NEW ORIGINAL DESCRIPTION OF REAL ESTATE – PARCEL #1

Part of the lands of American Cash, LLC, as described in Document #2011031041 being a portion of Lot Numbered 47 in Fairview Addition to the City of Fort Wayne, as recorded in Plat Record 4, page 23, in the Office of the Recorded of Allen County, Indiana, this new description was prepared by Micheal C. Vodde, Indiana Professional Surveyor #20100011, as part of Anderson Surveying, Inc., Survey #18-10-157, dated December 24, 2018, more particularly described as follows:

Beginning at a 5/8-inch rebar with an orange identification cap stamped "ANDERSON FIRM #29A" monumenting the northeast corner of Lot Numbered 47 in said Fairview Addition; thence South 35 degrees 36 minutes 25 seconds West (all bearings in this description are based on WGS84 latitude and longitude by GPS observation) on the easterly line of said Lot Numbered 47, a distance of 114.68 feet to a 5/8-inch rebar with an orange identification cap stamped "ANDERSON FIRM #29A" monumenting the southeast corner thereof; thence South 88 degrees 23 minutes 20 seconds West on the south line of Lot Numbered 47, a distance of 45.83 feet to a 5/8-inch rebar with an orange identification cap stamped "ANDERSON FIRM #29A"; thence North 01 degrees 20 minutes 56 seconds West, a distance of 91.32 feet to a 5/8-inch rebar with an orange identification cap stamped "ANDERSON FIRM #29A" on the north line of said Lot Numbered 47; thence North 88 degrees 23 minutes 20 seconds East on said north line, a distance of 114.77 feet to the Point of Beginning, **containing 0.168 acres of land, more or less**, subject to all easements, restrictions, and rights affecting the above described parcel.

SURVEYOR'S REPORT

In accordance with the Indiana Survey Standards as defined in Title 865, Article 1, Rule 12, Sections 1 through 29 of the Indiana Administrative Code, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

- (a) Variances in the reference monuments;
- (b) Discrepancies in record descriptions and plats;
- (c) Inconsistencies in lines of occupation and;
- (d) Random errors in measurement (Theoretical Uncertainty).

The Relative Positional Accuracy (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for an "**Urban**" Survey (0.07 feet plus 50 parts per million) as defined in I.A.C. 865.

The purpose of this document was to perform an Original Survey of a portion of the lands of American Cash, LLC, as described in Document #2011031041 being part of Lot Numbered 47. The ancient plat of Fairview Addition was prepared in 1905 and does not state the type, size, or material of the monuments set during platting and also contains limited geometry. As a result, the found monumentation is considered by this firm to be "Local Corners", due to a lack of original monumentation, which are subject to undiscovered evidence regarding the true location of said corners. The corners of subject tract are marked as shown on the Plat of Survey in conformity with said monumentation. The uncertainty for all corners is not readily determinable because of the reliance on local corners. The orientation of the new parcel was determined by instruction of the client. Reference a prior retracement of the east adjoining Cass Housing parcel by this firm dated December 03, 2018, Survey Number 18-10-157.

As a result of the above observations, it is my opinion that the uncertainties in the location of the lines and corners established on this Plat of Survey are as follows:

DUE TO VARIANCES IN REFERENCE MONUMENTS: As shown on the Plat of Survey due to existing monumentation. All found monumentation is of unknown origin unless noted otherwise. Bearing and distance differential over the RPA for this survey are noted on the Plat of Survey. All set rebars are 5/8 inch diameter 24 inches long with orange identification caps stamped "ANDERSON-FIRM #29A". See Plat of Survey.

DUE TO DISCREPANCIES IN THE RECORD DESCRIPTION: None noted. See above discussion relative limited platted geometry. Meas. (M) indicates measured dimension. Plat (P) indicates platted dimension. Rec. (R) indicates recorded dimension. Calc. (C) indicates calculated dimension. See Plat of Survey.

DUE TO INCONSISTENCIES IN LINES OF OCCUPATION: None noted.

CONTRACT REQUIREMENTS: All surveying fees to Anderson Surveying, Inc. must be satisfied before this survey and report is valid. The commitment for title insurance was not provided at the time of this report. An abstract or title search may reveal additional information affecting this property. This survey is subject to any facts and or easements that may be disclosed by said full and accurate title search. Anderson Surveying, Inc. should be notified of any additions or revisions that may be required.

