provision will be deemed to be modified to reflect as nearly as possible the original intentions of the Parties in accordance with applicable law. The remaining provisions of this Agreement will not be affected, and each such provision will be valid and enforceable to the full extent permitted by applicable law.

13.6. Independent Contractors. Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership, or formal business organization of any kind.

13.7. Third-Party Beneficiaries. The Agreement is entered into solely between, and may be enforced only by, the Parties. Each Party intends that the Agreement will not benefit, or create any right or cause of action in or on behalf of, any entity other than the Parties. Notwithstanding the foregoing, a licensor or supplier of third-party software included in the software Products will be a direct and intended third-party beneficiary of this Agreement.

13.8. Interpretation. The section headings in this Agreement are included only for convenience. The words "including" and "include" will be deemed to be followed by the phrase "without limitation". This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

13.9. Notices. Notices required under this Agreement to be given by one Party to the other must be in writing and either personally delivered or sent to the address provided by the other Party by certified mail, return receipt requested and postage prepaid (or by a recognized courier service, such as FedEx, UPS, or DHL), and will be effective upon receipt.

13.10. Cumulative Remedies. Except as specifically stated in this Agreement, all remedies provided for in this Agreement will be cumulative and in addition to, and not in lieu of, any other remedies available to either Party at law, in equity, by contract, or otherwise. Except as specifically stated in this Agreement, the election by a Party of any remedy provided for in this Agreement or otherwise available to such Party will not preclude such Party from pursuing any other remedies available to such Party at law, in equity, by contract, or otherwise.

13.11. Survival. The following provisions will survive the expiration or termination of this Agreement for any reason: **Section 2.4 – Customer Obligations; Section 3.4 – Effect of Termination or Expiration; Section 4 – Payment and Invoicing; Section 6.5 – Warranty Disclaimer; Section 7.3 – Customer Indemnity; Section 8 – Limitation of Liability; Section 9 – Confidentiality; Section 10 – Proprietary Rights; Data; Feedback; Section 11 – Force Majeure; Delays Caused by Customer; Section 12 – Disputes; and Section 13 – General.**

13.12. Entire Agreement. This Agreement, including all Addenda and Ordering Documents, constitutes the entire agreement of the Parties regarding the subject matter hereto, and supersedes all previous agreements, proposals, and understandings, whether written or oral, relating to this subject matter. This Agreement may be executed in multiple counterparts, and will have the same legal force and effect as if the Parties had executed it as a single document. The Parties may sign in writing or by electronic signature. An electronic signature, facsimile copy, or computer image of a signature, will be treated, and will have the same effect as an original signature, and will have the same effect, as an original signed copy of this document. This Agreement may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any Customer purchase order, acknowledgment, or other form will not be considered an amendment or modification or part of this Agreement, even if a representative of each Party signs such document.

The Parties hereby enter into this MCA as of the Effective Date.

Equipment Purchase and Software License Addendum

This Equipment Purchase and Software License Addendum (this “**EPSLA**”) is entered into between Motorola Solutions, Inc., with offices at 500 W. Monroe Street, Suite 4400, Chicago, IL 60661 (“**Motorola**”) and the entity set forth in the signature block in the MCA (“**Customer**”), and will be subject to, and governed by, the terms of the Master Customer Agreement entered into between the Parties (the “**MCA**”). Capitalized terms used in this EPSLA, but not defined herein, will have the meanings set forth in the MCA.

1. Addendum. This EPSLA governs Customer’s purchase of Equipment and license of Licensed Software (and, if set forth in an Ordering Document, related Services) from Motorola, and will form part of the Parties’ Agreement.

2. Delivery of Equipment and Licensed Software.

2.1. Delivery and Risk of Loss. Motorola will provide to Customer the Products (and, if applicable, related Services) set forth in an Ordering Document, in accordance with the terms of the Agreement. Motorola will, using commercially reasonable practices, pack the ordered Equipment and ship such Equipment to the Customer address set forth in the applicable Ordering Document or otherwise provided by Customer in writing, using a carrier selected by Motorola. Notwithstanding the foregoing, delivery of Equipment (and any incorporated Licensed Software) will occur, and title and risk of loss for the Equipment will pass to Customer, upon shipment by Motorola in accordance with Ex Works, Motorola’s premises (Incoterms 2020). Customer will pay all shipping costs, taxes, and other charges applicable to the shipment and import or export of the Products and Services, as applicable, and Customer will be responsible for reporting the Products for personal property tax purposes. Delivery of Licensed Software for installation on Equipment or Customer-Provided Equipment will occur upon the earlier of (a) electronic delivery of the Licensed Software by Motorola, and (b) the date Motorola otherwise makes the Licensed Software available for download by Customer. If agreed upon in an Ordering Document, Motorola will also provide Services related to such Products.

2.2. Delays. Any shipping dates set forth in an Ordering Document are approximate, and while Motorola will make reasonable efforts to ship Products by any such estimated shipping date, Motorola will not be liable for any delay or related damages to Customer. Time for delivery will not be of the essence, and delays will not constitute grounds for cancellation, penalties, termination, or a refund.

2.3. Beta Services. If Motorola makes any beta version of a software application (“**Beta Service**”) available to Customer, Customer may choose to use such Beta Service at its own discretion, provided, however, that Customer will use the Beta Service solely for purposes of Customer’s evaluation of such Beta Service, and for no other purpose. Customer acknowledges and agrees that all Beta Services are offered “as-is” and without any representations or warranties or other commitments or protections from Motorola. Motorola will determine the duration of the evaluation period for any Beta Service, in its sole discretion, and Motorola may discontinue any Beta Service at any time. Customer acknowledges that Beta Services, by their nature, have not been fully tested and may contain defects or deficiencies.

3. Licensed Software License and Restrictions.

3.1. Licensed Software License. Subject to Customer's and its Authorized Users' compliance with the Agreement (including payment terms), Motorola hereby grants Customer and its Authorized Users a limited, non-transferable, non-sublicenseable, and non-exclusive license to use the Licensed Software identified in an Ordering Document, in object code form only, and the associated Documentation, solely in connection with the Equipment provided by Motorola or authorized Customer-Provided Equipment (as applicable, the "**Designated Products**") and solely for Customer's internal business purposes. Unless otherwise stated in an Addendum or the Ordering Document, the foregoing license grant will be limited to the number of licenses set forth in the applicable Ordering Document and will continue for the life of the applicable Designated Product. Except as otherwise permitted in an applicable Addendum or Ordering Document, Customer may install, access, and use Licensed Software only in Customer's owned or controlled facilities, including any authorized mobile sites; provided, however, that Authorized Users using authorized mobile or handheld devices may also log into and access the Licensed Software remotely from any location.

3.2. Subscription License Model. If the Parties mutually agree that any Licensed Software purchased under this EPSLA will be replaced with or upgraded to Subscription Software, then upon such time which the Parties execute the applicable Ordering Document, the licenses granted under this EPSLA will automatically terminate, and such Subscription Software will be governed by the terms of the applicable Addendum under this Agreement.

