by 

City of Fort Wayne Common Council
DIGEST SHEET

Department of Planning Services

Title of Ordinance: Zoning Map Amendment
Case Number: REZ-2024-0002
Bill Number: Z-24-01-17
Council District: 4 - Dr. Scott Myers

Introduction Date: January 23, 2024

Plan Commission
Public Hearing Date: February 12, 2024 (not heard by Council)

Next Council Action: Ordinance will return to Council after recommendation by the
Plan Commission

Synopsis of Ordinance: To rezone approximately 2.381 acres from C1/Professional Office and
Personal Services to C2/Limited Commercial

Location: 4100 block of Sage Bluff Xing, 350 feet east of its intersection with Aboite
Center Road (Section 13 of Aboite Township)

Reason for Request: To allow for a new hotel

Applicant: Landon Grogg of A&Z Engineering, Inc.

Property Owner: JDRB LLC

Related Petitions: Primary Development Plan - Courtyard by Marriott West Jefferson

Effect of Passage: Property will be rezoned to the C2/Limited Commercial zoning district,
which will allow for a new hotel and similar uses.

Effect of Non-Passage: The property will remain zoned C1/Professional Office and Personal
Services, which does not permit hotels. The site may be redeveloped
with professional office and personal services and similar uses.

Department of Planning Services Rezoning Questionnaire

When making recommendations on rezoning requests, the Plan Commission shall pay reasonable regard to the following items. Please describe how this petition satisfies the following:

- (1) The Comprehensive Plan;

This project represents the construction of a proposed hotel facility on an under utilized vacant lot along a heavy trafficked roadway corridor. This project promotes the development of a vacant lot, and permits the development of a new hotel facility that will be of adequate size and capacity that is needed for the current market.

- (2) Current conditions and the character of current structures and uses in the district;

The current district is zoned as C1. The facility to the west of the proposed hotel site is a 53,400 sqft, 1 story, health and rehab center/ nursing home that was built in 2014 and is in very good condition. To the north of the proposed hotel site, there is a 4,300 sqft, 1 story, general office building that was built in 2020 and is in very good condition.

- (3) The most desirable use for which the land in the district is adapted;

Commercial

- (4) The conservation of property values throughout the jurisdiction;

The proposed hotel facility is a Courtyard by Marriott, which is constructed, maintained, managed and held to the national and global high standards of the Marriott name. The proposed hotel will provide travelers such as clients and out of town employees for all the businesses along W. Jefferson Blvd a relatively close place to stay when visiting Fort Wayne. The construction of a new hotel in the jurisdiction will only help improve the values of the surrounding properties.

- (5) Responsible development and growth.

The proposed hotel will be constructed to meet current industry standards of a 4 story, +/- 100 room facility. The site will be utilized to the fullest with the proposed building and parking lot. If in the future the development is determined to need to expand due to market needs, the property owner, developer and engineer/architect will go through all the correct channels with the City of Fort Wayne and Allen County and all the Zoning Ordinances to get any additional development and growth request for the site approved.

COMPLETE FILING TO INCLUDE:

- Karen Richards and Rachel Tobin-Smith were absent.

March 18, 2024 Business Meeting

Plan Commission Recommendation: Do Pass with a Written Commitment

A motion was made by Patrick Zaharako and seconded by Rachel Tobin-Smith to return the Ordinance with a Do Pass recommendation, with a Written Commitment, to Common Council for their final decision.

6-3 MOTION PASSED

- All members were present.
- Paul Sauerteig, Karen Richards, and Scott Myers voted Nay.

