PROJECT SUMMARY

- The site is fully developed with gas pumps/canopy and convenience store with attached retail.
- The site was rezoned to UC in 2015 by the Nebraska Neighborhood with a petition signed by over 52 percent of the property owners located within the rezoning area.
- The gas station was constructed in 2013 while the property was zoned I2.

The petitioner requests a rezoning from UC/Urban Corridor to C3/General Commercial to allow the existing use of the property to comply with the current zoning ordinance. The existing gas station, convenience store, and canopy are located along the south side of West Main Street. The property was zoned I2 in 2013 when the Gas Station was constructed which permitted a gas station, convenience store and attached retail. In 2015 the Nebraska Neighborhood requested to rezone property from Osage Street to Edgerton Avenue. Nebraska Neighborhood filed the rezoning request with a petition that included over 52 percent of the property owners within the rezoning area. The rezoning was approved in 2015 and this property was rezoned from I2 to UC which made the gas station a non-conforming use. Had the property not been rezoned in 2015 to UC, the Ordinance amendment in 2014 would have made the gas station a non-conforming use as well.

The petitioner seeks the allowance of the existing gas station, and the ability to maintain, expand and improve as allowed for a permitted use. The current gas station developed on the property under existing zoning which permitted the development without requiring a rezoning.

Along with the rezoning request, the petitioner has submitted a voluntary Written Commitment governing uses on the property. If approved, all but four C3 /General Commercial uses will be **prohibited**. Those new C3 uses proposed to be **permitted** are:

- (1) Automobile car wash
- (2) Gas station
- (3) Propane/bottled gas sales and service as an accessory to a gas station or convenience store
- (4) Truck fueling station

The Comprehensive Plan encourages development that will not adversely affect the current conditions of an area or the character of the current structures in the area. The gas station and convenience store are located along a fully developed mixed-use corridor and the existing gas station was developed in accordance with the Ordinance effective in 2013 and was a permitted use. This proposal does not include any request to change or increase the intensity of the existing use.

The comprehensive plan supports this development through the following objectives:

LU1. Encourage carefully planned growth by utilizing the conceptual development map as part of the community's land use decision-making process;

LU3. Use land resources efficiently by encouraging new development, revitalization and redevelopment in areas already served by infrastructure;

LU8. Use land resources efficiently by encouraging compact development alternatives in infill areas where utilities and other infrastructure currently exist.

The Nebraska Neighborhood Plan as adopted as an amendment to the comprehensive plan guided the request to rezone this property from I2 to UC encouraged rezoning properties to promote mixed land uses with an urban feel that is compatible with the development pattern along the corridor. By rezoning the corridor to a mixed-use zoning district with an urban development pattern there were approximately four uses (6 percent) within the zoning area that became non-conforming land uses. The goal of the neighborhood with the rezoning request was to allow West Main Street to revitalize itself by providing zoning support that

encourages residential uses along with entrepreneurial mixed use business and personal services and the means whereby the neighborhood may self-direct its future growth. This gas station is one of the four land uses that became non-conforming with the rezoning to UC.

A Special Use approval for the gas station is not available in the UC district, per the 2019 Council amendments to the Zoning Ordinance.

PUBLIC HEARING SUMMARY:

Presenter: Josh Neal, Barrett McNagny, represented the applicant and presented the proposal to the Plan Commission, as outlined above.

Public Comments:

- Chris Shatto, President of Nebraska Neighborhood – Positive things have happened along the corridor since the UC district was approved. The gas station is not kept up well. They do make an effort when a complaint is made. Unhappy with lighting, selling drug paraphernalia, hours, and maintenance. Believes the written commitment can be changed with a change of ownership.*
- Matt Momper, 2431 Main Street – Business on Main Street since 1969. Doesn't think a carwash would fit. Would like to see the zoning remain UC.

Rebuttal:

Applicant is willing to further restrict uses in the UC district, including a carwash.

*The Written Commitment can only be changed through a public hearing and Plan Commission approval.
