Subject: Sole Source Justification

This letter is to confirm that Kendall Electric in Fort Wayne, Indiana is the only appointed Allen-Bradley/Rockwell Automation distributor, authorized to sell and support Allen-Bradley/Rockwell Automation products and services, in the geographic area in which your Fort Wayne facility is located.

As a matter of Rockwell Automation company policy, full factory product and sales support is made available only to the authorized distributor in any given geographic region. Rockwell Automation discourages the use of other non-authorized sources, including distributors who may hold an Allen-Bradley/Rockwell Automation appointment in another region.

Best Regards,
Derrick Hinds

Special Purchase Declaration

Special purchases are exempt from the competitive bidding process. City Purchasing and State Law requires **documentation to support the basis for the special purchase and the basis for selecting the particular vendor**. The following constitutes the most commonly used special purchases:

Instructions: Please choose the applicable exemption(s), delete all others, type your explanation below (if listed as required), save as a PDF, and attach to your requisition along with all other supporting documentation.

- ☒ **Compatibility:** When the compatibility of equipment, accessories, or replacement parts is a substantial consideration in the procurement and only one (1) source meets the using agency's reasonable requirements.
- Explanation of the grounds for compatibility
 - Quote
- ☒ **Sole Source:** A purchasing agent may award a contract for a supply when there is only one (1) source for the supply and the purchasing agent determines in writing that there is only one (1) source for the supply.
- Sole Source letter from the manufacturer, dated within one year of the date of purchase
 - If vendor **is** the manufacturer, this should be clearly stated in the Sole Source Letter
 - Quote/Agreement

Contact name: Christos Kyrou

Explanation:

This sole source procurement is to upgrade existing controls equipment associated with TRFP SCADA Migration work packages. Existing equipment is outdated, end of life, and requires replacement to be upgraded to the necessary version to be compatible with the new Ignition SCADA system. City Utilities has standardized both water/sewer plants SCADA PLC equipment with Allen Bradley hardware/software manufactured by Rockwell Automation for which Kendall Electric is the sole source provider in our service area. Sole source purchase for Kendall Electric in the amount of \$225,907.76.

Upgrades to the PLC hardware directly supports the migration efforts currently underway. SCADA is the control system for both the plants and is used to assist operators in monitoring/ managing processes. Due to changes in technology, our SCADA system has outlived its useful life. The SCADA Migration project involves replacing this system with a new platform that will be more widely supported and easier to modify in the future. This migration also implements high-performance graphics to assist in the operation of the Three Rivers Filtration Plant.

Interoffice Memo

Date: September 1, 2026
To: Common Council Members
From: Eric Ruppert, Manager, City Utilities Engineering
RE: **TRFP SCADA Migration PLC Hardware Sole Source Procurement
WO #67290**

Eric W. Ruppert
9/1/2026

Council District - Citywide

This sole source procurement is to upgrade existing controls equipment associated with TRFP SCADA Migration work packages. Existing equipment is outdated, end of life, and requires replacement to be upgraded to the necessary version to be compatible with the new Ignition SCADA system.

Implications of not being approved: Upgrades to the PLC hardware directly supports the migration efforts currently underway. SCADA is the control system for both the plants and is used to assist operators in monitoring/ managing processes. Due to changes in technology, our SCADA system has outlived its useful life. The SCADA Migration project involves replacing this system with a new platform that will be more widely supported and easier to modify in the future. This migration also implements high-performance graphics to assist in the operation of the Three Rivers Filtration Plant.

If Prior Approval is being Requested, Justify: N/A

Selection and Approval Process: City Utilities has standardized both water/sewer plants SCADA PLC equipment with Allen Bradley hardware/software manufactured by Rockwell Automation. for which Kendall Electric is the sole source provider in our service area. A Request for Quote was sent to Kendall Electric, and City Utilities Engineering staff reviewed the quote and selected Kendall Electric as the supplier. Utilities Engineering finds their bid to be the best value for this project. Sole source purchase for Kendall Electric in the amount of \$225,907.76.

The cost of said project funded by Water Revenue and State Revolving Fund.
