DIGEST SHEET

Department of Planning Services

Title of Ordinance: Zoning Map Amendment
Case Number: REZ-2025-0034
Bill Number: Z-25-06-13
Council District: 5 – Geoff Paddock

Introduction Date: May 27, 2025

Plan Commission
Public Hearing Date: July 14, 2025 (not heard by Council)

Next Council Action: Ordinance will return to Council after recommendation by the
Plan Commission

Synopsis of Ordinance: To rezone 3.121 acres from I1/Limited Industrial to I2/General
Industrial

Location: Immediately east of 3404 Illinois Rd (Section 4 of Wayne Township)

Reason for Request: To permit a landscape contracting service

Applicant: Timothy R. Pancake

Property Owner: Wildwood Partnership

Related Petitions: Primary Development Plan – Cornerstone Landscape Group

Effect of Passage: Property will be rezoned to the I2/General Industrial zoning district,
which would permit a landscape contracting service.

Effect of Non-Passage: Property will remain zoned I1/Limited Industrial, which does not
permit a landscape contracting service. The site may continue with
existing or non-conforming uses, and may be redeveloped with low
intensity industrial or manufacturing uses, or wholesale and/or storage
activities, and similar uses.

RE: Cornerstone Landscape Group // Rezoning Application and Primary Development Plan Application for 3500 Block of Illinois Road – Parcel No. 02-12-04-354-006.001-074

Dear Ms. Wood:

Our office represents Cornerstone Landscape Group and its owner Timothy R. Pancake. Cornerstone Landscape Group seeks to re-zone approximately 3.121 acres of land at the 3500 Block of Illinois Road, identified by Parcel No. 02-12-04-354-006.001-074, and seeks approval of a primary development plan for a new building to serve as its main office. In this regard, please find enclosed with this letter the following documents:

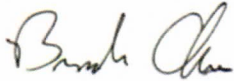

1. Application to Re-Zone Property from I-1 to I-2 to allow for a landscape contracting service
 - a. Survey showing the area to be re-zoned
 - b. Legal description of the parcel to be re-zoned
 - c. Re-zoning criteria questionnaire
 - d. Proposed form of Written Commitment
2. Application for Primary Development Plan for development of a new building to serve as Cornerstone Landscape Group's main office
 - a. Two (2) copies of the proposed site plan
 - b. Survey showing the site to be developed with legal description
3. Check in the amount of \$1,000 as the filing fee for the Re-zoning Application
4. Check in the amount of \$700 as the filing fee for the Primary Development Plan Application

As noted above, the applicant is proposing to include a Written Commitment as a condition of the re-zoning approval to minimize the risks of adverse impacts that certain types of uses otherwise permitted in the I-2 zoning district could have on the surrounding properties. We welcome any feedback from planning staff and the members of the Plan Commission on the terms of the Written Commitment.

Should you have any questions or need anything further, please let me know.

Regards,

BARRETT McNAGNY LLP

EXHIBIT A

Re-Zoning Application – 3500 Block of Illinois Road **Parcel No. 02-12-04-354-006.001-074**

Purpose of Rezoning:

The proposed rezoning is to allow for the development of a landscaping contractor's facility and operations building on the subject property. The proposed use requires a zoning classification of I2 due to the type of use (landscape contracting service is not permitted in I1) and the proposed site plan. However, the facility will function similarly, and with even less intensity than nearby light industrial and commercial uses. A written commitment will accompany the rezoning to limit future uses on the property, ensuring that the development remains compatible with the surrounding area in the future.

Rezoning Criteria:

1. The rezoning aligns with the Comprehensive Plan

The proposed rezoning aligns with the All In Allen Comprehensive Plan (the "Plan") and supports its goals for targeted growth and development. The subject property is located within an Urban Infill area on the Future Growth and Development Map and lies immediately adjacent to a designated Targeted Growth Area. These designations encourage precisely the sorts of beneficial service and economic development as is here proposed.

The subject property also falls within a "Community Commercial" area on the Plan's Generalized Future Land Use map and is located in an area zoned for industrial use. These areas are intended to accommodate medium to large clusters of retail and service uses, including specialized services. The proposed landscaping facility fits well within this vision, offering a professional contracting service with negligible increases to traffic flow beyond what the immediate area already experiences due to the existing commercial and light industrial properties nearby.

2. The rezoning conforms with the current conditions and the character of current structures and uses in the district

The proposed rezoning, together with the accompanying written commitment, will ensure consistency with the existing character and conditions of the district. The surrounding area already contains a variety of light industrial and commercial uses, including a pool and spa retail store, pet grooming business, window service office, national and local auto repair

shops, and a paint supply retailer. The properties within this stretch of land bounded by the railroad track, Hillegas Road, and Illinois Road/W. Jefferson Blvd. are all currently zoned for industrial use with the adjacent properties being zoned I1.

The proposed landscaping facility will be no more intensive than these existing uses and will in fact operate in a similarly low-traffic, service-oriented manner. Also, the planned structure on the subject property will be of high quality and has been thoughtfully designed, making it even more aesthetically appealing than many industrial facilities that often lack architectural character.