3.3. Customer Restrictions. Customers and Authorized Users will comply with the applicable Documentation in connection with their use of the Products. Customer will not and will not allow others, including the Authorized Users, to: (a) make the Licensed Software available for use by unauthorized third parties, including via a commercial rental or sharing arrangement; (b) reverse engineer, disassemble, or reprogram the Licensed Software or any portion thereof to a human-readable form; (c) modify, create derivative works of, or merge the Licensed Software with other software or equipment; (d) copy, reproduce, distribute, lend, lease, or transfer the Licensed Software or Documentation for or to any third party without the prior express written permission of Motorola; (e) take any action that would cause the Licensed Software or Documentation to be placed in the public domain; (f) use the Licensed Software to compete with Motorola; or (g) remove, alter, or obscure, any copyright or other notice.

3.4. Copies. Customer may make one (1) copy of the Licensed Software solely for archival, back-up, or disaster recovery purposes during the term of the applicable Licensed Software license. Customer may make as many copies of the Documentation reasonably required for the internal use of the Licensed Software during such Licensed Software's license term. Unless otherwise authorized by Motorola in writing, Customer will not, and will not enable or allow any third party to: (a) install a licensed copy of the Licensed Software on more than one (1) unit of a Designated Product; or (b) copy onto or transfer Licensed Software installed in a unit of a Designated Product onto another device. Customer may temporarily transfer Licensed Software installed on a Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Customer provides written notice to Motorola of the temporary transfer and identifies the device on which the Licensed is transferred. Temporary transfer of the Licensed Software to another device must be discontinued when the original Designated Product is returned to operation and the Licensed Software must be removed from the other device. Customer must provide prompt written notice to Motorola at the time temporary transfer is discontinued.

3.5. Resale of Equipment. Equipment contains embedded Licensed Software. If Customer desires to sell its used Equipment to a third party, Customer must first receive prior written authorization from Motorola and obtain written acceptance of the applicable Licensed Software license terms, including the obligation to pay relevant license fees, from such third party.

4. Term.

4.1. Term. The term of this EPSLA (the “**EPSLA Term**”) will commence upon either (a) the Effective Date of the MCA, if this EPSLA is attached to the MCA as of such Effective Date, or (b) the EPSLA Date set forth on the signature page below, if this EPSLA is executed after the MCA Effective Date, and will continue until the later of (i) three (3) years after the first order for Products is placed via an Ordering Document, or (ii) the expiration of all applicable warranty periods (as set forth in **Section 6.1 – Motorola Warranties** below) under this EPSLA, unless this EPSLA or the Agreement is earlier terminated in accordance with the terms of the Agreement.

4.2. Termination. Notwithstanding the termination provisions of the MCA, Motorola may terminate this EPSLA (and any Ordering Documents hereunder) immediately upon notice to Customer if Customer breaches **Section 3 – Licensed Software License and Restrictions** of this EPSLA, or any other provision related to Licensed Software license scope or restrictions set forth in an Ordering Document, EULA, or other applicable Addendum. For clarity, upon termination or expiration of the EPSLA Term, all Motorola obligations under this EPSLA (including with respect to Equipment and Licensed Software delivered hereunder) will terminate. If Customer desires to purchase additional Services in connection with such Equipment or Licensed Software, Customer may enter into a separate Addendum with Motorola, governing such Services. Customer acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Licensed Software and Documentation, and that Customer’s breach of the Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Licensee breaches this Agreement, in addition to termination, Motorola will be entitled to all available remedies at law or in equity, including immediate injunctive relief and repossession of all non-embedded Licensed Software and associated Documentation.

4.3. Equipment as a Service. In the event that Customer purchases any Equipment at a price below the MSRP for such Equipment in connection Customer entering into a fixed- or minimum required-term agreement for Subscription Software, and Customer or Motorola terminates the Agreement, this EPSLA, or other applicable Addendum (such as the Addendum governing the purchase of such Subscription Software) prior to the expiration of such fixed- or minimum required-term, then Motorola will have the right to invoice Customer for, and Customer will pay, the amount of the discount to the MSRP for the Equipment or such other amount set forth in the applicable Addendum or Ordering Document. This Section will not limit any other remedies Motorola may have with respect to an early termination.

5. Payment. Customer will pay invoices for the Products and Services provided under this EPSLA in accordance with the invoice payment terms set forth in the MCA. Generally, invoices are issued after shipment of Equipment or upon Motorola’s delivery of Licensed Software (in accordance with **Section 2.1 – Delivery and Risk of Loss**), as applicable, but if a specific invoicing or payment schedule is set forth in the applicable Ordering Document, EULA or other Addendum, such schedule will control with respect to the applicable Products and Services referenced therein. Motorola will have the right to suspend future deliveries of Products and Services if Customer fails to make any payments when due.

6. Representations and Warranties; Liability.

6.1. Motorola Warranties. Subject to the disclaimers and exclusions set forth in the MCA and this EPSLA, (a) for a period of one (1) year commencing upon the delivery of Motorola-manufactured Equipment under **Section 2.1 – Delivery and Risk of Loss**, Motorola represents and warrants that such Motorola-manufactured Equipment, under normal use, will be free from material defects in materials and workmanship; (b) to the extent permitted by the providers of third-party software or hardware included in the Products and Services, Motorola will pass through to Customer any warranties provided by such third

parties, which warranties will apply for the period defined by the applicable third party; and (c) for a period of ninety (90) days commencing upon the delivery of Motorola-owned Licensed Software under **Section 2.1 – Delivery and Risk of Loss**, Motorola represents and warrants that such Licensed Software, when used in accordance with the Documentation and the Agreement, will be free from reproducible defects that prevent operation of features critical to the primary functionality or successful operation of the Motorola-developed Licensed Software (as determined by Motorola). The warranty set forth in subsection (c) will be referred to as the “**Motorola Licensed Software Warranty**”. As Customer’s sole and exclusive remedy for any breach of the Motorola Licensed Software Warranty, Motorola will use commercially reasonable efforts to remedy the material defect in the applicable Licensed Software; provided, however, that if Motorola does not remedy such material defect within a reasonable time, then at Motorola’s sole option, Motorola will either replace the defective Licensed Software with functionally-equivalent software, provide substitute software to Customer, or terminate the applicable software license and refund any paid license fees to Customer on a pro-rata basis. For clarity, the Motorola Licensed Software Warranty applies only to the most current version of the Licensed Software issued by Motorola, and issuance of updated versions of any Licensed Software does not result in a renewal or extension of the Motorola Licensed Software Warranty beyond the ninety (90) day warranty period.

6.2. ADDITIONAL EXCLUSIONS. IN ADDITION TO THE EXCLUSIONS FROM DAMAGES SET FORTH IN THE MCA, AND NOTWITHSTANDING ANY PROVISION OF THE AGREEMENT TO THE CONTRARY, MOTOROLA WILL HAVE NO LIABILITY FOR (A) DEFECTS IN OR DAMAGE TO PRODUCTS RESULTING FROM USE OTHER THAN IN THE NORMAL AUTHORIZED MANNER, OR FROM ACCIDENT, LIQUIDS, OR NEGLIGENCE; (B) TESTING, MAINTENANCE, REPAIR, INSTALLATION, OR MODIFICATION BY PARTIES OTHER THAN MOTOROLA; (C) CUSTOMER’S OR ANY AUTHORIZED USER’S FAILURE TO COMPLY WITH INDUSTRY AND OSHA OR OTHER LEGAL STANDARDS; (D) DAMAGE TO RADIO ANTENNAS, UNLESS CAUSED BY DEFECTS IN MATERIAL OR WORKMANSHIP; (E) EQUIPMENT WITH NO SERIAL NUMBER; (F) BATTERIES OR CONSUMABLES; (G) FREIGHT COSTS FOR SHIPMENT TO REPAIR DEPOTS; (H) COSMETIC DAMAGE THAT DOES NOT AFFECT OPERATION; (I) NORMAL WEAR AND TEAR; (J) ISSUES OR OBSOLESCENCE OF LICENSED SOFTWARE DUE TO CHANGES IN CUSTOMER OR AUTHORIZED USER REQUIREMENTS, EQUIPMENT, OR SYSTEMS; (K) TRACKING AND LOCATION-BASED SERVICES; OR (L) BETA SERVICES.

