SURVEYOR'S REPORT

This report and the accompanying survey plat have been prepared in accordance with Title 865, Article 1, Rule 12, Sec 1-29 and all amendments thereto of the Indiana Administrative Code, which establishes the minimum standards for the practice of land surveying.

Monuments set are 5/8 inch round by 24 inch long steel rebars with yellow plastic caps stamped "GOU LS29500017", and set flush with the ground surface.

Uncertainty created by the location of the monuments found or set on the subject property due to variations in reference monuments (monuments found on the subject property and on adjacent properties) is the difference between "measured" and "platted" or "recorded" angular or distance measurements as depicted on the survey drawing.

The maximum uncertainty for this survey is 0.19 feet.

(B) Occupation or possession lines:

No uncertainty was created by visible occupation or possession lines.

A 6' wood fence and a 6' chainlink fence run along the South property line of said real estate as shown on survey drawing.

(C) Clarity or ambiguity of the record description and or adjoinder's descriptions:

No uncertainty was created by the above mentioned documents.

(D) This survey falls under the classification of a "Suburban" survey. The acceptable relative positional precision (random errors in measurements) = 0.13 feet (40 millimeters) plus 100 parts per million as specified in Section 7 of said Rule 12.

SURVEYOR'S CERTIFICATION

PROJECT SUMMARY

SITE HISTORY:

- The commercial structure was constructed in 1960.

STAFF DISCUSSION:

The petitioner requests a rezoning from C2/Limited Commercial to I1/Limited Industrial to allow the structure to be reused for a construction contractor facility.

The property developed in 1960 and was most recently occupied by the Ultimate Nutrition Center. The construction company specializes in interior construction of framing, drywall and painting. The intent is to repurpose the existing building for the construction company offices and related uses. The requested I1 zoning is necessary for the proposed use.

The proposed rezoning property is surrounded by commercial and industrial land uses. This property is located on the south side of Covington Road just west of Freeman Street. Mansfield Material handling is located to the west of the property and there is a multi-tenant building and light industrial. To the south of the property is D and M Mechanical Contractors.

The Comprehensive Plan encourages a mixture of uses so long as they are compatible. The structure has been in place since 1960. The Comprehensive Plan also encourages reinvestment in existing properties, utilizing existing infrastructure and roadways.

PUBLIC HEARING SUMMARY:

Presenter: Cameron Smith, co-owner, presented the proposal as outlined above.