Fact Sheet Prepared by:
Karen Couture, Associate Land Use Planner
March 25, 2024

PROJECT SUMMARY

This site is located near the northwest corner of West Jefferson Boulevard and Aboite Center Road. The site has followed the gradual development pattern of West Jefferson corridor from estate sized residential lots to varying commercial development. The site was rezoned in 2007 for a medical office park. This site was also a part of the Ridgewood subdivision that was vacated entirely in 2010. Today, the site contains an assisted living facility and a physical therapy office. The other side of West Jefferson Boulevard consists mostly of 2 to 3-story office buildings. The other side of Aboite Center Road contains low-intensity residential lots. An analysis with the comprehensive plan is provided in this report. In addition to the rezoning petition, the applicant submitted a primary development plan for a new hotel. Since the petitioned C2 district limits height and square footage of structures, the applicant included two waiver petitions to accommodate the sizing of a competitive hotel. The first is a height waiver for 55 feet and the square footage is for up to 75,000 square feet.

The applicant utilized Sage Bluff Crossing, a private street, for its primary access. In addition to vehicular access, NIRCC requested a sidewalk run along West Jefferson Boulevard, which the applicant included in revised plans. Parking exceeds the minimum count (117 spaces vs 107 minimum spaces), and no shared parking is proposed among other lots. Despite the increased height, the proposal does meet residential mitigation impact standards. The plan shows that all elements of the structure, including the canopy, exceed the 25-foot setback requirement, and no projection standards are needed to fit the building onto the site. The applicant is also aware of the prominent slope of the lot and intends to break up the parking lot on different levels and use retaining walls in other areas.

As mentioned, the applicant requested two waiver requests:

1. To increase the maximum square footage of a building in the C2 district from 22,000 square feet to 75,000 square feet.
2. Increase maximum allowable height from 40' to 55' (the applicant identified that the increased height can accommodate four stories).

The Plan Commission will determine the validity of waiver requests by considering the following three criteria:

- (a) The waiver or modification is in conformance with the purposes and intent of this ordinance along with the objectives and policies of the Comprehensive Plan;
- (b) The applicant has submitted adequate evidence to demonstrate that the requested waiver or modification will not have a significant impact on contiguous residential properties; and
- (c) The failure to grant the requested waiver would result in practical difficulties in the use of the property for the proposed development.

The applicant's responses to these requests are included in the packet.

COMPREHENSIVE PLAN REVIEW:

Future Growth and Development Map, Goals, and Strategies

- The project site is located within the Urban Infill Area.

The following Goal would be applicable:

LUD 1 - Encourage compatible infill development and redevelopment in the Urban Infill and Priority Investment Areas

LUD 1.1 - Explore new zoning classifications, updated development regulations, and other tools to encourage compatible infill development and redevelopment.

LUD 1.3 - Encourage compatible higher density residential and mixed-use development in infill areas that are near public transit routes, employment centers, institutions, and other amenities.

Overall Land Use Policies

- Staff determined the following Land Use Policy would be applicable and supportive of this request:
LUD Policy 6 - Transform key suburban corridors over time into mixed use areas with housing, neighborhood-oriented retail, public spaces, walkable public realms, and transit services.

Generalized Future Land Use Map

- The project site is located within the Office and Business Park land use category.

Land Use Related Action Steps

- There are no applicable land use related action steps associated with this site.

Compatibility Matrix

- This proposed use would fall into C2/Limited Commercial, which is considered compatible with Office and Business Park.

Other applicable plans: none

PUBLIC HEARING SUMMARY:

Presenter: Landon Grogg, engineer representing the applicant, presented the request as outlined above.

Public Comments:

Jennifer Thum (3636 Rosewood Dr): Not opposed to growth; keep waivers in-line with comp plan; C1 more compatible; concerns with traffic; safety; signage; hours of operation; height; other hotels very close. HOA against it.

John Hoffman (no address): Concerned about height; nearby buildings are not five stories.

Dan McAfee (4020 Rosewood Dr): Concerns with property values; traffic; lighting; noise/traffic all hours.