6.3. Voluntary Remedies. Motorola is not obligated to remedy, repair, replace, or refund the purchase price for the disclaimed or excluded issues in the MCA or **Section 6.2 – Additional Exclusions** above, but if Motorola agrees to provide Services to help resolve such issues, Customer will reimburse Motorola for its reasonable time and expenses, including by paying Motorola any Fees set forth in an Ordering Document for such Services, if applicable.

- 7. Copyright Notices.** The existence of a copyright notice on any Licensed Software will not be construed as an admission or presumption of publication of the Licensed Software or public disclosure of any trade secrets associated with the Licensed Software.
- 8. Survival.** The following provisions will survive the expiration or termination of this EPSLA for any reason: **Section 3 – Licensed Software License and Restrictions; Section 4 – Term; Section 5 – Payment; Section 6.2 – Additional Exclusions; Section 8 – Survival.**

Software Products Addendum

This Software Products Addendum (this “**SPA**”) is entered into between Motorola Solutions, Inc., with offices at 500 W. Monroe Street, Suite 4400, Chicago, IL 60661 (“**Motorola**”) and the entity set forth in the signature in the MCA (“**Customer**”), and will be subject to, and governed by, the terms of the Master Customer Agreement entered into between the Parties (the “**MCA**”), and the applicable Addenda. Capitalized terms used in this SPA, but not defined herein, will have the meanings set forth in the MCA or the applicable Addenda.

1. Addendum. This SPA governs Customer’s purchase of certain Motorola software Products, including Software Systems, and will form part of the Parties’ Agreement. A “**Software System**” is a solution that includes at least one command center software Product and requires Integration Services to deploy such software Product at a Customer Site or onto any Customer-Provided Equipment or Equipment provided to Customer. In addition to the MCA, other Addenda may be applicable to the Software System or other software Products, including the Subscription Software Addendum (“**SSA**”), with respect to Subscription Software, and the Equipment Purchase and Software License Addendum (“**EPSLA**”), with respect to Licensed Software and Equipment, as further described below. This SPA will control with respect to conflicting or ambiguous terms in the MCA or any other applicable Addendum, but only as applicable to the Software System or other software Products purchased under this SPA and not with respect to other Products and Services.

2. Software Systems; Applicable Terms and Conditions.

2.1. On-Premise Software System. If Customer purchases an “on-premises Software System,” where Equipment and Licensed Software are installed at Customer Sites or on Customer-Provided Equipment, then, unless the Ordering Document(s) specify that any software is being purchased on a subscription basis (i.e., as Subscription Software), such Equipment and Licensed Software installed at Customer Sites or on Customer-Provided Equipment are subject to the EPSLA. On-premises Software Systems described in this Section qualify for the System Warranty as described in **Section 5 – On-Premises Software System Warranty** (the “**System Warranty**”). In connection with the on-premises Software System, Customer may also purchase additional Subscription Software that integrates with its on-premises Software System (e.g., CommandCentral Aware) (each, an “**Add-On Subscription**”). Any Add-On Subscription will be subject to the terms and conditions of the SSA and excluded from the System Warranty.

2.2. On-Premise Software System as a Service. If Customer purchases an “on-premises Software System as a service,” where Equipment and software Products are installed at Customer Sites or on Customer-Provided Equipment, and such software is generally licensed on a subscription basis (i.e., as Subscription Software), then such Subscription Software will be subject to the SSA and not the EPSLA. Any (a) Equipment purchased, (b) firmware preinstalled on such Equipment, and (c) Microsoft operating system Licensed Software are subject to the EPSLA. On-premises Software Systems as a service described in this Section are provided as a service and, accordingly, do not qualify for the System Warranty. System completion, however, is determined in accordance with the provisions of **Section 3 – Software System Completion** below.

2.3. Cloud Hosted Software System. If Customer purchases a “cloud hosted Software System,” where the applicable software is hosted in a data center and provided to Customer as a service (i.e., as hosted Subscription Software), including CommandCentral Products, then such Subscription Software is subject to the SSA. Any Equipment purchased in connection with a cloud Software System is subject to the EPSLA. Cloud hosted Software Systems described in this Section do not qualify for the System Warranty. System completion, however, is determined in accordance with the provisions of **Section 3 – Software System Completion** below.

2.4. Services. Any Integration Services or Maintenance and Support Services purchased in connection with, or included as a part of, a Software System are subject to the MCA, and as described in the applicable Ordering Document.

3. Software System Completion. Any Software System described in an Ordering Document hereunder (including the Products, Integration Services, and all other components thereof) will be deemed completed upon Customer’s (or the applicable Authorized User’s) Beneficial Use of each Product that is included in the Software System (unless alternative acceptance procedures are set forth in the applicable Ordering Document) (the “**System Completion Date**”). Customer will not unreasonably delay Beneficial Use of any Product within a Software System, and in any event, the Parties agree that Beneficial Use of a Product will be deemed to have occurred thirty (30) days after functional demonstration. For clarity, if a Software System is comprised of more than one Product, Motorola may notify Customer that all Integration Services for a particular Product within the Software System have been completed, and Customer may have Beneficial Use of such Product prior to having Beneficial Use of other Products in the Software System, or of the Software System as a whole. In such case, the Integration Services applicable to such Product will be deemed complete upon Customer’s Beneficial Use of the Product (“**Product Completion Date**”), which may occur before the System Completion Date. As used in this Section, “**Beneficial Use**” means use by Customer or at least one (1) Authorized User of the material features and functionalities of a Product within a Software System, in material conformance with Product descriptions in the applicable Ordering Document. This Section applies to Products purchased as part of a Software System notwithstanding the delivery provisions of the Addendum applicable to such Products, such as the SSA or EPSLA, and this Section will control over such other delivery provisions to the extent of a conflict.

4. Payment. Customer will pay invoices for the Products and Services covered by this SPA in accordance with the invoice payment terms set forth in the MCA. Fees for Software Systems will be invoiced as of the System Completion Date, unless another payment process or schedule or milestones are set forth in an Ordering Document or applicable Addendum. In addition to Equipment, Licensed Software, Subscription Software and Integration Services (as applicable) sold as part of a Software System, the Ordering Documents for a Software System may also include post-deployment Integration Services or other Services which are to be provided following the date of functional demonstration (“**Post-Deployment Services**”). Post-Deployment Services will be invoiced upon their completion and paid by Customer in accordance with the terms of the MCA.

