Plan Commission  
Public Hearing Date: February 14, 2022 (not heard by Council)

Next Council Action: Ordinance will return to Council after recommendation by the Plan Commission

---

Synopsis of Ordinance: To rezone 0.33 acres from C2/Limited Commercial to C3/General Commercial with a Written Commitment to restrict certain uses

Location: 624 East Lewis

Reason for Request: To bring an existing gas station and convenience store into compliance with the zoning ordinance.

Applicant: Onkar Oil, LLC

---

Related Petitions: none

---

Effect of Passage: Property will be rezoned to the C3/General Commercial zoning district, which will allow the existing use as a permitted use by right. A recorded Written Commitment on the property will restrict all C3 uses except those on site currently and those permitted in the C2/Limited Commercial district.

Effect of Non-Passage: The property will remain zoned for limited commercial uses. The gas station and convenience store may remain as a non-conforming use, but the owner may be limited on future maintenance, expansion, and financing resources because of the non-conforming status.

## PROJECT SUMMARY

### SITE HISTORY:

- The structure and gas station canopy were constructed around 2009 as a part of an overall strip mall development.
- Until 2014, gas stations were permitted in the CM2 zoning district, which translates to today's C2/Limited Commercial zoning district.
- A zoning ordinance amendment limited gas stations to a special use in the C2/Limited Commercial zoning district. The amendment became effective on April 7, 2014.
- City Council proposed and approved a zoning ordinance amendment to remove gas stations as a special use in the C2 district, which became effective on April 22, 2019.

### STAFF DISCUSSION:

The applicant, Onkar Oil, LLC, is seeking to rezone this gas station site from C2/Limited Commercial to C3/General Commercial. The parcel is situated at the southwest corner of East Hanna and East Lewis Streets. The site is an individual parcel, but the building that hosts the convenience store spans several parcels. This rezone will encompass about a third of the right side of the overall strip mall and the gas station canopy. The area was redeveloped in the late-2000's and consists of a Cap n' Cork, a barber shop, and two other tenant spaces. The American Legion Post 148 is diagonal from the gas station. Recent investment in the area includes the rezone and expansion of Miss Virginia's Food Pantry in 2020. This pantry is about half a block from the site in question.

Given the freshness of the initiative to reduce the number of zoning districts where a gas station is permitted, staff would only recommend approval if a voluntary written commitment is submitted. Until the Zoning Ordinance Amendment in 2014, a gas station was a permitted use in the C2 zoning district. Today, gas stations in the C2 district that existed prior to 2014 became nonconforming. The petitioner seeks the allowance of the existing gas station, and the ability to maintain, expand and improve as allowed for a permitted use. Along with the rezoning request, the petitioner has agreed to submit a voluntary Written Commitment governing uses on the property. If approved, all but four C3 /General Commercial uses would be prohibited, as recommended by staff. Those new C3 uses proposed to be permitted are:

- (1) Automobile car wash
- (2) Gas station
- (3) Propane/bottled gas sales and service as an accessory to a gas station or convenience store
- (4) Truck fueling station

The Comprehensive Plan encourages development that will not adversely affect the current conditions of an area or the character of the current structures in the area. This proposal does not include any request to change or increase the intensity of the existing use. Staff is not opposed to bringing the existing use into compliance with the ordinance, with the written commitment.

An additional benefit of rezoning to a C3 zoning district is that this zoning district has greater setbacks for development adjacent to residential zoning districts. For instance, the rear yard setback for a building adjacent to a residential district in a C3 district is 40', while the same setback in a C2 district is 25'. If a gas station were to expand in the future, the applicant will either need to adhere to the larger setback or file a petition with either the Plan Commission or Board of Zoning Appeals.

**PUBLIC HEARING SUMMARY:**

Presenter: Matt Kelty presented the proposal as outlined above.

Public Comments:

No one spoke in opposition

Post-Hearing: The applicants met with Plan Commission Staff and drafted a revised Written Commitment. A truck fueling station was removed from the permitted uses.

## Rezoning Petition REZ-2022-0001

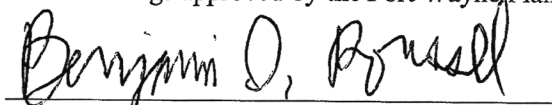

APPLICANT: Onkar Oil, LLC  
REQUEST: To rezone property from C2/Limited Commercial to C3/General Commercial to bring the existing gas station use in conformance with the Zoning Ordinance.  
LOCATION: The site is located at the southwest corner of the intersection of South Hanna Street and East Lewis Street. The address of the subject property is 624 East Lewis Street (Section 12 of Wayne Township).  
LAND AREA: Approximately .33 acres  
PRESENT ZONING: C2/Limited Commercial  
PROPOSED ZONING: C3/General Commercial

---

**The Plan Commission recommends that Rezoning Petition REZ-2022-0001, with a Written Commitment, be returned to Council with a “Do Pass” recommendation after considering the following:**

1. Approval of the rezoning request will be in substantial compliance with City of Fort Wayne Comprehensive Plan, and should not establish an undesirable precedent in the area. The corner South Hanna and East Lewis Streets is characteristically neighborhood-scale commercial with residential uses beyond the intersection. The purpose of the rezoning is to allow an existing use to comply with the zoning ordinance.
2. Approval of the request will not have an adverse impact on the current conditions in the area, or the character of current structures and uses in the area. The use on the property is existing and is not proposed to change. A proposed Written Commitment prohibiting all but existing C3 uses will protect surrounding property owners from new intensive or incompatible uses.
3. Approval is consistent with the preservation of property values in the area. This proposal does not increase the intensity of the existing use, and allows for the property to be maintained, expanded and/or improved. Further investment when desired or necessary will fall within the constraints of the General Commercial (C3) zoning district.
4. Approval is consistent with responsible development and growth principles based on existing uses and infrastructure in the area.

These findings approved by the Fort Wayne Plan Commission on February 21, 2022.