Closing Comments:

AJ Patel (part owner): Demand study showed need, wouldn't build otherwise. Losing a floor not financially feasible. Interior roads will help with traffic. Michael Blanton (VP Operations): Airport approved height; façade will be the same front and back; 12 employees per shift. Landon Grogg (project engineer): Reached out to neighbors and didn't hear back. Site was planned for existing detention size.

PLAN COMMISSION ACTION:

February 19, 2024 Business Meeting: Following discussion, the Plan Commission voted to defer action on the item for 30 days. Requested information included further investigation into the soil suitability of the site and how it would affect the final grades and whether the hotel could be feasibly built.

March 18, 2024 Business Meeting: The applicant provided information that shows the site will likely be lowered, at least to match Sage Bluff Crossing and the Steppin' Up site next door. The owner is committed to developing the site, as they are already contracted with Courtyard by Marriott. A written commitment was provided to ensure there would be a maximum of 4 stories, and to limit C2 retail uses to hotel and restaurant, without a drive-through.

FORT WAYNE PLAN COMMISSION • FINDINGS OF FACT

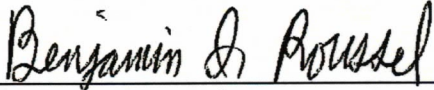

Rezoning Petition REZ-2024-0002

APPLICANT: Landon Grogg of A&Z Engineering, Inc.
REQUEST: To rezone property from C1/Professional Office and Personal Services to C2/Limited Commercial
LOCATION: 4100 block of Sage Bluff Crossing, 350 feet east of its intersection with Aboite Center Road (Section 13 of Aboite Township)
LAND AREA: 2.381 acres
PRESENT ZONING: C1/Professional Office and Personal Services
PROPOSED ZONING: C2/Limited Commercial

The Plan Commission recommends that Rezoning Petition REZ-2024-0002 be returned to Council, with a “Do Pass” recommendation with a Written Commitment after considering the following:

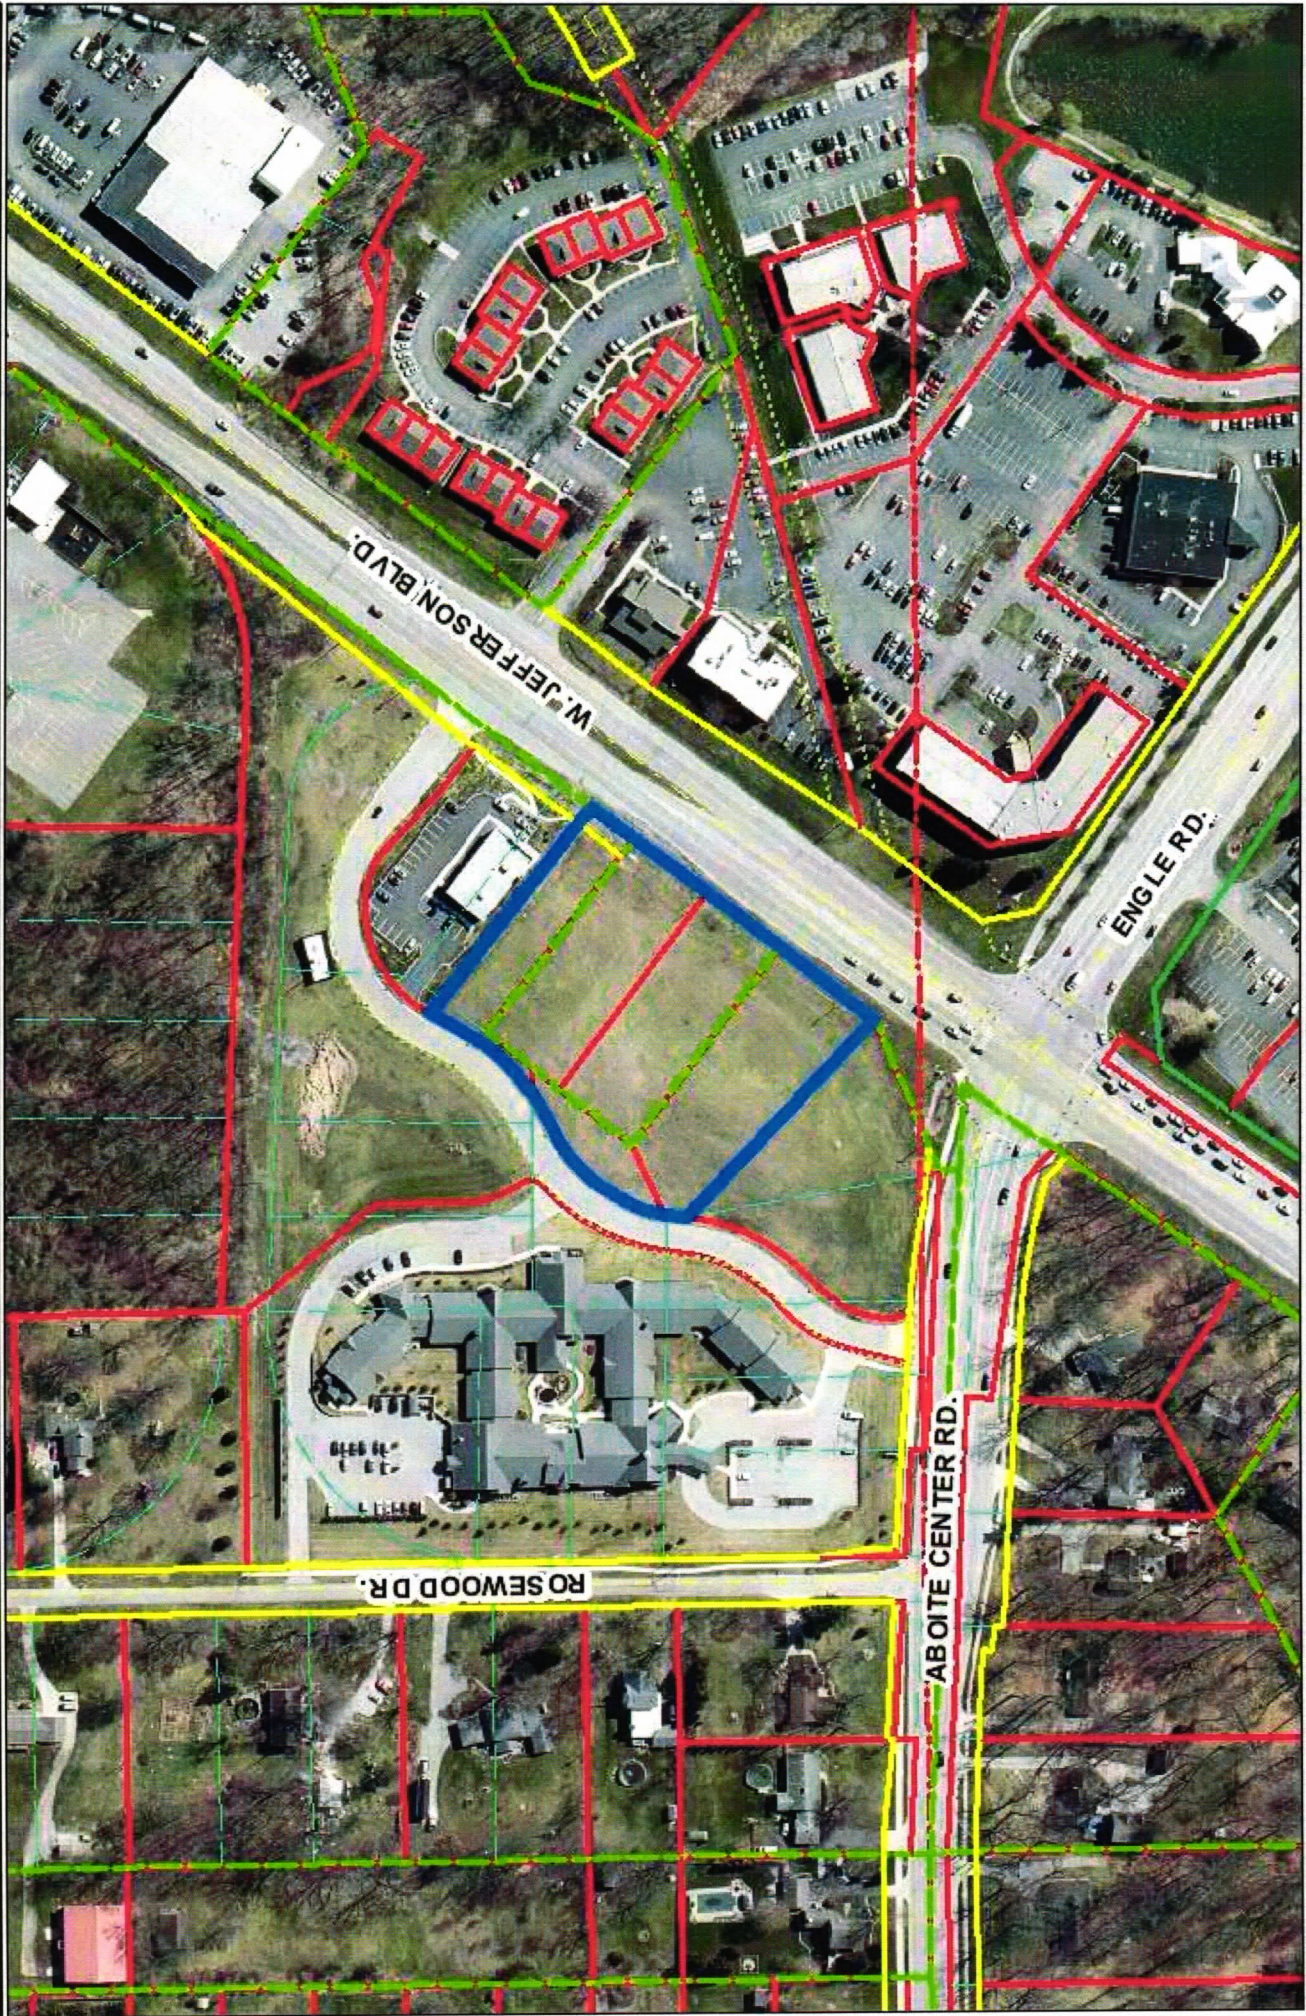

1. Approval of the rezoning request will be in substantial compliance with the City of Fort Wayne Comprehensive Plan and should not establish an undesirable precedent in the area. C2 is considered “compatible” with the business and office park generalized future land use category. The area om question has frontage along a major artery in Southwest Fort Wayne, and this zoning district is better suited in this area rather than a collector or local street.
2. Approval of the request will not have an adverse impact on the current conditions in the area, or the character of current structures and uses in the area. The current character consists of professional uses and mixed residential uses. Hotels are currently part of the character of this mixed use area.
3. Approval is consistent with the preservation of property values in the area. The zoning district change can engender property investment and can be a good accompaniment to surrounding uses and provides another short-term housing option for Lutheran Hospital and other destinations in Southwest Fort Wayne.
4. Approval is consistent with responsible development and growth principles based on existing uses in the area. The comprehensive plan identifies this site as an infill growth opportunity and utilities are already provided to the site. Agency review will verify that impacts are mitigated at the site routing level.

These findings approved by the Fort Wayne Plan Commission on March 18, 2024.

Benjamin J. Roussel
Executive Director
Secretary to the Commission

 Allen County Planning Jurisdiction City of Fort Wayne Planning Jurisdiction

Description of Requested Waiver(s) Request for a waiver from the maximum building size of 22,000 square feet as shown in section 157.213(B) of the Fort Wayne Zoning Ordinance. The proposed building will be 75,000 square feet.