5. On-Premises Software System Warranty. Subject to the disclaimers in the MCA and any other applicable Addenda, Motorola represents and warrants that, on the System Completion Date for an on-premises Software System described in **Section 2.1 – On-Premises Software System**, or on the applicable Product Completion Date for a specific Product within such on-premises Software System, if earlier, (a) such Software System or Product will perform in accordance with the descriptions in the applicable Ordering Documents in all material respects, and (b) if Customer has purchased any Equipment or Motorola Licensed Software (but, for clarity, excluding Subscription Software) as part of such on-premises Software System, the warranty period applicable to such Equipment and Motorola Licensed Software will continue for a period of one (1) year commencing upon the System Completion

Date for the Software System that includes such Products, or on the applicable Product Completion Date, if earlier, instead of commencing upon delivery of the Products in accordance with the terms and conditions set forth in **Section 6 – Representations and Warranties; Liabilities** of the EPSLA. The warranties set forth in the applicable Addenda are not otherwise modified by this SPA.

6. Prohibited Use. Customer will not integrate or use, or permit a third party or an Authorized User to integrate or use, any Non-Motorola Content with or in connection with a Software System or other software Product provided by Motorola under this SPA, without the express written permission of Motorola.

7. API Support. Motorola will use commercially reasonable efforts to maintain its Application Programming Interface (“API”) offered sold in connection with any Software System. APIs will evolve and mature over time, requiring changes and updates. Motorola will use reasonable efforts to continue supporting any version of an API for 6 months after such version is introduced, but if Motorola determines, in its sole discretion, to discontinue support of an API for any reason, Motorola will provide reasonable advance notification to Customer. If an API presents a security risk, Motorola may discontinue an API without prior notice.

8. Support of Downloaded Clients. If Customer purchases any software Product that requires a client installed locally on any Customer-Provided Equipment or Equipment in possession of Customer, Customer will be responsible for downloading and installing the current version of such client, as it may be updated from time to time. Motorola will use reasonable efforts to continue supporting any version of a client for forty-five (45) days following its release, but Motorola may update the current version of its client at any time, including for bug fixes, product improvements, and feature updates, and Motorola makes no representations or warranties that any software Product will support prior versions of a client.

9. Applicable End User Terms. Additional license terms apply to third-party software included in certain software Products which are available online at www.motorolasolutions.com/legal-flow-downs. Customer will comply, and ensure its Authorized Users comply, with all such additional license terms.

10. Additional Terms for On-Premise Software System as a Service. The terms set forth in this **Section 10 – Additional Terms for On-Premise Software System as a Service** apply in the event Customer purchases an on-premises Software System as a service under this SPA.

10.1. Transition to Subscription License Model. If the Parties mutually agree that any on-premises Subscription Software purchased under this SPA as part of an on-premises Software System as a service will be replaced with or upgraded to Subscription Software hosted in a data center, then upon such time which the Parties execute the applicable Ordering Document, (a) the licenses granted to such on-premises Subscription Software under the applicable Ordering Document will automatically terminate, (b) Customer and its Authorized Users will cease use of the applicable on-premises copies of Subscription Software, and (c) the replacement hosted Subscription Software provided hereunder will be governed by the terms of the SSA and this SPA.

10.2. Transition Fee. Motorola will not charge additional Fees for Services related to the transition to hosted Subscription Software, as described in **Section 10.1 – Transition to Subscription License Model**. Notwithstanding the foregoing, subscription Fees for the applicable hosted Subscription Software are subject to the SSA and the applicable Ordering Document, and may be greater than Fees paid by Customer for on-premises Subscription Software.

10.3. Software Decommissioning. Upon (a) transition of the on-premises Software System as a service to Subscription Software hosted in a data center or (b) any termination of the Subscription Software license for the on-premises Software System as a service, Motorola will have the right to enter Customer

Sites and decommission the applicable on-premises Subscription Software that is installed at Customer's Site or on Customer-Provided Equipment. For clarity, Customer will retain the right to use Licensed Software that is firmware incorporated into Equipment purchased by Customer from Motorola and any Microsoft operating system Licensed Software.

11. Additional Terms for CAD and Records Products. The terms set forth in this **Section 11 – Additional Terms for CAD and Records Products** apply in the event Customer purchases any Computer Aided Dispatch (“CAD”) or Records Products under this SPA.

11.1. Support Required. Customer acknowledges and agrees that the licenses granted by Motorola under the Agreement to CAD and Records Products for on-premises Software Systems are conditioned upon Customer purchasing Maintenance and Support Services for such Products during the term of the applicable license. If at any time during the term of any such license, Customer fails to purchase associated Maintenance and Support Services (or pay the fees for such Services), Motorola will have the right to terminate or suspend the software licenses for CAD and Record Products, and this SPA or the applicable Ordering Document.

11.2. CJIS Security Policy. Motorola agrees to support Customer's obligation to comply with the Federal Bureau of Investigation Criminal Justice Information Services (“CJIS”) Security Policy and will comply with the terms of the CJIS Security Addendum for the term of the Addendum or Ordering Document for the applicable Product. Customer hereby consents to Motorola screened personnel serving as the “escort” within the meaning of CJIS Security Policy for unscreened Motorola personnel that require access to unencrypted Criminal Justice Information for purposes of Product support and development.

12. Additional Cloud Terms. The terms set forth in this **Section 12 – Additional Cloud Terms** apply in the event Customer purchases any cloud-hosted software Products.

12.1. Data Storage. Motorola will determine, in its sole discretion, the location of the stored content for cloud hosted software Products. All data, replications, and backups will be stored at a location in the United States for Customers in the United States.

12.2. Data Retrieval. Cloud hosted software Products will leverage different types of storage to optimize software, as determined in Motorola's sole discretion. For multimedia data, such as videos, pictures, audio files, Motorola will, in its sole discretion, determine the type of storage medium used to store the content. The type of storage and medium selected by Motorola will determine the data retrieval speed. Access to content in archival storage may take up to twenty-four (24) hours to be viewable.

12.3. Availability. Motorola will make reasonable efforts to provide monthly availability of 99.9% for cloud hosted software Products with the exception of maintenance windows. There are many factors beyond Motorola's control that may impact Motorola's ability to achieve this goal.

12.4. Maintenance. Scheduled maintenance of cloud-hosted software Products will be performed periodically. Motorola will make commercially reasonable efforts to notify customers one (1) week in advance of any such maintenance. Unscheduled and emergency maintenance may be required from time to time. Motorola will make commercially reasonable efforts to notify customers of any unscheduled or emergency maintenance twenty-four (24) hours in advance.

13. Survival. The following provisions will survive the expiration or termination of this SPA for any reason: **Section 1 – Addendum; Section 2 – Software Systems; Applicable Terms and Conditions; Section 6 – Prohibited Use; Section 9 – Applicable End User Terms; Section 13 – Survival.**

Subscription Software Addendum

This Subscription Software Addendum (this “**SSA**”) is entered into between Motorola Solutions, Inc., with offices at 500 W. Monroe Street, Suite 4400, Chicago, IL 60661 (“**Motorola**”) and the entity set forth in the signature block in the MCA (“**Customer**”), and will be subject to, and governed by, the terms of the Master Customer Agreement entered into between the Parties (the “**MCA**”). Capitalized terms used in this SSA, but not defined herein, will have the meanings set forth in the MCA.