Notably, the written commitment will prohibit heavier industrial uses within the subject property in the future, further aligning the proposed rezoning with the area's existing pattern of development.

3. The rezoning aligns with the most desirable use for which the land in the district is adapted

The proposed rezoning supports the most desirable and appropriate use of the subject property given its location and current condition. The subject property is presently vacant and underutilized, yet it lies within an established corridor of light industrial and commercial service uses. The property is set back approximately 35 to 40 feet from the nearest main road and is bounded to the north by railroad tracks—both of which create natural buffers that make the site especially well-suited for the proposed facility.

A landscaping facility is a productive use that takes full advantage of the site's physical separation from residential areas as well as its proximity to other service-based businesses. The facility will be relatively low-traffic, and it will not impose any new or intensified impacts beyond what the area already accommodates. Overall, it represents a practical and efficient reuse of vacant land that aligns with both the character of the district and the specific property's highest and best use.

4. The rezoning will conserve property values throughout the jurisdiction

The proposed rezoning will have no negative impact on nearby property values or property values throughout the jurisdiction. In fact, this rezoning will enhance local property values by replacing currently underused, vacant land with a well-designed, professional facility.

The subject property is already flanked by commercial and light industrial uses on both sides, and any impact those uses may have had on surrounding property values occurred long ago. The addition of an upscale landscaping facility will not alter or intensify existing effects or conditions.

The facility will be visually attractive and functionally compatible with its surroundings. It is set back from the nearby road, screened by the railroad tracks to the north, and will operate without any odors or excessive noise.

5. The rezoning will promote responsible development and growth in the area

The proposed rezoning reflects a thoughtful and responsible approach to growth. This is an in-fill site with existing infrastructure, so it is not expected that any new utilities, roadways, etc., will be required. The re-zoning also promotes development of an underutilized and vacant site in a manner that is complementary of the adjacent uses. The petitioner has chosen to rezone the property in a transparent and permanent manner that aligns with the intended long-term use of the property. This method represents the clearest and cleanest route for accommodating the landscaping contractor's facility in a way that is consistent with the property's surroundings and the expectations for the area.

At the same time, the petitioner recognizes that rezonings can have broader implications. To that end, a written commitment will accompany the rezoning to restrict future uses to those consistent with the area's existing character and intensity. This ensures that the site remains compatible with its surroundings and prevents the introduction of more intensive industrial operations in the future.

WRITTEN COMMITMENT

THIS WRITTEN COMMITMENT (“Commitment”) is made this ____ day of _____, 2025 by Timothy R. Pancake (the “Buyer”), and Wildwood Partnership (the “Seller”) (the Buyer and the Seller, collectively, the “Declarant”).

WITNESSETH:

WHEREAS, Seller is the owner of approximately 3.121 acres of real estate located in Fort Wayne, Allen County, Indiana, the legal description of which is attached hereto as Exhibit “A” (the “Real Estate”);

WHEREAS, Buyer submitted a rezoning petition with respect to the Real Estate (the “Petition”) to rezone the Real Estate from an I1 zoning district to an I2 zoning district to the City of Fort Wayne Plan Commission (the “Plan Commission”);

WHEREAS, Declarant has offered this Commitment, voluntarily, pursuant to Indiana Code 36-7-4-1015, for the purpose of limiting certain uses for the Real Estate; and

WHEREAS, in conjunction with the Petition, the Plan Commission has accepted Declarant’s offer of this Commitment and its recordation with the Allen County, Indiana, Recorder’s Office upon approval of the Petition by the Plan Commission and City Council.

NOW, THEREFORE, in consideration of the above and foregoing recitals, Declarant hereby impresses upon the Real Estate certain restrictions and covenants which shall run with the Real Estate and be binding upon Declarant and all future owners of the Real Estate, and all lessees of all or any portion of the Real Estate.

1. Prohibited Uses. Subject to the terms and conditions herein contained, the following uses shall be prohibited upon the Real Estate:

2. Permitted Uses. Any use otherwise permitted in an I2 General Industrial zoning district pursuant to the City of Fort Wayne Zoning Ordinance (the "Ordinance") which is not expressly prohibited pursuant to Section 1 above shall be a permitted use upon the Real Estate.

3. Permits. No permits shall be issued under the zoning ordinance by the Zoning Administrator, or any successor agency having zoning jurisdiction over the Real Estate, until this Commitment is recorded with the Allen County Recorder and delivers to the Zoning Administrator and the Plan Commission an executed and recorded copy of this Commitment.