How will granting the waiver request(s) be in conformance with the purposes and intent of the ordinance and with the objectives and policies of the comprehensive plan? This project represents the construction of a proposed hotel facility on an under utilized vacant lot along a heavy trafficked roadway corridor. With granting of this waiver, the project promotes the development of the vacant lot, and permits the development of a new hotel facility that will be of adequate size and capacity that is needed for the current market in the Fort Wayne area.

Will granting the waiver request(s) result in a significant impact on contiguous residential properties? There are no contiguous residential properties for this proposed site.

How will failure to grant the waiver request(s) result in practical difficulties in the use of the property for the proposed development? The current industry standards for a new hotel are to construct a facility that consists of 4 stories and has +/- 100 rooms. These types of buildings are more energy efficient, more efficient with commercial land used per room, and also minimized the distance traveled by guests from the hotel rooms to the other amenities the hotels offer. If the waiver is not granted, FWS Hospitality may terminate the project.

WRITTEN COMMITMENT

THIS WRITTEN COMMITMENT (“Commitment”) is made this ___ day of _____, 2024 by FWS Hospitality, an Limited Liability Corporation (the “Declarant”).

WITNESSETH:

WHEREAS, Declarant is the owner of approximately 2.381 acres of real estate located in Fort Wayne, Allen County, Indiana, the legal description of which is attached hereto as Exhibit “A” (the “Real Estate”); and

WHEREAS, Declarant submitted a rezoning petition with respect to the Real Estate to rezone the Real Estate from C1/Professional Offices and Personal Services to C2/Limited Commercial, bearing number REZ-2024-0002 (the “Petition”), which Petition has been approved by the City of Fort Wayne Plan Commission (the “Plan Commission”) and the Fort Wayne Common Council (“City Council”); and

WHEREAS, Declarant has offered this Commitment, voluntarily, pursuant to Indiana Code 36-7-4-1015, for the purpose of limiting certain uses for the Real Estate; and

WHEREAS, in conjunction with the Petition, the Plan Commission has accepted Declarant’s offer of this Commitment and its recordation with the Allen County, Indiana, Recorder’s Office upon approval of the Petition by the Plan Commission and City Council.

NOW, THEREFORE, in consideration of the above and foregoing recitals, Declarant hereby impresses upon the Real Estate certain restrictions and covenants which shall run with the Real Estate and be binding upon Declarant and all future owners of the Real Estate, and all lessees of all or any portion of the Real Estate.

1. **Prohibited Uses.** **Except for the Permitted Uses specifically allowed in Paragraph 2 below, and** subject to the terms and conditions herein contained, the following uses shall be prohibited upon the Real Estate:
 - 1) C2 Limited Commercial Specific Permitted Uses listed in Section 157.213 (C) of the Fort Wayne Zoning Ordinance
 - 2) All C2 Limited Commercial Special Uses listed in Section 157.213 (D) of the Fort Wayne Zoning ordinance.

2. **Permitted Uses.** **The following uses shall be permitted on the Real Estate:**
 - 1) Any use permitted in a C1/Professional Office & Personal Services zoning district; and