1. Addendum. This SSA governs Customer’s purchase of Subscription Software (and, if set forth in an Ordering Document, related Services) from Motorola, and will form part of the Parties’ Agreement. Additional Subscription Software-specific Addenda or other terms and conditions may apply to certain Subscription Software, where such terms are provided or presented to Customer.

2. Delivery of Subscription Software.

2.1. Delivery. During the applicable Subscription Term (as defined below), Motorola will provide to Customer the Subscription Software set forth in an Ordering Document, in accordance with the terms of the Agreement. Motorola will provide Customer advance notice (which may be provided electronically) of any planned downtime. Delivery will occur upon Customer’s receipt of credentials required for access to the Subscription Software or upon Motorola otherwise providing access to the Subscription Software. If agreed upon in an Ordering Document, Motorola will also provide Services related to such Subscription Software.

2.2. Modifications. In addition to other rights to modify the Products and Services set forth in the MCA, Motorola may modify the Subscription Software, any associated recurring Services and any related systems so long as their functionality (as described in the applicable Ordering Document) is not materially degraded. Documentation for the Subscription Software may be updated to reflect such modifications. For clarity, new features or enhancements that are added to any Subscription Software may be subject to additional Fees.

2.3. User Credentials. If applicable, Motorola will provide Customer with administrative user credentials for the Subscription Software, and Customer will ensure such administrative user credentials are accessed and used only by Customer’s employees with training on their proper use. Customer will protect, and will cause its Authorized Users to protect, the confidentiality and security of all user credentials, including any administrative user credentials, and maintain user credential validity, including by updating passwords. Customer will be liable for any use of the Subscription Software through such user credential (including through any administrative user credentials), including any changes made to the Subscription Software or issues or user impact arising therefrom. To the extent Motorola provides Services to Customer in order to help resolve issues resulting from changes made to the Subscription Software through user credentials, including through any administrative user credentials, or issues otherwise created by Authorized Users, such Services will be billed to Customer on a time and materials basis, and Customer will pay all invoices in accordance with the payment terms of the MCA.

2.4. Beta Services. If Motorola makes any beta version of a software application (“**Beta Service**”) available to Customer, Customer may choose to use such Beta Service at its own discretion, provided, however, that Customer will use the Beta Service solely for purposes of Customer’s evaluation of such Beta Service, and for no other purpose. Customer acknowledges and agrees that all Beta Services are offered “as-is” and without any representations or warranties or other commitments or protections from Motorola. Motorola will determine the duration of the evaluation period for any Beta Service, in its sole discretion, and Motorola may discontinue any Beta Service at any time. Customer acknowledges that Beta Services, by their nature, have not been fully tested and may contain defects or deficiencies.

3. **Subscription Software License and Restrictions.**

3.1. Subscription Software License. Subject to Customer's and its Authorized Users' compliance with the Agreement, including payment terms, Motorola hereby grants Customer and its Authorized Users a limited, non-transferable, non-sublicenseable, and non-exclusive license to use the Subscription Software identified in an Ordering Document, and the associated Documentation, solely for Customer's internal business purposes. The foregoing license grant will be limited to use in the territory and to the number of licenses set forth in an Ordering Document (if applicable), and will continue for the applicable Subscription Term. Customer may access, and use the Subscription Software only in Customer's owned or controlled facilities, including any authorized mobile sites; provided, however, that Authorized Users using authorized mobile or handheld devices may also log into and access the Subscription Software remotely from any location. No custom development work will be performed under this Addendum.

3.2. Customer Restrictions. Customers and Authorized Users will comply with the applicable Documentation and the copyright laws of the United States and all other relevant jurisdictions (including the copyright laws where Customer uses the Subscription Software) in connection with their use of the Subscription Software. Customer will not, and will not allow others including the Authorized Users, to make the Subscription Software available for use by unauthorized third parties, including via a commercial rental or sharing arrangement; reverse engineer, disassemble, or reprogram software used to provide the Subscription Software or any portion thereof to a human-readable form; modify, create derivative works of, or merge the Subscription Software or software used to provide the Subscription Software with other software; copy, reproduce, distribute, lend, or lease the Subscription Software or Documentation for or to any third party; take any action that would cause the Subscription Software, software used to provide the Subscription Software, or Documentation to be placed in the public domain; use the Subscription Software to compete with Motorola; remove, alter, or obscure, any copyright or other notice; share user credentials (including among Authorized Users); use the Subscription Software to store or transmit malicious code; or attempt to gain unauthorized access to the Subscription Software or its related systems or networks.

4. **Term.**

4.1. Subscription Terms. The duration of Customer's subscription to the first Subscription Software and any associated recurring Services ordered under this SSA (or the first Subscription Software or recurring Service, if multiple are ordered at once) will commence upon delivery of such Subscription Software (and recurring Services, if applicable) and will continue for a twelve (12) month period or such longer period identified in an Ordering Document (the "**Initial Subscription Period**"). Following the Initial Subscription Period, Customer's subscription to the Subscription Software and any recurring Services will automatically renew for additional twelve (12) month periods (each, a "**Renewal Subscription Year**"), unless either Party notifies the other Party of its intent not to renew at least thirty (30) days before the conclusion of the then-current Subscription Term. (The Initial Subscription Period and each Renewal Subscription Year will each be referred to herein as a "**Subscription Term**".) Motorola may increase Fees prior to any Renewal Subscription Year. In such case, Motorola will notify Customer of such proposed increase no later than thirty (30) days prior to commencement of such Renewal Subscription Year. Unless otherwise specified in the applicable Ordering Document, if Customer orders any additional Subscription Software or recurring Services under this SSA during an in-process Subscription Term, the subscription for each new Subscription Software or recurring Service will (a) commence upon delivery of such Subscription Software or recurring Service, and continue until the conclusion of Customer's then-current Subscription Term (a "**Partial Subscription Year**"), and (b) automatically renew for Renewal Subscription Years thereafter, unless either Party notifies the other Party of its intent not to renew at least thirty (30) days before the conclusion of the then-current Subscription Term. Thus, unless otherwise

specified in the applicable Ordering Document, the Subscription Terms for all Subscription Software and recurring Services hereunder will be synchronized.

4.2. Term. The term of this SSA (the "**SSA Term**") will commence upon either (a) the Effective Date of the MCA, if this SSA is attached to the MCA as of such Effective Date, or (b) the SSA Date set forth on the signature page below, if this SSA is executed after the MCA Effective Date, and will continue until the expiration or termination of all Subscription Terms under this SSA, unless this SSA or the Agreement is earlier terminated in accordance with the terms of the Agreement.

4.3. Termination. Notwithstanding the termination provisions of the MCA, Motorola may terminate this SSA (or any Addendum or Ordering Documents hereunder), or suspend delivery of Subscription Software or Services, immediately upon notice to Customer if (a) Customer breaches **Section 3 – Subscription Software License and Restrictions** of this SSA, or any other provision related to Subscription Software license scope or restrictions set forth in an Addendum or Ordering Document, or (b) it determines that Customer's use of the Subscription Software poses, or may pose, a security or other risk or adverse impact to any Subscription Software, Motorola, Motorola's systems, or any third party (including other Motorola customers). Customer acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Subscription Software and Documentation, and that Customer's breach of the Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Customer breaches this Agreement, in addition to termination, Motorola will be entitled to all available remedies at law or in equity (including immediate injunctive relief).