4. Binding Effect, Modification, and Termination. This Commitment shall run with the Real Estate, and shall be binding upon the Declarant and each subsequent owner of the Real Estate and each other person acquiring an interest in the Real Estate, unless this Commitment is modified or terminated. The recitals are incorporated herein by reference and are expressly made a part of this Commitment. This Commitment may be modified or terminated only by a decision of the Plan Commission, following a public hearing held by the Plan Commission wherein notice has been given as provided by the Plan Commission's rules of procedure. The Plan Commission shall have the discretion whether to approve or deny any proposed modification or termination of this Commitment.
5. Recording. Buyer or Seller shall record this Commitment with the Allen County Recorder.
6. Enforcement. Any violation of this Commitment shall be deemed a violation of the zoning ordinance in effect at the time of the violation; provided, however, that nothing in this Commitment shall be construed as giving any person the right to compel enforcement of it by the Plan Commission or any enforcement official designated in the zoning ordinance, or any successor agency having zoning jurisdiction over the Real Estate. Pursuant to I.C. §36-7-4-1015, the Plan Commission or any enforcement official designated in the zoning ordinance, shall be entitled to all legal and equitable remedies available, including specific performance and injunctive relief, for any violation of this Commitment. The enforcement rights of the Plan Commission or any enforcement official designated in the zoning ordinance are cumulative, not exclusive. This Commitment may be enforced by any successor commission or enforcement official having zoning jurisdiction over the Real Estate.
7. Authority to Sign. The persons signing this Commitment in a representative capacity on behalf of Declarant warrant and represent that: (a) the person has the actual authority and power to so sign, and to bind the respective entity to the provisions of this Commitment; and (b) all corporate or other entity action necessary for the making of this Commitment has been duly taken.
8. Severability. Each covenant or restriction contained in any paragraph of this Commitment shall be severable and separate, and if any court shall rule that any particular restriction or covenant is unenforceable, such ruling shall not affect the enforceability of any other restriction or covenant under this Commitment, and such other restriction or covenant shall be enforced.
9. Governing Law. This Commitment, including the restrictions and covenants hereunder, shall be governed by the laws of the State of Indiana.
10. Effective Date. The effective date ("Effective Date") of this Commitment shall be the date of its recordation with the Office of the Recorder of Allen County, Indiana.

Legal Description of the Real Estate

Part of the Southwest Quarter of Section 4, Township 30 North, Range 12 East of the Second Principal Meridian, Wayne Township in Allen County, Indiana, based on an original survey by Nolan R. Mark, Indiana Professional Surveyor Number 21900003 of Miller Land Surveying, Inc., Survey No. 19065139, dated September 25, 2019, and being more particularly described as follows:

Commencing 3/4" Steel Rebar marking the Southwest corner of said Southwest Quarter; thence North 89 degrees 35 minutes 52 seconds East (Indiana Geospatial Coordinate System of Allen County bearing and basis of bearings to follow), a distance of 1625.02 feet along the South line of said Southwest Quarter and within the right-of-way of Illinois Road; thence North 00 degrees 16 minutes 09 seconds West, a distance of 30.00 feet to a 5/8" Steel Rebar found flush at the North right-of-way line of Illinois Road and being the POINT OF BEGINNING of the herein described tract; thence continuing North 00 degrees 16 minutes 09 seconds West, a distance of 374.36 feet along the East line of an existing 0.967 acre tract of land as described in Document Number 2013056877 in the Office of the Recorder of Allen County, Indiana to a point on the Southerly right-of-way line of the CSX Railroad, said point being referenced by a 5/8" Steel Bar found 0.54 feet West and 0.2 feet below grade; thence South 72 degrees 01 minutes and 54 seconds East, a distance of 478.82 feet along said Southerly right-of-way line to a 5/8" Steel Rebar found flush at the West line of an existing 0.93 acre tract of land as described in Document Number 2017067346 in said Office of the Recorder; thence South 00 degrees 19 minutes 03 seconds East, a distance of 223.45 feet along said West line to a 1/2" Steel Square Rebar found flush on the North right-of-way line of Illinois Road; thence South 89 degrees 35 minutes 52 seconds West, a distance of 454.96 feet along said North right-of-way line to the Point of Beginning. Containing 3.121 acres, more or less. Subject to easements of record.

Amendment to Uses

~~1-1~~
1-2

For this reason, I am reaching out to see if we can drill down on the neighborhood's concerns and determine if there are specific uses on our list that the neighborhood finds objectionable. As we explained at the public hearing, we were very intentional in selecting types of businesses that would not only be a logical successor to the site based on how we intend to develop it, but also would not negatively impact Wildwood or the surrounding neighborhoods. As you know, we have already pared our request list of additional uses down to 18 from the over 100 additional I-2 uses that are permitted beyond I-1. In response to the addition feedback we received we have now also removed 2 more uses: Brewery and Distillery.

We have now reduced the list three times. The list now stands at 16:

- Biomedical/orthopedic equipment
- Canvas product fabrication
- Contractor (construction, excavation, landscape)
- Furniture refinishing/repair
- Greenhouse (retail)
- Greenhouse (wholesale)
- Heating service
- Landscaping contracting service
- Maintenance or repair facility
- Plant nursery
- Plumbing sales
- Plumbing service
- Product research and development
- Sign fabricating
- Tree Service
- Window repair

7 agreed upon uses; if he can agree to, I can support; Geoffe

While a few remain that are not directly related to contracting or landscaping, they remain on the list only because they do not match or exceed the impact of a landscape contracting business. An example is the biomedical/orthopedic use that remains on the list.

To be clear, straight-forward and honest. We are now at the breaking point. If we are required, as part of the governing approval, to remove all I-2 uses except landscaping contractor from the agreement,