- 2) **The following specific uses permitted in a C2/Limited Commercial zoning district: **Hotel and Restaurant, excluding drive-through****
- 3) Other Commitments: Declarant agrees constructing a hotel facility with a maximum number of four (4) stories.
- 4) Permits. No permits shall be issued under the zoning ordinance by the Zoning Administrator, or any successor agency having zoning jurisdiction over the Real Estate, until this Commitment is recorded with the Allen County Recorder. The Declarant shall deliver to the Zoning Administrator and the Plan Commission an executed and recorded copy of this Commitment.
- 5) Binding Effect, Modification, and Termination. This Commitment shall run with the Real Estate, and shall be binding upon the Declarant and each subsequent owner of the Real Estate and each other person acquiring an interest in the Real Estate, unless this Commitment is modified or terminated. The recitals are incorporated herein by reference and are expressly made a part of this Commitment. This Commitment may be modified or terminated only by a decision of the Plan Commission, following a public hearing held by the Plan Commission wherein notice has been given as provided by the Plan Commission's rules of procedure. The Plan Commission shall have the discretion whether to approve or deny any proposed modification or termination of this Commitment. This Commitment may only be modified or terminated by the Declarant or its successors proving to the Plan Commission that the proposed modification or termination is required because: (a) there is a substantial change in circumstances from the time of the original Commitment; (b) the proposed modification or termination is in substantial compliance with the Comprehensive Plan; (c) the proposed modification or termination is consistent with the Plan Commission's prior approval; and (d) the application of the terms of the original Commitment would cause an unnecessary hardship absent the modification or termination.
- 6) Recording. Declarant or Applicant shall, at Declarant's or Applicant's expense, record this Commitment with the Allen County Recorder and shall provide two copies of the recorded Commitment to the Zoning Administrator.
- 7) Enforcement. Any violation of this Commitment shall be deemed a violation of the zoning ordinance in effect at the time of the violation; provided, however, that nothing in this Commitment shall be construed as giving any person the right to compel enforcement of it by the Plan Commission or any enforcement official designated in the zoning ordinance, or any successor agency having zoning jurisdiction over the Real Estate. Pursuant to I.C. §36-7-4-1015, the Plan Commission or any enforcement official designated in the zoning ordinance, shall be entitled to all legal and equitable remedies available, including specific performance and injunctive relief, for any violation of this Commitment. The enforcement rights of the Plan Commission or any enforcement official designated in the zoning ordinance are cumulative, not exclusive. This Commitment may be enforced by any

successor commission or enforcement official having zoning jurisdiction over the Real Estate.

- 8) Last Deeds of Record. The most recent deed of record for the Real Estate was recorded in the Office of the Recorder of Allen County, Indiana as Document Number(s) _____.
- 9) Severability. Each covenant or restriction contained in any paragraph of this Commitment shall be severable and separate, and if any court shall rule that any particular restriction or covenant is unenforceable, such ruling shall not affect the enforceability of any other restriction or covenant under this Commitment, and such other restriction or covenant shall be enforced.
- 10) Governing Law. This Commitment, including the restrictions and covenants hereunder, shall be governed by the laws of the State of Indiana.
- 11) Effective Date. The effective date (“Effective Date”) of this Commitment shall be the date of its recordation with the Office of the Recorder of Allen County, Indiana.

7324 W. Jefferson Blvd. Rezoning Petition Questions/Concerns

1. The height of the proposed building
 - a. The proposed height of the building is 52'-1". The waiver request is to allow for a 55' building to allow for some variance during construction.
2. The elevation of the site compared to W. Jefferson Blvd.
 - a. From the Allen County GIS contours, W. Jefferson Blvd. has an approximate elevation of 784. At the highest point the site has a max elevation of 796, which is 12-ft higher than W. Jefferson Blvd.
 - b. From the Allen County GIS contours, Sage Bluff Crossing has elevations that are between 788 and 794. The site is an average between 0-ft to 6-ft higher than Sage Bluff Crossing.
 - c. The site will be leveled out and graded below the 796 elevation but will be held to the Sage Bluff Crossing elevations since the drive approaches will be off of Sage Bluff Crossing and it is not economically feasible to remove that material from the site.
3. Traffic generated by the hotel.
 - a. The intersections of Sage Bluff Crossing/Aboite Center Rd, Sage Bluff Crossing/W. Jefferson Blvd and Aboite Center Rd/W. Jefferson Blvd should have been designed and constructed per the Traffic Impact Study that was generated for the Commercial Park that the vacant lot (proposed site) is part of.
 - b. On average, the type of hotel facility that is being proposed on average only sees a 65% to 70% occupancy.
 - c. With a hotel, you do not get a regular influx of vehicles entering and exiting the property as you would with a commercial building.
 - d. There was concern for vehicles using Rosewood Dr to access W. Jefferson Blvd if they turned onto Aboite Center Rd. Signs are proposed to be installed to help direct traffic to W Jefferson Blvd to help reduce the impacts to Rosewood Dr.
4. Concern for noise and smoking generated by the hotel
 - a. The Courtyard by Marriott caters to high end corporate and business personnel. Typically, guests stop by the hotel to drop off their luggage and other belonging and then go to their meetings and then return to the hotel to sleep.
 - b. The Courtyard by Marriott is a smoke free facility.
5. Impacts to wetlands by the development of the proposed hotel facility.
 - a. There is one documented/identified wetland near the proposed site, which is located within the detention pond north of the site. The detention pond and storm sewer were designed, sized and constructed to accommodate the storm water runoff generated by the entire commercial park. The plan is to tie into the existing storm sewer system that was adequately sized for the proposed site to be