4.4. Wind Down of Subscription Software. In addition to the termination rights in the MCA, Motorola may terminate any Ordering Document and Subscription Term, in whole or in part, in the event Motorola plans to cease offering the applicable Subscription Software or Service to customers.

5. Payment.

5.1. Payment. Unless otherwise provided in an Ordering Document (and notwithstanding the provisions of the MCA), Customer will prepay an annual subscription Fee set forth in an Ordering Document for each Subscription Software and associated recurring Service, before the commencement of each Subscription Term. For any Partial Subscription Year, the applicable annual subscription Fee will be prorated based on the number of months in the Partial Subscription Year. The annual subscription Fee for Subscription Software and associated recurring Services may include certain one-time Fees, such as start-up fees, license fees, or other fees set forth in an Ordering Document. Motorola will have the right to suspend the Subscription Software and any recurring Services if Customer fails to make any payments when due.

5.2. License True-Up. Motorola will have the right to conduct an audit of total user licenses credentialed by Customer for any Subscription Software during a Subscription Term, and Customer will cooperate with such audit. If Motorola determines that Customer's usage of the Subscription Software during the applicable Subscription Term exceeded the total number of licenses purchased by Customer, Motorola may invoice Customer for the additional licenses used by Customer, pro-rated for each additional license from the date such license was activated, and Customer will pay such invoice in accordance with the payment terms in the MCA.

6. Liability.

6.1. ADDITIONAL EXCLUSIONS. IN ADDITION TO THE EXCLUSIONS FROM DAMAGES SET FORTH IN THE MCA, AND NOTWITHSTANDING ANY PROVISION OF THE AGREEMENT TO THE CONTRARY, MOTOROLA WILL HAVE NO LIABILITY FOR (A) INTERRUPTION OR FAILURE OF CONNECTIVITY, VULNERABILITIES, OR SECURITY EVENTS; (B) DISRUPTION OF OR DAMAGE TO CUSTOMER'S OR THIRD PARTIES' SYSTEMS, EQUIPMENT, OR DATA, INCLUDING DENIAL OF ACCESS TO USERS, OR SHUTDOWN OF SYSTEMS CAUSED BY INTRUSION DETECTION SOFTWARE OR HARDWARE; (C) AVAILABILITY OR ACCURACY OF ANY DATA AVAILABLE THROUGH THE SUBSCRIPTION SOFTWARE OR SERVICES, OR INTERPRETATION, USE, OR MISUSE THEREOF; (D) TRACKING AND LOCATION-BASED SERVICES; OR (E) BETA SERVICES.

6.2. Voluntary Remedies. Motorola is not obligated to remedy, repair, replace, or refund the purchase price for the disclaimed or excluded issues in the MCA or **Section 6.1 – Additional Exclusions** above, but if Motorola agrees to provide Services to help resolve such issues, Customer will reimburse Motorola for its reasonable time and expenses, including by paying Motorola any Fees set forth in an Ordering Document for such Services, if applicable.

7. Motorola as a Controller or Joint Controller. In all instances where Motorola acts as a controller of data, it will comply with the applicable provisions of the Motorola Privacy Statement at https://www.motorolasolutions.com/en_us/about/privacy-policy.html#privacystatement, as may be updated from time to time. Motorola holds all Customer Contact Data as a controller and shall Process such Customer Contact Data in accordance with the Motorola Privacy Statement. In instances where Motorola is acting as a joint controller with Customer, the Parties will enter into a separate Addendum to the Agreement to allocate the respective roles as joint controllers.

8. Survival. The following provisions will survive the expiration or termination of this SSA for any reason: **Section 4 – Term; Section 5 – Payment; Section 6.1 – Additional Exclusions; Section 8 – Survival.**

Flex Maintenance and Support Addendum

This Flex Maintenance and Support Addendum ("Addendum"), is between Motorola Solutions, Inc., ("Motorola"), and Allen County Sheriff's Office, Indiana ("Customer").

For good and valuable consideration, the parties agree as follows:

Section 1: Definitions

1.1 **"Coverage Hours"** means the hours between 5:00 a.m. and 6:00 p.m., Mountain Time, Monday through Friday, excluding regularly scheduled holidays of Motorola.

1.2 **"Documentation"** means all written or electronic user documentation for the Software provided by Motorola to Customer. Documentation does not include Motorola marketing materials.

1.3 **"Enhancement"** means any modification or addition that, when made or added to the Software, changes its utility, efficiency, functional capability, or application, but that does not constitute solely an Error Correction. Motorola may designate Enhancements as minor or major, depending on Motorola's assessment of their value and of the function added to the preexisting Software.

1.4 **"Error"** means any failure of the Software to conform in all material respects to its functional specifications as published from time to time by Motorola, subject to the exceptions set forth in Section 4.

1.5 **"Error Correction"** means either a software modification or addition that, when made or added to the Software, establishes material conformity of the Software to the functional specifications, or a procedure or routine that, when observed in the regular operation of the Software, eliminates the practical adverse effect on Customer of such nonconformity. Error Correction services are subject to the exceptions set forth in Section 4.

1.6 **"Primary Agreement"** means the agreement to which this Addendum is attached.

1.7 **"Releases"** means new versions of the Software, including all Error Corrections and Enhancements.

1.8 **"Response Time"** means six (6) or less Coverage Hours, from the time Customer first notifies Motorola of an Error until Motorola initiates work toward development of an Error Correction.

1.9 **"Software"** means the package of Motorola computer program(s), interfaces and/or data, in machine-readable form only, as well as related materials, including Documentation, initially or subsequently licensed by Customer. Software also includes all Utilities, modifications, new Releases and Enhancements. "Software" specifically excludes Third Party Software, except to the extent otherwise expressly stated in this Addendum.

1.10 **"System Application Administrator"** means an agent of Customer appointed by Customer, who has been certified on the Software by Motorola, pursuant to the procedures set forth in Section 6 hereof, and is able to communicate effectively with Motorola support personnel in the description and resolution of problems associated with the Software.

1.11 **“Support Term”** means the entire period during which Customer is receiving support services for the Software under the terms of this Support Addendum, beginning on the installation date of the Software. Support services are included during the Software’s Warranty Period, as defined in Section 6.1 of Motorola’s Software License Agreement, which is the “Initial Support Term.” Thereafter, the Support Term shall automatically renew for successive periods of one year each, unless and until terminated pursuant to Section 8 hereof. In no event, however, shall the Support Term extend beyond the term of the Software License.

1.12 **“Third Party Software”** means software owned by third parties, whether (i) licensed by the third party to Motorola for distribution to Motorola’s customers with the Software, such as mapping software, database software, paging software or open source software, or (ii) separately acquired by Customer as necessary or appropriate for use in conjunction with the Software, such as word processors, spreadsheets, terminal emulators, etc.

1.13 **“Utilities”** means the software utilities and tools provided by Motorola as part of the Software, including Motorola’s XML Query, ODBC interface and implementation code, ctpPerl, dbdump, and dbload, as well as any other software utilities provided by Motorola in connection with the Software.

