PROJECT SUMMARY

- The McDonald's was constructed on this property in 1984;
- The McDonald's was redeveloped in 2010.

The petitioner is requesting to rezone the southern portion of the property from R1/Single Family Residential to C3/General Commercial. The entire property is currently developed with a McDonald's restaurant. The drive-through and parking located on the southern portion of the property was approved by the Board of Zoning Appeals. The northern portion of the site is already zoned C3/General Commercial. The existing McDonald's recently redeveloped under the current zoning and Board of Zoning Appeals approvals. McDonald's recently approached us regarding a new sign package which would have required a revised Board of Zoning Appeals approval. The applicant requested that the site be rezoned to a consistent zoning over the entire site. Adjacent properties to the east and west already have commercial zoning to Foster Parkway to the south.

FORT WAYNE ZONING ORDINANCE

§ 157.216 C3 GENERAL COMMERCIAL

(A) Purpose

The General Commercial district is intended to provide areas for a variety of commercial uses including certain high intensity uses not permitted in C1 and C2 districts. Uses typically found within this district include moderate intensity general business, community, office, personal service, and retail uses, along with certain residential facilities. Commercial uses in this district often serve the general public and therefore are usually located along arterial or collector roadways.

(B) Permitted Uses

The following uses are permitted as a matter of right in a C3 district; unless otherwise noted, primary uses shall be permitted to have outdoor components. In C3 districts, except for automobile, boat, and similar vehicle sales uses, outdoor display shall meet the building setback standards; display area shall be limited to a maximum of 10% of the primary structure or tenant space; outdoor storage shall be located behind the primary structure, or on the internal side of a corner lot; meet primary building setback standards; and be located on a paved or permitted gravel surface.