developed and there would be no construction work performed within the detention pond to where the wetland would be impacted.

6. The current address is off W. Jefferson Blvd.
 - a. The address will be changed to a Sage Bluff Crossing Address

7. The site should remain zoned a C1 because other commercial businesses that fit the qualifications for a C1 site can utilize the site better than the proposed hotel facility.
 - a. The commercial park was established around 2009 and this property has sat vacant since then. There has been ample amount of time for a C1 business to purchase and develop the site, but no one has really shown interest until now.

8. There are already enough Marriott facilities.
 - a. There is a Residence Inn by Marriott and a Fairfield Inn & Suites by Marriott located approximately a half mile southwest of the proposed site. The Marriott partners with and operates many different types of hotel facilities that accommodate many different types of clientele.
 - b. As stated before, the proposed hotel facility will cater to high-end corporate and business personal were as the other hotel facilities in the area do not directly target them.
 - c. There is only one other Courtyard by Marriott in Fort Wayne and it is located downtown. If Marriott did not see the need to construct another Courtyard by Marriott in the greater Fort Wayne area, they would not be signing off on this project.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good Afternoon, Michelle and Nathan:

AJ and the rest of the FWS Hospitality team have reached out to the real estate broker and current property owner to see if the property owner would be willing to get soil boring samples performed for the site. At this time, the property owner is not going to participate and pay for obtaining soil borings.

However, we did obtain the soils report for the Steppin' Up Physical Therapy property at 4025 Sage Bluff Crossing, located next to the property that we are trying to get rezoned. The soils report and the development plan for the Steppin' Up site revealed that, prior to construction, the site had very similar elevations to 7324 W Jefferson Blvd. The soil borings for Steppin' Up were taken at elevations that ranged from 793 to 797 and show the vegetation/topsoil thickness to be between +/-2" and +/-9".

AJ and his team anticipate the 7324 W Jefferson Blvd site to have a similar soil composition to the Steppin' Up/4025 Sage Bluff Crossing site.

FWS Hospitality is committed to the development of 7324 W Jefferson Blvd if the rezoning is approved. Moreover, they do not plan to abandon the project if poor soils are present because they always build a contingency for poor soils into their construction budget. Should poor soils be encountered during the design/engineering phase and during construction, those soils will be removed from the site and engineered fill will be brought back in to construct the facility.

It should also be noted that FWS Hospitality's parent company, JSK Hospitality, has developed over 30 hotels and currently has 15 hotels in their portfolio. FWS Hospitality has already acquired the Courtyard franchise for Fort Wayne, so they are committed to this development regardless of obstacles or additional expenses- assuming Rezoning to C2 is obtained. If they encounter additional expenses in site work, JSK Hospitality is ready to absorb those costs.

They appreciate your help and support of this project. Feel free to reach out to AJ or me if you have any questions.

Thanks and have a great weekend!