Section 2: Eligibility For Support

2.1 **Support Termination.** Motorola’s obligation to provide the support and maintenance services described in this Support Addendum with respect to the Software may be terminated pursuant to Section 8.2.2 or suspended, at Motorola’s discretion, if at any time during the term of this Support Addendum any of the following requirements are not met:

2.1.1 The Software License must remain valid and in effect at all times;

2.1.2 The Software must be operated on a hardware platform, operating system and version approved by Motorola; and

2.1.3 Customer must be current on payment of maintenance and support fees.

2.2 **SAA Replacement.** Motorola may require Customer to appoint a new Motorola Application Administrator (“SAA”) in order to continue receiving support services or increase Customer’s support fees, if Motorola reasonably determines that the acting SAA does not have the training or experience necessary to communicate effectively with Motorola support personnel.

Section 3: Scope of Services

During the Support Term, Motorola shall render the following services in support of the Software, during Coverage Hours:

3.1 **Support Center.** Motorola shall maintain a Support Services Control Center capable of receiving from the SAA reports of any software irregularities, and requests for assistance in use of the Software.

3.2 **Services Staff.** Motorola shall maintain a trained staff capable of rendering support services set forth in this Support Addendum.

3.3 Error Correction. Motorola shall be responsible for using all reasonable diligence in correcting verifiable and reproducible Errors when reported to Motorola in accordance with Motorola's standard reporting procedures. Motorola shall, after verifying that such an Error is present, initiate work within the Response Time in a diligent manner toward development of an Error Correction. Following completion of the Error Correction, Motorola shall provide the Error Correction through a "temporary fix" consisting of sufficient programming and operating instructions to implement the Error Correction and Motorola shall include the Error Correction in all subsequent Releases of the Software. Motorola supports two (2) versions back from the most recent release version. However, Motorola may, but is not obligated to, provide Error Corrections for any version of the Software other than the most recent Release.

3.4 Software Releases. Motorola may, from time to time, issue new Releases of the Software to its Customers generally, containing Error Corrections, minor Enhancements, and, in certain instances, if Motorola so elects, major Enhancements. Motorola reserves the right to require additional license fees for major Enhancements. Motorola shall provide Customer with one copy of each new Release, without additional charge. Motorola shall provide reasonable assistance to help Customer install and operate each new Release, provided that such assistance, if required to be provided at Customer's facility, shall be subject to the supplemental charges set forth in Motorola's current Fee Schedule.

3.5 Enhancements. Motorola shall consider and evaluate the development of Enhancements for the specific use of Customer and shall respond to Customer's requests for additional services pertaining to the Software (including, without limitation, data conversion and report-formatting assistance), provided that such assistance, if agreed to be provided, shall be subject to supplemental charges mutually agreed to in writing by Motorola and Customer.

Section 4: Services Not Covered by this Support Addendum

The services identified in this section are NOT covered by this Support Addendum. Motorola strongly recommends that Customer secure a separate support agreement with third party vendors for all non-Motorola products. Motorola may, in its discretion, provide such services to Customer upon request, for an additional fee as the parties may agree in writing.

4.1 Third Party Products. Motorola will not provide support for any third party products, including hardware, or support for hardware failure due to the use of any third party products. Motorola may in its discretion provide first-line support for Third Party Software distributed by Motorola; if not, Motorola will refer Customer to the vendor of such software for resolution of support issues.

4.2 Customized Interfaces and Software. Motorola's standard support does not include support for any custom interfaces or other customized Software developed by Motorola or any third party for Customer. Support and maintenance services for customized Software are subject to an additional support fee, if agreed in writing between the parties. Such support and maintenance services include bug fixes and minor modifications to the custom interface or software. They do NOT include major revisions or rewrites, such as those required to make a custom interface work with a new or upgraded version of the applicable third party software. Custom interfaces and support therefore are specific to the designated version of the applicable third party software or system. Any major changes to such third party software or system will require a new custom quote for Motorola to modify the custom interface to work with the new version of the third party software or system. Motorola's support fees may also differ for the new version of the custom interface.

4.3 Network Failures. Motorola will not provide support for any network failures or problems including, but not limited to, cabling, communication lines, routers, connectors, and network software.

4.4 Data Recovery. Motorola's standard support does not include restoration and/or recovery of data files and/or the operating system. Motorola will, upon request of Customer and subject to its then-current fees for such services, use reasonable efforts to assist Customer in recovering lost data.

4.5 Unauthorized Use. Motorola will not provide support where the problem arises out of any breach of warranty, damages to the Software or its database, data corruption, or support issues, security issues, or performance issues arising out of Customer's or a third party's use of the Utilities or any software not specifically licensed by Motorola to Customer for use in connection with the Software. Any assistance provided by Motorola in resolving such problems shall be charged to Customer on a time and materials basis. Additionally, any unauthorized use of the Utilities or other software in connection with the Software by Customer (or by a third party with Customer's knowledge) may result, at Motorola's sole option, in avoidance of warranties, an increase in the annual maintenance and support fees under this Support Addendum, and/or loss of rights to upgrades under this Support Addendum.

4.6 Database Modifications. Motorola will not provide support for any damages to or problems with the Software or its database, data corruption, support issues, security issues, or performance issues arising from Customer's utilization of the "write" feature of the ODBC interface to write to or modify the database in any way.

4.7 Misuse or Damage. Motorola will not provide support for Software problems caused by Customer misuse, alteration or damage to the Software or Customer's combining or merging the Software with any hardware or software not supplied by or identified as compatible by Motorola, customizing of programs, accident, neglect, power surge or failure, lightning, operating environment not in conformance with the manufacturer's specifications (for electric power, air quality, humidity or temperature), or Third Party Software or hardware malfunction.

4.8 Operating System. Motorola is not responsible for supporting, configuring, maintaining, or upgrading the operating system, including, but not limited to, backups, restores, fixes, and patches, or for providing assistance with problems caused by operating system installation, configuration, errors, maintenance or repair, or using incorrect versions of the operating system.

4.9 Onsite Visits. Onsite service visits to Customer's facility by Motorola are subject to additional charges, as set forth in Section 7.5.

4.10 Printers. Motorola is not responsible for supporting printers connected to the back of terminals/personal computers (commonly called pass-through printing) or network printers are not supported by Motorola.

Section 5: Obligations of Customer

5.1 Software Connectivity. Customer must maintain and provide, at no cost to Motorola, a CJIS-approved broadband internet connection to the server used with the Software, 24 hours per day, 7 days per week, to facilitate remote support utilities enabling Motorola support personnel to connect to and provide assistance with the server used with the Software. Third party connectivity tools, such as client VPN software, which must be installed on Motorola equipment, cannot be required by Customer.

5.2 Customer Representative During Onsite Visits. Customer's SAA or another authorized representative of Customer must be present when any onsite support is provided. Customer agrees that if such representative is not present when the Motorola representative arrives onsite, the Motorola representative shall notify an appropriate representative of Customer, if feasible, that there is no Customer IT representative present. If Customer's IT representative does not arrive within a reasonable time, no work will be performed and Customer will be charged for Motorola's expenses relating to the visit. If Motorola's on-site support person determines that changes to Customer's system (hardware or software) are required or advisable, it will inform Customer's representative. If such representative is not authorized to make or approve changes to Customer's system, as applicable, Customer will promptly make available such a person.