This property is in Zone "X" as location plots by scale on Flood Insurance Rate Map 18003C0282G, effective August 3, 2009. The accuracy of this statement is subject to map scale uncertainty. As provided for under the guidelines of the National Flood Insurance Program, the final decision regarding flood insurance is left up to the local lending institution.

This is certified as a "**Urban**" Survey in accordance with the Indiana Survey Standards to the owner of record and the buyer as listed on this certificate, the title company of contract and the lender for said buyer for the exclusive use in the conveyance of the above described real estate. The attached Plat of Survey is not to be warranted or assigned to any person(s) after said conveyance is complete.

PROJECT SUMMARY

- The property was platted in 1910 as Highland Park Addition. The site has remained vacant for decades.
- In 2019 a primary development plan for a multiple family residential complex was conditionally approved by the Fort Wayne Plan Commission.

The property owner and applicant, CASS Housing, Inc. is proposing to rezone property from C3/General Commercial to RP/Planned Residential. The site is comprised of multiple platted lots and total just over an acre of real estate. CASS Housing, Inc. has purchased a number of properties in proximity to the site and is also in the process of redeveloping underused real estate for their residential model. In 2019, this particular site was approved for a three building, 18-unit multiple family residential development, including waivers. With construction of units to the east, CASS Housing Inc. is proposing to utilize a similar residential concept on this site, but potentially a single building per parcel. Due to the current C3 zoning of the site, a single or two family residential dwelling on a single parcel is not a permitted use. With rezoning to RP/Planned Residential, CASS Housing has flexibility for construction of residential uses. The C3/General Commercial uses, some of which are rather intense, would no longer be available.

Outside of the Turnstone expansion, and CASS Housing redevelopment, little to no redevelopment has occurred on the vacant or underused properties in this area over recent years. This rezoning proposal will help assist in the infill development of the neighborhood.

The proposal helps fulfill objectives in the Housing and Neighborhoods section of the Plan-it Allen Comprehensive Plan by promoting attractive neighborhoods, building on the assets and stabilizing existing neighborhoods, providing housing choices within neighborhoods, and enhancing connectivity (Objectives H2, H3, H4, H5). The proposal also follows objectives of the Land Use section, such as developing within the Conceptual Development Growth Area, adjacent to existing development, utilizing existing infrastructure, enhancing connectivity and providing a mixture of uses where they can be used by existing neighborhoods (Objectives LU2, LU3, LU5, and LU6).

PUBLIC HEARING SUMMARY:

Presenter: David Buuck, CASS Housing, presented the proposal to the Plan Commission, as outlined above.

FORT WAYNE PLAN COMMISSION • FINDINGS OF FACT

Rezoning Petition REZ-2020-0001

APPLICANT: CASS Housing, Inc.
REQUEST: To rezone property from C3/General Commercial to RP/Planned Residential to permit residential uses on the property.
LOCATION: The site is located on the south side of Constance Avenue and on the west side of Eleanor Avenue, just to the east of Cash America Pawn and Mi Parrilla (Section 3 of Wayne Township).
LAND AREA: Approximately 1.05 acres
PRESENT ZONING: C3/General Commercial
PROPOSED ZONING: RP/Planned Residential

The Plan Commission recommends that Rezoning Petition REZ-2020-0001, be returned to Council with a "Do Pass" recommendation after considering the following:

1. Approval of the rezoning request will be in substantial compliance with City of Fort Wayne Comprehensive Plan, and should not establish an undesirable precedent in the area. The general area surrounding the site is a mixture of residential and commercially zoned property. A variety of residential densities exist in the neighborhood. The proposal will allow for future residential growth.
2. Approval of the request will not have an adverse impact on the current conditions in the area, or the character of current structures and uses in the area. The proposal will allow for future construction of residential structures according to the development standards set forth in the Zoning Ordinance.
3. Approval is consistent with the preservation of property values in the area. This proposal would allow for continued residential infill development in an area that is beginning to see redevelopment.
4. Approval is consistent with responsible development and growth principles based on existing uses and infrastructure in the area. This rezoning proposal is not proposing extension of infrastructure. Public right-of-way with an improved street and public utilities are presently adjacent to the site.

These findings approved by the Fort Wayne Plan Commission on February 17, 2020.