5.3 English Language. All communications between Customer and Motorola must be in the English language.

5.4 SAA Assignment. Customer is responsible for providing one or more qualified Motorola Application Administrators as described in Section 6 hereof. At least one authorized representative, identified to Motorola by Customer in writing with contact information, must be available at all times; however, after-hours availability is required only when and if Customer is requesting after-hours support from Motorola.

5.5 Security. Customer is responsible for providing all network and server security.

5.6 Error Information. Customer must provide Motorola with information sufficient for Motorola to duplicate the circumstances under which an Error in the Software became apparent.

5.7 CJIS Compliance. Customer is responsible for its own adherence to the FBI Criminal Justice Information Services (CJIS) Security Policy, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) (to the extent applicable) and any other applicable security and privacy laws and regulations. Motorola will reasonably cooperate with Customer in connection therewith.

Section 6: SAA and Support Contact Requirements

6.1 Certification. Customer's designated SAA must be certified by Motorola within one year of the date of Customer's cutover to live operation of the Software ("Go-live"). The designated SAA must meet the following requirements in order to certify at the basic level:

6.1.1 Attend and participate in, and successfully pass the final written and practical examinations from the following courses within one hundred twenty (120) days of installation of the Software:

- i. System Introduction – Inquiry,
- ii. System Introduction – Data Entry & Modification,
- iii. Basic System Administration, and
- iv. General training applicable to the Software used by Customer.

6.1.2 Pass the Basic SAA exam within one year after the agency's Go-live date.

6.2 SAA Training Costs. Customer will be responsible for the costs of such training, including any course fees, travel, and lodging expenses.

6.3 SAA and Support Contact Information. Contact information for Customer's SAA(s) and other authorized support contacts must be provided by Customer to Motorola's Technical Services department. Any changes to Customer's SAA and support contacts names and contact information must be promptly provided to Motorola's support department.

6.4 Qualifications. Each designated SAA and Customer support contact must be qualified to address, or have other support resources to address, without the aid of Motorola, all problems relating to hardware, software, or operating system not directly associated with the Software.

Section 7: Fees and Charges

7.1 Support Fees. During the Initial Support Term, support services are included as part of the initial purchase price paid by Customer. Thereafter, Customer shall pay Motorola the applicable support fees or Motorola support invoice, and any other charges or fees described herein. Motorola reserves the right to change its support fee, effective upon no less than 90 days written notice to Customer prior to the end of the current annual period.

7.2 Support Fee Invoices. Motorola shall invoice Customer for annual Support Fees at the beginning of each contract year. In the event that additional billable work is performed, all billable charges and expenses will be invoiced to Customer at the beginning of the month following the month in which those charges and expenses accrued or were incurred. Customer shall pay the invoiced amounts immediately upon receipt of such invoices. Any amount not paid within thirty (30) days after the invoice date shall bear interest at the rate of eighteen (18) percent per year or the highest rate allowed by applicable law, whichever is less.

7.3 Equipment Fees. Customer shall be responsible for and agrees to pay the fees and charges incurred for procuring, installing, and maintaining all equipment, telephone lines, modems, communications interfaces, networks, and other products necessary to operate the Software.

7.4 After-Hours Charges. Customer agrees to pay additional charges according to the Motorola Fee Schedule for all work required by Customer and performed outside of Coverage Hours. These charges are applicable for any work performed outside of the Coverage Hours, REGARDLESS OF THE CAUSE, even if the requested work was reported and/or initiated during normal Coverage Hours.

7.5 Onsite Support If Customer requests onsite support services, Customer shall reimburse Motorola for all labor, travel, and related expenses incurred by Motorola in providing such support services.

7.6 Additional Fees. Additional support fees may be required by Motorola if there is a significant increase in Customer's size with respect to use of the Software. An increase in size may arise either out of Customer's internal growth or out of a Host Agency/Shared Agency arrangement, if applicable. Relevant factors include number of employees, number of dispatchers and/or number of jail beds. Payment of such additional Support Fees is due within thirty (30) days of the date of the invoice for such fees. Such fees will be prorated, based upon the date during the contract year the increase in Customer's size occurred. Additionally, Motorola may adjust support fees based on changes in (1) additional licenses or modules purchased by Customer, (2) Customer's hardware, (3) the Coverage Hours selected by Customer, or (4) Customer's violation of the restrictions set forth in Section 4.5 hereof.

7.6.1 **Inflation Adjustment.** At the end of the first year of the Addendum and each year thereafter, a CPI percentage change calculation shall be performed using the U.S. Department of Labor, Consumer Price Index, all Items, Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. All items, not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the New Year has been posted by the Bureau of Labor Statistics. For purposes of illustration, if in year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base).

Section 8: Termination

8.1 **Automatic Termination.** This Support Addendum shall automatically terminate immediately upon termination of the Software License for any reason.

8.2 **Termination by a Party.** Either party may terminate this Support Addendum as follows:

8.2.1 If either Motorola or Customer provides a written notice to the other party, at least 90 days prior to the end of the then-current Support Term, of its intent to terminate this Support Addendum at the end of such Support Term; or

8.2.2 Upon 30 days prior written notice, if the other party has materially breached any provision of this Support Addendum and the offending party has not cured such breach within the 30-day notice period.

8.3 **Final Invoicing upon Termination.** Following termination of this Support Addendum, Motorola shall immediately invoice Customer for all accrued fees, charges, and reimbursable expenses; and Customer shall pay the invoiced amount immediately upon receipt of such invoice.

Section 9: General

9.1 **Incorporation of Additional Terms.** The terms of Section 2.1 (Products); Section 6.5 (Warranty Disclaimer); Section 8 (Limitation of Liability); Sections 9 & 10 (Confidentiality and Proprietary Rights); Section 12 (Disputes); and all of the General provisions in Section 13 are hereby incorporated into this Agreement by reference.

COUNCIL DIGEST SHEET

Enclosed with this introduction form is a tab sheet and related material from the vendor(s) who submitted bid(s). Purchasing Department is providing this information to Council as an overview of this award.

Subject: Contract for Spillman Mobile software

Members of City Council:

This ordinance authorizes the next five-year contract for the Spillman Flex Public Safety software from Motorola Solutions. for the operation of the City's police, fire and 911 departments. This contact costs \$2,511,001.79.

This payment is made annually and represents approximately one half of the Spillman maintenance cost. Allen County pays the other half of the maintenance.

The cost rose because there's a new contract going into effect, there will be hardware upgrades in 2025, and certain Fire modules were moved from Allen County to Fort Wayne in the contract.

This contract includes \$250,501 in capital costs for a hardware server upgrade. Allen County will contribute the same amount for the upgrade.

In exchange for maintenance fees, the software vendors provide support for problems with the software and periodically improve the software. Security enhancements are a vital part of this support.

Our decision to pay maintenance rests on four tests:

- Do we have a continuing internal commitment to use this software?
- Is the software vendor continuing to improve the product?
- Is the vendor useful in solving problems with the software?
- If the software fails, what's the worst-case scenario?

The City and County both have substantial investments in the use of Spillman software. This software is critical to the daily work of police, fire, and 911 dispatchers. Based on these factors, I strongly recommend continued funding of Spillman maintenance.

If you have any questions, please call me on 427-1461.
